

TEXAS TRANSPORTATION COMMISSION

CORYELL and LAMPASAS Counties

MINUTE ORDER

Page 1 of 1

WACO District

In CORYELL and LAMPASAS COUNTIES, local officials have requested the designation of US 190 on a new location from existing US 190, approximately 0.17 mile west of FM 2657, eastward and northeastward to US 190 approximately 0.5 mile east of Constitution Drive. Local officials have also requested the redesignation of the old location as Business US 190-E.

Pursuant to Texas Transportation Code, §§201.103 and 221.001, the executive director has recommended designating US 190 on a new location on the state highway system, a distance of approximately 4.9 miles, and redesignating the old location as Business US 190-E, a distance of approximately 4.5 miles.

The Texas Transportation Commission (commission) finds that the designation of US 190 on a new location and redesignation of the old location as Business US 190-E will facilitate the flow of traffic, promote public safety, and maintain continuity of the state highway system and is necessary for the proper development and operation of the system.

IT IS THEREFORE ORDERED by the commission that US 190 be designated on a new location on the state highway system from existing US 190, approximately 0.17 mile west of FM 2657, eastward and northeastward to US 190 approximately 0.5 mile east of Constitution Drive, a distance of approximately 4.9 miles, and the old location be redesignated as Business US 190-E, a distance of approximately 4.5 miles.

IT IS FURTHER ORDERED that upon the start of construction of the new location roadway, the Texas Department of Transportation (department) shall forward this minute order, along with all other pertinent information, to the American Association of State Highway and Transportation Officials Special Committee on U.S. Route Numbering.

IT IS FURTHER ORDERED that in the event construction of the new location roadway does not begin within 36 months of the date of this order, the order shall be null and void.

IT IS FURTHER ORDERED that if the new location roadway is developed by an entity other than the department, the maintenance, control, and jurisdiction of the new location roadway will remain with the developing entity until it is opened to traffic as approved by the department.
