

AGENDA

TEXAS TRANSPORTATION COMMISSION

125 East 11th Street
Austin, Texas 78701-2483

THURSDAY
May 27, 2010

9:00 A.M. CONVENE MEETING

1. **Resolution and Recognition**

- a. Present resolutions to recognize Helen Havelka, former employee in the commission support office and former commission aide, upon her retirement from the department.
- b. Acknowledge recognition from the Federal Highway Administration who presented the Exemplary Ecosystem Initiative Program award to the city of Seymour and the Wichita Falls District for the Seymour Park Stream Mitigation Site project.
- c. Presentation of a certificate from the governor, in recognition of the 25th Anniversary of the Adopt-a-Highway program.

Approved 2. **Approval of Minutes** of the April 29, 2010 regular meeting of the Texas Transportation Commission.

112256 3. **Aviation**
Guadalupe County – Award federal grant funding for airport improvement project at New Braunfels Municipal Airport ([MO](#))
Federal law authorizes the award of federal funding to preserve and improve the state's general aviation system. The airport listed in Exhibit A is eligible for award of these grant funds and the department seeks approval of the awards.

4. **Public Transportation**

112257

- a. **Various Counties** – Award federal §5304 funds, Statewide Transportation Planning Program, and state matching funds to Nortex Regional Planning Commission and South Texas Development Council to support continuation of coordinated regional public transportation planning for FY 2010 (MO)
The awards identified in this minute order reflect the allocation of federal grant funds from the Federal Transit Administration §5304, Statewide Transportation Planning Program and state matching funds. Funding is awarded to locally designated lead agencies to fund their efforts in continuing public transportation planning. These awards provide funding to support planning efforts of two regional lead agencies not included in the list of agencies receiving funding for this effort in the commission's action in December 2009 (MO 112065).

112258

- b. **Various Counties** – Award federal §5311, §5311(f), §5316, §5317, Rural Transit Assistance Program funds and award transportation development credits for FY 2010 coordinated call for projects (MO)
The awards identified in this minute order reflect the allocation of federal grant funds from several Federal Transit Administration programs to various entities and public transportation providers responding to a coordinated program request for proposal. Transportation development credits are awarded to various agencies to assist with the match of federal funds for capital projects.

112259

- c. **Various Counties** – Award federal §5310 funds, Special Needs of Elderly Individuals and Individuals with Disabilities Program, and award transportation development credits for FY 2010 (MO)
The awards identified in this minute order reflect the allocation of federal grant funds from the Federal Transit Administration §5310, Elderly Individuals and Individuals with Disabilities Program to various public transportation providers. Transportation development credits are awarded to various transportation agencies to assist with the match of federal funds for capital projects.

112260

- d. **Various Counties** – Award federal §5311, Nonurbanized Area Formula Program, funds to rural transit districts (MO)
The awards identified in this minute order reflect the allocation of federal grant funds from the Federal Transit Administration §5311, Nonurbanized Area Formula Program to rural public transportation providers.

5. **Promulgation of Administrative Rules** Under Title 43, Texas Administrative Code, and the Administrative Procedure Act, Government Code, Chapter 2001:

112261

- a. **Final Adoption**
Chapter 9 – Contract and Grant Management and Chapter 31 – Public Transportation (MO)
New §9.130, Purpose, §9.131, Definitions, §9.132, Applicability, §9.133, Procedure for Imposing Sanctions, §9.134, Improvement Action Plan, §9.135, Withholding Funds or Disallowing Costs, §9.136, Suspension or Termination for Cause, §9.137, Determination of Ineligibility, §9.138, Appeal of Sanction, and §9.139, Lessening Terms or Removal of Sanction (New Subchapter H, Grant Sanctions); and Amendments to §31.3, Definitions (General) and §31.48, Project Oversight (Program Administration)
New Subchapter H is proposed to develop sanctions for grantees that are not in compliance with policy, rule, regulation, or law.

