

**ENVIROMENTAL AFFAIR DIVISION
REPORT TO THE COMMISSION
JUNE 28, 2012**

Description

The purpose of this report is to provide a summary of information related to the legislative requirement regarding environmental reviews dated April 16 – April 30, 2012.

Background

Subchapter I-1, Chapter 201 of the Transportation Code requires TxDOT to report on the status of highway projects being processed under the Subchapter. The report is to include the status of all projects processed under the subchapter, the date(s) by which the department must reach certain decisions, the classification of the project, the department's adherence to deadlines identified in the statute, and an explanation of any delays.

This report addresses projects submitted between April 16 and April 30, 2012. April 16 was the effective date of the rule, and April 30 was chosen as the initial deadline for this report, in order to meet the legislative requirement. The formal deadlines will be from April 1 – September 30 and from October 1 – March 30. The rule requires a report to the Transportation Commission in June of each year and December 30 of each year. A report to the Texas Legislature is due on December 1 of each year.

Statutory References

Transportation Code §201.762 provides that TxDOT must report the results of legislative requirements regarding environmental reviews.

Further Actions

No further actions are recommended at this time.

Summary Report (Section 201.762 of the Transportation Code)

Subchapter I-1, Chapter 201 of the Transportation Code requires TxDOT to report on the status of highway projects being processed under the Subchapter. The report is to include the status of all projects processed under the subchapter, the date(s) by which the department must reach certain decisions, the classification of the project, the department's adherence to deadlines identified in the statute, and an explanation of any delays.

This report addresses projects submitted between April 16 and April 30 2012. April 16 was the effective date of the rule, and April 30 was chosen as the initial deadline for this report, in order to meet the legislative requirement. The formal deadlines will be from April 1 – September 30 and from October 1 – March 30. The rule requires a report to the Transportation Commission in June of each year and December 30 of each year. A report to the Texas Legislature is due on December 1 of each year.

Between April 16 and April 30, 38 projects were submitted for either project scoping, environmental classification, or administrative completeness. Of this total, 37 projects were completed on time. One project was not. This project will be discussed in detail:

*Austin District
Williamson County
IH 35
CSJ 0159-09-166*

This project was submitted for environmental classification on April 26, 2012. The project sponsor (Williamson County) has not addressed all comments made by the TxDOT Austin District and Environmental Affairs Division. As of June 5, the project scoping approval is still pending.
