## Material Producer List

Materials and Tests Division

### Asphalt Binders

The Tex-545-C, “Asphalt Binder Quality Program,” provides the requirements and procedures for asphalt binder suppliers to obtain prequalification and preapproval of their products from the Materials and Tests Division (MTD).

® The following producers are pre-qualified in accordance with [Tex-545-C](#). Producers who do not appear on this list may not supply asphalt binders for use on TxDOT projects. Producers on this list must still provide current TxDOT **Quality Monitoring (QM)** lab numbers (also referred to Seal Numbers in SiteManager) indicating preapproval of specific products with all shipments (this information is also available in SiteManager and [at TxDOT's website](#)). For more information, contact MTD's **Asphalt Binder** Section at (512) 506-5242.