5. b. **Proposed Adoption**

(to be published in the Texas Register for public comment)

112262

(1) **Chapter 1 – Management and Chapter 15 – Transportation Planning and Programming (MO)**

New §1.86, Corridor Advisory Committees, and §1.87, Corridor Segment Advisory Committees (Advisory Committees); and Repeal of §15.9, Corridor Advisory Committees and §15.10, Corridor Segment Advisory Committees (Transportation Planning)

Both §15.9 and §15.10 concern advisory committees and will be repealed and proposed as new §1.86 and §1.87, without substantive revision. These changes allow the rules that relate to the organization and duties of advisory committees of the commission and department to be in Chapter 1.

112263

(2) **Chapter 13 – Materials Quality and Chapter 15 – Transportation Planning and Programming (MO)**

New §13.7, New Product Evaluation (Materials Quality) and Repeal of §15.13, New Product Evaluation (Research and Planning Contracts)

These amendments repeal Section 15.13, which describes procedures used by the department to evaluate new products, and transfer the content of that section to Chapter 13, which relates to the quality of material, because the content is more appropriate for that chapter.

112264

(3) **Chapter 15 – Transportation Planning and Programming (MO)**

Repeal of §§15.1-15.8 of Subchapter A, Transportation Planning; Subchapter C, Distribution and Availability of Data, §15.21, Distribution and Availability; and Subchapter D, Texas Highway Trunk System, §§15.40-15.42

Sections 15.1-15.8 of Subchapter A, along with all of the sections of Subchapters C and D will be repealed. Most of the current provisions in Subchapters A and D will be revised and incorporated into a new Chapter 16, Planning and Development of Transportation Projects, as part of a comprehensive approach to transportation planning, programming, funding, and performance reporting. Subchapter C is no longer needed. The remaining subchapters in Chapter 15 will remain and the chapter will be renamed Financing and Construction of Transportation Projects.

112265

(4) **Chapter 16 – Planning and Development of Transportation Projects (MO)**

New Chapter 16, New Subchapter A, General Provisions, §§16.1 - 16.4; New Subchapter B, Transportation Planning, §§16.51 - 16.56; New Subchapter C, Transportation Programs, §§16.101 - 16.105; New Subchapter D, Transportation Funding, §§16.151 - 16.160; and New Subchapter E, Project and Performance Reporting, §§16.201 - 16.205

Chapter 16, Planning and Development of Transportation Projects, will be a new chapter to establish a comprehensive approach to transportation planning, programming, funding, and performance reporting. The current provisions for planning and programming in Chapter 15, Subchapter A, Transportation Planning, and Subchapter D, Texas Highway Trunk System will be repealed, modified, and placed in new Chapter 16, Subchapter A, General Provisions, Subchapter B, Transportation Planning, and Subchapter C, Transportation Programs. Chapter 16, Subchapter D, Transportation Funding, and Subchapter E, Project and Performance Reporting, contain all new provisions.

- 112266 5. b. **Proposed Adoption (continued)**
(5) **Chapter 21 – Right of Way (MO)**
Amendments to §21.37, Design (Utility Accommodation)
These amendments allow the department to share the responsibilities for designing the relocation of utilities to accommodate construction and maintenance plans. This allows the department to include the utility's adjustments in the department's construction plans to expedite and streamline the design process.
- 112267 (6) **Chapter 27 – Toll Projects (MO)**
Amendments to §27.82, Toll Operations (Operation of Department Toll Projects)
These amendments will remove the specific amounts listed for customer account fees and provide that those fees will be set by the Texas Transportation Commission. In setting those fees, the commission will consider the estimated costs to the department for labor, materials, storage, and bank fees, as well as the requirements of project bond covenants. The amendments add two new categories of fees - an account reactivation fee and an account maintenance fee. The proposed amendments also remove the requirement that the commission review customer account fees on an annual basis. These amendments add flexibility for the commission to review and adjust customer account fees as necessary to accommodate changes in the department's operational costs.
- 112269 6. **Contested Case**
Chambers County – CBS Outdoor, Inc. v. Texas Department of Transportation –
Consider action on administrative law judge proposal for decision concerning cancellation of an outdoor advertising permit, final order (MO)
Consider issuing order cancelling enforcement action that would cancel Outdoor Advertising Permit No. 013510 held by CBS Outdoor, Inc., located along SH 146 in Chambers County near Mont Belvieu, Texas, based on recommendation by State Office of Administrative Hearings and the Office of General Counsel that there was no violation of department rule.
- 112270 7. **Toll Road Projects**
Accept the annual Inspection Report for the Central Texas Turnpike Project (MO)
The General Engineering Consultant's annual Inspection Report relates to the 2002 Project of the Central Texas Turnpike System (CTTS), a toll project composed of the SH 130, SH 45N, and Loop 1 project elements that has been designated as the Central Texas Turnpike Project, and is required under the CTTS bond indenture. This report is required following each inspection and on or before the 90th day prior to the end of each fiscal year.
- 112271 8. **Transportation Planning and Finance**
a. Designate entities that may appoint additional members to the I-35 Corridor Segment Advisory Committees (MO)
Pursuant to department rules, the commission has created corridor segment advisory committees to assist the department in the transportation planning process for the I-35 corridor. The rules authorize the commission to designate entities that may appoint members to a corridor segment advisory committee. The City of New Braunfels has requested authority to designate a member of the I-35 Segment 3 Committee.

