1 your remarks, just a minute or two, so we can stay on	1 going on in Laredo. And you know what? No difference.
2 schedule.	2 But yet, people that think they can go visit for ten
3 But first, our Mayor of El Paso.	3 minutes, go away and figure out what's going on. They
4 Would you like to say a few words?	4 don't. You have to live it. You have to breathe it.
5 MAYOR LEESER: Absolutely.	5 You have to continue to be a part of it.
6 SECRETARY NELSON: Never pass up on the	6 I was so happy to see that the Mayor and I,
7 opportunity.	7 really, we're talking the same language. And we feel
8 MAYOR LEESER: Well, I appreciate the 30	8 the same about people. But in El Paso, we've been very
9 minutes you gave me so	9 successful, whether it's border trade, whether it's the
10 Good morning. Thank you for being here.	10 pandemic, whether it's part of the asylum seekers that
11 You know, it's when we talk about border trade,	11 we provide a service for, we've learned that speaking
12 border transportation, and (indiscernible) to be here,	12 with one voice gets a lot accomplished. And I know that
13 it's so important that we talk about our partners. And	13 I have my partner here next to me, Judge Samaniego. We
14 that's Mexico. And it's the trade, that comes	14 really have unified the voice of our community, and all
15 through our borders, it's incredible to see that without	15 our state officials and local officials. And it shows
16 unified transportation and it's funny 'cause I open	16 it's made a difference.
17 the book and the first thing it said here was "unified	17 When El Paso was, at one point, the number
18 transportation."	18 one affected city in the United States, and we were
19 And I think people don't realize, a lot,	19 losing lives, we changed that by unifying ourselves. So
20 that what comes through the border here, doesn't stay	20 you see this and I opened it up, I see, "Unified
21 here. It goes all over the United States. So it's so	21 Transportation," it fits into what we're about. To
22 important that we work together continue to work	22 unify our work, unify everything we do.
23 together. It's amazing to see the lineup you just read	23 You know, the billions of dollars that
24 out. The people that are here that care about, really,	24 trade through our borders, we couldn't do it without the
25 not only El Paso, but the State, all the local elected	25 assistance of the State. Madam Secretary, I really do
-

Thank</li> <li>18 you for bringing the committee here to see that and I</li> <li>19 do want to apologize when I say that El Paso is the best</li> <li>20 city in the state. I knew somebody would take it, but</li> <li>21 it really is the best city in the state. And it's</li> </ul>
<ol> <li>officials, the state officials, and, of course, our</li> <li>friends from Mexico.</li> <li>Trade has always been the forefront of</li> <li>El Paso, and it will always continue to be part of the</li> <li>forefront. One of the things that it really you have</li> <li>to be here to understand. And if you listen to</li> <li>everything you read and listen to everything you see,</li> <li>you would think that that it's a dangerous place.</li> <li>It's not. El Paso is one of the safest cities in</li> <li>America. And it will continue to be one of the safest</li> <li>cities in America. We have such a great working</li> <li>relationship with our partners. But, yet, as you see,</li> <li>the asylum seekers coming across El Paso. El Paso has</li> <li>done an incredible job of continuing to make sure that</li> <li>people are treated with dignity. People are treated</li> <li>with respect, and they have a roof over their head, and</li> <li>they have a warm meal. You won't see people sleeping</li> <li>out on the street. If they're sleeping out on the</li> <li>streets it's 'cause they didn't want assistance. But</li> <li>other than that, El Paso has done a good job.</li> <li>So you see that all around the media, it's</li> <li>not happening here. And, you know, I got to talk to</li> </ol>	<ul> <li>1 want thank you for being here. And congratulate</li> <li>2 everybody for what we do.</li> <li>3 You know, we can point one finger and we'd</li> <li>4 have to go all the way around the room and say that</li> <li>5 everybody here has done it unified and together.</li> <li>6 And, again, I'm very thankful that you</li> <li>7 picked El Paso to have your first meeting. And</li> <li>8 hopefully this will not be the last time, this year,</li> <li>9 that we see you having meetings here, 'cause we</li> <li>10 understand the border, we understand transportation, and</li> <li>11 we understand people, and we understand that if you</li> <li>12 treat people the way you always want to be treated,</li> <li>13 you'll never be disappointed. And the City of El Paso,</li> <li>14 our citizens, have the biggest hearts you'll ever see</li> <li>15 because they believe that treating people with respect</li> <li>16 is the only way to live.</li> <li>17 So thank you, again, for being here. Thank</li> <li>18 you for bringing the committee here to see that and I</li> <li>19 do want to apologize when I say that El Paso is the best</li> <li>20 city in the state. I knew somebody would take it, but</li> <li>21 it really is the best city in the state. And it's</li> <li>22 because of its people. And one thing we do have here,</li> </ul>
<ul> <li>1 officials, the state officials, and, of course, our</li> <li>2 friends from Mexico.</li> <li>3 Trade has always been the forefront of</li> <li>4 El Paso, and it will always continue to be part of the</li> <li>5 forefront. One of the things that it really you have</li> <li>6 to be here to understand. And if you listen to</li> <li>7 everything you read and listen to everything you see,</li> <li>8 you would think that that it's a dangerous place.</li> <li>9 It's not. El Paso is one of the safest cities in</li> <li>10 America. And it will continue to be one of the safest</li> <li>11 cities in America. We have such a great working</li> <li>12 relationship with our partners. But, yet, as you see,</li> <li>13 the asylum seekers coming across El Paso. El Paso has</li> <li>14 done an incredible job of continuing to make sure that</li> <li>15 people are treated with dignity. People are treated</li> <li>16 with respect, and they have a roof over their head, and</li> <li>17 they have a warm meal. You won't see people sleeping</li> <li>18 out on the street. If they're sleeping out on the</li> <li>19 streets it's 'cause they didn't want assistance. But</li> <li>20 other than that, El Paso has done a good job.</li> <li>21 So you see that all around the media, it's</li> <li>22 not happening here. And, you know, I got to talk to</li> <li>23 Mayor Trevino earlier yesterday. We had a great</li> </ul>	<ul> <li>1 want thank you for being here. And congratulate</li> <li>2 everybody for what we do.</li> <li>3 You know, we can point one finger and we'd</li> <li>4 have to go all the way around the room and say that</li> <li>5 everybody here has done it unified and together.</li> <li>6 And, again, I'm very thankful that you</li> <li>7 picked El Paso to have your first meeting. And</li> <li>8 hopefully this will not be the last time, this year,</li> <li>9 that we see you having meetings here, 'cause we</li> <li>10 understand the border, we understand transportation, and</li> <li>11 we understand people, and we understand that if you</li> <li>12 treat people the way you always want to be treated,</li> <li>13 you'll never be disappointed. And the City of El Paso,</li> <li>14 our citizens, have the biggest hearts you'll ever see</li> <li>15 because they believe that treating people with respect</li> <li>16 is the only way to live.</li> <li>17 So thank you, again, for being here. Thank</li> <li>18 you for bringing the committee here to see that and I</li> <li>19 do want to apologize when I say that El Paso is the best</li> <li>20 city in the state. I knew somebody would take it, but</li> <li>21 it really is the best city in the state. And it's</li> <li>22 because of its people. And one thing we do have here,</li> <li>23 that nobody in the whole state of Texas has, is we have</li> </ul>
<ul> <li>1 officials, the state officials, and, of course, our</li> <li>2 friends from Mexico.</li> <li>3 Trade has always been the forefront of</li> <li>4 El Paso, and it will always continue to be part of the</li> <li>5 forefront. One of the things that it really you have</li> <li>6 to be here to understand. And if you listen to</li> <li>7 everything you read and listen to everything you see,</li> <li>8 you would think that that it's a dangerous place.</li> <li>9 It's not. El Paso is one of the safest cities in</li> <li>10 America. And it will continue to be one of the safest</li> <li>11 cities in America. We have such a great working</li> <li>12 relationship with our partners. But, yet, as you see,</li> <li>13 the asylum seekers coming across El Paso. El Paso has</li> <li>14 done an incredible job of continuing to make sure that</li> <li>15 people are treated with dignity. People are treated</li> <li>16 with respect, and they have a roof over their head, and</li> <li>17 they have a warm meal. You won't see people sleeping</li> <li>18 out on the street. If they're sleeping out on the</li> <li>19 streets it's 'cause they didn't want assistance. But</li> <li>20 other than that, El Paso has done a good job.</li> <li>21 So you see that all around the media, it's</li> <li>22 not happening here. And, you know, I got to talk to</li> <li>23 Mayor Trevino earlier yesterday. We had a great</li> <li>24 meeting, and we talked about some of the things that</li> </ul>	<ul> <li>1 want thank you for being here. And congratulate</li> <li>2 everybody for what we do.</li> <li>3 You know, we can point one finger and we'd</li> <li>4 have to go all the way around the room and say that</li> <li>5 everybody here has done it unified and together.</li> <li>6 And, again, I'm very thankful that you</li> <li>7 picked El Paso to have your first meeting. And</li> <li>8 hopefully this will not be the last time, this year,</li> <li>9 that we see you having meetings here, 'cause we</li> <li>10 understand the border, we understand transportation, and</li> <li>11 we understand people, and we understand that if you</li> <li>12 treat people the way you always want to be treated,</li> <li>13 you'll never be disappointed. And the City of El Paso,</li> <li>14 our citizens, have the biggest hearts you'll ever see</li> <li>15 because they believe that treating people with respect</li> <li>16 is the only way to live.</li> <li>17 So thank you, again, for being here. Thank</li> <li>18 you for bringing the committee here to see that and I</li> <li>19 do want to apologize when I say that El Paso is the best</li> <li>20 city in the state. I knew somebody would take it, but</li> <li>21 it really is the best city in the state. And it's</li> <li>22 because of its people. And one thing we do have here,</li> <li>23 that nobody in the whole state of Texas has, is we have</li> <li>24 400 days in a row every year of sunshine. And I know no</li> </ul>
<ul> <li>1 officials, the state officials, and, of course, our</li> <li>2 friends from Mexico.</li> <li>3 Trade has always been the forefront of</li> <li>4 El Paso, and it will always continue to be part of the</li> <li>5 forefront. One of the things that it really you have</li> <li>6 to be here to understand. And if you listen to</li> <li>7 everything you read and listen to everything you see,</li> <li>8 you would think that that it's a dangerous place.</li> <li>9 It's not. El Paso is one of the safest cities in</li> <li>10 America. And it will continue to be one of the safest</li> <li>11 cities in America. We have such a great working</li> <li>12 relationship with our partners. But, yet, as you see,</li> <li>13 the asylum seekers coming across El Paso. El Paso has</li> <li>14 done an incredible job of continuing to make sure that</li> <li>15 people are treated with dignity. People are treated</li> <li>16 with respect, and they have a roof over their head, and</li> <li>17 they have a warm meal. You won't see people sleeping</li> <li>18 out on the street. If they're sleeping out on the</li> <li>19 streets it's 'cause they didn't want assistance. But</li> <li>20 other than that, El Paso has done a good job.</li> <li>21 So you see that all around the media, it's</li> <li>22 not happening here. And, you know, I got to talk to</li> <li>23 Mayor Trevino earlier yesterday. We had a great</li> </ul>	<ul> <li>1 want thank you for being here. And congratulate</li> <li>2 everybody for what we do.</li> <li>3 You know, we can point one finger and we'd</li> <li>4 have to go all the way around the room and say that</li> <li>5 everybody here has done it unified and together.</li> <li>6 And, again, I'm very thankful that you</li> <li>7 picked El Paso to have your first meeting. Page 14	Page 16
1 SECRETARY NELSON: El Paso is the "Sun	1 see paralysis. It paralyzes our trade, and our you
2 City."	2 know, our costs on our economy are negatively impacted.
3 MAYOR LEESER: So, again, thank you-all for	3 So and I'm glad my dear friend,
4 being here, and we look forward to learning from each	4 Commissioner Meade, is here, who I really got to give it
5 other and continue to grow and learn. So welcome to the	5 to. You've really been here since you took your role as
6 best city in Texas.	6 a commissioner in El Paso. This is probably your
7 SECRETARY NELSON: And it is my pleasure to	7 fourth, fifth time. In fact, today is election day.
8 introduce, there is no finer Senator in the State of	8 You might want to register to vote. But he has a good
9 Texas than Senator Cesar Blanco.	9 understanding of how I-10 is outdated. And we really
10 Senator, do you have anything you want to	10 need to fix that. And we really need to focus on the
11 say?	11 infrastructure in our ports of entry because it's really
12 SENATOR BLANCO: Yes. Thank you very much,	12 costing border trade in our regions.
13 Madam Secretary. It's an honor to have you here in our	13 So but, you know, we're going to hear a
14 community.	14 lot of information from everyone today. El Paso's story
15 As you all know, we had a I had the	15 is not unique. We hear this from El Paso all the way
16 pleasure of meeting so many of you last night at our	16 down to the border. I see my dear friend County Judge
17 kick off reception, which was really nice. It was a	17 from Presidio who can tell you stories from Presidio as
18 packed room. Lots of fun, lots of friends.	18 well. But our congestion, our long wait times at our
<ul><li>But for those of you who were not there</li><li>last night, (speaking foreign language) to the "Sun</li></ul>	<ul><li>19 ports of entry are key indicators that we are already</li><li>20 falling behind.</li></ul>
	-
21 City." Yes, we have a lot of sun. So get out there and	21 So if we don't act, we're going to lose
22 golf when you get a chance while you're here. But I	22 upward of \$30 billion by 2050 in economic output. And
23 really want to express my gratitude to my dear friend,	23 that's exactly why we've collaborated. That's exactly
24 Secretary Nelson, who's done such a phenomenal job. Not	24 why we developed this border transportation master form.
25 only in this role, but her service to the State has been	25 It's an incredible blueprint for the future of our
Page 15	Page 17
Page 15 1 extremely beneficial for El Paso.	Page 17 1 region, for efficiency, for cross-border trade. So our

You're going to hear a lot</li> <li>today about the needs along our border.</li> <li>But the most important thing is that we're</li> <li>focusing on bolstering our economy. That's why we're</li> <li>here. We want to make sure that we got the</li> <li>infrastructure to ensure that we are competitive as a</li> <li>country.</li> <li>Locally, our number one artery is I-10.</li> <li>That is really what connects to our local ports of</li> <li>entry. It is a critical artery for not just El Paso or</li> </ol>	<ol> <li>region, for efficiency, for cross-border trade. So our</li> <li>work here is very important.</li> <li>Last session, the legislature secured</li> <li>\$60 million under Rider 11 UB in the state budget.</li> <li>Someone here knows a little bit about the state budget.</li> <li>But we also created a new rider for BTMP projects under</li> <li>11 C. But we still have a lot more work to do. We got</li> <li>to make sure that there's a dedicated sustainable</li> <li>funding stream for the border transportation master</li> <li>plan. And that's our job. That's what we're going to</li> <li>be focusing on.</li> <li>I want to thank you so much, Madam</li> <li>Secretary. Your leadership and your former experience</li> <li>as chair of finance is going to put this entity in a</li> <li>very well-positioned place. So we really look forward</li> <li>to your leadership. We look forward to the</li> <li>conversations that we have today. And we really</li> </ol>
<ol> <li>extremely beneficial for El Paso.</li> <li>And it really speaks volumes about your</li> <li>leadership, that you brought this meeting not to</li> <li>Austin, you brought it to the border. Which is so</li> <li>important. It's a big change, and we really appreciate</li> <li>that. Especially among a room full of individuals from</li> <li>Brownsville all the way up to El Paso. We all have a</li> <li>common threat, you know. You're going to hear a lot</li> <li>today about the needs along our border.</li> <li>But the most important thing is that we're</li> <li>focusing on bolstering our economy. That's why we're</li> <li>here. And</li> <li>23 there's another one sitting just a couple of people down</li> </ul>

	Pages 18 to 21
Page 18 1 REPRESENTATIVE ORDAZ: I don't know where 2 representative Ortega is	Page 20 1 you so much for your kind words. We're so proud of our 2 legislature. I mean, Senator Blanco and all the
3 (Speaking simultaneously.)	3 legislative delegation.
4 REPRESENTATIVE ORDAZ: Secretary, I'll make	4 You know, one of the things we know, for a
5 this quick. I just wanted to thank you, really, for	5 fact, and the Mayor mentioned that, is collaboration
6 your leadership. Just watching you as Chair of Finance,	6 really, really is what makes a big difference. And just
7 you just have this innate ability to really bring people	7 the individuals here in this room, just incredible.
8 together to talk about some really complex issues.	8 Everybody that needs to be here, is here. And, you
9 Finance was definitely one of them, and you did a	9 know, just to feel a little bit of the pressure for this
10 phenomenal job in that role. And so we're incredibly	10 meeting is that we're going to be talking about global
11 grateful to have you here with us.	11 competitiveness. And I think if we keep that in
12 And as the Mayor said, I mean, unified	12 perspective, that we are talking about our ability to
13 voice is incredibly important. We're talking about	13 move trade through the entire country. And sometimes, I
14 not only El Paso, but every community along the border.	14 think, we forget that. And we're very proud to
15 And to ensure that it's not just what when you turn	15 Commissioner Holguin, sitting next to Commissioner
16 on the TV, right, when you just you see CNN or Fox	16 Stout, we're so proud that you're on the committee
17 News, whatever, you watch and you're seeing what's	17 itself. And I'm going to take a I'm going to steal
18 happening in our border. There's so much more to that.	18 your phrase, Susan, and that is, "if there's a border,
19 Our people, our culture, the opportunity when it comes	19 there's two sides."
20 to trade. Mexico is our number one partner. And so	20 And, you know, something as practical as
21 there's so much opportunity when it comes to our border,	21 that, makes such a big difference. That it's not one
22 that it's not just border security. There's so much	22 side or the other side or that we're trying to figure
23 opportunity when it comes to trade. Ensuring that we're	23 out things separately, but that we do this together.
24 expediting commerce, people faster, and ensuring that	24 And that makes such a big difference. And we're so
25 we're going to provide good paying jobs for working	25 proud to have our Consul Ibarra here that has been
Page 19	Page 21

You haven't missed a chance</li> <li>to come to El Paso, and we see it and we recognize it.</li> <li>And so we just really want to thank you. And thank</li> </ol>	<ol> <li>such a partner in international trade. Anything</li> <li>international, he's been this great partner. So I do</li> <li>thank you.</li> <li>And I do you know, this is a very</li> <li>remarkable opportunity to all set the narratives that we</li> <li>hear so much about. I was telling several people that</li> <li>we met with about 18 Congress individuals here. And I</li> </ol>
<ol> <li>families across both sides of the border.</li> <li>And so Secretary or Senator I mean,</li> <li>the Senator's doing an incredible job, really, being a</li> <li>voice for El Paso. And Commissioner, thank you so much,</li> <li>also, for your leadership. You haven't missed a chance</li> <li>to come to El Paso, and we see it and we recognize it.</li> <li>And so we just really want to thank you. And thank</li> <li>everyone, really, in this room. You can see by how many</li> </ol>	<ol> <li>such a partner in international trade. Anything</li> <li>international, he's been this great partner. So I do</li> <li>thank you.</li> <li>And I do you know, this is a very</li> <li>remarkable opportunity to all set the narratives that we</li> <li>hear so much about. I was telling several people that</li> <li>we met with about 18 Congress individuals here. And I</li> <li>couldn't move them away from drugs. I couldn't move</li> </ol>
<ol> <li>families across both sides of the border.</li> <li>And so Secretary or Senator I mean,</li> <li>the Senator's doing an incredible job, really, being a</li> <li>voice for El Paso. I couldn't move</li> <li>9 them away from immigration. They just didn't want to</li> <li>10 talk about trade. As if trade is secondary, third, you</li> <li>11 know, somewhere you know, off the other just as</li> <li>12 you know, they're all very important. But it was so</li> <li>13 hard for them to talk about trade because they see</li> <li>14 things from one side, you know, which is the United</li> <li>15 States. And, you know, forget the partnership that we</li> <li>16 have with Mexico.</li> <li>17 So we welcome you to the veteran's capital</li> <li>18 of the United States of America, here in El Paso. And</li> <li>19 we wish you you know, we want you to be here and be</li> <li>20 advocates for us. And this is like I said, we're</li> <li>21 always so privileged for individuals from other places</li> <li>22 from the state and from others places from the country,</li> </ul>
<ol> <li>families across both sides of the border.</li> <li>And so Secretary or Senator I mean,</li> <li>the Senator's doing an incredible job, really, being a</li> <li>voice for El Paso. And Commissioner, thank you so much,</li> <li>5 also, for your leadership. You haven't missed a chance</li> <li>to come to El Paso, and we see it and we recognize it.</li> <li>7 And so we just really want to thank you. And thank</li> <li>everyone, really, in this room. You can see by how many</li> <li>people are here how important not only trade is,</li> <li>transportation, but just coming together as one unified</li> <li>voice to ensure that El Paso and border communities are</li> <li>really put on the map. So we really thank you, again,</li> <li>for hosting this meeting here in El Paso. We welcome</li> <li>you with open arms.</li> <li>SECRETARY NELSON: Thank you. And, again,</li> <li>I apologize. I was thinking that Representative Ortega</li> <li>wasn't here, and went right in. I want to reintroduce</li> <li>Representative Claudia Ordaz who does a fabulous job in</li> <li>Austin as well. You-all really do have strong voices,</li> <li>and you should be very, very proud of that.</li> <li>Let's see. Now, I want to recognize</li> <li>El Paso County Judge, Ricardo Samaniego.</li> <li>JUDGE SAMANIEGO: Thank you.</li> </ol>	<ul> <li>1 such a partner in international trade. Anything</li> <li>2 international, he's been this great partner. So I do</li> <li>3 thank you.</li> <li>4 And I do you know, this is a very</li> <li>5 remarkable opportunity to all set the narratives that we</li> <li>6 hear so much about. I was telling several people that</li> <li>7 we met with about 18 Congress individuals here. And I</li> <li>8 couldn't move them away from drugs. I couldn't move</li> <li>9 them away from immigration. They just didn't want to</li> <li>10 talk about trade. As if trade is secondary, third, you</li> <li>11 know, somewhere you know, off the other just as</li> <li>12 you know, they're all very important. But it was so</li> <li>13 hard for them to talk about trade because they see</li> <li>14 things from one side, you know, which is the United</li> <li>15 States. And, you know, forget the partnership that we</li> <li>16 have with Mexico.</li> <li>17 So we welcome you to the veteran's capital</li> <li>18 of the United States of America, here in El Paso. And</li> <li>19 we wish you you know, we want you to be here and be</li> <li>20 advocates for us. And this is like I said, we're</li> <li>21 always so privileged for individuals from other places</li> <li>22 from the state and from others places from the country,</li> <li>23 get to know us because I think this is very important to</li> </ul>

Page 22	Pages 22 to 25
1 individuals that fight every day for everything that we	1 think through how you want to do transportation to make
2 do here. And it's difficult that we have to be	2 sure people don't end up in neighborhoods getting around
3 defending ourselves instead of showing how great this	3 that big construction project.
4 community is.	4 But beyond that, I always listen in on the
5 So I ask you I hope that you know, we	5 Border Trade Advisory council if I'm available, wherever
6 always say, "To know us is to love us." And we just	6 I am, just because it's the border is important to
7 wish that you were able to get to know El Paso a little	7 me, and has been since I started with the commission.
8 bit more, and leave here as an advocate and ambassadors	8 So I look forward to listening today and
9 for our great community.	9 probably will have nothing else to say. It's you
10 So once again, we welcome you and we thank	10 know, it's been good to listen to Representative Ortega
11 you for being here. And just I know it's going to be	11 because she's been tireless in her efforts and Senator
12 a very productive meeting. But once again, just keep	12 Blanco has been tireless in his efforts. And so, you
13 that in mind, you know, international and global	13 know, I really admire the group, and look forward to
14 competitiveness. And if we keep those two as you	14 listening today. Thanks. Bye-bye.
15 discuss things, I think it's going to be just a great	15 SECRETARY NELSON: Thank you, Commissioner.
16 meeting.	16 And I want to recognize now another Texas Department of
17 So once again, welcome to El Paso. On	17 Transportation Commissioner, Alejandro "Alex" Meade, who
18 behalf of the Mayor, myself, thank you for being here	<ul> <li>18 I don't think (indiscernible) of this group.</li> <li>MR. MEADE: Well, good morning everybody.</li> </ul>
19 with us. And thank you for choosing us to have this	<ol> <li>MR. MEADE: Well, good morning everybody.</li> <li>Is this thing on? Can you hear me? Okay. Good.</li> </ol>
20 meeting here in El Paso, Texas. Thank you. 21 SECRETARY NELSON: Thank you, Judge. Thank	
22 you for your hospitality, and remarks well said. That	22 so much for continuing to invite me to these things. I
23 is the goal of this committee. Thank you.	23 do love the border. And Senator Blanco and Senator
24 And Lunderstand Commissioner New is is	24 [sic] Ordaz, thank you so much for having me here in El
25 virtually somewhere. We are ready to hear from	25 Paso.

