MINUTE ORDER

Page 1 of 1

VARIOUS Districts

The Texas Department of Transportation (department) annually receives notification from the Federal Highway Administration (FHWA) concerning projects that will receive funding through the Fiscal Year 2010 Federal Demonstration and Discretionary Programs.

Generally, various state departments of transportation submit candidate projects to FHWA for consideration of receiving federal funds. Another method through which states receive funds is when projects are submitted by members of the U.S. Congress representing that part of the state. For FY 2010, 22 projects have been selected to receive federal funding (See Exhibit A).

IT IS THEREFORE ORDERED by the Texas Transportation Commission that the executive director is hereby authorized to proceed in the most feasible and economical manner with project development and program monitoring of the identified projects in the FY 2010 Federal Demonstration and Discretionary Programs.
