HOUSTON District

The Texas Transportation Commission (commission) takes special note of its designation by the governor as the administering agency for the Federal Transit Administration (FTA) grant program, Job Access and Reverse Commute Formula Grant Program (JARC) (49 U.S.C. §5316), in a letter dated October 4, 2005; and further acknowledges that federal program regulations require the Texas Department of Transportation (department) to ensure that these grant funds are distributed fairly and equitably within the state.

The commission recognizes the importance of the success of JARC projects and finds that \$100,000 in JARC funds is available for award from another project that was unable to secure adequate local matching funds.

The commission finds that Houston Kiddie Express Transit Service has an eligible project and desires to award \$100,000 in federal funds to provide additional public transportation services.

Transportation Code, Chapter 455 assigns a broad spectrum of public transportation roles and missions to the department.

Transportation Code, Chapter 456, authorizes the commission to administer funds appropriated for public transportation.

IT IS THEREFORE ORDERED by the commission that the executive director or the director's designee is directed to proceed with the award as described above, submit the necessary state application to the FTA and enter into the necessary contracts.