4 MR. NEW: Good morning. The only thing I	4 career working on economic development up and down the
5 will share with the group is this is my you know,	5 border. And I was surprised to see, Secretary, when I
6 I've been involved in El Paso basically all my life. My	6 joined TxDOT, one, I think the last time there was a
7 uncle was at Fort Bliss. And then with Raytheon. So	7 TxDOT commissioner from the border was around 2015,
8 I've visited many times just to see my cousins and	
O family I remind you that Denuty Director Drian Dorth	8 which is (indiscernible) from here.
9 family. I remind you that Deputy Director Brian Barth	9 But prior to that, I think, at least from
10 grew up in El Paso. So TxDOT, at the highest levels,	<ul><li>9 But prior to that, I think, at least from</li><li>10 my region, was 1994. Okay? It was over 30 years ago.</li></ul>
<ul><li>10 grew up in El Paso. So TxDOT, at the highest levels,</li><li>11 has very good knowledge of El Paso. And and then</li></ul>	<ul> <li>9 But prior to that, I think, at least from</li> <li>10 my region, was 1994. Okay? It was over 30 years ago.</li> <li>11 And so it's neat to see that I you know, that I get</li> </ul>
<ul> <li>10 grew up in El Paso. So TxDOT, at the highest levels,</li> <li>11 has very good knowledge of El Paso. And and then</li> <li>12 from there, I've been twice to visit El Paso as a</li> </ul>	<ul> <li>9 But prior to that, I think, at least from</li> <li>10 my region, was 1994. Okay? It was over 30 years ago.</li> <li>11 And so it's neat to see that I you know, that I get</li> <li>12 to be in this position. But at the same time, though,</li> </ul>
<ul> <li>10 grew up in El Paso. So TxDOT, at the highest levels,</li> <li>11 has very good knowledge of El Paso. And and then</li> <li>12 from there, I've been twice to visit El Paso as a</li> <li>13 Commissioner for Texas Transportation Commission. Other</li> </ul>	<ul> <li>9 But prior to that, I think, at least from</li> <li>10 my region, was 1994. Okay? It was over 30 years ago.</li> <li>11 And so it's neat to see that I you know, that I get</li> <li>12 to be in this position. But at the same time, though,</li> <li>13 because my background is in economic development, I was</li> </ul>
<ul> <li>10 grew up in El Paso. So TxDOT, at the highest levels,</li> <li>11 has very good knowledge of El Paso. And and then</li> <li>12 from there, I've been twice to visit El Paso as a</li> <li>13 Commissioner for Texas Transportation Commission. Other</li> <li>14 times with the Texas Tech Foundation board. And again</li> </ul>	<ul> <li>9 But prior to that, I think, at least from</li> <li>10 my region, was 1994. Okay? It was over 30 years ago.</li> <li>11 And so it's neat to see that I you know, that I get</li> <li>12 to be in this position. But at the same time, though,</li> <li>13 because my background is in economic development, I was</li> <li>14 excited to see that House Bill 1, The General</li> </ul>
<ul> <li>10 grew up in El Paso. So TxDOT, at the highest levels,</li> <li>11 has very good knowledge of El Paso. And and then</li> <li>12 from there, I've been twice to visit El Paso as a</li> <li>13 Commissioner for Texas Transportation Commission. Other</li> <li>14 times with the Texas Tech Foundation board. And again</li> <li>15 many times personally. So I feel like I know the city</li> </ul>	<ul> <li>But prior to that, I think, at least from</li> <li>my region, was 1994. Okay? It was over 30 years ago.</li> <li>And so it's neat to see that I you know, that I get</li> <li>to be in this position. But at the same time, though,</li> <li>because my background is in economic development, I was</li> <li>excited to see that House Bill 1, The General</li> <li>Appropriations Act, has transportation under Article</li> </ul>
<ul> <li>10 grew up in El Paso. So TxDOT, at the highest levels,</li> <li>11 has very good knowledge of El Paso. And and then</li> <li>12 from there, I've been twice to visit El Paso as a</li> <li>13 Commissioner for Texas Transportation Commission. Other</li> <li>14 times with the Texas Tech Foundation board. And again</li> </ul>	<ul> <li>9 But prior to that, I think, at least from</li> <li>10 my region, was 1994. Okay? It was over 30 years ago.</li> <li>11 And so it's neat to see that I you know, that I get</li> <li>12 to be in this position. But at the same time, though,</li> <li>13 because my background is in economic development, I was</li> <li>14 excited to see that House Bill 1, The General</li> <li>15 Appropriations Act, has transportation under Article</li> <li>16 VII, which is economic development. Not Article VI,</li> </ul>
<ul> <li>10 grew up in El Paso. So TxDOT, at the highest levels,</li> <li>11 has very good knowledge of El Paso. And and then</li> <li>12 from there, I've been twice to visit El Paso as a</li> <li>13 Commissioner for Texas Transportation Commission. Other</li> <li>14 times with the Texas Tech Foundation board. And again</li> <li>15 many times personally. So I feel like I know the city</li> <li>16 very well. I have great memories of being in El Paso</li> </ul>	<ul> <li>But prior to that, I think, at least from</li> <li>my region, was 1994. Okay? It was over 30 years ago.</li> <li>And so it's neat to see that I you know, that I get</li> <li>to be in this position. But at the same time, though,</li> <li>because my background is in economic development, I was</li> <li>excited to see that House Bill 1, The General</li> <li>Appropriations Act, has transportation under Article</li> <li>VII, which is economic development. Not Article VI,</li> <li>which is infrastructure. It's Article VII, which is</li> </ul>
<ul> <li>10 grew up in El Paso. So TxDOT, at the highest levels,</li> <li>11 has very good knowledge of El Paso. And and then</li> <li>12 from there, I've been twice to visit El Paso as a</li> <li>13 Commissioner for Texas Transportation Commission. Other</li> <li>14 times with the Texas Tech Foundation board. And again</li> <li>15 many times personally. So I feel like I know the city</li> <li>16 very well. I have great memories of being in El Paso</li> <li>17 quite a few times.</li> </ul>	<ul> <li>But prior to that, I think, at least from</li> <li>my region, was 1994. Okay? It was over 30 years ago.</li> <li>And so it's neat to see that I you know, that I get</li> <li>to be in this position. But at the same time, though,</li> <li>because my background is in economic development, I was</li> <li>excited to see that House Bill 1, The General</li> <li>Appropriations Act, has transportation under Article</li> <li>VII, which is economic development. Not Article VI,</li> <li>which is infrastructure. It's Article VII, which is</li> <li>economic development. And that tells me a lot about how</li> </ul>
<ul> <li>10 grew up in El Paso. So TxDOT, at the highest levels,</li> <li>11 has very good knowledge of El Paso. And and then</li> <li>12 from there, I've been twice to visit El Paso as a</li> <li>13 Commissioner for Texas Transportation Commission. Other</li> <li>14 times with the Texas Tech Foundation board. And again</li> <li>15 many times personally. So I feel like I know the city</li> <li>16 very well. I have great memories of being in El Paso</li> <li>17 quite a few times.</li> <li>18 So I'll let you know that I also think it's</li> </ul>	<ul> <li>But prior to that, I think, at least from</li> <li>my region, was 1994. Okay? It was over 30 years ago.</li> <li>And so it's neat to see that I you know, that I get</li> <li>to be in this position. But at the same time, though,</li> <li>because my background is in economic development, I was</li> <li>excited to see that House Bill 1, The General</li> <li>Appropriations Act, has transportation under Article</li> <li>VII, which is economic development. Not Article VI,</li> <li>which is infrastructure. It's Article VII, which is</li> <li>economic development. And that tells me a lot about how</li> <li>the state sees transportation. We are an economic</li> </ul>
<ul> <li>10 grew up in El Paso. So TxDOT, at the highest levels,</li> <li>11 has very good knowledge of El Paso. And and then</li> <li>12 from there, I've been twice to visit El Paso as a</li> <li>13 Commissioner for Texas Transportation Commission. Other</li> <li>14 times with the Texas Tech Foundation board. And again</li> <li>15 many times personally. So I feel like I know the city</li> <li>16 very well. I have great memories of being in El Paso</li> <li>17 quite a few times.</li> <li>18 So I'll let you know that I also think it's</li> <li>19 very important that you're thinking about borderland</li> </ul>	<ul> <li>But prior to that, I think, at least from</li> <li>my region, was 1994. Okay? It was over 30 years ago.</li> <li>And so it's neat to see that I you know, that I get</li> <li>to be in this position. But at the same time, though,</li> <li>because my background is in economic development, I was</li> <li>excited to see that House Bill 1, The General</li> <li>Appropriations Act, has transportation under Article</li> <li>VII, which is economic development. Not Article VI,</li> <li>which is infrastructure. It's Article VII, which is</li> <li>economic development. And that tells me a lot about how</li> </ul>
<ul> <li>10 grew up in El Paso. So TxDOT, at the highest levels,</li> <li>11 has very good knowledge of El Paso. And and then</li> <li>12 from there, I've been twice to visit El Paso as a</li> <li>13 Commissioner for Texas Transportation Commission. Other</li> <li>14 times with the Texas Tech Foundation board. And again</li> <li>15 many times personally. So I feel like I know the city</li> <li>16 very well. I have great memories of being in El Paso</li> <li>17 quite a few times.</li> <li>18 So I'll let you know that I also think it's</li> <li>19 very important that you're thinking about borderland</li> <li>20 expressway as you work your MP APO processes in</li> </ul>	<ul> <li>But prior to that, I think, at least from</li> <li>my region, was 1994. Okay? It was over 30 years ago.</li> <li>And so it's neat to see that I you know, that I get</li> <li>to be in this position. But at the same time, though,</li> <li>because my background is in economic development, I was</li> <li>excited to see that House Bill 1, The General</li> <li>Appropriations Act, has transportation under Article</li> <li>VII, which is economic development. Not Article VI,</li> <li>which is infrastructure. It's Article VII, which is</li> <li>economic development. And that tells me a lot about how</li> <li>the state sees transportation. We are an economic</li> <li>development entity. And the border is a big economic</li> </ul>
<ul> <li>10 grew up in El Paso. So TxDOT, at the highest levels,</li> <li>11 has very good knowledge of El Paso. And and then</li> <li>12 from there, I've been twice to visit El Paso as a</li> <li>13 Commissioner for Texas Transportation Commission. Other</li> <li>14 times with the Texas Tech Foundation board. And again</li> <li>15 many times personally. So I feel like I know the city</li> <li>16 very well. I have great memories of being in El Paso</li> <li>17 quite a few times.</li> <li>18 So I'll let you know that I also think it's</li> <li>19 very important that you're thinking about borderland</li> <li>20 expressway as you work your MP APO processes in</li> <li>21 regional transportation planning processes. Because</li> </ul>	<ul> <li>But prior to that, I think, at least from</li> <li>my region, was 1994. Okay? It was over 30 years ago.</li> <li>And so it's neat to see that I you know, that I get</li> <li>to be in this position. But at the same time, though,</li> <li>because my background is in economic development, I was</li> <li>excited to see that House Bill 1, The General</li> <li>Appropriations Act, has transportation under Article</li> <li>VII, which is economic development. Not Article VI,</li> <li>which is infrastructure. It's Article VII, which is</li> <li>economic development. And that tells me a lot about how</li> <li>the state sees transportation. We are an economic</li> <li>development entity. And the border is a big economic</li> <li>driver, as we all know, and why we're here today.</li> </ul>
<ul> <li>10 grew up in El Paso. So TxDOT, at the highest levels,</li> <li>11 has very good knowledge of El Paso. And and then</li> <li>12 from there, I've been twice to visit El Paso as a</li> <li>13 Commissioner for Texas Transportation Commission. Other</li> <li>14 times with the Texas Tech Foundation board. And again</li> <li>15 many times personally. So I feel like I know the city</li> <li>16 very well. I have great memories of being in El Paso</li> <li>17 quite a few times.</li> <li>18 So I'll let you know that I also think it's</li> <li>19 very important that you're thinking about borderland</li> <li>20 expressway as you work your MP APO processes in</li> <li>21 regional transportation planning processes. Because</li> <li>22 if when the time comes that that that little</li> </ul>	<ul> <li>9 But prior to that, I think, at least from</li> <li>10 my region, was 1994. Okay? It was over 30 years ago.</li> <li>11 And so it's neat to see that I you know, that I get</li> <li>12 to be in this position. But at the same time, though,</li> <li>13 because my background is in economic development, I was</li> <li>14 excited to see that House Bill 1, The General</li> <li>15 Appropriations Act, has transportation under Article</li> <li>16 VII, which is economic development. Not Article VI,</li> <li>17 which is infrastructure. It's Article VII, which is</li> <li>18 economic development. And that tells me a lot about how</li> <li>19 the state sees transportation. We are an economic</li> <li>20 development entity. And the border is a big economic</li> <li>21 driver, as we all know, and why we're here today.</li> <li>22 But without the border and without the</li> </ul>
<ul> <li>10 grew up in El Paso. So TxDOT, at the highest levels,</li> <li>11 has very good knowledge of El Paso. And and then</li> <li>12 from there, I've been twice to visit El Paso as a</li> <li>13 Commissioner for Texas Transportation Commission. Other</li> <li>14 times with the Texas Tech Foundation board. And again</li> <li>15 many times personally. So I feel like I know the city</li> <li>16 very well. I have great memories of being in El Paso</li> <li>17 quite a few times.</li> <li>18 So I'll let you know that I also think it's</li> <li>19 very important that you're thinking about borderland</li> <li>20 expressway as you work your MP APO processes in</li> <li>21 regional transportation planning processes. Because</li> <li>22 if when the time comes that that that little</li> <li>23 bottleneck on I-10 is dealt with near downtown, there's</li> </ul>	<ul> <li>But prior to that, I think, at least from</li> <li>my region, was 1994. Okay? It was over 30 years ago.</li> <li>And so it's neat to see that I you know, that I get</li> <li>to be in this position. But at the same time, though,</li> <li>because my background is in economic development, I was</li> <li>excited to see that House Bill 1, The General</li> <li>Appropriations Act, has transportation under Article</li> <li>VII, which is economic development. Not Article VI,</li> <li>which is infrastructure. It's Article VII, which is</li> <li>economic development. And that tells me a lot about how</li> <li>the state sees transportation. We are an economic</li> <li>development entity. And the border is a big economic</li> <li>driver, as we all know, and why we're here today.</li> <li>But without the border and without the</li> <li>investment along the border, the state of Texas cannot</li> </ul>

	Pages 26 to 29
Page 26	Page 28
1 these things, the more, you know, folks will understand	1 So thank you for coming and visit. This is
2 it.	2 great to have to have you here (indiscernible) and to
3 But at the same time, the neat thing that's	3 have experts on how we can, exactly, move forward in the
4 happening right now is that it's not just us talking	4 promotion of trade. Thank you.
5 about how important the border is. Because of	5 SECRETARY NELSON: Thank you. Thank you
6 nearshoring, we hear folks from other parts of the	6 for being here. Thank you for your words.
7 state, from other parts of the country, talk about why	7 I want to now recognize Committee and
8 we need to invest in the border. And, us, you know	8 Consul General in Dallas, Susan Harper, to say a few
9 we're always going to be seen as biased because we are	9 words.
10 from here. But when folks from outside of the region	10 MS. HARPER: Good morning, (speaking
11 start talking about the border, it's a whole different	11 foreign language.)
12 deal. Right?	12 First, I would like to say, Secretary, that
13And so I think we need to take advantage of	13 I believe that it's your experience, both in the private
14 that. And I think it's conversations in committees like	14 sector and in the public sector, that gives you the
15 this that allow us to capitalize on those conversations.	15 leadership role here because I know that you have been
16 And so thank you again for having me. And	16 involved in that trade yourself, personally, to Canada
17 Secretary, also thank you again for hosting us.	17 as well as Mexico and other parts of the world. And I
18 SECRETARY NELSON: Thank you, Commissioner,	18 think I think that's key to what we're doing here.
19 for not just being here, but for all you do.	19 I would also say that you cannot talk about
20 And next I want to recognize Mexico's	20 trade crossing borders without acknowledging the
21 Consul General in El Paso, Mauricio Ibarra. There you	21 importance of security. That's true in every border in
22 are.	22 the world, including another border a little bit north
23 MR. IBARRA: First of all, thank you for	23 of here, that we tend to focus on more on the Canadian
24 the for the invitation. I think it's really	24 side. But it's important to acknowledge that because
25 important to have these bilateral discussions on these	25 sometimes people need to hear that we recognize that
Page 27	Page 29
1 subjects here, especially here in El Paso.	1 when we're emphasizing trade. But we are emphasizing
2 Being the BTAC, a Border Trade Advisory	2 trade here because we are here because this is a key
3 Committee, I think it's really important that these	3 part of the North American trade border. And I think
4 issues like border infrastructure, transportation,	4 people at the last BTAC meeting heard for example,
5 waiting times at the border, I think that's always very	5 from CPKC, which does a rail from northern Canada to
6 important. Trade for this community is key, and	6 southern Mexico. And it's key to recognize road and
7 everything that happens on one side of the border	
	7 rail are key to our kind of trade: Canadian, Mexico
8 affects the other.	8 [sic], and American. And we need to look at all of
9 So we we should really come to this	-
<ul><li>9 So we we should really come to this</li><li>10 common ground in terms of what we need to be doing to</li></ul>	<ul> <li>8 [sic], and American. And we need to look at all of</li> <li>9 those aspects.</li> <li>10 And, yes, ports and airports are important,</li> </ul>
<ul> <li>9 So we we should really come to this</li> <li>10 common ground in terms of what we need to be doing to</li> <li>11 really promote and increase trade here in the region.</li> </ul>	<ul> <li>8 [sic], and American. And we need to look at all of</li> <li>9 those aspects.</li> <li>10 And, yes, ports and airports are important,</li> <li>11 but it's essential to the North America trade</li> </ul>
<ul> <li>9 So we we should really come to this</li> <li>10 common ground in terms of what we need to be doing to</li> <li>11 really promote and increase trade here in the region.</li> <li>12 This is a very binational region in the border,</li> </ul>	<ul> <li>8 [sic], and American. And we need to look at all of</li> <li>9 those aspects.</li> <li>10 And, yes, ports and airports are important,</li> <li>11 but it's essential to the North America trade</li> <li>12 relationship that we look at the kinds of infrastructure</li> </ul>
<ul> <li>9 So we we should really come to this</li> <li>10 common ground in terms of what we need to be doing to</li> <li>11 really promote and increase trade here in the region.</li> <li>12 This is a very binational region in the border,</li> <li>13 Secretary. And let me tell you that, yes, there are</li> </ul>	<ul> <li>8 [sic], and American. And we need to look at all of</li> <li>9 those aspects.</li> <li>10 And, yes, ports and airports are important,</li> <li>11 but it's essential to the North America trade</li> <li>12 relationship that we look at the kinds of infrastructure</li> <li>13 that this group concentrates on. Because to borrow back</li> </ul>
<ul> <li>9 So we we should really come to this</li> <li>10 common ground in terms of what we need to be doing to</li> <li>11 really promote and increase trade here in the region.</li> <li>12 This is a very binational region in the border,</li> <li>13 Secretary. And let me tell you that, yes, there are</li> <li>14 problems, as in many parts of the border. But the</li> </ul>	<ul> <li>8 [sic], and American. And we need to look at all of</li> <li>9 those aspects.</li> <li>10 And, yes, ports and airports are important,</li> <li>11 but it's essential to the North America trade</li> <li>12 relationship that we look at the kinds of infrastructure</li> <li>13 that this group concentrates on. Because to borrow back</li> <li>14 from the judge, it's important to see that there are two</li> </ul>
<ul> <li>9 So we we should really come to this</li> <li>10 common ground in terms of what we need to be doing to</li> <li>11 really promote and increase trade here in the region.</li> <li>12 This is a very binational region in the border,</li> <li>13 Secretary. And let me tell you that, yes, there are</li> <li>14 problems, as in many parts of the border. But the</li> <li>15 difference here is that they are resolved with</li> </ul>	<ul> <li>8 [sic], and American. And we need to look at all of</li> <li>9 those aspects.</li> <li>10 And, yes, ports and airports are important,</li> <li>11 but it's essential to the North America trade</li> <li>12 relationship that we look at the kinds of infrastructure</li> <li>13 that this group concentrates on. Because to borrow back</li> <li>14 from the judge, it's important to see that there are two</li> <li>15 sides to a border.</li> </ul>
<ul> <li>9 So we we should really come to this</li> <li>10 common ground in terms of what we need to be doing to</li> <li>11 really promote and increase trade here in the region.</li> <li>12 This is a very binational region in the border,</li> <li>13 Secretary. And let me tell you that, yes, there are</li> <li>14 problems, as in many parts of the border. But the</li> <li>15 difference here is that they are resolved with</li> <li>16 tremendous collaboration with our partners. With the</li> </ul>	<ul> <li>8 [sic], and American. And we need to look at all of</li> <li>9 those aspects.</li> <li>10 And, yes, ports and airports are important,</li> <li>11 but it's essential to the North America trade</li> <li>12 relationship that we look at the kinds of infrastructure</li> <li>13 that this group concentrates on. Because to borrow back</li> <li>14 from the judge, it's important to see that there are two</li> <li>15 sides to a border.</li> <li>16 Again, thank you for your leadership,</li> </ul>
<ul> <li>9 So we we should really come to this</li> <li>10 common ground in terms of what we need to be doing to</li> <li>11 really promote and increase trade here in the region.</li> <li>12 This is a very binational region in the border,</li> <li>13 Secretary. And let me tell you that, yes, there are</li> <li>14 problems, as in many parts of the border. But the</li> <li>15 difference here is that they are resolved with</li> <li>16 tremendous collaboration with our partners. With the</li> <li>17 Mayor, with the Judge, with the Senator, with the</li> </ul>	<ul> <li>8 [sic], and American. And we need to look at all of</li> <li>9 those aspects.</li> <li>10 And, yes, ports and airports are important,</li> <li>11 but it's essential to the North America trade</li> <li>12 relationship that we look at the kinds of infrastructure</li> <li>13 that this group concentrates on. Because to borrow back</li> <li>14 from the judge, it's important to see that there are two</li> <li>15 sides to a border.</li> <li>16 Again, thank you for your leadership,</li> <li>17 Secretary, that my colleague who's the Canadian in</li> </ul>
<ul> <li>9 So we we should really come to this</li> <li>10 common ground in terms of what we need to be doing to</li> <li>11 really promote and increase trade here in the region.</li> <li>12 This is a very binational region in the border,</li> <li>13 Secretary. And let me tell you that, yes, there are</li> <li>14 problems, as in many parts of the border. But the</li> <li>15 difference here is that they are resolved with</li> <li>16 tremendous collaboration with our partners. With the</li> <li>17 Mayor, with the Judge, with the Senator, with the</li> <li>18 commissioners, with everybody here. And never we</li> </ul>	<ul> <li>8 [sic], and American. And we need to look at all of</li> <li>9 those aspects.</li> <li>10 And, yes, ports and airports are important,</li> <li>11 but it's essential to the North America trade</li> <li>12 relationship that we look at the kinds of infrastructure</li> <li>13 that this group concentrates on. Because to borrow back</li> <li>14 from the judge, it's important to see that there are two</li> <li>15 sides to a border.</li> <li>16 Again, thank you for your leadership,</li> <li>17 Secretary, that my colleague who's the Canadian in</li> <li>18 Monterrey is also here because we need to keep working</li> </ul>
<ul> <li>9 So we we should really come to this</li> <li>10 common ground in terms of what we need to be doing to</li> <li>11 really promote and increase trade here in the region.</li> <li>12 This is a very binational region in the border,</li> <li>13 Secretary. And let me tell you that, yes, there are</li> <li>14 problems, as in many parts of the border. But the</li> <li>15 difference here is that they are resolved with</li> <li>16 tremendous collaboration with our partners. With the</li> <li>17 Mayor, with the Judge, with the Senator, with the</li> <li>18 commissioners, with everybody here. And never we</li> <li>19 never get chaos here in this part of the border. We</li> </ul>	<ul> <li>8 [sic], and American. And we need to look at all of</li> <li>9 those aspects.</li> <li>10 And, yes, ports and airports are important,</li> <li>11 but it's essential to the North America trade</li> <li>12 relationship that we look at the kinds of infrastructure</li> <li>13 that this group concentrates on. Because to borrow back</li> <li>14 from the judge, it's important to see that there are two</li> <li>15 sides to a border.</li> <li>16 Again, thank you for your leadership,</li> <li>17 Secretary, that my colleague who's the Canadian in</li> <li>18 Monterrey is also here because we need to keep working</li> <li>19 together on these issues.</li> </ul>
<ul> <li>9 So we we should really come to this</li> <li>10 common ground in terms of what we need to be doing to</li> <li>11 really promote and increase trade here in the region.</li> <li>12 This is a very binational region in the border,</li> <li>13 Secretary. And let me tell you that, yes, there are</li> <li>14 problems, as in many parts of the border. But the</li> <li>15 difference here is that they are resolved with</li> <li>16 tremendous collaboration with our partners. With the</li> <li>17 Mayor, with the Judge, with the Senator, with the</li> <li>18 commissioners, with everybody here. And never we</li> <li>19 never get chaos here in this part of the border. We</li> <li>20 solve that before. Problems, as always, but we try to</li> </ul>	<ul> <li>8 [sic], and American. And we need to look at all of</li> <li>9 those aspects.</li> <li>10 And, yes, ports and airports are important,</li> <li>11 but it's essential to the North America trade</li> <li>12 relationship that we look at the kinds of infrastructure</li> <li>13 that this group concentrates on. Because to borrow back</li> <li>14 from the judge, it's important to see that there are two</li> <li>15 sides to a border.</li> <li>16 Again, thank you for your leadership,</li> <li>17 Secretary, that my colleague who's the Canadian in</li> <li>18 Monterrey is also here because we need to keep working</li> <li>19 together on these issues.</li> <li>20 I would like to make sure that everybody</li> </ul>
<ul> <li>9 So we we should really come to this</li> <li>10 common ground in terms of what we need to be doing to</li> <li>11 really promote and increase trade here in the region.</li> <li>12 This is a very binational region in the border,</li> <li>13 Secretary. And let me tell you that, yes, there are</li> <li>14 problems, as in many parts of the border. But the</li> <li>15 difference here is that they are resolved with</li> <li>16 tremendous collaboration with our partners. With the</li> <li>17 Mayor, with the Judge, with the Senator, with the</li> <li>18 commissioners, with everybody here. And never we</li> <li>19 never get chaos here in this part of the border. We</li> <li>20 solve that before. Problems, as always, but we try to</li> <li>21 deal with that. So my only my only I cannot stray</li> </ul>	<ul> <li>8 [sic], and American. And we need to look at all of</li> <li>9 those aspects.</li> <li>10 And, yes, ports and airports are important,</li> <li>11 but it's essential to the North America trade</li> <li>12 relationship that we look at the kinds of infrastructure</li> <li>13 that this group concentrates on. Because to borrow back</li> <li>14 from the judge, it's important to see that there are two</li> <li>15 sides to a border.</li> <li>16 Again, thank you for your leadership,</li> <li>17 Secretary, that my colleague who's the Canadian in</li> <li>18 Monterrey is also here because we need to keep working</li> <li>19 together on these issues.</li> <li>20 I would like to make sure that everybody</li> <li>21 has in their vocabulary another word, which is</li> </ul>
<ul> <li>9 So we we should really come to this</li> <li>10 common ground in terms of what we need to be doing to</li> <li>11 really promote and increase trade here in the region.</li> <li>12 This is a very binational region in the border,</li> <li>13 Secretary. And let me tell you that, yes, there are</li> <li>14 problems, as in many parts of the border. But the</li> <li>15 difference here is that they are resolved with</li> <li>16 tremendous collaboration with our partners. With the</li> <li>17 Mayor, with the Judge, with the Senator, with the</li> <li>18 commissioners, with everybody here. And never we</li> <li>19 never get chaos here in this part of the border. We</li> <li>20 solve that before. Problems, as always, but we try to</li> <li>21 deal with that. So my only my only I cannot stray</li> <li>22 (phonetic) enough to say that we really need to promote</li> </ul>	<ul> <li>8 [sic], and American. And we need to look at all of</li> <li>9 those aspects.</li> <li>10 And, yes, ports and airports are important,</li> <li>11 but it's essential to the North America trade</li> <li>12 relationship that we look at the kinds of infrastructure</li> <li>13 that this group concentrates on. Because to borrow back</li> <li>14 from the judge, it's important to see that there are two</li> <li>15 sides to a border.</li> <li>16 Again, thank you for your leadership,</li> <li>17 Secretary, that my colleague who's the Canadian in</li> <li>18 Monterrey is also here because we need to keep working</li> <li>19 together on these issues.</li> <li>20 I would like to make sure that everybody</li> <li>21 has in their vocabulary another word, which is</li> <li>22 friendshoring. Not just reshoring or nearshoring, but</li> </ul>
<ul> <li>So we we should really come to this</li> <li>common ground in terms of what we need to be doing to</li> <li>really promote and increase trade here in the region.</li> <li>This is a very binational region in the border,</li> <li>Secretary. And let me tell you that, yes, there are</li> <li>problems, as in many parts of the border. But the</li> <li>difference here is that they are resolved with</li> <li>tremendous collaboration with our partners. With the</li> <li>Mayor, with the Judge, with the Senator, with the</li> <li>commissioners, with everybody here. And never we</li> <li>never get chaos here in this part of the border. We</li> <li>solve that before. Problems, as always, but we try to</li> <li>deal with that. So my only my only I cannot stray</li> <li>(phonetic) enough to say that we really need to promote</li> <li>actions that foster and improve trade in the region, and</li> </ul>	<ul> <li>8 [sic], and American. And we need to look at all of</li> <li>9 those aspects.</li> <li>10 And, yes, ports and airports are important,</li> <li>11 but it's essential to the North America trade</li> <li>12 relationship that we look at the kinds of infrastructure</li> <li>13 that this group concentrates on. Because to borrow back</li> <li>14 from the judge, it's important to see that there are two</li> <li>15 sides to a border.</li> <li>16 Again, thank you for your leadership,</li> <li>17 Secretary, that my colleague who's the Canadian in</li> <li>18 Monterrey is also here because we need to keep working</li> <li>19 together on these issues.</li> <li>20 I would like to make sure that everybody</li> <li>21 has in their vocabulary another word, which is</li> <li>22 friendshoring. Not just reshoring or nearshoring, but</li> <li>23 friendshoring. Because it's not enough to be looking</li> </ul>
<ul> <li>So we we should really come to this</li> <li>common ground in terms of what we need to be doing to</li> <li>really promote and increase trade here in the region.</li> <li>This is a very binational region in the border,</li> <li>Secretary. And let me tell you that, yes, there are</li> <li>problems, as in many parts of the border. But the</li> <li>difference here is that they are resolved with</li> <li>tremendous collaboration with our partners. With the</li> <li>Mayor, with the Judge, with the Senator, with the</li> <li>commissioners, with everybody here. And never we</li> <li>never get chaos here in this part of the border. We</li> <li>solve that before. Problems, as always, but we try to</li> <li>deal with that. So my only my only I cannot stray</li> <li>(phonetic) enough to say that we really need to promote</li> <li>actions that foster and improve trade in the region, and</li> <li>avoid all these actions that probably you know, slow</li> </ul>	<ul> <li>8 [sic], and American. And we need to look at all of</li> <li>9 those aspects.</li> <li>10 And, yes, ports and airports are important,</li> <li>11 but it's essential to the North America trade</li> <li>12 relationship that we look at the kinds of infrastructure</li> <li>13 that this group concentrates on. Because to borrow back</li> <li>14 from the judge, it's important to see that there are two</li> <li>15 sides to a border.</li> <li>16 Again, thank you for your leadership,</li> <li>17 Secretary, that my colleague who's the Canadian in</li> <li>18 Monterrey is also here because we need to keep working</li> <li>19 together on these issues.</li> <li>20 I would like to make sure that everybody</li> <li>21 has in their vocabulary another word, which is</li> <li>22 friendshoring. Not just reshoring or nearshoring, but</li> <li>23 friendshoring. Because it's not enough to be looking</li> <li>24 for business partners who are cost competitive and</li> </ul>
<ul> <li>9 So we we should really come to this</li> <li>10 common ground in terms of what we need to be doing to</li> <li>11 really promote and increase trade here in the region.</li> <li>12 This is a very binational region in the border,</li> <li>13 Secretary. And let me tell you that, yes, there are</li> <li>14 problems, as in many parts of the border. But the</li> <li>15 difference here is that they are resolved with</li> <li>16 tremendous collaboration with our partners. With the</li> <li>17 Mayor, with the Judge, with the Senator, with the</li> <li>18 commissioners, with everybody here. And never we</li> <li>19 never get chaos here in this part of the border. We</li> <li>20 solve that before. Problems, as always, but we try to</li> <li>21 deal with that. So my only my only I cannot stray</li> <li>22 (phonetic) enough to say that we really need to promote</li> <li>23 actions that foster and improve trade in the region, and</li> </ul>	<ul> <li>8 [sic], and American. And we need to look at all of</li> <li>9 those aspects.</li> <li>10 And, yes, ports and airports are important,</li> <li>11 but it's essential to the North America trade</li> <li>12 relationship that we look at the kinds of infrastructure</li> <li>13 that this group concentrates on. Because to borrow back</li> <li>14 from the judge, it's important to see that there are two</li> <li>15 sides to a border.</li> <li>16 Again, thank you for your leadership,</li> <li>17 Secretary, that my colleague who's the Canadian in</li> <li>18 Monterrey is also here because we need to keep working</li> <li>19 together on these issues.</li> <li>20 I would like to make sure that everybody</li> <li>21 has in their vocabulary another word, which is</li> <li>22 friendshoring. Not just reshoring or nearshoring, but</li> <li>23 friendshoring. Because it's not enough to be looking</li> </ul>

