MINUTE ORDER

Page 1 of 2

VARIOUS Districts

On February 17, 2009, President Obama signed into law the American Recovery and Reinvestment Act (ARRA). The ARRA created an economic stimulus package that provides \$64.1 billion nationwide for infrastructure projects, including \$27.5 billion for highway and bridge construction, and \$1.5 billion for surface transportation grants to be administered by the Secretary of Transportation. Texas' share of the funding for highway and bridge construction is approximately \$2.25 billion.

The Texas Department of Transportation (department) collaborated with the Texas Division of the Federal Highway Administration (FHWA), MPOs, tolling authorities and transit providers to develop a unified approach to identify and prioritize projects that potentially qualify for funding.

In Minute Order 111734, dated March 5, 2009, the Texas Transportation Commission (commission) approved the funding, under the provisions of the ARRA, of approximately \$1.2 billion in mobility projects. In Minute Orders 111777, dated April 30, 2009, 111808, dated May 28, 2009, 112044, dated November 19, 2009, 112073, dated December 17, 2009, 112115, dated January 28, 2010, and 112232, dated April 29, 2010, the commission made revisions to the previously approved list of mobility projects. In Minute Order 111910, dated August 27, 2009, the commission approved a list of additional mobility projects to be funded to the extent funds become available as a result of letting underruns. In Minute Order 111969, dated September 24, 2009, the commission approved a list of substitute mobility projects to be funded in the event that any previously approved mobility projects were unable to meet ARRA deadlines.

In Minute Order 111734, dated March 5, 2009, the commission approved the funding, under the provisions of the ARRA, of approximately \$500 million in preventive maintenance and rehabilitation projects. In Minute Orders 111777 and 111808, dated April 30, 2009 and May 28, 2009 respectively, the commission made revisions to the previously approved list of preventive maintenance and rehabilitation projects.

In Minute Order 111848, dated June 25, 2009, the commission approved a list of additional preventive maintenance and rehabilitation projects to be funded as a result of letting underruns. In Minute Order 111879, dated July 30, 2009, technical revisions were made to the list of additional preventive maintenance and rehabilitation projects. In Minute Orders 112012, 112115, and 112232, dated October 29, 2009, January 28, 2010, and April 29, 2010, respectively, the commission approved funding for additional preventive maintenance and rehabilitation projects due to continued letting underruns.

A revised list of mobility projects has been developed and is set forth in Exhibit A. Additional mobility projects have been added due to continued letting underruns. No previously approved mobility projects are affected by the selection of these additional projects.

TEXAS TRANSPORTATION COMMISSION

VARIOUS Counties

MINUTE ORDER

Page 2 of 2

VARIOUS Districts

The department has developed a list of additional preventive maintenance and rehabilitation projects to be funded due to continued letting underruns, which is set forth in Exhibit B. No previously approved preventive maintenance and rehabilitation projects are affected by the selection of these additional projects.

All projects are subject to federal and state laws, including the provisions of the ARRA. No matching funds are required for mobility or preventive maintenance and rehabilitation projects.

IT IS THEREFORE ORDERED by the commission that the projects set forth in Exhibits A and B are hereby approved for funding under the provisions of the ARRA.

IT IS FURTHER ORDERED that Exhibit A in Minute Order 112232 is rescinded and replaced with Exhibit A to this minute order.

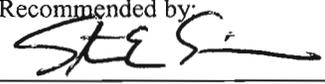

IT IS FURTHER ORDERED that the executive director or the director's designee is authorized to proceed with project development and contract awards for the projects described in Exhibits A and B and to enter into any necessary agreements associated with these projects and activities.

IT IS FURTHER ORDERED that the department shall track the progress of the projects set forth in Exhibits A and B separately from other ongoing projects and place information regarding the status of these projects on the department's website.