8. **Transportation Planning and Finance (continued)**
- 112272 b. **Authorize the 2010 Federal Demonstration and Discretionary Programs (MO)**
The department annually receives notification from the Federal Highway Administration (FHWA) concerning projects that will receive federal discretionary or General Provision earmark funding. Generally, various state departments of transportation submit candidate projects to FHWA for consideration of receiving federal funds. Another method through which states receive earmarked funds is when projects are submitted by members of the U.S. Congress representing that part of the state. This minute order authorizes the development and construction of these projects.
- 112273 c. **Various Counties – Concurrence with the Regional Transportation Council of the North Central Texas Council of Governments' funding of construction and other project development costs of projects to be advanced through the use of payments received from the North Texas Tollway Authority for the right to develop, finance, design, construct, operate and maintain the SH 121 toll project from Business SH 121 in Denton County to US 75 in Collin County (MO)**
The department has established a separate fund to account for and track projects and project costs funded with the SH 121 payments. This minute order authorizes the funding of additional projects costs with those payments. The project costs to be funded were selected through a cooperative process with the RTC.
- 112274 d. **El Paso County – Consider the preliminary approval of a request for financial assistance from the Camino Real Regional Mobility Authority (CRRMA) to pay for the costs of constructing a controlled access facility consisting of two general-purpose lanes reconstructed in each direction and one new tolled managed lane in each direction on Loop 375, from US 54 to Zaragoza Road in El Paso County, and authorize the executive director to enter into a project development agreement with CRRMA (MO)**
CRRMA submitted an application for financial assistance in the amount of \$80.25 million to pay for the costs of constructing Phase I of the Southern Corridor, Loop 375 (Cesar Chavez). The financial assistance would be made from Proposition 14 bond proceeds and Category 10 funds. The project is currently in the market valuation process.
9. **Proposition 14 Bonds**
- 112275 **Bexar County – Approval of an additional project to be funded with the proceeds of State Highway Fund revenue bonds issued under Transportation Code, Section 222.003 (Proposition 14 Bonds) (MO)**
The commission is adding an additional safety project to the list of previously approved projects. Funds are available for this additional project due to lower than estimated bids in other approved projects.
10. **American Recovery and Reinvestment Act (ARRA)**
- 112276 **Approve changes to the lists of mobility, preventive maintenance and rehabilitation, and transportation enhancement projects previously approved for funding from Texas' portion of the ARRA (MO)**
The ARRA created an economic stimulus package that provides for investment in transportation infrastructure projects. This agenda item will allow the commission to make changes to the lists of mobility, preventive maintenance and rehabilitation, and transportation enhancement projects using the under run of ARRA funds on previously approved projects.