Page 31 1 border neighbors. And you mentioned that Sandra	Page 33 1 not so wonderful about the border. We need to be
<ol> <li>border neighbors. And you mentioned that Sandra</li> <li>Shaddick, who is our Consul General in Monterrey, is</li> </ol>	<ol> <li>not so wonderful about the border. We need to be</li> <li>talking about the wonderful things. And I think we need</li> </ol>
<ol> <li>border neighbors. And you mentioned that Sandra</li> <li>Shaddick, who is our Consul General in Monterrey, is</li> <li>here. Would you like to say a word?</li> </ol>	<ol> <li>not so wonderful about the border. We need to be</li> <li>talking about the wonderful things. And I think we need</li> <li>to be doing that a lot more. I think that needs to be a</li> </ol>
<ol> <li>border neighbors. And you mentioned that Sandra</li> <li>Shaddick, who is our Consul General in Monterrey, is</li> <li>here. Would you like to say a word?</li> <li>MS. SHADDICK: I'll be very brief.</li> </ol>	<ol> <li>not so wonderful about the border. We need to be</li> <li>talking about the wonderful things. And I think we need</li> <li>to be doing that a lot more. I think that needs to be a</li> <li>focus of every person in this room.</li> </ol>
<ol> <li>border neighbors. And you mentioned that Sandra</li> <li>Shaddick, who is our Consul General in Monterrey, is</li> <li>here. Would you like to say a word?</li> <li>MS. SHADDICK: I'll be very brief.</li> <li>First, I emphatically agree with everything</li> </ol>	<ol> <li>not so wonderful about the border. We need to be</li> <li>talking about the wonderful things. And I think we need</li> <li>to be doing that a lot more. I think that needs to be a</li> <li>focus of every person in this room.</li> <li>So I want to recognize now Caroline Mays,</li> </ol>
<ol> <li>border neighbors. And you mentioned that Sandra</li> <li>Shaddick, who is our Consul General in Monterrey, is</li> <li>here. Would you like to say a word?</li> <li>MS. SHADDICK: I'll be very brief.</li> <li>First, I emphatically agree with everything</li> <li>Susan just said. From I guess my main</li> </ol>	<ol> <li>not so wonderful about the border. We need to be</li> <li>talking about the wonderful things. And I think we need</li> <li>to be doing that a lot more. I think that needs to be a</li> <li>focus of every person in this room.</li> <li>So I want to recognize now Caroline Mays,</li> <li>the director of Planning and Modal Programs for Texas</li> </ol>
<ol> <li>border neighbors. And you mentioned that Sandra</li> <li>Shaddick, who is our Consul General in Monterrey, is</li> <li>here. Would you like to say a word?</li> <li>MS. SHADDICK: I'll be very brief.</li> <li>First, I emphatically agree with everything</li> <li>Susan just said. From I guess my main</li> <li>message here today would be this border really matters</li> </ol>	<ol> <li>not so wonderful about the border. We need to be</li> <li>talking about the wonderful things. And I think we need</li> <li>to be doing that a lot more. I think that needs to be a</li> <li>focus of every person in this room.</li> <li>So I want to recognize now Caroline Mays,</li> <li>the director of Planning and Modal Programs for Texas</li> <li>Department of Transportation to conduct our roll call,</li> </ol>
<ol> <li>border neighbors. And you mentioned that Sandra</li> <li>Shaddick, who is our Consul General in Monterrey, is</li> <li>here. Would you like to say a word?</li> <li>MS. SHADDICK: I'll be very brief.</li> <li>First, I emphatically agree with everything</li> <li>Susan just said. From I guess my main</li> <li>message here today would be this border really matters</li> <li>to Canada, too. So a border does have two sides, but it</li> </ol>	<ol> <li>not so wonderful about the border. We need to be</li> <li>talking about the wonderful things. And I think we need</li> <li>to be doing that a lot more. I think that needs to be a</li> <li>focus of every person in this room.</li> <li>So I want to recognize now Caroline Mays,</li> <li>the director of Planning and Modal Programs for Texas</li> <li>Department of Transportation to conduct our roll call,</li> <li>and we're going to go about our business.</li> </ol>
<ol> <li>border neighbors. And you mentioned that Sandra</li> <li>Shaddick, who is our Consul General in Monterrey, is</li> <li>here. Would you like to say a word?</li> <li>MS. SHADDICK: I'll be very brief.</li> <li>First, I emphatically agree with everything</li> <li>Susan just said. From from I guess my main</li> <li>message here today would be this border really matters</li> <li>to Canada, too. So a border does have two sides, but it</li> <li>also has many, many stakeholders. And I work with</li> </ol>	<ol> <li>not so wonderful about the border. We need to be</li> <li>talking about the wonderful things. And I think we need</li> <li>to be doing that a lot more. I think that needs to be a</li> <li>focus of every person in this room.</li> <li>So I want to recognize now Caroline Mays,</li> <li>the director of Planning and Modal Programs for Texas</li> <li>Department of Transportation to conduct our roll call,</li> <li>and we're going to go about our business.</li> <li>MS. MAYS: Good morning. Good morning,</li> </ol>
<ol> <li>border neighbors. And you mentioned that Sandra</li> <li>Shaddick, who is our Consul General in Monterrey, is</li> <li>here. Would you like to say a word?</li> <li>MS. SHADDICK: I'll be very brief.</li> <li>First, I emphatically agree with everything</li> <li>Susan just said. From from I guess my main</li> <li>message here today would be this border really matters</li> <li>to Canada, too. So a border does have two sides, but it</li> <li>also has many, many stakeholders. And I work with</li> <li>Canadian companies on the Mexican side of the border,</li> </ol>	<ol> <li>not so wonderful about the border. We need to be</li> <li>talking about the wonderful things. And I think we need</li> <li>to be doing that a lot more. I think that needs to be a</li> <li>focus of every person in this room.</li> <li>So I want to recognize now Caroline Mays,</li> <li>the director of Planning and Modal Programs for Texas</li> <li>Department of Transportation to conduct our roll call,</li> <li>and we're going to go about our business.</li> <li>MS. MAYS: Good morning. Good morning,</li> <li>Secretary, and good morning all BTAC members, and all</li> </ol>
<ol> <li>border neighbors. And you mentioned that Sandra</li> <li>Shaddick, who is our Consul General in Monterrey, is</li> <li>here. Would you like to say a word?</li> <li>MS. SHADDICK: I'll be very brief.</li> <li>First, I emphatically agree with everything</li> <li>Susan just said. Good morning,</li> <li>Secretary, and good morning all BTAC members, and all</li> <li>our dignitaries and invited guests.</li> <li>So I have the honor of, actually, passing</li> <li>Claudia to do a roll call for BTAC members.</li> <li>Please, Claudia, go ahead.</li> <li>MS. LAGOS: Madam Secretary, we're going to</li> <li>fstart.</li> <li>MS. LAGOS: Arreola?</li> <li>MR. ARREOLA: Here.</li> <li>MS. LAGOS: Jon Barela?</li> <li>MS. LAGOS: Luis Bazan?</li> </ol>
<ul> <li>1 border neighbors. And you mentioned that Sandra</li> <li>2 Shaddick, who is our Consul General in Monterrey, is</li> <li>3 here. Would you like to say a word?</li> <li>4 MS. SHADDICK: I'll be very brief.</li> <li>5 First, I emphatically agree with everything</li> <li>6 Susan just said. From from I guess my main</li> <li>7 message here today would be this border really matters</li> <li>8 to Canada, too. So a border does have two sides, but it</li> <li>9 also has many, many stakeholders. And I work with</li> <li>10 Canadian companies on the Mexican side of the border,</li> <li>11 and we have, you know, an enormous concentration of</li> <li>12 companies in Ciudad Juarez, all across Coahuila and</li> <li>13 Tamaulipas and Nuevo Leon. And this border matters.</li> <li>14 So the privilege and really, Secretary</li> <li>15 of State, thank you so much. I think it's vision it</li> <li>16 speaks to your vision to include Canada, and that would</li> <li>17 be Susan, normally. But it's even one step further to</li> <li>18 include Canada on the other side of the border. It</li> <li>19 speaks to the interconnected reality that we face every</li> <li>20 day.</li> <li>21 And then just the last thing I'll say, more</li> <li>22 and more we're talking about nearshoring all of the time</li> </ul>	<ol> <li>not so wonderful about the border. We need to be</li> <li>talking about the wonderful things. And I think we need</li> <li>to be doing that a lot more. I think that needs to be a</li> <li>focus of every person in this room.</li> <li>So I want to recognize now Caroline Mays,</li> <li>the director of Planning and Modal Programs for Texas</li> <li>Department of Transportation to conduct our roll call,</li> <li>and we're going to go about our business.</li> <li>MS. MAYS: Good morning. Good morning,</li> <li>Secretary, and good morning all BTAC members, and all</li> <li>our dignitaries and invited guests.</li> <li>So I have the honor of, actually, passing</li> <li>Claudia to do a roll call for BTAC members.</li> <li>Please, Claudia, go ahead.</li> <li>MS. LAGOS: Madam Secretary, we're going to</li> <li>fstart.</li> <li>So we have Rafael Aldrete?</li> <li>MR. ALDRETE: Present.</li> <li>MS. LAGOS: Arreola?</li> <li>MR. ARREOLA: Here.</li> <li>MR. BARELA: Present.</li> </ol>

CEPHAS: Can you please increase it? SECRETARY NELSON: Take a picture of it and blow it up. That's what you need to do. MS. CEPHAS: Thank you. SECRETARY NELSON: There we go. There we go. Thank you. MS. CEPHAS: Okay. I'm giving a brief recap of our last BTAC meeting held on November 9th, 2023. The last BTAC meeting had five (indiscernible). First, we provided an update on the Texas-Mexico Border Transportation Master Plan update. The Master Plan advancement of this study's recommendation in the border district BTMP projects. Second, we had presentations from the Canadian Pacific Kansas City Railway Operations, the Mexican border states with Texas on the regional infrastructure project, and the I-27 Ports-to-Plains Corridor analysis update. Lastly, we had an overview of House Bill 4422 on border security to public safety, technology, and transportation infrastructure improvements. One: BTAC progress update. Ms. Claudia

7 say this frequently, but those may ask, "Well, what do 8 you mean by guiding the development transportation7 governing the portfolio is the 2024 UTP. The 2024 UTP 8 is approximately 106 billion, as mentioned, and it was
8 you mean by guiding the development transportation 8 is approximately 106 billion, as mentioned, and it was
10 And so UTP does this by forecasting a 10 the Commission adopts the UTP in August every year, as
11 ten having a ten-year forecast. And that projects 11 mentioned. And when they adopt the UTP, they approve
12 revenues for the next ten years. And those revenues are 12 the amount of money that is available in the UTPs, the
13 distributed across 12 funding categories. Those 13 106 billion, how the funding is distributed across the
14 categories are associated with TxDOT strategic goals. 14 state to these corresponding funding categories. And
15 And these funds are then allocated to TxDOT's districts, 15 for they also approve certain specific funding for
15 And these funds are then allocated to TxDOT's districts, 16 the Metropolitan Planning Organizations, as well as15 for they also approve certain specific funding for 16 mobility projects in categories 2, 4, and 12.
15 And these funds are then allocated to TxDOT's districts, 16 the Metropolitan Planning Organizations, as well as15 for they also approve certain specific funding for 16 mobility projects in categories 2, 4, and 12.
<ul> <li>15 And these funds are then allocated to TxDOT's districts,</li> <li>16 the Metropolitan Planning Organizations, as well as</li> <li>17 other program managers throughout the state to identify</li> <li>18 priority projects, and then to make sure that those</li> <li>15 for they also approve certain specific funding for</li> <li>16 mobility projects in categories 2, 4, and 12.</li> <li>17 It's also important to note that the border</li> <li>18 regions of Texas see funding from all 12 categories.</li> </ul>
15 And these funds are then allocated to TxDOT's districts, 16 the Metropolitan Planning Organizations, as well as15 for they also approve certain specific funding for 16 mobility projects in categories 2, 4, and 12.17 other program managers throughout the state to identify1718 other program managers throughout the state to identify15 for they also approve certain specific funding for 16 mobility projects in categories 2, 4, and 12.
<ul> <li>15 And these funds are then allocated to TxDOT's districts,</li> <li>16 the Metropolitan Planning Organizations, as well as</li> <li>17 other program managers throughout the state to identify</li> <li>18 priority projects, and then to make sure that those</li> <li>19 projects are developing within that next ten-year</li> <li>20 period.</li> <li>15 for they also approve certain specific funding for</li> <li>16 mobility projects in categories 2, 4, and 12.</li> <li>17 It's also important to note that the border</li> <li>18 regions of Texas see funding from all 12 categories.</li> <li>19 And so these categories are managed by different TxDOT</li> <li>20 Districts, Metropolitan Planning Organizations, and</li> </ul>
<ul> <li>15 And these funds are then allocated to TxDOT's districts,</li> <li>16 the Metropolitan Planning Organizations, as well as</li> <li>17 other program managers throughout the state to identify</li> <li>18 priority projects, and then to make sure that those</li> <li>19 projects are developing within that next ten-year</li> <li>20 period.</li> <li>15 for they also approve certain specific funding for</li> <li>16 mobility projects in categories 2, 4, and 12.</li> <li>17 It's also important to note that the border</li> <li>18 regions of Texas see funding from all 12 categories.</li> <li>19 And so these categories are managed by different TxDOT</li> <li>20 Districts, Metropolitan Planning Organizations, and</li> </ul>
<ul> <li>15 And these funds are then allocated to TxDOT's districts,</li> <li>16 the Metropolitan Planning Organizations, as well as</li> <li>17 other program managers throughout the state to identify</li> <li>18 priority projects, and then to make sure that those</li> <li>19 projects are developing within that next ten-year</li> <li>20 period.</li> <li>21 The goal is to ensure that we are</li> <li>22 monitoring the portfolio of these projects, ensuring</li> <li>15 for they also approve certain specific funding for</li> <li>16 mobility projects in categories 2, 4, and 12.</li> <li>17 It's also important to note that the border</li> <li>18 regions of Texas see funding from all 12 categories.</li> <li>19 And so these categories are managed by different TxDOT</li> <li>20 Districts, Metropolitan Planning Organizations, and</li> <li>21 other program managers.</li> <li>22 But additionally, there is funding specific</li> </ul>
<ul> <li>15 And these funds are then allocated to TxDOT's districts,</li> <li>16 the Metropolitan Planning Organizations, as well as</li> <li>17 other program managers throughout the state to identify</li> <li>18 priority projects, and then to make sure that those</li> <li>19 projects are developing within that next ten-year</li> <li>20 period.</li> <li>21 The goal is to ensure that we are</li> <li>22 monitoring the portfolio of these projects, ensuring</li> <li>23 that projects are developing, and letting within that</li> </ul>
<ul> <li>15 And these funds are then allocated to TxDOT's districts,</li> <li>16 the Metropolitan Planning Organizations, as well as</li> <li>17 other program managers throughout the state to identify</li> <li>18 priority projects, and then to make sure that those</li> <li>19 projects are developing within that next ten-year</li> <li>20 period.</li> <li>21 The goal is to ensure that we are</li> <li>22 monitoring the portfolio of these projects, ensuring</li> <li>23 that projects are developing, and letting within that</li> </ul>

