

TEXAS TRANSPORTATION COMMISSION

CAMP, MILAM, and MAVERICK Counties

MINUTE ORDER

Page 1 of 1

ATLANTA, LAREDO, and BRYAN Districts

The Texas Transportation Commission (commission) under provision of V.T.C.A., Transportation Code, §621.102, may set the maximum gross weight of a vehicle and its load, maximum gross weight of a combination of vehicles and loads, maximum axle load, or maximum wheel load that may be moved over a state highway or a farm or ranch road if the commission finds that heavier maximum weight would rapidly deteriorate or destroy the road or a bridge along the road.

Pursuant to §621.102, a maximum weight or load may not exceed the maximum set by statute for that weight or load. This section does not apply to a vehicle delivering groceries, farm products, or liquefied petroleum gas.

An engineering and traffic investigation has been made to determine and fix the maximum loads that may be moved over the state highway system.

It has been determined from this investigation that the loads on certain bridges of the state highway system should be restricted or previous restrictions should be revised or removed.

IT IS THEREFORE ORDERED by the commission that the maximum load limits which may be moved over the bridges described in Exhibit A be placed, revised, or removed as set forth therein, superseding any portion of previous action in conflict. The executive director shall proceed with the erection of signs as appropriate, making the placement of these load limitations effective and operative.

Submitted and reviewed by:

Director, Bridge Division
