

TEXAS TRANSPORTATION COMMISSION

PARKER County

MINUTE ORDER

Page 1 of 1

FORT WORTH District

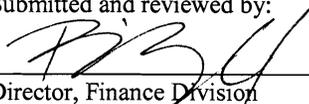

On July 29, 2010, by Minute Order 112353, the Texas Transportation Commission (commission) granted preliminary approval of an application for financial assistance from the City of Weatherford (city) to borrow \$650,000 to pay for water and sewer line relocation costs resulting from reconstruction of SH 171 from I-20 to FM 1884 in Parker County (project).

Pursuant to the commission's preliminary approval, the executive director implemented and completed negotiations and other actions authorized and required by commission rules. The executive director affirms that the necessary social, economic, and environmental impact studies have been completed, and that the Texas Department of Transportation has approved those studies. The executive director recommends that the commission grant final approval of the SIB application for financial assistance.

The commission determines that providing financial assistance will protect the public safety and prudently provide for the protection of public funds, while furthering the purposes of the SIB; and that the project will provide for all reasonable and feasible measures to avoid, minimize, or mitigate for adverse environmental impacts.

IT IS THEREFORE ORDERED that the application for SIB financial assistance submitted by the City of Weatherford to borrow \$650,000 from the State Infrastructure Bank is granted final approval. The executive director is directed and authorized to enter into the financial assistance agreement as negotiated with the city. The loan will be repaid over a period of seven years at 2.45 percent interest per annum.