Dage 46	
Page 46	Page 48
1 the first two years of the UTP, fiscal years 2024 and	1 The cycle never stops. It is important to
2 2025.	2 constantly look at your priority projects, identify your
3 And so this is a slide that you saw last	3 priority projects, ensuring we have the right fund
4 November, the last meeting. And it's just brought	4 the funding that we have, on the right projects, on
5 again, to highlight the amount of funding that was	5 those priority projects, and that they are progressing
6 provided to the border regions. To the El Paso region,	<ul><li>6 to development. And so all funding categories do</li><li>7 support project development. And it's important that</li></ul>
7 to the the Laredo region, and also to the Pharr	
8 region. Though this slide is broken down and	8 we're identifying which funding is going to priority
<ul><li>9 categorized by TxDOT districts, it is important to note</li><li>10 that we are recessing with the way the slides are</li></ul>	<ul><li>9 projects.</li><li>10 And so the slide also does show that though</li></ul>
11 depicted for this UTP 'cause we do know that with the	10 And so the slide also does show that though 11 we did present the Commission in January, the proposed
12 recent house bill, that the districts have been	12 distribution to the 12 funding categories, we will
13 reclassified. And so we are looking to recategorize	13 again, right at this time, we are working with the TxDOT
14 this for the next presentation.	14 districts to look at the priority projects for this 2025
15 This is also a slide that you saw last	15 UTP period. We are looking to identify which projects
16 November, just to refresh your memories. That, as	16 will receive the funding that is approved by the
17 mentioned, the UTP funding for districts has grown about	17 Commission for Categories 2, 4, and 12. But the
18 356 percent since the 2016 UTP. This growth in the	18 Commission does not approve the funding in all
19 border districts outpaces the UTP overall growth, which	19 categories. That's where it is important for local
20 is actually 159 percentage in growth.	20 stakeholders to work with your TxDOT districts as well
21 Though we are developing the 2025 UTP,	21 as your Metropolitan Planning Organizations to identify
22 you'll see it's not listed here. It is still a little	22 the other categories of funding that will be approved on
23 too early to show how much allocation has been provided	23 the priority projects. And so continuously working and
24 to the TxDOT border districts because the UTP we're	24 communicating with your TxDOT districts, the
25 currently on shows on a different slide.	25 Metropolitan Planning Organizations, to ensure that we
Page 47	Page 49
1 Developing project recommendations. We	1 are applying those funds to your top priority projects
<ul><li>2 have distributed the funds to the TxDOT districts, the</li><li>3 Metropolitan Planning Organizations for this next UTP</li></ul>	<ul><li>2 is key.</li><li>3 During this cycle, the Commission we are</li></ul>
4 period, but we are still assessing statewide funding as	
- period, but we are still assessing statewide funding as	4 working with them to look at which projects we
5 found in categories 4R and categories 12 that will be	4 working with them to look at which projects we 5 recommended for Categories 2 4 and 12. We will then
5 found in categories 4R, and categories 12 that will be 6 selected on projects	5 recommended for Categories 2, 4 and 12. We will then
6 selected on projects.	<ul><li>5 recommended for Categories 2, 4 and 12. We will then</li><li>6 have Tito will present to the Commission, again, in</li></ul>
<ul><li>6 selected on projects.</li><li>7 And here's an overview of the typical</li></ul>	<ul> <li>5 recommended for Categories 2, 4 and 12. We will then</li> <li>6 have Tito will present to the Commission, again, in</li> <li>7 June, and that is where the Commission will consider the</li> </ul>
<ul> <li>6 selected on projects.</li> <li>7 And here's an overview of the typical</li> <li>8 annual cycle for the UTP. So the 2025 UTP cycle, we are</li> </ul>	<ul> <li>5 recommended for Categories 2, 4 and 12. We will then</li> <li>6 have Tito will present to the Commission, again, in</li> <li>7 June, and that is where the Commission will consider the</li> <li>8 priority projects and the selection of the statewide</li> </ul>
<ul> <li>6 selected on projects.</li> <li>7 And here's an overview of the typical</li> <li>8 annual cycle for the UTP. So the 2025 UTP cycle, we are</li> <li>9 here in February. And so many of you-all know that in</li> </ul>	<ul> <li>5 recommended for Categories 2, 4 and 12. We will then</li> <li>6 have Tito will present to the Commission, again, in</li> <li>7 June, and that is where the Commission will consider the</li> <li>8 priority projects and the selection of the statewide</li> <li>9 funds for Categories 2, 4, and 12 or for Category 12</li> </ul>
<ul> <li>6 selected on projects.</li> <li>7 And here's an overview of the typical</li> <li>8 annual cycle for the UTP. So the 2025 UTP cycle, we are</li> <li>9 here in February. And so many of you-all know that in</li> <li>10 January, the Commission heard a presentation provided by</li> </ul>	<ul> <li>5 recommended for Categories 2, 4 and 12. We will then</li> <li>6 have Tito will present to the Commission, again, in</li> <li>7 June, and that is where the Commission will consider the</li> <li>8 priority projects and the selection of the statewide</li> <li>9 funds for Categories 2, 4, and 12 or for Category 12</li> <li>10 and 4, and (indiscernible) with the projects</li> </ul>
<ul> <li>6 selected on projects.</li> <li>7 And here's an overview of the typical</li> <li>8 annual cycle for the UTP. So the 2025 UTP cycle, we are</li> <li>9 here in February. And so many of you-all know that in</li> </ul>	<ul> <li>5 recommended for Categories 2, 4 and 12. We will then</li> <li>6 have Tito will present to the Commission, again, in</li> <li>7 June, and that is where the Commission will consider the</li> <li>8 priority projects and the selection of the statewide</li> <li>9 funds for Categories 2, 4, and 12 or for Category 12</li> <li>10 and 4, and (indiscernible) with the projects</li> <li>11 (indiscernible) with Category 2.</li> </ul>
<ul> <li>6 selected on projects.</li> <li>7 And here's an overview of the typical</li> <li>8 annual cycle for the UTP. So the 2025 UTP cycle, we are</li> <li>9 here in February. And so many of you-all know that in</li> <li>10 January, the Commission heard a presentation provided by</li> <li>11 Tito Gonzalez, showing how we are planning to distribute</li> </ul>	<ul> <li>5 recommended for Categories 2, 4 and 12. We will then</li> <li>6 have Tito will present to the Commission, again, in</li> <li>7 June, and that is where the Commission will consider the</li> <li>8 priority projects and the selection of the statewide</li> <li>9 funds for Categories 2, 4, and 12 or for Category 12</li> <li>10 and 4, and (indiscernible) with the projects</li> <li>11 (indiscernible) with Category 2.</li> </ul>
<ul> <li>6 selected on projects.</li> <li>7 And here's an overview of the typical</li> <li>8 annual cycle for the UTP. So the 2025 UTP cycle, we are</li> <li>9 here in February. And so many of you-all know that in</li> <li>10 January, the Commission heard a presentation provided by</li> <li>11 Tito Gonzalez, showing how we are planning to distribute</li> <li>12 the funds to across the 12 funding categories.</li> </ul>	<ul> <li>5 recommended for Categories 2, 4 and 12. We will then</li> <li>6 have Tito will present to the Commission, again, in</li> <li>7 June, and that is where the Commission will consider the</li> <li>8 priority projects and the selection of the statewide</li> <li>9 funds for Categories 2, 4, and 12 or for Category 12</li> <li>10 and 4, and (indiscernible) with the projects</li> <li>11 (indiscernible) with Category 2.</li> <li>12 In we'll have that presentation in June,</li> </ul>
<ul> <li>6 selected on projects.</li> <li>7 And here's an overview of the typical</li> <li>8 annual cycle for the UTP. So the 2025 UTP cycle, we are</li> <li>9 here in February. And so many of you-all know that in</li> <li>10 January, the Commission heard a presentation provided by</li> <li>11 Tito Gonzalez, showing how we are planning to distribute</li> <li>12 the funds to across the 12 funding categories.</li> <li>13 And so though we are here in February, it's</li> </ul>	<ul> <li>5 recommended for Categories 2, 4 and 12. We will then</li> <li>6 have Tito will present to the Commission, again, in</li> <li>7 June, and that is where the Commission will consider the</li> <li>8 priority projects and the selection of the statewide</li> <li>9 funds for Categories 2, 4, and 12 or for Category 12</li> <li>10 and 4, and (indiscernible) with the projects</li> <li>11 (indiscernible) with Category 2.</li> <li>12 In we'll have that presentation in June,</li> <li>13 and then we'll have our typical public involvement in</li> </ul>
<ul> <li>6 selected on projects.</li> <li>7 And here's an overview of the typical</li> <li>8 annual cycle for the UTP. So the 2025 UTP cycle, we are</li> <li>9 here in February. And so many of you-all know that in</li> <li>10 January, the Commission heard a presentation provided by</li> <li>11 Tito Gonzalez, showing how we are planning to distribute</li> <li>12 the funds to across the 12 funding categories.</li> <li>13 And so though we are here in February, it's</li> <li>14 important to recognize and understand that the UTP is an</li> </ul>	<ul> <li>5 recommended for Categories 2, 4 and 12. We will then</li> <li>6 have Tito will present to the Commission, again, in</li> <li>7 June, and that is where the Commission will consider the</li> <li>8 priority projects and the selection of the statewide</li> <li>9 funds for Categories 2, 4, and 12 or for Category 12</li> <li>10 and 4, and (indiscernible) with the projects</li> <li>11 (indiscernible) with Category 2.</li> <li>12 In we'll have that presentation in June,</li> <li>13 and then we'll have our typical public involvement in</li> <li>14 July. And that is where the public can make comments on</li> </ul>
<ul> <li>6 selected on projects.</li> <li>7 And here's an overview of the typical</li> <li>8 annual cycle for the UTP. So the 2025 UTP cycle, we are</li> <li>9 here in February. And so many of you-all know that in</li> <li>10 January, the Commission heard a presentation provided by</li> <li>11 Tito Gonzalez, showing how we are planning to distribute</li> <li>12 the funds to across the 12 funding categories.</li> <li>13 And so though we are here in February, it's</li> <li>14 important to recognize and understand that the UTP is an</li> <li>15 annual cycle that actually never stops. And so as</li> </ul>	<ul> <li>5 recommended for Categories 2, 4 and 12. We will then</li> <li>6 have Tito will present to the Commission, again, in</li> <li>7 June, and that is where the Commission will consider the</li> <li>8 priority projects and the selection of the statewide</li> <li>9 funds for Categories 2, 4, and 12 or for Category 12</li> <li>10 and 4, and (indiscernible) with the projects</li> <li>11 (indiscernible) with Category 2.</li> <li>12 In we'll have that presentation in June,</li> <li>13 and then we'll have our typical public involvement in</li> <li>14 July. And that is where the public can make comments on</li> <li>15 the projects that are recommended, as well as the</li> </ul>
<ul> <li>6 selected on projects.</li> <li>7 And here's an overview of the typical</li> <li>8 annual cycle for the UTP. So the 2025 UTP cycle, we are</li> <li>9 here in February. And so many of you-all know that in</li> <li>10 January, the Commission heard a presentation provided by</li> <li>11 Tito Gonzalez, showing how we are planning to distribute</li> <li>12 the funds to across the 12 funding categories.</li> <li>13 And so though we are here in February, it's</li> <li>14 important to recognize and understand that the UTP is an</li> <li>15 annual cycle that actually never stops. And so as</li> <li>16 mentioned, it begins in the fall. And every fall, we</li> </ul>	<ul> <li>5 recommended for Categories 2, 4 and 12. We will then</li> <li>6 have Tito will present to the Commission, again, in</li> <li>7 June, and that is where the Commission will consider the</li> <li>8 priority projects and the selection of the statewide</li> <li>9 funds for Categories 2, 4, and 12 or for Category 12</li> <li>10 and 4, and (indiscernible) with the projects</li> <li>11 (indiscernible) with Category 2.</li> <li>12 In we'll have that presentation in June,</li> <li>13 and then we'll have our typical public involvement in</li> <li>14 July. And that is where the public can make comments on</li> <li>15 the projects that are recommended, as well as the</li> <li>16 overall distribution of funds. And then following</li> </ul>
<ul> <li>6 selected on projects.</li> <li>7 And here's an overview of the typical</li> <li>8 annual cycle for the UTP. So the 2025 UTP cycle, we are</li> <li>9 here in February. And so many of you-all know that in</li> <li>10 January, the Commission heard a presentation provided by</li> <li>11 Tito Gonzalez, showing how we are planning to distribute</li> <li>12 the funds to across the 12 funding categories.</li> <li>13 And so though we are here in February, it's</li> <li>14 important to recognize and understand that the UTP is an</li> <li>15 annual cycle that actually never stops. And so as</li> <li>16 mentioned, it begins in the fall. And every fall, we</li> <li>17 receive the next forecast. And it is approved in August</li> </ul>	<ul> <li>5 recommended for Categories 2, 4 and 12. We will then</li> <li>6 have Tito will present to the Commission, again, in</li> <li>7 June, and that is where the Commission will consider the</li> <li>8 priority projects and the selection of the statewide</li> <li>9 funds for Categories 2, 4, and 12 or for Category 12</li> <li>10 and 4, and (indiscernible) with the projects</li> <li>11 (indiscernible) with Category 2.</li> <li>12 In we'll have that presentation in June,</li> <li>13 and then we'll have our typical public involvement in</li> <li>14 July. And that is where the public can make comments on</li> <li>15 the projects that are recommended, as well as the</li> <li>16 overall distribution of funds. And then following</li> <li>17 public comment in July, that is where in August the</li> </ul>
<ul> <li>6 selected on projects.</li> <li>7 And here's an overview of the typical</li> <li>8 annual cycle for the UTP. So the 2025 UTP cycle, we are</li> <li>9 here in February. And so many of you-all know that in</li> <li>10 January, the Commission heard a presentation provided by</li> <li>11 Tito Gonzalez, showing how we are planning to distribute</li> <li>12 the funds to across the 12 funding categories.</li> <li>13 And so though we are here in February, it's</li> <li>14 important to recognize and understand that the UTP is an</li> <li>15 annual cycle that actually never stops. And so as</li> <li>16 mentioned, it begins in the fall. And every fall, we</li> <li>17 receive the next forecast. And it is approved in August</li> <li>18 by the Commission. But once we identify projects and</li> <li>19 select projects, it is very important that TxDOT, the</li> <li>20 TxDOT districts, the Metropolitan Planning</li> </ul>	<ul> <li>5 recommended for Categories 2, 4 and 12. We will then</li> <li>6 have Tito will present to the Commission, again, in</li> <li>7 June, and that is where the Commission will consider the</li> <li>8 priority projects and the selection of the statewide</li> <li>9 funds for Categories 2, 4, and 12 or for Category 12</li> <li>10 and 4, and (indiscernible) with the projects</li> <li>11 (indiscernible) with Category 2.</li> <li>12 In we'll have that presentation in June,</li> <li>13 and then we'll have our typical public involvement in</li> <li>14 July. And that is where the public can make comments on</li> <li>15 the projects that are recommended, as well as the</li> <li>16 overall distribution of funds. And then following</li> <li>17 public comment in July, that is where in August the</li> <li>18 Commission will do recommend will do final</li> <li>19 approval of the UTP. And so it is important that this</li> <li>20 annual cycle, you never stop communicating with your</li> </ul>
<ul> <li>6 selected on projects.</li> <li>7 And here's an overview of the typical</li> <li>8 annual cycle for the UTP. So the 2025 UTP cycle, we are</li> <li>9 here in February. And so many of you-all know that in</li> <li>10 January, the Commission heard a presentation provided by</li> <li>11 Tito Gonzalez, showing how we are planning to distribute</li> <li>12 the funds to across the 12 funding categories.</li> <li>13 And so though we are here in February, it's</li> <li>14 important to recognize and understand that the UTP is an</li> <li>15 annual cycle that actually never stops. And so as</li> <li>16 mentioned, it begins in the fall. And every fall, we</li> <li>17 receive the next forecast. And it is approved in August</li> <li>18 by the Commission. But once we identify projects and</li> <li>19 select projects, it is very important that TxDOT, the</li> <li>20 TxDOT districts, the Metropolitan Planning</li> <li>21 Organizations, and local stakeholders are working</li> </ul>	<ul> <li>5 recommended for Categories 2, 4 and 12. We will then</li> <li>6 have Tito will present to the Commission, again, in</li> <li>7 June, and that is where the Commission will consider the</li> <li>8 priority projects and the selection of the statewide</li> <li>9 funds for Categories 2, 4, and 12 or for Category 12</li> <li>10 and 4, and (indiscernible) with the projects</li> <li>11 (indiscernible) with Category 2.</li> <li>12 In we'll have that presentation in June,</li> <li>13 and then we'll have our typical public involvement in</li> <li>14 July. And that is where the public can make comments on</li> <li>15 the projects that are recommended, as well as the</li> <li>16 overall distribution of funds. And then following</li> <li>17 public comment in July, that is where in August the</li> <li>18 Commission will do recommend will do final</li> <li>19 approval of the UTP. And so it is important that this</li> <li>20 annual cycle, you never stop communicating with your</li> <li>21 TxDOT districts and MPOs.</li> </ul>
<ul> <li>6 selected on projects.</li> <li>7 And here's an overview of the typical</li> <li>8 annual cycle for the UTP. So the 2025 UTP cycle, we are</li> <li>9 here in February. And so many of you-all know that in</li> <li>10 January, the Commission heard a presentation provided by</li> <li>11 Tito Gonzalez, showing how we are planning to distribute</li> <li>12 the funds to across the 12 funding categories.</li> <li>13 And so though we are here in February, it's</li> <li>14 important to recognize and understand that the UTP is an</li> <li>15 annual cycle that actually never stops. And so as</li> <li>16 mentioned, it begins in the fall. And every fall, we</li> <li>17 receive the next forecast. And it is approved in August</li> <li>18 by the Commission. But once we identify projects and</li> <li>19 select projects, it is very important that TxDOT, the</li> <li>20 TxDOT districts, the Metropolitan Planning</li> <li>21 Organizations, and local stakeholders are working</li> <li>22 collaboratively to continuously monitor the portfolio</li> </ul>	<ul> <li>5 recommended for Categories 2, 4 and 12. We will then</li> <li>6 have Tito will present to the Commission, again, in</li> <li>7 June, and that is where the Commission will consider the</li> <li>8 priority projects and the selection of the statewide</li> <li>9 funds for Categories 2, 4, and 12 or for Category 12</li> <li>10 and 4, and (indiscernible) with the projects</li> <li>11 (indiscernible) with Category 2.</li> <li>12 In we'll have that presentation in June,</li> <li>13 and then we'll have our typical public involvement in</li> <li>14 July. And that is where the public can make comments on</li> <li>15 the projects that are recommended, as well as the</li> <li>16 overall distribution of funds. And then following</li> <li>17 public comment in July, that is where in August the</li> <li>18 Commission will do recommend will do final</li> <li>19 approval of the UTP. And so it is important that this</li> <li>20 annual cycle, you never stop communicating with your</li> <li>21 TxDOT districts and MPOs.</li> <li>22 It's always important that we assess the</li> </ul>
<ul> <li>6 selected on projects.</li> <li>7 And here's an overview of the typical</li> <li>8 annual cycle for the UTP. So the 2025 UTP cycle, we are</li> <li>9 here in February. And so many of you-all know that in</li> <li>10 January, the Commission heard a presentation provided by</li> <li>11 Tito Gonzalez, showing how we are planning to distribute</li> <li>12 the funds to across the 12 funding categories.</li> <li>13 And so though we are here in February, it's</li> <li>14 important to recognize and understand that the UTP is an</li> <li>15 annual cycle that actually never stops. And so as</li> <li>16 mentioned, it begins in the fall. And every fall, we</li> <li>17 receive the next forecast. And it is approved in August</li> <li>18 by the Commission. But once we identify projects and</li> <li>19 select projects, it is very important that TxDOT, the</li> <li>20 TxDOT districts, the Metropolitan Planning</li> <li>21 Organizations, and local stakeholders are working</li> <li>22 collaboratively to continuously monitor the portfolio</li> <li>23 projects to make sure those projects are developing, and</li> </ul>	<ul> <li>5 recommended for Categories 2, 4 and 12. We will then</li> <li>6 have Tito will present to the Commission, again, in</li> <li>7 June, and that is where the Commission will consider the</li> <li>8 priority projects and the selection of the statewide</li> <li>9 funds for Categories 2, 4, and 12 or for Category 12</li> <li>10 and 4, and (indiscernible) with the projects</li> <li>11 (indiscernible) with Category 2.</li> <li>12 In we'll have that presentation in June,</li> <li>13 and then we'll have our typical public involvement in</li> <li>14 July. And that is where the public can make comments on</li> <li>15 the projects that are recommended, as well as the</li> <li>16 overall distribution of funds. And then following</li> <li>17 public comment in July, that is where in August the</li> <li>18 Commission will do recommend will do final</li> <li>19 approval of the UTP. And so it is important that this</li> <li>20 annual cycle, you never stop communicating with your</li> <li>21 TxDOT districts and MPOs.</li> <li>22 It's always important that we assess the</li> <li>23 priorities and that we ensure that we are communicating</li> </ul>
<ul> <li>6 selected on projects.</li> <li>7 And here's an overview of the typical</li> <li>8 annual cycle for the UTP. So the 2025 UTP cycle, we are</li> <li>9 here in February. And so many of you-all know that in</li> <li>10 January, the Commission heard a presentation provided by</li> <li>11 Tito Gonzalez, showing how we are planning to distribute</li> <li>12 the funds to across the 12 funding categories.</li> <li>13 And so though we are here in February, it's</li> <li>14 important to recognize and understand that the UTP is an</li> <li>15 annual cycle that actually never stops. And so as</li> <li>16 mentioned, it begins in the fall. And every fall, we</li> <li>17 receive the next forecast. And it is approved in August</li> <li>18 by the Commission. But once we identify projects and</li> <li>19 select projects, it is very important that TxDOT, the</li> <li>20 TxDOT districts, the Metropolitan Planning</li> <li>21 Organizations, and local stakeholders are working</li> <li>22 collaboratively to continuously monitor the portfolio</li> <li>23 projects to make sure those projects are developing, and</li> <li>24 we're getting them ready to let within the next next</li> </ul>	<ul> <li>5 recommended for Categories 2, 4 and 12. We will then</li> <li>6 have Tito will present to the Commission, again, in</li> <li>7 June, and that is where the Commission will consider the</li> <li>8 priority projects and the selection of the statewide</li> <li>9 funds for Categories 2, 4, and 12 or for Category 12</li> <li>10 and 4, and (indiscernible) with the projects</li> <li>11 (indiscernible) with Category 2.</li> <li>12 In we'll have that presentation in June,</li> <li>13 and then we'll have our typical public involvement in</li> <li>14 July. And that is where the public can make comments on</li> <li>15 the projects that are recommended, as well as the</li> <li>16 overall distribution of funds. And then following</li> <li>17 public comment in July, that is where in August the</li> <li>18 Commission will do recommend will do final</li> <li>19 approval of the UTP. And so it is important that this</li> <li>20 annual cycle, you never stop communicating with your</li> <li>21 TxDOT districts and MPOs.</li> <li>22 It's always important that we are communicating</li> <li>24 to make sure those projects are being developed and</li> </ul>
<ul> <li>6 selected on projects.</li> <li>7 And here's an overview of the typical</li> <li>8 annual cycle for the UTP. So the 2025 UTP cycle, we are</li> <li>9 here in February. And so many of you-all know that in</li> <li>10 January, the Commission heard a presentation provided by</li> <li>11 Tito Gonzalez, showing how we are planning to distribute</li> <li>12 the funds to across the 12 funding categories.</li> <li>13 And so though we are here in February, it's</li> <li>14 important to recognize and understand that the UTP is an</li> <li>15 annual cycle that actually never stops. And so as</li> <li>16 mentioned, it begins in the fall. And every fall, we</li> <li>17 receive the next forecast. And it is approved in August</li> <li>18 by the Commission. But once we identify projects and</li> <li>19 select projects, it is very important that TxDOT, the</li> <li>20 TxDOT districts, the Metropolitan Planning</li> <li>21 Organizations, and local stakeholders are working</li> <li>22 collaboratively to continuously monitor the portfolio</li> <li>23 projects to make sure those projects are developing, and</li> </ul>	<ul> <li>5 recommended for Categories 2, 4 and 12. We will then</li> <li>6 have Tito will present to the Commission, again, in</li> <li>7 June, and that is where the Commission will consider the</li> <li>8 priority projects and the selection of the statewide</li> <li>9 funds for Categories 2, 4, and 12 or for Category 12</li> <li>10 and 4, and (indiscernible) with the projects</li> <li>11 (indiscernible) with Category 2.</li> <li>12 In we'll have that presentation in June,</li> <li>13 and then we'll have our typical public involvement in</li> <li>14 July. And that is where the public can make comments on</li> <li>15 the projects that are recommended, as well as the</li> <li>16 overall distribution of funds. And then following</li> <li>17 public comment in July, that is where in August the</li> <li>18 Commission will do recommend will do final</li> <li>19 approval of the UTP. And so it is important that this</li> <li>20 annual cycle, you never stop communicating with your</li> <li>21 TxDOT districts and MPOs.</li> <li>22 It's always important that we assess the</li> <li>23 priorities and that we ensure that we are communicating</li> </ul>

