Pursuant to Title 43, Texas Administrative Code (TAC), §15.3, revisions to metropolitan planning area boundaries must be approved by the governor or the governor’s designee. The governor and the Texas Department of Transportation (department) must be provided documentation and the rationale supporting any recommended boundary change.

In accordance with Title 23, CFR §450.312, a metropolitan planning area boundary shall, at a minimum, cover the urbanized area and the contiguous geographic area(s) likely to become urbanized within the 20-year forecast period covered by the metropolitan transportation plan.

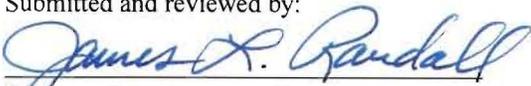

On October 4, 2005, Governor Perry delegated authority to the Texas Transportation Commission (commission) to approve metropolitan planning area boundary changes.

On January 21, 2009, the Killeen-Temple Urban Transportation Study (K-TUTS) Transportation Planning Policy Board approved the adjusted metropolitan planning area boundary based on a study that examined population levels, county boundaries, and input from local officials.

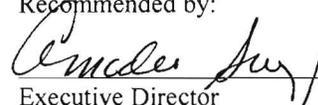

The commission has reviewed and accepted the documentation and rationale supporting the metropolitan planning area boundary changes provided by K-TUTS.

IT IS THEREFORE ORDERED by the commission that the proposed K-TUTS metropolitan planning area boundary changes are hereby approved in accordance with Title 23, CFR §450.312 as the 2009 Metropolitan Planning Area Boundary as shown in Exhibit A.