- Deferred**
11. **Pass-Through Toll Program**
Authorize the executive director or designee to add a provision that limits the liability of each party in the event of a cost overrun or underrun into all pass-through toll agreements to be negotiated with those public entities whose proposals under the February 26, 2009 pass-through toll program call were selected by the commission on October 29, 2009 and December 17, 2009 (MO)
The commission in Minute Orders 112016 and 112074 selected 10 proposals to be developed under the February 26, 2009 program call and authorized the executive director to negotiate and execute a pass-through toll agreement with each of the selected public entities. This agenda item will require the executive director to add into all of the agreements a provision allowing either party to renegotiate the agreement, or terminate the agreement if negotiation is unsuccessful, in the event of identified cost overruns or underruns.
- 112268**
12. **Safe Routes to School**
Award projects funded with federal §1404 funds, Safe Routes to School Program, at various locations (MO)
The commission will consider approving specific projects for the Safe Routes to School Program. The 2005 Federal Transportation Bill SAFETEA-LU, provided funds for programs to make walking and biking to school safer. These funds are available for infrastructure and non-infrastructure projects that benefit elementary and middle school children in grades K-8.
13. **Obligation Limit Report**
Status report on the FY 2010 Obligation Limit, the actual obligations utilized through the current month, proposed remaining highway maintenance and construction contract letting for the fiscal year and an update on motor fuel tax receipts.
This report will provide the current overall obligation status, by district, of the FY 2010 Obligation Limit and will also provide the anticipated effect on the obligation limit of remaining proposed highway maintenance and construction letting. The report will also provide an update on motor fuel tax receipts, including estimated versus actual receipts fiscal year to date, and any potential impact on letting volume.
14. **Contracts**
- a. **Award or Reject Highway Improvement Contracts**
Proposed MO will conditionally award contract(s) to low bidders allowing the department to enter into contract(s) for highway improvements, or reject all bids for select projects, allowing the department to re-bid those projects. Conditions required for award may include securing of funding from other sources and the contractor's ability to meet federal DBE contracting requirements.
- 112277** (1) **Highway Maintenance and Department Building Construction**
(see attached itemized list) (MO)
- 112278** (2) **Highway and Transportation Enhancement Building Construction**
(see attached itemized list) (MO)
- 112279**
- b. **Various Counties** – Approve award of a (\$500,000) scientific services contract to Michael Baker Jr., Inc., which employs a former department executive director (MO)
Government Code, §669.003 requires the commission to approve in an open meeting the award of a contract to a company that employs the department's former executive director during the first four years after that person served as executive director.

15. **Routine Minute Orders**

a. **Donations to the Department**

112280

- (1) **Bridge Division** – Consider a donation from the Precast/Prestressed Concrete Institute (PCI) for a department employee’s travel expenses to attend PCI’s annual convention in Washington, D.C., May 29-June 2, 2010 (MO)

Attendance at this meeting will enable TxDOT to more viably lead other member states in ensuring safe, reliable code development.

112292

- (2) **Lubbock District** – Consider a cash donation from Commissioner Fred Underwood for the purchase of up to 72 High Efficiency LED 4-function flashlights for use by maintenance personnel in the Lubbock District (MO)
These flashlights will be used in emergency situations during nighttime roadway incidents. They will also enhance the safety of department personnel and the traveling public during these situations.

b. **Eminent Domain Proceedings**

112281

- Various Counties** – noncontrolled and controlled access highways (see attached itemized list) (MO)

Commission findings, determinations, and authorizations for the state to acquire by eminent domain, upon the payment of adequate and just compensation, various ownership interests in specific parcels of real property that are needed to develop or improve both non-controlled and controlled access state highways, to include requesting the state attorney general to bring and pursue condemnation suits relating to those specific parcels of real property described in the attached itemized list, for which negotiations with the property owners were unsuccessful.

c. **Highway Designation**

112282

- (1) **Coryell County** – Designate US 190 on a new location southeast of Copperas Cove and redesignate the current location as Business US 190-E (MO)

Local officials have requested that US 190 be realigned southeast of Copperas Cove. This minute order designates US 190 on a new location around the city of Copperas Cove and redesignates the existing US 190 through Copperas Cove as Business US 190-E.

112283

- (2) **Starr County** – Designate FM 7550 along a new location from US 83 east of Pete Diaz Boulevard northward to FM 755 (MO)

Local officials have requested the designation of FM 7550 on the state highway system along a new location from US 83 approximately 0.6 mile east of Pete Diaz Boulevard northward to FM 755, a distance of approximately 1.94 miles. This new roadway will provide a safer and more effective direct connection to the Starr-Camargo International Bridge.

d. **Right of Way Disposition and Highway Designation**

112284

- Comal County** – FM 306 and FM 483 from I-35 east to FM 1101 in New Braunfels – Consider the designation of the extension of FM 306 and the removal from the system of FM 483 and transfer of control, jurisdiction and maintenance to the county and quitclaim of surplus FM 483 right of way to the county (MO)

The district has accepted the FM 306 extension project and has determined that the surplus FM 483 land is no longer needed for highway purposes or as part of the system. The right of way is held in the county’s name, and the county has requested that it be quitclaimed to the county.