	Pages 50 LO 55
Page 50 1 And so what was presented in January? This	Page 52 1 discussed at the MPO level?
2 is the draft 2025 ten-year forecast that was distributed	2 MS. LITCHFIELD: So the Category 3 funds,
3 across the 12 funding categories. And so this slide	3 those would be funds that you-all would discuss, and
4 provides an overview of the overall distribution. The	4 then propose to be placed on projects within your local
5 ten-year forecast provided additional funding that	5 area.
6 provides funding across the ten-year period. This	6 MR. SCHWEBEL: Okay. Thank you.
7 additional funding that you'll see in the middle column,	7 SECRETARY NELSON: Other questions?
8 is represented in the additional funds that's provided	8 Thank you.
9 to UTP. As mentioned, the 2024 UTP was about \$100	9 MR. VASQUEZ: Good morning. Can you guys
10 billion. This next UTP is approximately 102.6 billion.	10 hear me? Good morning. Thank you, Secretary Nelson;
11 This estimated 102.6 billion coupled with	11 thank you for your time, BTAC members.
12 the investments that were provided to develop projects,	12 My name is Sergio Vasquez. I'm the Border
13 as well as routine maintenance contracts. All of that	13 Program Manager with the Texas Department of
14 together shows an overall investment of approximately	14 Transportation. Today I want to provide an update of
15 146 billion towards transportation.	15 the Border Transportation Master Plan.
16 Following this January Commission meeting,	16 As Ms. Cephas mentioned, at the last Border
17 the the state, the department, the planning division	17 Trade Advisory Committee meeting, we provided an update
18 did distribute allocations to the TxDOT districts and	18 of the BTMP, the project status and I apologize in
19 MPOs, so they can further their planning for their	19 advance because the presentation is a little bit
20 projects within their region. And so they all have	20 smaller. So I did print out the tabloids. You'll find
21 planning targets to help assess which projects and	21 them at the back of your agendas so you can follow along
22 funding they have available for the next ten years. And	22 with it.
23 this is where they continue to work with locals, and	23 But before we get started, I did want to
24 work collaboratively to identify projects and see where	24 start with off with a brief reintroduction of what the
25 those funds that they manage and they organize for their	25 BTMP is.
Page 51	Page 53
1 portfolio, where they can be directed.	1 For those of you that do not know, the
<ol> <li>portfolio, where they can be directed.</li> <li>And with that, that concludes my</li> </ol>	<ol> <li>For those of you that do not know, the</li> <li>Border Transportation Master Plan was adopted by the</li> </ol>
<ol> <li>portfolio, where they can be directed.</li> <li>And with that, that concludes my</li> <li>presentation. And Sergio Vasquez will now dive into</li> </ol>	<ol> <li>For those of you that do not know, the</li> <li>Border Transportation Master Plan was adopted by the</li> <li>Texas Transportation Commission in 2021. And what it</li> </ol>
<ol> <li>portfolio, where they can be directed.</li> <li>And with that, that concludes my</li> <li>presentation. And Sergio Vasquez will now dive into</li> <li>details of the projects that are in the BTMP to see</li> </ol>	<ol> <li>For those of you that do not know, the</li> <li>Border Transportation Master Plan was adopted by the</li> <li>Texas Transportation Commission in 2021. And what it</li> <li>did is it identified current and future transportation</li> </ol>
<ol> <li>portfolio, where they can be directed.</li> <li>And with that, that concludes my</li> <li>presentation. And Sergio Vasquez will now dive into</li> <li>details of the projects that are in the BTMP to see</li> <li>progress and where we're going with those projects.</li> </ol>	<ol> <li>For those of you that do not know, the</li> <li>Border Transportation Master Plan was adopted by the</li> <li>Texas Transportation Commission in 2021. And what it4did is it identified current and future transportation5needs, challenges and opportunities for moving people6and goods. All (indiscernible) policy, program, and7projects recommendation to address such needs.8So what came out of the BTMP? In 2021, the9BTMP came up with 661 projects on the Texas-Mexico10Border for a total estimated cost of 37.4 billion11dollars. These projects were divided between Texas and12Mexico. 559 projects are on the Texas U.S. side, with13an estimated cost of 32.7 billion. And 102 projects are14on the Mexican side, representing 4.7.15As you can see in this slide, we divided16them based on connectivity, asset preservation, safety,17mobility and reliability, and multimodal.18With that being said, it's been a couple of19years since the BTMP was implemented, and the clean has20been list the list has been clean. So right now, we21stand at 641 total projects. There was some duplicates.22So this list is accurate as of January 2024.23As you can see, there's 539 projects in

Page 54Page 541 focusing on. During the last Border Trade Advisory1With that being said, I'm going to start2 Committee meeting when we provided an update, BTAC3With that being said, I'm going to start3 members mentioned that they would like to see a visual4representation of what the status is of the projects,34 representation of what the status is of the projects,5What has been constructed since the implementation of46 the program, what's currently being construction5So we start off and we start off with7 constructed, what's being let and funded in the 20245So we start off and we start off with9So with that being said, from the 300 TxDOT5So we start off, we have one completed project in10projects, we have 267 projects that are in10the EI Paso district, which is CSJ:0167-01-117. And as11implementation phase. That includes that they have1you can see, the estimate cost of this project is12either been finalized, construction is complete, or that13they are fully funded, or they're in the 2024 UTP.1414Eight of them are canceled. And 25 need additional15Inly funded. You will see that mapped on the lower14Left-hand side map on the green color.15Next, we identified the projects under16be able to get those done. From the 267 that are in the16Construction. And for the EI Paso district, we have a
<ul> <li>2 Committee meeting when we provided an update, BTAC</li> <li>3 members mentioned that they would like to see a visual</li> <li>4 representation of what the status is of the projects,</li> <li>5 what has been constructed since the implementation of</li> <li>6 the program, what's currently being construction</li> <li>7 constructed, what's being let and funded in the 2024</li> <li>8 UTP, and what's unfunded.</li> <li>9 So with that being said, from the 300 TxDOT</li> <li>10 projects, we have 267 projects that are in</li> <li>11 implementation phase. That includes that they have</li> <li>12 either been finalized, construction is complete, or that</li> <li>13 they are fully funded, or they're in the 2024 UTP.</li> <li>14 Eight of them are canceled. And 25 need additional</li> <li>15 information that we're working on with the districts to</li> </ul> <ul> <li>2 off with El Paso. This is where I want to apologize.</li> <li>3 Hopefully you guys have an access copy of the tabloids.</li> <li>4 Yes? Okay. Perfect.</li> <li>5 So we start off and we start off with</li> <li>6 mapping first off, what's a completed project in the</li> <li>7 El Paso district? As you can see, I'm not going to go</li> <li>8 over them all, to be conscious of the time.</li> <li>9 First off, we have one completed project in</li> <li>10 the El Paso district, which is CSJ:0167-01-117. And as</li> <li>11 you can see, the estimate cost of this project is</li> <li>12 \$1.7 million. It received the \$1.7 million, and it's</li> <li>13 fully funded. You will see that mapped on the lower</li> <li>14 left-hand side map on the green color.</li> <li>15 Next, we identified the projects under</li> </ul>
<ul> <li>3 members mentioned that they would like to see a visual</li> <li>4 representation of what the status is of the projects,</li> <li>5 what has been constructed since the implementation of</li> <li>6 the program, what's currently being construction</li> <li>7 constructed, what's being let and funded in the 2024</li> <li>8 UTP, and what's unfunded.</li> <li>9 So with that being said, from the 300 TxDOT</li> <li>10 projects, we have 267 projects that are in</li> <li>11 implementation phase. That includes that they have</li> <li>12 either been finalized, construction is complete, or that</li> <li>13 they are fully funded, or they're in the 2024 UTP.</li> <li>14 Eight of them are canceled. And 25 need additional</li> <li>15 information that we're working on with the districts to</li> <li>3 Hopefully you guys have an access copy of the tabloids.</li> <li>4 Yes? Okay. Perfect.</li> <li>5 So we start off and we start off with</li> <li>6 mapping first off, what's a completed project in the</li> <li>7 El Paso district? As you can see, I'm not going to go</li> <li>8 over them all, to be conscious of the time.</li> <li>9 First off, we have one completed project in</li> <li>10 the El Paso district, which is CSJ:0167-01-117. And as</li> <li>11 you can see, the estimate cost of this project is</li> <li>12 \$1.7 million. It received the \$1.7 million, and it's</li> <li>13 fully funded. You will see that mapped on the lower</li> <li>14 left-hand side map on the green color.</li> <li>15 Next, we identified the projects under</li> </ul>
<ul> <li>4 representation of what the status is of the projects,</li> <li>5 what has been constructed since the implementation of</li> <li>6 the program, what's currently being construction</li> <li>7 constructed, what's being let and funded in the 2024</li> <li>8 UTP, and what's unfunded.</li> <li>9 So with that being said, from the 300 TxDOT</li> <li>10 projects, we have 267 projects that are in</li> <li>11 implementation phase. That includes that they have</li> <li>12 either been finalized, construction is complete, or that</li> <li>13 they are fully funded, or they're in the 2024 UTP.</li> <li>14 Eight of them are canceled. And 25 need additional</li> <li>15 information that we're working on with the districts to</li> <li>4 Yes? Okay. Perfect.</li> <li>5 So we start off and we start off with</li> <li>6 mapping first off, what's a completed project in the</li> <li>7 El Paso district? As you can see, I'm not going to go</li> <li>8 over them all, to be conscious of the time.</li> <li>9 First off, we have one completed project in</li> <li>10 the El Paso district, which is CSJ:0167-01-117. And as</li> <li>11 you can see, the estimate cost of this project is</li> <li>12 \$1.7 million. It received the \$1.7 million, and it's</li> <li>13 fully funded. You will see that mapped on the lower</li> <li>14 left-hand side map on the green color.</li> <li>15 Next, we identified the projects under</li> </ul>
<ul> <li>5 what has been constructed since the implementation of 6 the program, what's currently being construction 7 constructed, what's being let and funded in the 2024</li> <li>8 UTP, and what's unfunded.</li> <li>9 So with that being said, from the 300 TxDOT</li> <li>10 projects, we have 267 projects that are in</li> <li>11 implementation phase. That includes that they have</li> <li>12 either been finalized, construction is complete, or that</li> <li>13 they are fully funded, or they're in the 2024 UTP.</li> <li>14 Eight of them are canceled. And 25 need additional</li> <li>15 information that we're working on with the districts to</li> </ul> 5 So we start off and we start off with <ul> <li>6 mapping first off, what's a completed project in the</li> <li>7 El Paso district? As you can see, I'm not going to go</li> <li>8 over them all, to be conscious of the time.</li> <li>9 First off, we have one completed project in</li> <li>10 the El Paso district, which is CSJ:0167-01-117. And as</li> <li>11 you can see, the estimate cost of this project is</li> <li>12 \$1.7 million. It received the \$1.7 million, and it's</li> <li>13 fully funded. You will see that mapped on the lower</li> <li>14 left-hand side map on the green color.</li> <li>15 Next, we identified the projects under</li> </ul>
<ul> <li>6 the program, what's currently being construction</li> <li>7 constructed, what's being let and funded in the 2024</li> <li>8 UTP, and what's unfunded.</li> <li>9 So with that being said, from the 300 TxDOT</li> <li>10 projects, we have 267 projects that are in</li> <li>11 implementation phase. That includes that they have</li> <li>12 either been finalized, construction is complete, or that</li> <li>13 they are fully funded, or they're in the 2024 UTP.</li> <li>14 Eight of them are canceled. And 25 need additional</li> <li>15 information that we're working on with the districts to</li> <li>6 mapping first off, what's a completed project in the</li> <li>7 El Paso district? As you can see, I'm not going to go</li> <li>8 over them all, to be conscious of the time.</li> <li>9 First off, we have one completed project in</li> <li>10 the El Paso district, which is CSJ:0167-01-117. And as</li> <li>11 you can see, the estimate cost of this project is</li> <li>12 \$1.7 million. It received the \$1.7 million, and it's</li> <li>13 fully funded. You will see that mapped on the lower</li> <li>14 left-hand side map on the green color.</li> <li>15 Next, we identified the projects under</li> </ul>
<ul> <li>7 constructed, what's being let and funded in the 2024</li> <li>8 UTP, and what's unfunded.</li> <li>9 So with that being said, from the 300 TxDOT</li> <li>10 projects, we have 267 projects that are in</li> <li>11 implementation phase. That includes that they have</li> <li>12 either been finalized, construction is complete, or that</li> <li>13 they are fully funded, or they're in the 2024 UTP.</li> <li>14 Eight of them are canceled. 14 Eight of them are canceled. And 25 need additional14 left-hand side map on the green color.15 information that we're working on with the districts to15 Next, we identified the projects under
15 information that we're working on with the districts to 15 Next, we identified the projects under
17 implementation process, 43 have been completed and let, 17 total of 14. You will see all 14 projects are mapped
18 85 are funded in the 2024 UTP, and 139 are in the UTP 18 with the exception of two, and that's because there's no
19 and beyond 2024. What that means is that they are not 19 current (indiscernible) and we're working on getting
20 fully funded. 20 those information there, but we do have the
21 With that being said, I do want to show an 21 information of how much funding was allocated and if
22 overview of the 300 projects that TxDOT is responsible 22 they're fully funded or not.
23 for. As you can see on the first page of the 23 So what we did is we provided the project's
24 tabloids it's going to be at the back of the folders. 24 description that was provided in the BTMP, what let yea
25 It should be at the very if you pick up the 25 it occurred, what the CSJ is, what the limits are from,
Page 55 Page 5
1 packages yeah. It's a big one. All right. Perfect. 1 what was the estimated funding, how much was how much
2 So first off, we start off by breaking down 2 funding was actually provided, and if it's fully funded.
3 the districts. So as you can see, we have construction 3 On these projects under construction, they are fully
4 completed and we're also mapping them out. That way 4 funded.
5 we can see exactly where the projects are at where 5 Next, we on the blue color, we
6 the completed projects are at. 6 identified all the colors, all the projects that are
7 And first off we start off looking at 7 funded in the 2024 UTP. As Mildred mentioned, they are
8 the entire border region. So for the construction 8 working on the 2025 UTP. That's going to be, hopefully,
9 completed of the 300 projects, we have eight. One for 9 approved by the Commission later on during the year.
10 El Paso, two Laredo, and five for Pharr. Under10 But this was just approved in August of 2023.
11 construction, we have 35 projects, fully funded on the 11 The projects listed here, they have been
12 2024 UTP. We have 85 projects that are fully funded and 12 approved by Commission, and what this does is that it
13 future projects that might have some funding, but that 13 shows us what the future plans are on 2024 UTP in the El
14 are not fully funded or might not have any funding at14 Paso District.
15 all, that's 139 projects.15So the El Paso District has two new
16So we still have quite a few projects that16 projects. Most of them are mapped. I believe all of
17 are not fully funded. And we do have a total of eight 17 them on this page, the first 17 projects, are mapped.
18 canceled projects. That gives a total of 275 projects. 18 As you can see, they're all on the left-hand side, and
19 I mentioned early on that we have 300 TxDOT-sponsored 19 we provided the same information. We shared what was
20 projects. That's because those 25 projects that we 20 the estimated cost of funding, how much funding of
21 still need additional information from, they're not 21 categories was provided, and the funding status of it,
22 being categorized yet. Until we get that information, 22 which I do see all of it is full because they were fully
23 that's when we'll be able to see if they've been 23 funded on the 2024 UTP.
24 completed, if they're under construction, or if they are 24 And lastly, we have the potential future
25 future projects. 25 projects. These are projects that are not funded. As I

	Pages 58 to 61
Page 58	Page 60
1 mentioned early on, we have, I believe, 139 projects in	1 district, they are replacing that with a new CSJ, and
2 the BTMP that are not funded. And for the El Paso	2 you will see that note below.
3 District, we have a total of 46 projects on the BTMP	3 We also did the same tabloids for Pharr.
4 that are not fully funded. As Mildred mentioned, the	4 The Pharr District has a total of five completed
5 2025 UTP is undergoing (indiscernible), and we just	5 projects they have a total five completed projects,
6 wanted to provide a visual of our presentation of what	6 eight projects under construction, 51 fully funded
7 projects in the BTMP in this specific district still	7 projects, and 40 future projects that are not fully
8 have an opportunity to be funded.	8 funded.
9 Last but not least, we also we have	9 As you can see, we start off with the same
10 another page of potential future projects that are	10 format as the other two districts. We start off with
11 listed. The other side with additional projects that	11 the completed projects, projects under construction,
12 are not listed and mapped that way we can, kind of,	12 projects funded in the 2024 UTP.
13 provide a visual representation of exactly where these	13 We start off by listing 17 projects and
14 projects are in the region.	14 mapped them. We continue on with the projects funded in
15 And then lastly, these are the projects	15 the 2024 UTP, continue with the projects funded in the
16 like I mentioned, we have 275 projects. El Paso	16 2024 UTP.
17 District has 13 projects that we're working on with them	17 And then we move on. Under potential
18 to be able to get that additional information so that we	18 future projects are projects that are partially funded
19 can recategorize them as constructed, as fully funded,	19 or not funded at all. We continue showing that.
20 partially funded, or canceled projects. So that's why	20 And we finish off with the canceled
21 these projects are not listed on the overview of the	21 projects and the projects that required additional
22 El Paso District.	22 information. We share the same information for all the
23 We also did the same thing for the Laredo	23 projects. I wanted to be kind to the time, so I wanted
24 District. The Laredo District, as well, has two	24 to go a little fast on these, but I don't know if
25 completed projects. And they have a total of 13	25 there's any questions or comments or concerns on the
Page 59	Page 61
Page 59 1 projects under construction. All projects are mapped	Page 61 1 tabloids.
1 projects under construction. All projects are mapped	1 tabloids.

