VARIOUS Counties

MINUTE ORDER

Page 1 of 2

VARIOUS Districts

On February 17, 2009, President Obama signed into law the American Recovery and Reinvestment Act (ARRA). The ARRA created an economic stimulus package that provides \$64.1 billion nationwide for infrastructure projects, including \$27.5 billion for highway and bridge construction, and \$1.5 billion for surface transportation grants to be administered by the Secretary of Transportation. Texas' share of the funding for highway and bridge construction is approximately \$2.25 billion.

The Texas Department of Transportation (department) was required to obligate all ARRA funds by September 24, 2010. Shortly before that deadline, the department became aware of circumstances which may prevent the US 281 project at Loop 1604 in San Antonio from moving forward on its planned construction schedule. In order to ensure the utilization of all available funding within the specified timeframe, the department de-obligated \$60 million in ARRA funds from the US 281/Loop 1604 project and transferred the funding to one mobility project, numerous preventive maintenance and rehabilitation projects, and one transportation enhancement project. This minute order ratifies the department's de-obligation of funds from the US 281/1604 project and the selection of various projects to be funded with those ARRA funds.

A revised list of mobility projects has been developed and is set forth in Exhibit A. A project in the Abilene District has been added to the list (CSJ 005-07-049, etc.). The US 281/Loop 1604 project has been deleted from the list of mobility projects and is shown in Exhibit D. No other mobility projects have been changed or removed.

The list of preventive maintenance and rehabilitation projects is set forth in Exhibit B. No previously approved preventive maintenance and rehabilitation projects are affected by the selection of these projects.

The transportation enhancement project is set forth in Exhibit C. No previously approved transportation enhancement projects are affected by the selection of this project.

All projects are subject to federal and state laws, including the provisions of the ARRA. No matching funds are required for mobility or preventive maintenance and rehabilitation projects.

IT IS THEREFORE ORDERED by the commission that the projects set forth in Exhibits A, B, and C are hereby approved for funding under the provisions of the ARRA.

IT IS FURTHER ORDERED that Exhibit A in Minute Order 112341 is rescinded and replaced with Exhibit A to this minute order.

TEXAS TRANSPORTATION COMMISSION

MINUTE ORDER

Page 2 of 2

VARIOUS Districts

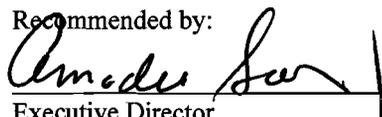

IT IS FURTHER ORDERED that the executive director or the director's designee is authorized to proceed with project development and contract awards for the projects described in Exhibits A, B, and C to enter into any necessary agreements associated with these projects and activities.

IT IS FURTHER ORDERED that the department shall track the progress of the projects set forth in Exhibits A, B, and C separately from other ongoing projects and place information regarding the status of these projects on the department's website.
