

Advanced Air Mobility (AAM) Full Committee Meeting Summary

Online Meeting // June 26, 2024

Attendees

17 of 26 committee members (online)

Support members (online)

Additional members of the public (online)

Introduction of Members and Staff

- TxDOT called roll for the committee members.

Chair and Vice Chair Comments

- The Chair gave a brief overview of the meeting agenda, and the Chair and Vice Chair thanked the committee and the support team for their work in finalizing the recommendations.

Discussion and approval of Legislative recommendations

- The Committee viewed a high-level list of 16 AAM recommendations that were grouped under three main recommendations: Leadership, Statewide AAM Plan, and AAM Research and Development.
- The Committee viewed and voted on each of the specific recommendations. All recommendations were unanimously approved except for the AAM Definition recommendation. The Committee decided to not develop a Texas AAM definition due to the still evolving nature of the industry.

Commented [MP1]: I'm just not sure what the meaning of 'unanimous' is. Sometimes people chose not to vote or missed a vote (don't know), but there were no 'No' votes, just 'non-votes'

Discussion of draft AAM report outline

- The Committee viewed the draft AAM report outline and its purpose and main point statements.

Committee Member Comments

- There were no committee member comments at this time.

Public Comments

- There were no public comments at this time.

Adjournment

- The meeting was adjourned.

Agenda

Texas Department of Transportation Advance Air Mobility (AAM) Meeting

June 26, 2024 // 9 am – 12 pm