The Laredo</li> <li>region has 53 projects that are not currently funded</li> <li>fully, and they are all mapped.</li> <li>First off, we start off with the first 17</li> <li>projects. All 17 projects are mapped and listed on the</li> <li>sites and on the tabloids.</li> <li>Next, we have an additional 15 projects</li> </ol>	<ul> <li>1 tabloids.</li> <li>MR. GONZALEZ: Sergio, real quick good</li> <li>3 morning to everybody. Tito Gonzalez, director for</li> <li>4 Transportation Planning and Programming.</li> <li>5 I just wanted to mention, I know it's a lot</li> <li>6 of information, right? But I think the main emphasis</li> <li>7 was to visualize so everybody can see the wealth of the</li> <li>8 projects that we're working on that have been</li> <li>9 constructed that are currently funding in the 2023 UTP,</li> <li>10 and all the wealth of future projects that we have to</li> <li>11 work on to get funded.</li> <li>12 So I just wanted to mention that when you</li> <li>13 do see those projects that are in blue, that is their</li> <li>14 funding status as of 2024 UTP, but you'll see a column</li> <li>15 on there that talks about the let year. Right? So some</li> <li>16 of those let years may be out in '28, '29.</li> <li>17 One of the things that we annually work</li> </ul>
<ol> <li>projects under construction. All projects are mapped</li> <li>with the exception of project number 13, and that's</li> <li>because of the (indiscernible) is currently available.</li> <li>And these maps are based on UTP data as of January 16th,</li> <li>2024.</li> <li>Next item we have on the Laredo District:</li> <li>We also mapped the projects funded in the 2024 UTP. We</li> <li>started off by mapping out the first 13 projects in the</li> <li>district.</li> <li>And then we go on to show the potential</li> <li>future projects into the Laredo region. The Laredo</li> <li>region has 53 projects that are not currently funded</li> <li>fully, and they are all mapped.</li> <li>First off, we start off with the first 17</li> <li>projects. All 17 projects are mapped and listed on the</li> <li>sites and on the tabloids.</li> <li>Next, we have an additional 15 projects</li> <li>that are not fully funded. We have an additional 15</li> </ol>	<ol> <li>tabloids.</li> <li>MR. GONZALEZ: Sergio, real quick good</li> <li>morning to everybody. Tito Gonzalez, director for</li> <li>Transportation Planning and Programming.</li> <li>I just wanted to mention, I know it's a lot</li> <li>of information, right? But I think the main emphasis</li> <li>was to visualize so everybody can see the wealth of the</li> <li>projects that we're working on that have been</li> <li>constructed that are currently funding in the 2023 UTP,</li> <li>and all the wealth of future projects that we have to</li> <li>work on to get funded.</li> <li>So I just wanted to mention that when you</li> <li>do see those projects that are in blue, that is their</li> <li>funding status as of 2024 UTP, but you'll see a column</li> <li>on there that talks about the let year. Right? So some</li> <li>of those let years may be out in '28, '29.</li> <li>One of the things that we annually work</li> <li>on and the challenge is that those estimates continue</li> </ol>
<ul> <li>1 projects under construction. All projects are mapped</li> <li>2 with the exception of project number 13, and that's</li> <li>3 because of the (indiscernible) is currently available.</li> <li>4 And these maps are based on UTP data as of January 16th,</li> <li>5 2024.</li> <li>6 Next item we have on the Laredo District:</li> <li>7 We also mapped the projects funded in the 2024 UTP. We</li> <li>8 started off by mapping out the first 13 projects in the</li> <li>9 district.</li> <li>10 And then we go on to show the potential</li> <li>11 future projects into the Laredo region. The Laredo</li> <li>12 region has 53 projects that are not currently funded</li> <li>13 fully, and they are all mapped.</li> <li>14 First off, we start off with the first 17</li> <li>15 projects. All 17 projects are mapped and listed on the</li> <li>16 sites and on the tabloids.</li> <li>17 Next, we have an additional 15 projects</li> <li>18 that are not fully funded. We have an additional 15</li> <li>19 projects that list all the 15 projects that are not</li> </ul>	<ul> <li>1 tabloids.</li> <li>MR. GONZALEZ: Sergio, real quick good</li> <li>3 morning to everybody. Tito Gonzalez, director for</li> <li>4 Transportation Planning and Programming.</li> <li>5 I just wanted to mention, I know it's a lot</li> <li>6 of information, right? But I think the main emphasis</li> <li>7 was to visualize so everybody can see the wealth of the</li> <li>8 projects that we're working on that have been</li> <li>9 constructed that are currently funding in the 2023 UTP,</li> <li>10 and all the wealth of future projects that we have to</li> <li>11 work on to get funded.</li> <li>12 So I just wanted to mention that when you</li> <li>13 do see those projects that are in blue, that is their</li> <li>14 funding status as of 2024 UTP, but you'll see a column</li> <li>15 on there that talks about the let year. Right? So some</li> <li>16 of those let years may be out in '28, '29.</li> <li>17 One of the things that we annually work</li> <li>18 on and the challenge is that those estimates continue</li> <li>19 to grow as prices continue to change and alter. So</li> </ul>
<ul> <li>1 projects under construction. All projects are mapped</li> <li>2 with the exception of project number 13, and that's</li> <li>3 because of the (indiscernible) is currently available.</li> <li>4 And these maps are based on UTP data as of January 16th,</li> <li>5 2024.</li> <li>6 Next item we have on the Laredo District:</li> <li>7 We also mapped the projects funded in the 2024 UTP. We</li> <li>8 started off by mapping out the first 13 projects in the</li> <li>9 district.</li> <li>10 And then we go on to show the potential</li> <li>11 future projects into the Laredo region. The Laredo</li> <li>12 region has 53 projects that are not currently funded</li> <li>13 fully, and they are all mapped.</li> <li>14 First off, we start off with the first 17</li> <li>15 projects. All 17 projects are mapped and listed on the</li> <li>16 sites and on the tabloids.</li> <li>17 Next, we have an additional 15 projects</li> <li>18 that are not fully funded. We have an additional 15</li> <li>19 projects that list all the 15 projects that are not</li> <li>20 funded.</li> </ul>	<ul> <li>1 tabloids.</li> <li>MR. GONZALEZ: Sergio, real quick good</li> <li>3 morning to everybody. Tito Gonzalez, director for</li> <li>4 Transportation Planning and Programming.</li> <li>5 I just wanted to mention, I know it's a lot</li> <li>6 of information, right? But I think the main emphasis</li> <li>7 was to visualize so everybody can see the wealth of the</li> <li>8 projects that we're working on that have been</li> <li>9 constructed that are currently funding in the 2023 UTP,</li> <li>10 and all the wealth of future projects that we have to</li> <li>11 work on to get funded.</li> <li>12 So I just wanted to mention that when you</li> <li>13 do see those projects that are in blue, that is their</li> <li>14 funding status as of 2024 UTP, but you'll see a column</li> <li>15 on there that talks about the let year. Right? So some</li> <li>16 of those let years may be out in '28, '29.</li> <li>17 One of the things that we annually work</li> <li>18 on and the challenge is that those estimates continue</li> <li>19 to grow as prices continue to change and alter. So</li> <li>20 there's two things we have to look at. Right?</li> </ul>
<ol> <li>projects under construction. All projects are mapped</li> <li>with the exception of project number 13, and that's</li> <li>because of the (indiscernible) is currently available.</li> <li>And these maps are based on UTP data as of January 16th,</li> <li>2024.</li> <li>Next item we have on the Laredo District:</li> <li>We also mapped the projects funded in the 2024 UTP. We</li> <li>started off by mapping out the first 13 projects in the</li> <li>district.</li> <li>And then we go on to show the potential</li> <li>future projects into the Laredo region. The Laredo</li> <li>region has 53 projects that are not currently funded</li> <li>fully, and they are all mapped.</li> <li>First off, we start off with the first 17</li> <li>projects. All 17 projects are mapped and listed on the</li> <li>sites and on the tabloids.</li> <li>Next, we have an additional 15 projects</li> <li>that are not fully funded. We have an additional 15</li> <li>projects that list all the 15 projects that are not</li> <li>funded.</li> <li>And lastly last but not least, we have</li> </ol>	<ol> <li>tabloids.</li> <li>MR. GONZALEZ: Sergio, real quick good</li> <li>morning to everybody. Tito Gonzalez, director for</li> <li>Transportation Planning and Programming.</li> <li>I just wanted to mention, I know it's a lot</li> <li>of information, right? But I think the main emphasis</li> <li>was to visualize so everybody can see the wealth of the</li> <li>projects that we're working on that have been</li> <li>constructed that are currently funding in the 2023 UTP,</li> <li>and all the wealth of future projects that we have to</li> <li>work on to get funded.</li> <li>So I just wanted to mention that when you</li> <li>do see those projects that are in blue, that is their</li> <li>funding status as of 2024 UTP, but you'll see a column</li> <li>on there that talks about the let year. Right? So some</li> <li>of those let years may be out in '28, '29.</li> <li>One of the things that we annually work</li> <li>on and the challenge is that those estimates continue</li> <li>to grow as prices continue to change and alter. So</li> <li>there's two things we have to look at. Right?</li> </ol>
<ol> <li>projects under construction. All projects are mapped</li> <li>with the exception of project number 13, and that's</li> <li>because of the (indiscernible) is currently available.</li> <li>And these maps are based on UTP data as of January 16th,</li> <li>2024.</li> <li>Next item we have on the Laredo District:</li> <li>We also mapped the projects funded in the 2024 UTP. We</li> <li>started off by mapping out the first 13 projects in the</li> <li>district.</li> <li>And then we go on to show the potential</li> <li>future projects into the Laredo region. The Laredo</li> <li>region has 53 projects that are not currently funded</li> <li>fully, and they are all mapped.</li> <li>First off, we start off with the first 17</li> <li>projects. All 17 projects are mapped and listed on the</li> <li>sites and on the tabloids.</li> <li>Next, we have an additional 15 projects</li> <li>that are not fully funded. We have an additional 15</li> <li>projects that all the 15 projects that are not</li> <li>funded.</li> <li>And lastly last but not least, we have</li> <li>two canceled projects with the Laredo District. I do</li> </ol>	<ol> <li>tabloids.</li> <li>MR. GONZALEZ: Sergio, real quick good</li> <li>morning to everybody. Tito Gonzalez, director for</li> <li>Transportation Planning and Programming.</li> <li>I just wanted to mention, I know it's a lot</li> <li>of information, right? But I think the main emphasis</li> <li>was to visualize so everybody can see the wealth of the</li> <li>projects that we're working on that have been</li> <li>constructed that are currently funding in the 2023 UTP,</li> <li>and all the wealth of future projects that we have to</li> <li>work on to get funded.</li> <li>So I just wanted to mention that when you</li> <li>do see those projects that are in blue, that is their</li> <li>funding status as of 2024 UTP, but you'll see a column</li> <li>on there that talks about the let year. Right? So some</li> <li>of those let years may be out in '28, '29.</li> <li>One of the things that we annually work</li> <li>on and the challenge is that those estimates continue</li> <li>to grow as prices continue to change and alter. So</li> <li>there's two things we have to look at. Right?</li> <li>Every year we're looking at what was</li> <li>previously funded in the previous UTP. And then in</li> </ol>
<ul> <li>1 projects under construction. All projects are mapped</li> <li>2 with the exception of project number 13, and that's</li> <li>3 because of the (indiscernible) is currently available.</li> <li>4 And these maps are based on UTP data as of January 16th,</li> <li>5 2024.</li> <li>6 Next item we have on the Laredo District:</li> <li>7 We also mapped the projects funded in the 2024 UTP. We</li> <li>8 started off by mapping out the first 13 projects in the</li> <li>9 district.</li> <li>10 And then we go on to show the potential</li> <li>11 future projects into the Laredo region. The Laredo</li> <li>12 region has 53 projects that are not currently funded</li> <li>13 fully, and they are all mapped.</li> <li>14 First off, we start off with the first 17</li> <li>15 projects. All 17 projects are mapped and listed on the</li> <li>16 sites and on the tabloids.</li> <li>17 Next, we have an additional 15 projects</li> <li>18 that are not fully funded. We have an additional 15</li> <li>19 projects that list all the 15 projects that are not</li> <li>20 funded.</li> <li>21 And lastly last but not least, we have</li> <li>22 two canceled projects with the Laredo District. I do</li> <li>23 want to point out that one of the canceled projects from</li> </ul>	<ul> <li>1 tabloids.</li> <li>MR. GONZALEZ: Sergio, real quick good</li> <li>3 morning to everybody. Tito Gonzalez, director for</li> <li>4 Transportation Planning and Programming.</li> <li>5 I just wanted to mention, I know it's a lot</li> <li>6 of information, right? But I think the main emphasis</li> <li>7 was to visualize so everybody can see the wealth of the</li> <li>8 projects that we're working on that have been</li> <li>9 constructed that are currently funding in the 2023 UTP,</li> <li>10 and all the wealth of future projects that we have to</li> <li>11 work on to get funded.</li> <li>12 So I just wanted to mention that when you</li> <li>13 do see those projects that are in blue, that is their</li> <li>14 funding status as of 2024 UTP, but you'll see a column</li> <li>15 on there that talks about the let year. Right? So some</li> <li>16 of those let years may be out in '28, '29.</li> <li>17 One of the things that we annually work</li> <li>18 on and the challenge is that those estimates continue</li> <li>19 to grow as prices continue to change and alter. So</li> <li>20 there's two things we have to look at. Right?</li> <li>21 Every year we're looking at what was</li> <li>22 previously funded in the previous UTP. And then in</li> <li>23 addition to those other projects that are not funded.</li> </ul>
<ul> <li>1 projects under construction. All projects are mapped</li> <li>2 with the exception of project number 13, and that's</li> <li>3 because of the (indiscernible) is currently available.</li> <li>4 And these maps are based on UTP data as of January 16th,</li> <li>5 2024.</li> <li>6 Next item we have on the Laredo District:</li> <li>7 We also mapped the projects funded in the 2024 UTP. We</li> <li>8 started off by mapping out the first 13 projects in the</li> <li>9 district.</li> <li>10 And then we go on to show the potential</li> <li>11 future projects into the Laredo region. The Laredo</li> <li>12 region has 53 projects that are not currently funded</li> <li>13 fully, and they are all mapped.</li> <li>14 First off, we start off with the first 17</li> <li>15 projects. All 17 projects are mapped and listed on the</li> <li>16 sites and on the tabloids.</li> <li>17 Next, we have an additional 15 projects</li> <li>18 that are not fully funded. We have an additional 15</li> <li>19 projects that list all the 15 projects that are not</li> <li>20 funded.</li> <li>21 And lastly last but not least, we have</li> <li>22 two canceled projects with the Laredo District. I do</li> <li>23 want to point out that one of the canceled projects from</li> <li>24 the Laredo District is being canceled and replaced. So</li> </ul>	<ul> <li>1 tabloids.</li> <li>MR. GONZALEZ: Sergio, real quick good</li> <li>3 morning to everybody. Tito Gonzalez, director for</li> <li>4 Transportation Planning and Programming.</li> <li>5 I just wanted to mention, I know it's a lot</li> <li>6 of information, right? But I think the main emphasis</li> <li>7 was to visualize so everybody can see the wealth of the</li> <li>8 projects that we're working on that have been</li> <li>9 constructed that are currently funding in the 2023 UTP,</li> <li>10 and all the wealth of future projects that we have to</li> <li>11 work on to get funded.</li> <li>12 So I just wanted to mention that when you</li> <li>13 do see those projects that are in blue, that is their</li> <li>14 funding status as of 2024 UTP, but you'll see a column</li> <li>15 on there that talks about the let year. Right? So some</li> <li>16 of those let years may be out in '28, '29.</li> <li>17 One of the things that we annually work</li> <li>18 on and the challenge is that those estimates continue</li> <li>19 to grow as prices continue to change and alter. So</li> <li>20 there's two things we have to look at. Right?</li> <li>21 Every year we're looking at what was</li> <li>22 previously funded in the previous UTP. And then in</li> <li>23 addition to those other projects that are not funded.</li> <li>24 So I just, kind of, wanted to help set that</li> </ul>
<ul> <li>1 projects under construction. All projects are mapped</li> <li>2 with the exception of project number 13, and that's</li> <li>3 because of the (indiscernible) is currently available.</li> <li>4 And these maps are based on UTP data as of January 16th,</li> <li>5 2024.</li> <li>6 Next item we have on the Laredo District:</li> <li>7 We also mapped the projects funded in the 2024 UTP. We</li> <li>8 started off by mapping out the first 13 projects in the</li> <li>9 district.</li> <li>10 And then we go on to show the potential</li> <li>11 future projects into the Laredo region. The Laredo</li> <li>12 region has 53 projects that are not currently funded</li> <li>13 fully, and they are all mapped.</li> <li>14 First off, we start off with the first 17</li> <li>15 projects. All 17 projects are mapped and listed on the</li> <li>16 sites and on the tabloids.</li> <li>17 Next, we have an additional 15 projects</li> <li>18 that are not fully funded. We have an additional 15</li> <li>19 projects that list all the 15 projects that are not</li> <li>20 funded.</li> <li>21 And lastly last but not least, we have</li> <li>22 two canceled projects with the Laredo District. I do</li> <li>23 want to point out that one of the canceled projects from</li> </ul>	<ul> <li>1 tabloids.</li> <li>MR. GONZALEZ: Sergio, real quick good</li> <li>3 morning to everybody. Tito Gonzalez, director for</li> <li>4 Transportation Planning and Programming.</li> <li>5 I just wanted to mention, I know it's a lot</li> <li>6 of information, right? But I think the main emphasis</li> <li>7 was to visualize so everybody can see the wealth of the</li> <li>8 projects that we're working on that have been</li> <li>9 constructed that are currently funding in the 2023 UTP,</li> <li>10 and all the wealth of future projects that we have to</li> <li>11 work on to get funded.</li> <li>12 So I just wanted to mention that when you</li> <li>13 do see those projects that are in blue, that is their</li> <li>14 funding status as of 2024 UTP, but you'll see a column</li> <li>15 on there that talks about the let year. Right? So some</li> <li>16 of those let years may be out in '28, '29.</li> <li>17 One of the things that we annually work</li> <li>18 on and the challenge is that those estimates continue</li> <li>19 to grow as prices continue to change and alter. So</li> <li>20 there's two things we have to look at. Right?</li> <li>21 Every year we're looking at what was</li> <li>22 previously funded in the previous UTP. And then in</li> <li>23 addition to those other projects that are not funded.</li> </ul>

	Pages 62 to 65

1 that were previously fully funded to make sure that	1 Laredo, and really trying to move them as quickly as
2 those estimates have not changed. And then also future	2 possible.
3 projects that are in purple on the map. So that's	3 MR. SCHWEBEL: The reason I ask is Gerry
4 really where you want to, hopefully, focus your	4 Schwebel here the reason I asked is that for
5 attention on.	5 exactly that reason. That two years ago we were
6 And as Mildred mentioned, work with your	6 thinking the scenario of the border was one. Scenario
7 local stakeholders, work with your districts, work with	7 on the border today may be different in light of what's
8 your MPOs, so that you can prioritize those projects	8 going on on the Mexican side of the border, that perhaps
9 when we when the district submits those projects to	9 some of these projects become even more critical, and
10 complete for funding each year.	10 the need to accelerate some of these projects, that be
11 SECRETARY NELSON: Thank you. Very	11 the case.
12 important to know. Go ahead.	12 MR. VASQUEZ: Right. As Caroline
13 MR. VASQUEZ: With that being said, I just	13 mentioned, right? So every year we go through that UTP
14 wanted to briefly go over the the tabloids for the	14 cycle, right?
15 everybody has a copy. By we are opened up for any	15 We basically go and relook at those
16 comments, suggestions, or any (indiscernible) on this.	16 priorities every year with the MPOs and the districts
17 Our contact information is there. You can contact	17 when they submit.
18 myself or Claudia Lagos for this. But I'm open for	18 So even though the BTMP may not be updated
19 MR. SCHWEBEL: Yes. I have a question,	19 every year, the districts and the MPOs are updating
20 Madam Secretary.	20 their priority list every single year when they submit
21 Sergio and I think, maybe, also for you	21 projects at TxDOT for for competition for funding.
22 Tito. For the record, Gerry Schwebel.	22 So that is important.
23 Are we still abiding by the priorities that	23 SECRETARY NELSON: Any other questions?
24 the BTMP imposed at the two years ago, high priority,	24 Comments? No? Okay.
25 immediate need, or is that criteria changing in any of	25 MR. VASQUEZ: Perfect. Thank you.
Page 63	Page 65
1 these projects?	1 SECRETARY NELSON: Great. Thank you.
1 these projects?         2       MR. GONZALEZ: Yeah. Sergio, you want to	<ol> <li>SECRETARY NELSON: Great. Thank you.</li> <li>Now, I'd like to recognize Claudia Lagos,</li> </ol>
1 these projects?         2       MR. GONZALEZ: Yeah. Sergio, you want to         3 answer that? The way that I know, they are listed in	<ol> <li>SECRETARY NELSON: Great. Thank you.</li> <li>Now, I'd like to recognize Claudia Lagos,</li> <li>manager of the International Trade and Border Planning</li> </ol>
<ol> <li>these projects?</li> <li>MR. GONZALEZ: Yeah. Sergio, you want to</li> <li>answer that? The way that I know, they are listed in</li> <li>the BTMP that way. Correct?</li> </ol>	<ol> <li>SECRETARY NELSON: Great. <ol> <li>these projects?</li> <li>MR. GONZALEZ: Yeah. Sergio, you want to</li> <li>answer that? The way that I know, they are listed in</li> <li>the BTMP that way. Correct?</li> <li>MS. MAYS: Tito</li> <li>SECRETARY NELSON: Caroline?</li> <li>MS. MAYS: I can I can take that.</li> <li>Yes, Gerry, those priorities are still</li> <li>valid. But again, the districts especially on the</li> <li>TxDOT projects, the districts are working on that to</li> <li>ensure that, one, those priorities continue to be. But</li> <li>also, there's other things that they have to consider on</li> </ol>	1SECRETARY NELSON: Great. Thank you.2Now, I'd like to recognize Claudia Lagos,3manager of the International Trade and Border Planning4Branch from the Texas Department of Transportation.5That's okay. I'll speak slowly. And6consultant Juan Carlos Villa to deliver progress updates7on the Texas-Mexico Transportation Task Force, and the8Commercial Vehicle Driver Training Program.9Both are part of the Border Transportation10Master Plan advancing recommendations.11And I'm going to speak very slowly while12Claudia makes her way to the microphone.
<ol> <li>these projects?</li> <li>MR. GONZALEZ: Yeah. Sergio, you want to</li> <li>answer that? The way that I know, they are listed in</li> <li>the BTMP that way. Correct?</li> <li>MS. MAYS: Tito</li> <li>SECRETARY NELSON: Caroline?</li> <li>MS. MAYS: I can I can take that.</li> <li>Yes, Gerry, those priorities are still</li> <li>valid. But again, the districts especially on the</li> <li>TxDOT projects, the districts are working on that to</li> <li>ensure that, one, those priorities continue to be. But</li> <li>also, there's other things that they have to consider on</li> <li>how quickly or how soon those projects move. So we have</li> </ol>	1SECRETARY NELSON: Great. Thank you.2Now, I'd like to recognize Claudia Lagos,3manager of the International Trade and Border Planning4Branch from the Texas Department of Transportation.5That's okay. I'll speak slowly. And6consultant Juan Carlos Villa to deliver progress updates7on the Texas-Mexico Transportation Task Force, and the8Commercial Vehicle Driver Training Program.9Both are part of the Border Transportation10Master Plan advancing recommendations.11And I'm going to speak very slowly while12Claudia makes her way to the microphone.13Perfect. Thank you. Go ahead.
<ol> <li>these projects?</li> <li>MR. GONZALEZ: Yeah. Sergio, you want to</li> <li>answer that? The way that I know, they are listed in</li> <li>the BTMP that way. Correct?</li> <li>MS. MAYS: Tito</li> <li>SECRETARY NELSON: Caroline?</li> <li>MS. MAYS: I can I can take that.</li> <li>Yes, Gerry, those priorities are still</li> <li>valid. But again, the districts especially on the</li> <li>TxDOT projects, the districts are working on that to</li> <li>ensure that, one, those priorities continue to be. But</li> <li>also, there's other things that they have to consider on</li> <li>how quickly or how soon those projects move. So we have</li> <li>all the districts Pete is not here, but Epi, sitting</li> </ol>	1SECRETARY NELSON: Great. Thank you.2Now, I'd like to recognize Claudia Lagos,3manager of the International Trade and Border Planning4Branch from the Texas Department of Transportation.5That's okay. I'll speak slowly. And6consultant Juan Carlos Villa to deliver progress updates7on the Texas-Mexico Transportation Task Force, and the8Commercial Vehicle Driver Training Program.9Both are part of the Border Transportation10Master Plan advancing recommendations.11And I'm going to speak very slowly while12Claudia makes her way to the microphone.13Perfect. Thank you. Go ahead.14MS. LAGOS: Thank you, Madam Secretary.
<ol> <li>these projects?</li> <li>MR. GONZALEZ: Yeah. Sergio, you want to</li> <li>answer that? The way that I know, they are listed in</li> <li>the BTMP that way. Correct?</li> <li>MS. MAYS: Tito</li> <li>SECRETARY NELSON: Caroline?</li> <li>MS. MAYS: I can I can take that.</li> <li>Yes, Gerry, those priorities are still</li> <li>valid. But again, the districts especially on the</li> <li>TxDOT projects, the districts are working on that to</li> <li>ensure that, one, those priorities continue to be. But</li> <li>also, there's other things that they have to consider on</li> <li>how quickly or how soon those projects move. So we have</li> <li>all the districts Pete is not here, but Epi, sitting</li> <li>next to you, from Laredo, and then we have Tomas, from</li> </ol>	1SECRETARY NELSON: Great. Thank you.2Now, I'd like to recognize Claudia Lagos,3manager of the International Trade and Border Planning4Branch from the Texas Department of Transportation.5That's okay. I'll speak slowly. And6consultant Juan Carlos Villa to deliver progress updates7on the Texas-Mexico Transportation Task Force, and the8Commercial Vehicle Driver Training Program.9Both are part of the Border Transportation10Master Plan advancing recommendations.11And I'm going to speak very slowly while12Claudia makes her way to the microphone.13Perfect. Thank you. Go ahead.14MS. LAGOS: Thank you, Madam Secretary.15Good afternoon. My name is Claudia Lagos.
<ol> <li>these projects?</li> <li>MR. GONZALEZ: Yeah. Sergio, you want to</li> <li>answer that? The way that I know, they are listed in</li> <li>the BTMP that way. Correct?</li> <li>MS. MAYS: Tito</li> <li>SECRETARY NELSON: Caroline?</li> <li>MS. MAYS: I can I can take that.</li> <li>Yes, Gerry, those priorities are still</li> <li>valid. But again, the districts especially on the</li> <li>TxDOT projects, the districts are working on that to</li> <li>ensure that, one, those priorities continue to be. But</li> <li>also, there's other things that they have to consider on</li> <li>how quickly or how soon those projects move. So we have</li> <li>all the districts Pete is not here, but Epi, sitting</li> <li>next to you, from Laredo, and then we have Tomas, from</li> <li>here, generally looking at what can be moved forward,</li> </ol>	1SECRETARY NELSON: Great. Thank you.2Now, I'd like to recognize Claudia Lagos,3manager of the International Trade and Border Planning4Branch from the Texas Department of Transportation.5That's okay. I'll speak slowly. And6consultant Juan Carlos Villa to deliver progress updates7on the Texas-Mexico Transportation Task Force, and the8Commercial Vehicle Driver Training Program.9Both are part of the Border Transportation10Master Plan advancing recommendations.11And I'm going to speak very slowly while12Claudia makes her way to the microphone.13Perfect. Thank you. Go ahead.14MS. LAGOS: Thank you, Madam Secretary.15Good afternoon. My name is Claudia Lagos.16I'm the International Trade and Border Planning Branch
<ul> <li>1 these projects?</li> <li>MR. GONZALEZ: Yeah. Sergio, you want to</li> <li>3 answer that? The way that I know, they are listed in</li> <li>4 the BTMP that way. Correct?</li> <li>MS. MAYS: Tito</li> <li>SECRETARY NELSON: Caroline?</li> <li>MS. MAYS: I can I can take that.</li> <li>Yes, Gerry, those priorities are still</li> <li>valid. But again, the districts especially on the</li> <li>TxDOT projects, the districts are working on that to</li> <li>ensure that, one, those priorities continue to be. But</li> <li>also, there's other things that they have to consider on</li> <li>how quickly or how soon those projects move. So we have</li> <li>all the districts Pete is not here, but Epi, sitting</li> <li>next to you, from Laredo, and then we have Tomas, from</li> <li>here, generally looking at what can be moved forward,</li> <li>sooner or later, because, you know, during the project</li> <li>development, things can change, you know, right away,</li> <li>whatever. You know, and some fall behind.</li> <li>But I have to tell you, the district did</li> <li>use the Border Master Plan priorities to really advance</li> </ul>	1SECRETARY NELSON: Great. Thank you.2Now, I'd like to recognize Claudia Lagos,3manager of the International Trade and Border Planning4Branch from the Texas Department of Transportation.5That's okay. I'll speak slowly. And6consultant Juan Carlos Villa to deliver progress updates7on the Texas-Mexico Transportation Task Force, and the8Commercial Vehicle Driver Training Program.9Both are part of the Border Transportation10Master Plan advancing recommendations.11And I'm going to speak very slowly while12Claudia makes her way to the microphone.13Perfect. Thank you. Go ahead.14MS. LAGOS: Thank you, Madam Secretary.15Good afternoon. My name is Claudia Lagos.16I'm the International Trade and Border Planning Branch17Manager with Texas Department of Transportation.18And today we would like to present, first,19the Texas-Mexico Binational Task Force for Trade and
<ul> <li>1 these projects?</li> <li>MR. GONZALEZ: Yeah. Sergio, you want to</li> <li>3 answer that? The way that I know, they are listed in</li> <li>4 the BTMP that way. Correct?</li> <li>MS. MAYS: Tito</li> <li>SECRETARY NELSON: Caroline?</li> <li>MS. MAYS: I can I can take that.</li> <li>Yes, Gerry, those priorities are still</li> <li>valid. But again, the districts especially on the</li> <li>TxDOT projects, the districts are working on that to</li> <li>ensure that, one, those priorities continue to be. But</li> <li>also, there's other things that they have to consider on</li> <li>how quickly or how soon those projects move. So we have</li> <li>all the districts Pete is not here, but Epi, sitting</li> <li>next to you, from Laredo, and then we have Tomas, from</li> <li>here, generally looking at what can be moved forward,</li> <li>sooner or later, because, you know, during the project</li> <li>development, things can change, you know, right away,</li> <li>whatever. You know, and some fall behind.</li> <li>But I have to tell you, the district did</li> </ul>	1SECRETARY NELSON: Great. Thank you.2Now, I'd like to recognize Claudia Lagos,3manager of the International Trade and Border Planning4Branch from the Texas Department of Transportation.5That's okay. I'll speak slowly. And6consultant Juan Carlos Villa to deliver progress updates7on the Texas-Mexico Transportation Task Force, and the8Commercial Vehicle Driver Training Program.9Both are part of the Border Transportation10Master Plan advancing recommendations.11And I'm going to speak very slowly while12Claudia makes her way to the microphone.13Perfect. Thank you. Go ahead.14MS. LAGOS: Thank you, Madam Secretary.15Good afternoon. My name is Claudia Lagos.16I'm the International Trade and Border Planning Branch17Manager with Texas Department of Transportation.18And today we would like to present, first,19the Texas-Mexico Binational Task Force for Trade and20Transportation. As probably you may remember, we
<ul> <li>1 these projects?</li> <li>MR. GONZALEZ: Yeah. Sergio, you want to</li> <li>answer that? The way that I know, they are listed in</li> <li>4 the BTMP that way. Correct?</li> <li>MS. MAYS: Tito</li> <li>SECRETARY NELSON: Caroline?</li> <li>MS. MAYS: I can I can take that.</li> <li>Yes, Gerry, those priorities are still</li> <li>valid. But again, the districts especially on the</li> <li>TxDOT projects, the districts are working on that to</li> <li>ensure that, one, those priorities continue to be. But</li> <li>also, there's other things that they have to consider on</li> <li>how quickly or how soon those projects move. So we have</li> <li>all the districts Pete is not here, but Epi, sitting</li> <li>next to you, from Laredo, and then we have Tomas, from</li> <li>here, generally looking at what can be moved forward,</li> <li>sooner or later, because, you know, during the project</li> <li>development, things can change, you know, right away,</li> <li>whatever. You know, and some fall behind.</li> <li>But I have to tell you, the district did</li> <li>use the Border Master Plan priorities to really advance</li> </ul>	1SECRETARY NELSON: Great. Thank you.2Now, I'd like to recognize Claudia Lagos,3manager of the International Trade and Border Planning4Branch from the Texas Department of Transportation.5That's okay. I'll speak slowly. And6consultant Juan Carlos Villa to deliver progress updates7on the Texas-Mexico Transportation Task Force, and the8Commercial Vehicle Driver Training Program.9Both are part of the Border Transportation10Master Plan advancing recommendations.11And I'm going to speak very slowly while12Claudia makes her way to the microphone.13Perfect. Thank you. Go ahead.14MS. LAGOS: Thank you, Madam Secretary.15Good afternoon. My name is Claudia Lagos.16I'm the International Trade and Border Planning Branch17Manager with Texas Department of Transportation.18And today we would like to present, first,19the Texas-Mexico Binational Task Force for Trade and20Transportation. As probably you may remember, we21mentioned and presented this effort probably a year and
<ul> <li>1 these projects?</li> <li>MR. GONZALEZ: Yeah. Sergio, you want to</li> <li>3 answer that? The way that I know, they are listed in</li> <li>4 the BTMP that way. Correct?</li> <li>MS. MAYS: Tito</li> <li>SECRETARY NELSON: Caroline?</li> <li>MS. MAYS: I can I can take that.</li> <li>Yes, Gerry, those priorities are still</li> <li>valid. But again, the districts especially on the</li> <li>TxDOT projects, the districts are working on that to</li> <li>ensure that, one, those priorities continue to be. But</li> <li>also, there's other things that they have to consider on</li> <li>how quickly or how soon those projects move. So we have</li> <li>all the districts Pete is not here, but Epi, sitting</li> <li>next to you, from Laredo, and then we have Tomas, from</li> <li>here, generally looking at what can be moved forward,</li> <li>sooner or later, because, you know, during the project</li> <li>development, things can change, you know, right away,</li> <li>whatever. You know, and some fall behind.</li> <li>But I have to tell you, the district did</li> <li>use the Border Master Plan priorities to really advance</li> <li>a lot of projects. That's why I was looking here. I</li> <li>was like, "Yeah, this is a lot of projects moving</li> <li>forward." And they're relentless about it. I know Epi</li> </ul>	1SECRETARY NELSON: Great. Thank you.2Now, I'd like to recognize Claudia Lagos,3manager of the International Trade and Border Planning4Branch from the Texas Department of Transportation.5That's okay. I'll speak slowly. And6consultant Juan Carlos Villa to deliver progress updates7on the Texas-Mexico Transportation Task Force, and the8Commercial Vehicle Driver Training Program.9Both are part of the Border Transportation10Master Plan advancing recommendations.11And I'm going to speak very slowly while12Claudia makes her way to the microphone.13Perfect. Thank you. Go ahead.14MS. LAGOS: Thank you, Madam Secretary.15Good afternoon. My name is Claudia Lagos.16I'm the International Trade and Border Planning Branch17Manager with Texas Department of Transportation.18And today we would like to present, first,19the Texas-Mexico Binational Task Force for Trade and20Transportation. As probably you may remember, we21mentioned and presented this effort probably a year and22a half ago. But now, we would like to come and present
<ul> <li>1 these projects?</li> <li>MR. GONZALEZ: Yeah. Sergio, you want to</li> <li>3 answer that? The way that I know, they are listed in</li> <li>4 the BTMP that way. Correct?</li> <li>MS. MAYS: Tito</li> <li>SECRETARY NELSON: Caroline?</li> <li>MS. MAYS: I can I can take that.</li> <li>Yes, Gerry, those priorities are still</li> <li>valid. But again, the districts especially on the</li> <li>TxDOT projects, the districts are working on that to</li> <li>ensure that, one, those priorities continue to be. But</li> <li>also, there's other things that they have to consider on</li> <li>how quickly or how soon those projects move. So we have</li> <li>all the districts Pete is not here, but Epi, sitting</li> <li>next to you, from Laredo, and then we have Tomas, from</li> <li>here, generally looking at what can be moved forward,</li> <li>sooner or later, because, you know, during the project</li> <li>development, things can change, you know, right away,</li> <li>whatever. You know, and some fall behind.</li> <li>But I have to tell you, the district did</li> <li>use the Border Master Plan priorities to really advance</li> <li>a lot of projects. That's why I was looking here. I</li> <li>was like, "Yeah, this is a lot of projects moving</li> </ul>	1SECRETARY NELSON: Great. Thank you.2Now, I'd like to recognize Claudia Lagos,3manager of the International Trade and Border Planning4Branch from the Texas Department of Transportation.5That's okay. I'll speak slowly. And6consultant Juan Carlos Villa to deliver progress updates7on the Texas-Mexico Transportation Task Force, and the8Commercial Vehicle Driver Training Program.9Both are part of the Border Transportation10Master Plan advancing recommendations.11And I'm going to speak very slowly while12Claudia makes her way to the microphone.13Perfect. Thank you. Go ahead.14MS. LAGOS: Thank you, Madam Secretary.15Good afternoon. My name is Claudia Lagos.16I'm the International Trade and Border Planning Branch17Manager with Texas Department of Transportation.18And today we would like to present, first,19the Texas-Mexico Binational Task Force for Trade and20Transportation. As probably you may remember, we21mentioned and presented this effort probably a year and22a half ago. But now, we would like to come and present23it, like, the whole idea.

