

TEXAS TRANSPORTATION COMMISSION

HARRIS County

MINUTE ORDER

Page 1 of 1

HOUSTON District

In HARRIS COUNTY, NEW LOCATION, STATE HIGHWAY 99 (Grand Parkway), from I-10 to US 290, is currently planned as a four-lane divided highway to be on the state highway system. This section of SH 99 will consist of a proposed controlled-access facility with two tolled mainlanes and two-lane, non-tolled, discontinuous one-way frontage roads in each direction.

Transportation Code, §228.051 provides that the Texas Transportation Commission (commission), by order, may designate one or more lanes of a segment of the state highway system as a toll project or system.

Transportation Code, §203.003 authorizes the commission to lay out, construct, maintain, and operate a designated state highway, with control of access as necessary to facilitate the flow of traffic and promote the public safety and welfare.

The Texas Department of Transportation received final environmental clearance from the Federal Highway Administration on SH 99 from I-10 to US 290 as a toll facility in June of 2008.

IT IS THEREFORE ORDERED by the commission that the tolled mainlanes on SH 99 from I-10 to US 290 are designated as a toll project on the state highway system.

IT IS FURTHER ORDERED that SH 99 from I-10 to US 290 is designated as a controlled access facility for the purpose of development, maintenance and operation.