15. **Routine Minute Orders (continued)**

e. **Right of Way Dispositions and Donations**

The commission must approve the sales, transfers and exchanges of state rights of way and other real properties that are no longer needed for a state highway purpose. It must also approve, accept and acknowledge donations to the state of real property that is valued at \$500 or more.

112285

- (1) **Bexar County** – Wurzbach Parkway at Schertz Road in San Antonio – Consider the sale of surplus right of way to the abutting landowner (MO)
The district has determined that the surplus land is no longer needed for highway purposes. The city has no interest in acquiring it, and it may be sold to the abutting landowner.

112286

- (2) **Comal County** – SH Loop 337 Landa Street in New Braunfels – Consider the transfer of surplus right of way to the city of New Braunfels (MO)
The district has determined that the surplus land is no longer needed for highway purposes, and the city desires to acquire the land. The surplus land may be transferred to the city, since the estimated cost of future maintenance exceeds the fair value of the property.

112287

- (3) **El Paso County** – FM 1109 from SH 20 to the Rio Grande southeast of El Paso – Consider the amendment of MO 110125, passed June 30, 2005, to provide for the immediate removal of the highway from the system and transfer of control, jurisdiction and maintenance to the county; also consider the transfer and quitclaim of surplus right of way to the county for a portion of the highway (MO)
MO 110125 authorized the removal from the system upon the award of a construction contract for a new highway facility. A contract has not been awarded; however, this minute will amend MO 110125 to provide for the immediate removal from the system and for the transfer of control, jurisdiction and maintenance to the county. The county is acquiring land for the General Services Administration for a new port of entry bridge facility and has requested a portion of right of way for this purpose. The surplus state-owned land may be transferred to the county, since the estimated cost of future maintenance exceeds the fair value of the property. The no-title land may be quitclaimed to the county.

112288

- (4) **Jack County** – US 281 at SH 148 in Jacksboro – Consider the sale of surplus right of way to the abutting landowner (MO)
The district has determined that the surplus land is no longer needed for highway purposes. The city has no interest in acquiring it, and it may be sold to the abutting landowner.

112289

- (5) **Johnson County** – Park Road 21 at County Road 1224 – Consider the sale of surplus right of way to the abutting landowners (MO)
The district has determined that the surplus land is no longer needed for highway purposes. The county has no interest in acquiring it, and it may be sold to the abutting landowners.

112290

- (6) **Smith County** – East Texas Rail Trail, adjacent to FM 2493 in Bullard – Consider the sale of surplus railroad land (MO)
The district has determined that the railroad land is no longer needed for department purposes and recommends that it be declared surplus. The city of Bullard is interested in acquiring the surplus land, and it may be sold to the city.

112291

15. **Routine Minute Orders (continued)**

f. **Speed Zones**

Various Counties – Establish or alter regulatory and construction speed zones on various sections of highways in the state (MO)

This minute order establishes or alters regulatory and construction speed zones on various sections of highways in the state.

16. **Executive Session** Pursuant to Government Code, Chapter 551

Section 551.071 – Consultation with and advice from legal counsel regarding any item on this agenda

OPEN COMMENT PERIOD – At the conclusion of all other agenda items, the commission will allow an open comment period, not to exceed one hour, to receive public comment on any other matter that is under the jurisdiction of the commission. No action will be taken. Each speaker will be allowed a maximum of three minutes. Speakers must be signed up prior to the beginning of the open comment period.

ADJOURN

* * *

NOTE:

Enumerated agenda items are assigned numbers for ease of reference only, and will not necessarily be considered by the commission in that particular order. Items identified with (MO) for minute order are those upon which the commission is considering an action.

Persons with special needs or disabilities who plan to attend this meeting and require auxiliary aids or services are requested to contact Dee Hernandez at (512) 305-9536 at least three working days prior to the meeting so that appropriate arrangements can be made.