Page 66 1 the recommendations from the Border Master Plan. And as 2 Sergio mentioned and explained us [sic] a little bit, 3 the Border Master Plan is, kind of, the frame of 4 everything that we do, and we are trying to advance all 5 the recommendations that we got from the Border Master 6 Plan. 7 So for this one, the recommendation was to 8 implement a Texas-Mexico Task Force to provide a forum 9 for a case in bilateral communication, coordination, and 10 collaboration between Texas and Mexico on cross-border 11 trade, transportation issues related to planning, 12 programming, and implementation activity issues. 13 So the main idea for this one will be, 14 like, to have a forum where we have like, really a 15 call to action in terms of the initiatives that will be 16 important, in a continuous effort between Texas and the 17 four Mexican states, and probably the federal levels, if	Page 68 1 be Texas and the four Mexican states. And as Claudia 2 mentioned, if needed, we can bring on board the federal 3 government for specific projects or specific initiatives 4 that will be addressed. This will be cultured by a 5 Texas member and one of the Mexican states, and will be, 6 you know, rotated on an annual basis. 7 The members that we proposed, you know, are 8 here in this table. On the left side, you can see the 9 Texas members that include both public as well as 10 private sector stakeholders. And on the Mexican side, 11 same thing. You know, we try to, basically, have the 12 same number of members that will be participating in 13 this new group. 14 The idea is to, again, have this working 15 group created, and then the on an as-needed basis. 16 You know, that that way we don't have groups just 17 getting together for the just for for discussing.
18 it's needed, on both sides. And I will have Juan Carlos	18 But having the priorities set by the first group, and
19 Villa assisting me on explaining a little bit what we	19 then this working group will be coming up with
20 are proposing on this effort.	20 recommendations. And once the recommendation is done,
21 MR. VILLA: Thank you, Claudia. Thank you,	21 you can create another one.
22 everyone. My name is Juan Carlos Villa. I'm the	22 So again, this will be done at least to
23 program manager for the International Trade and Border	23 meet four times a year, and will be reporting back to
24 Transportation Program at the Texas A&M Transportation	24 the group on a regular basis. The idea is to have the
25 Institute.	25 kickoff meeting you know, one in Mexico, one in the
<ol> <li>And as we heard as we heard yesterday</li> <li>from Madam Secretary, and also from Senator Blanco, you</li> <li>know, the idea is to improve border trade, border</li> <li>transportation, and the economic viability of the two:</li> <li>Mexican and U.S. states. So with that goal, we are</li> <li>proposing this Texas-Mexico Binational Task Force for</li> <li>Trade and Transportation. It's a long name</li> </ol>	<ol> <li>U.S. side or the Texas side. I'm proposing to have the</li> <li>first meeting in Laredo during the first quarter of this</li> <li>year, and then moving forward with all the other</li> <li>meetings throughout the year.</li> <li>The the activities that we are proposing</li> <li>to have before the meeting are shown here on the screen.</li> <li>For every log first, obtain the support from logdorphin</li> </ol>
<ul> <li>7 Trade and Transportation. It's a long name.</li> <li>8 But anyway, the idea of this new group is</li> <li>9 to have a binational you know, different from what</li> </ul>	<ul> <li>7 For example, first, obtain the support from leadership</li> <li>8 at TxDOT, and then identify those members of the of</li> <li>9 the first group to be participating. Have meetings with</li> </ul>
10 we're doing today at the BTAC. This will be a	10 them, and then discuss the criteria, especially for
11 binational group and will have the objective of	11 appointing members of the technical groups. You know,
<ul><li>12 supporting the economic growth along the Texas-Mexico</li><li>13 border.</li></ul>	<ul><li>12 what will be the priorities of this that this group</li><li>13 will take place. And then define the implementation</li></ul>
14 The main pillars of this new group is to	14 strategies for this ongoing work and the communication
15 ensure the efficient and secure trade and transportation	15 that we are proposing.
16 environment, will facilitate sustainable trade and	16 The agenda is here on the screen. I will
17 transportation infrastructure initiatives, strengthen	17 not go through it you know, in detail, but you can
18 the supply chain competitiveness and resiliency, and	18 have it on your presentation. But these will be [sic]
19 promote innovation, communication, and data sharing.	19 proposal for the agenda for the initial meeting.
20 The idea is to have one group. We will be the	20 And then finally, we have this the
21 binational committee. That's a high-level group, and	21 border activities following the meeting. You know, we
22 then have specific binational technical working groups	22 just want to don't have a meeting, but for example,
23 that will be developed according to specific priorities	23 one of the things that we're proposing is to have this
24 that will be set up by the initial group.	24 website where all the ideas, all the discussions that
25 So the committee members, chuiquely, will	
25 So the committee members, obviously, will	25 will take place, you know, will be posted on that on

Page 70	Page 72
1 that website.	1 Next, I want to recognize
2 So with that, you know, again, we are open	2 MS LAGOS: Madam, madam, we have the other
3 for comments, questions, and we can move to the next	3 one.
4 one.	4 SECRETARY NELSON: I'm so sorry. See, I
5 SECRETARY NELSON: I have a question.	5 keep rolling right ahead. Go ahead.
6 Will this group be reporting to the	6 MS. LAGOS: Thank you, thank you.
7 legislature?	7 SECRETARY NELSON: Yes.
8 MS. MAYS: Secretary, I can answer that.	8 MS. LAGOS: So similar to this initiative,
9 So let me just give a 30-second history of this	9 we, also, would like to present another initiative that
10 recommendation.	10 we took as part of the recommendations from the Border
11Before the Border Master Plan, BTAC works	11 Master Plan. And for this one, the recommendation was
12 on a border transportation blueprint. And that's where	12 to develop and implement a Mexican driver training
13 this recommendation actually came from. And it was	13 program that will reduce commercial safety citations and
14 carried to carried to the Border Transportation	14 fines when Mexican trucks cross the border into Texas.
15 Master Plan. And it's really up to you and BTAC to	15 So for this one, we are also presenting a
16 decide who this group reports to because this is a BTAC	16 program that we would like to take place. And Juan will
17 recommendation.	17 also help me presenting this effort.
18 SECRETARY NELSON: Okay.	18 MR. VILLA: Thank you, Claudia.
19MS. MAYS: Report to BTAC. That was one of	19 Okay. So again, as Claudia mentioned, the
20 the the whole	20 idea is to develop this Commercial Vehicle Driver
21 SECRETARY NELSON: So this group will	21 Training Program with the goals of increasing vehicle
22 report to us, and then we report to the legislature?	22 safety, compliance, and reducing the number of
23 MS. MAYS: Yes. Exactly. That was the	23 violations in out-of-service rates on the border,
24 SECRETARY NELSON: It probably needs to	24 improve the cross-border efficient [sic] of Texas and
25 be flowcharted out a little bit.	25 ports of entry, and reducing disruptions in supply
Page 71	Page 73
1 MS. MAYS: Okay. Okay.	1 chains.
2 SECRETARY NELSON: Gerry?	2 Similar to what I mentioned earlier, as we
3 MR. SCHWEBEL: Yes. If I could add	3 heard last night, the idea is to have a more competitive
4 Gerry Schwebel again. I think one of the we can	4 U.S. Texas-Mexico border. And again, the benefits are
5 continue to add other other sectors, this is part	5 here shown in this slide. The the way we developed
6 of the discussion of the blueprint was we wanted to have	6 this program is in these four different activities.
7 some private public private partnerships here.	7 And first, we identified what has been done
8 So we have some private sector	8 in Arizona. We took the idea from Arizona DOT. They
9 stakeholders. We have custom brokers that save U.S.	9 developed this program more than ten years ago, and it
10 custom brokers, you know, Mexican custom brokers,	10 has been very successful. We also developed the
11 economic development, you know, organizations like	11 analysis of all the DPS and safety inspections at the
12 Borderplex or (indiscernible) at the table of	12 border. We also analyzed data statistical
13 discussions as a working group in the task force. That 14 was the idea that some of us had back then when we	<ul><li>13 information on the different inspections that DPS takes</li><li>14 into account at the border. And then we developed a</li></ul>
15 were create kind of create this task force.	15 survey with the actual truckers throughout the border.
16 Correct Caroline?	16 So again, this is just a recap of what's
17 SECRETARY NELSON: Okay.	17 being done in Arizona. Again, this program started in
18 UNIDENTIFIED SPEAKER: That's exactly	18 2016, and has been greatly successful. ADOT troopers go
19 right, Gerry.	19 into Mexico, Hermosillo, and other locations to do this
20 SECRETARY NELSON: Go ahead.	20 training. And the results [sic] is basically production
	i i i i i i i i i i i i i i i i i i i
	21 in the number of out-of-service, the number of
21 UNIDENTIFIED SPEAKER: I just want to echo	<ul><li>21 in the number of out-of-service, the number of</li><li>22 violations, and has been improving the the way the</li></ul>
21 UNIDENTIFIED SPEAKER: I just want to echo 22 what Gerry said.	22 violations, and has been improving the the way the
21 UNIDENTIFIED SPEAKER: I just want to echo	<ul><li>22 violations, and has been improving the the way the</li><li>23 Arizona-Sonora traffic is conducted.</li></ul>
<ul> <li>21 UNIDENTIFIED SPEAKER: I just want to echo</li> <li>22 what Gerry said.</li> <li>23 SECRETARY NELSON: Any other questions?</li> </ul>	<ul><li>22 violations, and has been improving the the way the</li><li>23 Arizona-Sonora traffic is conducted.</li></ul>

	Pages 74 to 77
Page 74	Page 76
1 screen, which is a (indiscernible) for the inspections	1 shipment has to be stopped for for hours or sometimes
2 that CVSA has published. And again, this provides a	2 days because of different problems at the border, then
3 very good idea of the inspections that they place, and	3 that supply chain is going to be disrupted.
4 it could be used as a basis for this curriculum that	4 The other issue is safety rating degrees.
5 we're trying to develop.	5 So they have to the truckers, if they have issues
6 Then we analyzed the different statistics	6 with the insurance, they have to pay an additional
7 from DPS. You know, thanks to Captain Villarreal who	7 insurance.
8 provided this information. We analyzed all the 2022	8 And finally, operation disruptions. So
9 inspections at the border.	9 and also we asked them, "So what are you" "what do
10 And what we identified is basically that,	10 you recommend?" We asked the truckers. And, again, the
11 first, there's important variations on the number of	11 first thing was training, you know, which was, you know,
12 inspections that take place at the international	12 interesting. They they're actually calling us to
13 crossings. For example, BOTA here in El Paso, and	13 say, "Hey, when can we start this training?"
14 Veterans in Brownsville have the largest number of	14 So we are getting ready, and with working
15 inspections compared to other crossings.	15 with Claudia and Caroline, we're putting together this
16 For example, there's no BSIF at a border	16 program to be able to start the training as soon as
17 safety inspection facility at the World Trade Bridge,	17 possible. So this is the action plan that we're
18 which is the largest crossing of the not only Texas,	18 proposing. You know, meeting with the training
19 but also the U.S-Mexico and U.SCanada border. And,	19 meeting internally to have the launch of this training,
20 obviously, there's no inspections there by DPS.	20 contract former DPS troopers, that they can help us
21 So again, this gives you an idea of what's	21 train the trainer. And the idea here is to have this
22 happening at the border in terms of inspections. We	22 this train the trainer is different to what's going on
23 also analyze the auto services. And as you can see here	23 in Arizona, which is only one border crossing one
24 in the chart, number of out-of-services is growing,	24 major border crossing. Here we have a lot. We have
25 especially for the vehicle part of the out-of-service	25 more than 5 million trucks crossing Texas every year.
Dogo 75	Dogo 77
Page 75 1 while the number of inspections is going down. So	Page 77 1 And so, obviously, there's a lot of
1 while the number of inspections is going down. So	1 And so, obviously, there's a lot of
<ol> <li>while the number of inspections is going down. So</li> <li>again, there's this gap. So that's a problem.</li> </ol>	<ol> <li>And so, obviously, there's a lot of</li> <li>drivers. So the idea is to have train the trainers in</li> </ol>
<ol> <li>while the number of inspections is going down. So</li> <li>again, there's this gap. So that's a problem.</li> <li>Then we also did this survey, you know</li> </ol>	<ol> <li>And so, obviously, there's a lot of</li> <li>drivers. So the idea is to have train the trainers in</li> <li>the different regions, and then they can continue</li> </ol>
<ol> <li>while the number of inspections is going down. So</li> <li>again, there's this gap. So that's a problem.</li> <li>Then we also did this survey, you know</li> <li>again, thanks here to Claudia and her contacts in</li> </ol>	<ol> <li>And so, obviously, there's a lot of</li> <li>drivers. So the idea is to have train the trainers in</li> <li>the different regions, and then they can continue</li> <li>training all the other officials.</li> </ol>
<ol> <li>while the number of inspections is going down. So</li> <li>again, there's this gap. So that's a problem.</li> <li>Then we also did this survey, you know</li> <li>again, thanks here to Claudia and her contacts in</li> <li>Laredo. But, also, we went through to the Valley and</li> </ol>	<ol> <li>And so, obviously, there's a lot of</li> <li>drivers. So the idea is to have train the trainers in</li> <li>the different regions, and then they can continue</li> <li>training all the other officials.</li> <li>Engage with the trucking institutions, and</li> </ol>
<ol> <li>while the number of inspections is going down. So</li> <li>again, there's this gap. So that's a problem.</li> <li>Then we also did this survey, you know</li> <li>again, thanks here to Claudia and her contacts in</li> <li>Laredo. But, also, we went through to the Valley and</li> <li>here in El Paso and Juarez. And we had a survey</li> </ol>	<ol> <li>And so, obviously, there's a lot of</li> <li>drivers. So the idea is to have train the trainers in</li> <li>the different regions, and then they can continue</li> <li>training all the other officials.</li> <li>Engage with the trucking institutions, and</li> <li>we have already done that. So they're ready. As I</li> </ol>
<ol> <li>while the number of inspections is going down. So</li> <li>again, there's this gap. So that's a problem.</li> <li>Then we also did this survey, you know</li> <li>again, thanks here to Claudia and her contacts in</li> <li>Laredo. But, also, we went through to the Valley and</li> <li>here in El Paso and Juarez. And we had a survey</li> <li>online survey with all the trucking companies. And it</li> </ol>	<ol> <li>And so, obviously, there's a lot of</li> <li>drivers. So the idea is to have train the trainers in</li> <li>the different regions, and then they can continue</li> <li>training all the other officials.</li> <li>Engage with the trucking institutions, and</li> <li>we have already done that. So they're ready. As I</li> <li>mentioned, they're calling us to see when can we start.</li> </ol>
<ol> <li>while the number of inspections is going down. So</li> <li>again, there's this gap. So that's a problem.</li> <li>Then we also did this survey, you know</li> <li>again, thanks here to Claudia and her contacts in</li> <li>Laredo. But, also, we went through to the Valley and</li> <li>here in El Paso and Juarez. And we had a survey</li> <li>online survey with all the trucking companies. And it</li> <li>was interesting to find that these are the two key</li> </ol>	<ol> <li>And so, obviously, there's a lot of</li> <li>drivers. So the idea is to have train the trainers in</li> <li>the different regions, and then they can continue</li> <li>training all the other officials.</li> <li>Engage with the trucking institutions, and</li> <li>we have already done that. So they're ready. As I</li> <li>mentioned, they're calling us to see when can we start.</li> <li>Finalize the calendar and start as soon as possible with</li> </ol>
<ol> <li>while the number of inspections is going down. So</li> <li>again, there's this gap. So that's a problem.</li> <li>Then we also did this survey, you know</li> <li>again, thanks here to Claudia and her contacts in</li> <li>Laredo. But, also, we went through to the Valley and</li> <li>here in El Paso and Juarez. And we had a survey</li> <li>online survey with all the trucking companies. And it</li> <li>was interesting to find that these are the two key</li> <li>issues that they have.</li> </ol>	<ol> <li>And so, obviously, there's a lot of</li> <li>drivers. So the idea is to have train the trainers in</li> <li>the different regions, and then they can continue</li> <li>training all the other officials.</li> <li>Engage with the trucking institutions, and</li> <li>we have already done that. So they're ready. As I</li> <li>mentioned, they're calling us to see when can we start.</li> <li>Finalize the calendar and start as soon as possible with</li> <li>this training in probably Ojinaga.</li> </ol>
<ol> <li>while the number of inspections is going down. So</li> <li>again, there's this gap. So that's a problem.</li> <li>Then we also did this survey, you know</li> <li>again, thanks here to Claudia and her contacts in</li> <li>Laredo. But, also, we went through to the Valley and</li> <li>here in El Paso and Juarez. And we had a survey</li> <li>online survey with all the trucking companies. And it</li> <li>was interesting to find that these are the two key</li> <li>issues that they have.</li> <li>One of them is the lights. You know,</li> </ol>	<ol> <li>And so, obviously, there's a lot of</li> <li>drivers. So the idea is to have train the trainers in</li> <li>the different regions, and then they can continue</li> <li>training all the other officials.</li> <li>Engage with the trucking institutions, and</li> <li>we have already done that. So they're ready. As I</li> <li>mentioned, they're calling us to see when can we start.</li> <li>Finalize the calendar and start as soon as possible with</li> <li>this training in probably Ojinaga.</li> <li>Here's the proposed schedule: Having six</li> </ol>
<ol> <li>while the number of inspections is going down. So</li> <li>again, there's this gap. So that's a problem.</li> <li>Then we also did this survey, you know</li> <li>again, thanks here to Claudia and her contacts in</li> <li>Laredo. But, also, we went through to the Valley and</li> <li>here in El Paso and Juarez. And we had a survey</li> <li>online survey with all the trucking companies. And it</li> <li>was interesting to find that these are the two key</li> <li>issues that they have.</li> <li>One of them is the lights. You know,</li> <li>the the all the different lights in the truck when</li> </ol>	<ol> <li>And so, obviously, there's a lot of</li> <li>drivers. So the idea is to have train the trainers in</li> <li>the different regions, and then they can continue</li> <li>training all the other officials.</li> <li>Engage with the trucking institutions, and</li> <li>we have already done that. So they're ready. As I</li> <li>mentioned, they're calling us to see when can we start.</li> <li>Finalize the calendar and start as soon as possible with</li> <li>this training in probably Ojinaga.</li> <li>Here's the proposed schedule: Having six</li> <li>training courses, at least in 2024, and then 12 in 2025</li> </ol>
<ol> <li>while the number of inspections is going down. So</li> <li>again, there's this gap. So that's a problem.</li> <li>Then we also did this survey, you know</li> <li>again, thanks here to Claudia and her contacts in</li> <li>Laredo. But, also, we went through to the Valley and</li> <li>here in El Paso and Juarez. And we had a survey</li> <li>ronline survey with all the trucking companies. And it</li> <li>was interesting to find that these are the two key</li> <li>issues that they have.</li> <li>One of them is the lights. You know,</li> <li>the the all the different lights in the truck when</li> <li>the inspection is done.</li> </ol>	<ol> <li>And so, obviously, there's a lot of</li> <li>drivers. So the idea is to have train the trainers in</li> <li>the different regions, and then they can continue</li> <li>training all the other officials.</li> <li>Engage with the trucking institutions, and</li> <li>we have already done that. So they're ready. As I</li> <li>mentioned, they're calling us to see when can we start.</li> <li>Finalize the calendar and start as soon as possible with</li> <li>this training in probably Ojinaga.</li> <li>Here's the proposed schedule: Having six</li> <li>training courses, at least in 2024, and then 12 in 2025</li> <li>and so on.</li> </ol>
<ol> <li>while the number of inspections is going down. So</li> <li>again, there's this gap. So that's a problem.</li> <li>Then we also did this survey, you know</li> <li>again, thanks here to Claudia and her contacts in</li> <li>Laredo. But, also, we went through to the Valley and</li> <li>here in El Paso and Juarez. And we had a survey</li> <li>online survey with all the trucking companies. And it</li> <li>was interesting to find that these are the two key</li> <li>issues that they have.</li> <li>One of them is the lights. You know,</li> <li>the the all the different lights in the truck when</li> <li>the inspection is done.</li> <li>And the second one, on the left, is the</li> </ol>	<ol> <li>And so, obviously, there's a lot of</li> <li>drivers. So the idea is to have train the trainers in</li> <li>the different regions, and then they can continue</li> <li>training all the other officials.</li> <li>Engage with the trucking institutions, and</li> <li>we have already done that. On the</li> <li>box here, you can see the number of drivers that we got</li> <li>from the different associations.</li> </ol>
<ol> <li>while the number of inspections is going down. So</li> <li>again, there's this gap. So that's a problem.</li> <li>Then we also did this survey, you know</li> <li>again, thanks here to Claudia and her contacts in</li> <li>Laredo. But, also, we went through to the Valley and</li> <li>here in El Paso and Juarez. And we had a survey</li> <li>online survey with all the trucking companies. And it</li> <li>was interesting to find that these are the two key</li> <li>issues that they have.</li> <li>One of them is the lights. You know,</li> <li>the the all the different lights in the truck when</li> <li>the inspection is done.</li> <li>And the second one, on the left, is the</li> <li>brakes, brake systems. So, obviously, the idea is to</li> <li>focus the courses and the curriculum on these two</li> <li>issues. But, again, there's other ones that need to be</li> <li>analyzed and identified.</li> <li>So on the survey, we also came up with what</li> <li>are the key impacts. Obviously, the cost of of the</li> <li>repairs, the towing. There's a cost for the trucking</li> </ol>	<ol> <li>And so, obviously, there's a lot of</li> <li>drivers. So the idea is to have train the trainers in</li> <li>the different regions, and then they can continue</li> <li>training all the other officials.</li> <li>Engage with the trucking institutions, and</li> <li>we have already done that. So they're ready. As I</li> <li>mentioned, they're calling us to see when can we start.</li> <li>Finalize the calendar and start as soon as possible with</li> <li>this training in probably Ojinaga.</li> <li>Here's the proposed schedule: Having six</li> <li>training courses, at least in 2024, and then 12 in 2025</li> <li>and so on.</li> <li>So again, this is just the proposal, that</li> <li>we would like to have your comments, and then we can,</li> <li>again, finalize the curriculum and start working on it.</li> <li>These are the some of the logistics that</li> <li>need to take place in the in the training. On the</li> <li>box here, you can see the number of drivers that we got</li> <li>from the different associations.</li> <li>So, again, it's much more than in the</li> </ol>
<ul> <li>1 while the number of inspections is going down. So</li> <li>2 again, there's this gap. So that's a problem.</li> <li>3 Then we also did this survey, you know</li> <li>4 again, thanks here to Claudia and her contacts in</li> <li>5 Laredo. But, also, we went through to the Valley and</li> <li>6 here in El Paso and Juarez. And we had a survey</li> <li>7 online survey with all the trucking companies. And it</li> <li>8 was interesting to find that these are the two key</li> <li>9 issues that they have.</li> <li>10 One of them is the lights. You know,</li> <li>11 the the all the different lights in the truck when</li> <li>12 the inspection is done.</li> <li>13 And the second one, on the left, is the</li> <li>14 brakes, brake systems. So, obviously, the idea is to</li> <li>15 focus the courses and the curriculum on these two</li> <li>16 issues. But, again, there's other ones that need to be</li> <li>17 analyzed and identified.</li> <li>18 So on the survey, we also came up with what</li> <li>19 are the key impacts. Obviously, the cost of of the</li> <li>20 repairs, the towing. There's a cost for the trucking</li> <li>21 companies, you know, with what's happening at the</li> </ul>	<ol> <li>And so, obviously, there's a lot of</li> <li>drivers. So the idea is to have train the trainers in</li> <li>the different regions, and then they can continue</li> <li>training all the other officials.</li> <li>Engage with the trucking institutions, and</li> <li>we have already done that. So they're ready. As I</li> <li>mentioned, they're calling us to see when can we start.</li> <li>Finalize the calendar and start as soon as possible with</li> <li>this training in probably Ojinaga.</li> <li>Here's the proposed schedule: Having six</li> <li>training courses, at least in 2024, and then 12 in 2025</li> <li>and so on.</li> <li>So again, this is just the proposal, that</li> <li>we would like to have your comments, and then we can,</li> <li>again, finalize the curriculum and start working on it.</li> <li>These are the some of the logistics that</li> <li>need to take place in the in the training. On the</li> <li>box here, you can see the number of drivers that we got</li> <li>from the different associations.</li> <li>So, again, it's much more than in the</li> <li>Sonora-Arizona crossing. So that way we can do the</li> </ol>
<ul> <li>1 while the number of inspections is going down. So</li> <li>2 again, there's this gap. So that's a problem.</li> <li>3 Then we also did this survey, you know</li> <li>4 again, thanks here to Claudia and her contacts in</li> <li>5 Laredo. But, also, we went through to the Valley and</li> <li>6 here in El Paso and Juarez. And we had a survey</li> <li>7 online survey with all the trucking companies. And it</li> <li>8 was interesting to find that these are the two key</li> <li>9 issues that they have.</li> <li>10 One of them is the lights. You know,</li> <li>11 the the all the different lights in the truck when</li> <li>12 the inspection is done.</li> <li>13 And the second one, on the left, is the</li> <li>14 brakes, brake systems. So, obviously, the idea is to</li> <li>15 focus the courses and the curriculum on these two</li> <li>16 issues. But, again, there's other ones that need to be</li> <li>17 analyzed and identified.</li> <li>18 So on the survey, we also came up with what</li> <li>19 are the key impacts. Obviously, the cost of of the</li> <li>20 repairs, the towing. There's a cost for the trucking</li> <li>21 companies, you know, with what's happening at the</li> <li>22 border.</li> </ul>	<ol> <li>And so, obviously, there's a lot of</li> <li>drivers. So the idea is to have train the trainers in</li> <li>the different regions, and then they can continue</li> <li>training all the other officials.</li> <li>Engage with the trucking institutions, and</li> <li>we have already done that. So they're ready. As I</li> <li>mentioned, they're calling us to see when can we start.</li> <li>Finalize the calendar and start as soon as possible with</li> <li>this training in probably Ojinaga.</li> <li>Here's the proposed schedule: Having six</li> <li>training courses, at least in 2024, and then 12 in 2025</li> <li>and so on.</li> <li>So again, this is just the proposal, that</li> <li>we would like to have your comments, and then we can,</li> <li>again, finalize the curriculum and start working on it.</li> <li>These are the some of the logistics that</li> <li>need to take place in the in the training. On the</li> <li>box here, you can see the number of drivers that we got</li> <li>from the different associations.</li> <li>So, again, it's much more than in the</li> <li>Sonora-Arizona crossing. So that way we can do the</li> </ol>
<ul> <li>1 while the number of inspections is going down. So</li> <li>2 again, there's this gap. So that's a problem.</li> <li>3 Then we also did this survey, you know</li> <li>4 again, thanks here to Claudia and her contacts in</li> <li>5 Laredo. But, also, we went through to the Valley and</li> <li>6 here in El Paso and Juarez. And we had a survey</li> <li>7 online survey with all the trucking companies. And it</li> <li>8 was interesting to find that these are the two key</li> <li>9 issues that they have.</li> <li>10 One of them is the lights. You know,</li> <li>11 the the all the different lights in the truck when</li> <li>12 the inspection is done.</li> <li>13 And the second one, on the left, is the</li> <li>14 brakes, brake systems. So, obviously, the idea is to</li> <li>15 focus the courses and the curriculum on these two</li> <li>16 issues. But, again, there's other ones that need to be</li> <li>17 analyzed and identified.</li> <li>18 So on the survey, we also came up with what</li> <li>19 are the key impacts. Obviously, the cost of of the</li> <li>20 repairs, the towing. There's a cost for the trucking</li> <li>21 companies, you know, with what's happening at the</li> <li>22 border.</li> <li>23 The other one is loss of time and delivery</li> </ul>	<ol> <li>And so, obviously, there's a lot of</li> <li>drivers. So the idea is to have train the trainers in</li> <li>the different regions, and then they can continue</li> <li>training all the other officials.</li> <li>Engage with the trucking institutions, and</li> <li>we have already done that. So they're ready. As I</li> <li>mentioned, they're calling us to see when can we start.</li> <li>Finalize the calendar and start as soon as possible with</li> <li>this training in probably Ojinaga.</li> <li>Here's the proposed schedule: Having six</li> <li>training courses, at least in 2024, and then 12 in 2025</li> <li>and so on.</li> <li>So again, this is just the proposal, that</li> <li>we would like to have your comments, and then we can,</li> <li>again, finalize the curriculum and start working on it.</li> <li>These are the some of the logistics that</li> <li>need to take place in the in the training. On the</li> <li>box here, you can see the number of drivers that we got</li> <li>from the different associations.</li> <li>So, again, it's much more than in the</li> <li>Sonora-Arizona crossing. So that way we can do the</li> <li>train the trainer.</li> <li>And, again, thank you. Any questions?</li> </ol>
<ul> <li>1 while the number of inspections is going down. So</li> <li>2 again, there's this gap. So that's a problem.</li> <li>3 Then we also did this survey, you know</li> <li>4 again, thanks here to Claudia and her contacts in</li> <li>5 Laredo. But, also, we went through to the Valley and</li> <li>6 here in El Paso and Juarez. And we had a survey</li> <li>7 online survey with all the trucking companies. And it</li> <li>8 was interesting to find that these are the two key</li> <li>9 issues that they have.</li> <li>10 One of them is the lights. You know,</li> <li>11 the the all the different lights in the truck when</li> <li>12 the inspection is done.</li> <li>13 And the second one, on the left, is the</li> <li>14 brakes, brake systems. So, obviously, the idea is to</li> <li>15 focus the courses and the curriculum on these two</li> <li>16 issues. But, again, there's other ones that need to be</li> <li>17 analyzed and identified.</li> <li>18 So on the survey, we also came up with what</li> <li>19 are the key impacts. Obviously, the cost of of the</li> <li>20 repairs, the towing. There's a cost for the trucking</li> <li>21 companies, you know, with what's happening at the</li> <li>22 border.</li> </ul>	<ol> <li>And so, obviously, there's a lot of</li> <li>drivers. So the idea is to have train the trainers in</li> <li>the different regions, and then they can continue</li> <li>training all the other officials.</li> <li>Engage with the trucking institutions, and</li> <li>we have already done that. So they're ready. As I</li> <li>mentioned, they're calling us to see when can we start.</li> <li>Finalize the calendar and start as soon as possible with</li> <li>this training in probably Ojinaga.</li> <li>Here's the proposed schedule: Having six</li> <li>training courses, at least in 2024, and then 12 in 2025</li> <li>and so on.</li> <li>So again, this is just the proposal, that</li> <li>we would like to have your comments, and then we can,</li> <li>again, finalize the curriculum and start working on it.</li> <li>These are the some of the logistics that</li> <li>need to take place in the in the training. On the</li> <li>box here, you can see the number of drivers that we got</li> <li>from the different associations.</li> <li>So, again, it's much more than in the</li> <li>Sonora-Arizona crossing. So that way we can do the</li> </ol>

1 ahead, first.	1 that, whenever you speak, could you please tell your
2 MR. MEADOR: Stan Meador here. Thank you.	2 name and the organization that you represent for the
3 Is so what's happened in Arizona,	3 record, please?
4 and and this program is all voluntary from the	4 MR. IBARRA: Mauricio Ibarra, Consular
5 truckers	5 General of Mexico in El Paso.
6 MR. VILLA: That's correct.	6 MS. LAGOS: Thank you.
7 MR. MEADOR: As far as that goes, so this	7 MR. VILLA: (Speaking foreign language)
8 is just made available to promote it and then whoever	8 Mauricio.
9 shows up (speaking sotto voce).	9 Yes. We do with have that information
10 MR. VILLA: Yes. And I forgot to	10 available. And, obviously, we only have this chart, but
11 mention it's in the slides, but one of the things	11 we can dig into the data and go into the details.
12 that came up on that program in Arizona-Sonora is that	12 And, again, as I mentioned in the
13 they have created a WhatsApp group with all the train-	13 presentation, it's it varies a lot between crossing
14 all the trainees, and they can communicate with the	14 to crossing, even within the regions. You know, we
15 ADOT officers and say, "Hey, I have this braking	15 heard from the truckers in Brownsville, Matamoros,
16 problem, can you help me?"	16 different stories from what we heard here.
17 "Oh, yeah. Don't even show up. You need	17 MR. IBARRA: I think that's important,
18 to fix it," or, "Come to the border. There won't be any	18 precisely, for the training.
19 problems."	19 MR. VILLA: Yes.
20 So that's been really helpful, and it's a	20 MR. IBARRA: Perfect. Thank you.
21 very easy tool. You know, we are proposing, also, to	21 SECRETARY NELSON: Other questions? Yes,
22 develop something similar here or even a web-based tool	22 sir?
23 that could be used by this trainer. But, again, it's no	23 Please state your name, please.
24 cost for the truckers, and it's voluntary, as you say.	24 MR. BARELA: Secretary, Jon Barela,
25 But you get sorry. You get a card once you take the	25 Borderplex Alliance, El Paso.

1 degree of certification and training. You know, we	1 training for that particular crossing based on the
2 we get an inspection sticker in our vehicles for safety	2 information that we got from DPS. And that way we can
3 reasons in Texas. We want safe vehicles on the roads.	3 emphasize this specific you know, for example, the
4 Well, there's no difference than let's you know,	4 brakes or the lights. Probably in some some
5 for all vehicles that are on our highways here in Texas.	5 particular locations it's not a problem. But again, we
6 So anything that's proactive from the	6 need to go through the whole curriculum, but emphasize
7 from the trucking companies, from the drivers on both	7 some of these topics.
8 sides of the border, we all need to cooperate with each	8 MR. CALVO: Thank you.
9 other, making sure that we're all in unison in having	9 SECRETARY NELSON: Go ahead.
10 these vehicles you know, have the proper, you know,	10 MS. GARZA-REYES: Cynthia Garza-Reyes, city
11 safety guidelines.	11 of Pharr, to answer about BSFI facilities.
12 MR. CALVO: Right. But the question is,	12 I believe and correct me if I'm wrong,
13 you know, there is no no inspection facility right	13 Secretary, but those were funded those buildings were
14 now at the World Trade Bridge?	14 funded by the legislature over 15 years ago. And I
15 And I guess a follow-up question for that	15 believe it was back then that they designated, at the
16 is are there any more more incidents or accidents,	16 time, where those facilitates were going. I know
17 you know, given that there's no DPS inspection of trucks	17 what Pharr was one of the first ones to get one. And
18 at World Trade Bridge	18 it was always a big question of why Laredo hadn't had
19 (Speaking simultaneously.)	19 one. But those were funded by the legislature back in,
20 MR. SCHWEBEL: Well, they may not have the	20 I think, in 2011 or something like that. So just to
21 inspection sticker, but that doesn't mean they don't	21 clarify.
22 stop them for inspection. They're stopping them. DPS	22 SECRETARY NELSON: Thank you.
23 will stop them. They can stop them anywhere, you	23 MR. TREVINO: Madam, I have a question.
24 know you know, up and down anywhere or any street	24 SECRETARY NELSON: Yes, sir. Go ahead.
25 or any (indiscernible) road. So it's just because	25 MR. TREVINO: Dr. Victor Trevino, Mayor for

Maybe a binational</li> <li>11 collaboration where they can become already inspected in</li> <li>12 that fashion and have inspection stickers just like</li> <li>13 we we collaborate with inspection of merchandise and</li> <li>14 Customs. I think we can have or create a binational</li> <li>15 entity that would give these inspections to the</li> <li>16 18-wheelers before they cross. That would be my my</li> <li>17 comment.</li> </ul>
<ol> <li>there's no inspection facility, per se, physical,</li> <li>doesn't mean that they're not being stopped. They are</li> <li>being stopped.</li> <li>MR. CALVO: And if I may, Madam Secretary,</li> <li>can I do just a follow-up?</li> <li>SECRETARY NELSON: Sure.</li> <li>MR. CALVO: So the training, would it</li> <li>would it make sense to adjust the training depending on</li> <li>the drive of the type of trip that the truckers are</li> <li>doing?</li> <li>For example, here, most of our crossings</li> <li>are drayage. You know, short-term or short distance,</li> <li>I'm sorry, originating in the maquilas in Juarez and</li> <li>delivering the load in El Paso, versus when you have</li> <li>longer distance trips. I mean, does the training change</li> <li>or</li> <li>MR. VILLA: No. The what what I</li> <li>showed, Eduardo, is that there's different issues at</li> </ol>	<ul> <li>1 the City of Laredo. These are important topics, and we</li> <li>2 all know that inspections are important. It was</li> <li>3 attempted at the World Trade Bridge about two times, and</li> <li>4 there was a huge backlog of 18-wheelers. We crossed</li> <li>5 about maybe 18 17,000 18-wheelers a day, back and</li> <li>6 forth, in the bridges of Laredo.</li> <li>7 So this was attempted to do a mechanical</li> <li>8 inspection on the on the 18-wheelers and it was</li> <li>9 really chaotic. But I do think that we do need to have</li> <li>10 some kind of inspection. Maybe a binational</li> <li>11 collaboration where they can become already inspected in</li> <li>12 that fashion and have inspection stickers just like</li> <li>13 we we collaborate with inspection of merchandise and</li> <li>14 Customs. I think we can have or create a binational</li> <li>15 entity that would give these inspections to the</li> <li>16 18-wheelers before they cross. That would be my my</li> <li>17 comment.</li> <li>18 SECRETARY NELSON: Thank you. Other go</li> </ul>
<ul> <li>1 there's no inspection facility, per se, physical,</li> <li>2 doesn't mean that they're not being stopped. They are</li> <li>3 being stopped.</li> <li>4 MR. CALVO: And if I may, Madam Secretary,</li> <li>5 can I do just a follow-up?</li> <li>6 SECRETARY NELSON: Sure.</li> <li>7 MR. CALVO: So the training, would it</li> <li>8 would it make sense to adjust the training depending on</li> <li>9 the drive of the type of trip that the truckers are</li> <li>10 doing?</li> <li>11 For example, here, most of our crossings</li> <li>12 are drayage. You know, short-term or short distance,</li> <li>13 I'm sorry, originating in the maquilas in Juarez and</li> <li>14 delivering the load in El Paso, versus when you have</li> <li>15 longer distance trips. I mean, does the training change</li> <li>16 or</li> <li>17 MR. VILLA: No. The what what I</li> <li>18 showed, Eduardo, is that there's different issues at</li> <li>19 different ports of entry. So the curriculum will be,</li> </ul>	<ul> <li>1 the City of Laredo. These are important topics, and we</li> <li>2 all know that inspections are important. It was</li> <li>3 attempted at the World Trade Bridge about two times, and</li> <li>4 there was a huge backlog of 18-wheelers. We crossed</li> <li>5 about maybe 18 17,000 18-wheelers a day, back and</li> <li>6 forth, in the bridges of Laredo.</li> <li>7 So this was attempted to do a mechanical</li> <li>8 inspection on the on the 18-wheelers and it was</li> <li>9 really chaotic. But I do think that we do need to have</li> <li>10 some kind of inspection. Maybe a binational</li> <li>11 collaboration where they can become already inspected in</li> <li>12 that fashion and have inspection stickers just like</li> <li>13 we we collaborate with inspection of merchandise and</li> <li>14 Customs. 	Pages 86 to 89
Page 86	Page 88
1 be a facility, we think, in the federal compound where	1 that would be, looking back at Arizona and their
2 DPS was conducting inspections. That a tornado	2 outcomes, what was the participation rate in terms of
3 destroyed it. They didn't (indiscernible), but there	3 the number of drivers who went through the program, and
4 hasn't been an agreement on going back into the federal	4 the number of trucks that crossed through their border
5 lot. That's what we were told by DPS and the agency at	5 crossing? Number one and number two, did that reduce
6 the time of the study.	6 the number of citations and accidents?
7 SECRETARY NELSON: You want to add?	7 MR. VILLA: Yes. Thank you for the
8 MR. STOUT: Yes. Thank you very much.	8 question.
9 David Stout, El Paso County Commissioner Precinct 2.	9 Yes. We we do we do have the
10 Changing the subject a little bit, I was	10 statistics, but there was a number of the amount of
11 just wondering, I didn't see mention of in the	11 out-of-service trucks went down, and the number of
12 presentation, looking at the environmental impact of	12 participants continue to grow.
13 of cross-border trade and community impacts community	13 I mean, these did actually during the
14 health impacts. Is that something that's going to be	14 pandemic, the courses were done online. The troopers
15 looked at within within this group this subgroup	15 were not traveling, obviously. But now it's back and
16 as well, or is that something else going to be	16 safe. And what I show here on the screen was a picture
17 somewhere else?	17 just from December where they had a course in
18 MS. MAYS: Yeah. I'm going to	18 Hermosillo, and they continue to grow. Because again,
19 SECRETARY NELSON: Caroline?	19 the number of trips have been increasing, and the number
20 MS. MAYS: Yeah. I can I can answer	20 of drivers wanting to be trained is increasing.
21 that. This is specific on driver training and some of	21 MS. ESPINOSA: Thank you.
22 the challenges we've had.	22 MS. MAYS: And Raquel, the numbers from
23 But to your point, the BTMP actually	23 Arizona is, like the out-of-service went down by 80
24 identified environmental and community impacts of	24 percent you know, out of service. So it is so
25 those that's one of the areas that I didn't we've	25 tremendous benefits, that's why the program continues.
Page 87	Page 89
1 been talking with TC- (indiscernible) on see how we can	1 And they [sic] actually going and doing this training in
<ol> <li>been talking with TC- (indiscernible) on see how we can</li> <li>collaborate with them to really start looking at that.</li> </ol>	<ol> <li>And they [sic] actually going and doing this training in</li> <li>other states. We just want to, kind of, have our own</li> </ol>
<ol> <li>been talking with TC- (indiscernible) on see how we can</li> <li>collaborate with them to really start looking at that.</li> <li>But that's not something that we have looked at yet</li> </ol>	<ol> <li>And they [sic] actually going and doing this training in</li> <li>other states. We just want to, kind of, have our own</li> <li>and ensure because our we have a vast amount of</li> </ol>
<ol> <li>been talking with TC- (indiscernible) on see how we can</li> <li>collaborate with them to really start looking at that.</li> <li>But that's not something that we have looked at yet</li> <li>beyond the BTMP that was adopted in 2021.</li> </ol>	<ol> <li>And they [sic] actually going and doing this training in</li> <li>other states. We just want to, kind of, have our own</li> <li>and ensure because our we have a vast amount of</li> <li>border crossings. They've offered to come do the</li> </ol>
<ol> <li>been talking with TC- (indiscernible) on see how we can</li> <li>collaborate with them to really start looking at that.</li> <li>But that's not something that we have looked at yet</li> <li>beyond the BTMP that was adopted in 2021.</li> <li>MR. And so Caroline answered that. And I think</li> <li>14 it's terrific. Anything you can do to streamline</li> <li>15 cross-border operations is good for everyone. Thank</li> <li>16 you.</li> <li>17 SECRETARY NELSON: Go ahead.</li> <li>18 MR. VILLA: Sorry. Let me just I</li> <li>19 actually do have some numbers</li> <li>20 (Speaking simultaneously.)</li> <li>21 SECRETARY NELSON: Please state your name</li> <li>22 for the record, please.</li> <li>23 UNIDENTIFIED SPEAKER: I'm sorry. I'm</li> </ul>

Dere 00	Page 90
Page 90 1 with your question. In 2017, there was 7 percent	Page 92 1 Are you working on that also or no?
2 vehicle out of service. And in 2022, that number went	2 MR. VILLA: Yes, Jake. And that's in this
3 down to .5 percent. So it's improved a lot.	3 actual slide. There's this booklet that shows all I
4 And as I mentioned on my presentation, we	4 mean, it's about 200 pages. So basically the the
5 have been receiving calls after we did the survey from	5 criteria is there, very clear as specified.
6 the trucking companies saying, "Hey, can you start	6 SECRETARY NELSON: Anybody else? No? I
7 tomorrow?" I said, "No. We're not ready yet."	7 don't see any other questions.
8 But again, there's there's a lot of	8 Okay. We're going to move on.
9 needs I mean, most of these companies drayage	9 Thank you very much.
10 companies are Mexican-based. And they're really looking	10 MR. VILLA: Thank you.
11 forward to this particular course.	11 SECRETARY NELSON: All right. Next, I
12 MR. GARZA: Hector Garza with the Texas	12 would like to recognize Giacomo Yaquinto, Statewide
13 International Produce Association. I am wondering if we	13 Planning Manager from the Texas Department of
14 can have, also, some DPS training as well.	14 Transportation, to present updates on the Statewide
15 Last week, we had some much-needed rain in	15 Long-Range Transportation Plan, Connecting Texas 2050.
16 the Valley, and the overweight trucks coming through	16 MR. YAQUINTO: All right. Good morning,
17 were being stopped. It was drizzling. They were giving	17 Secretary Nelson, BTAC members. For those who don't
18 out citations, \$5,000 each truck.	18 know me, my name is Giacomo Yaquinto. I'm the Statewide
19 What what's going on? We you know,	19 Planning Branch Manager in the Transportation Planning
20 we did some asking around, and it turns out that because	20 and Programming division at TxDOT. And I'm also the
21 it was drizzling, that under the overweight permit,	21 TxDOT project manager on Connecting Texas 2050, the
22 there's a section that says "under hazardous	22 update to the Statewide Long-Range Transportation Plan.
23 conditions" and it talks about rain, snow, sleet, you	23 This morning I've got six, sort of, key
24 know, some I I can understand if it's some major	24 areas that I'd like to highlight. We'll start with a
25 condition where you can't be driving on the road. And	25 look at our project schedule. From there, we'll look at
Page 91	Page 93
<ol> <li>of course, you know, being overweight, I can see how</li> <li>that can affect it. But if if it's not hazardous,</li> </ol>	<ol> <li>the Connecting Texas 2050 vision statement. After that,</li> <li>we'll look at the Long-Range Transportation goals that</li> </ol>
3 you know, it's of course, it depends on what the	3 we've identified. We'll walk through the strategies
4 the DPS individual considers it to be hazardous, and	4 that we've identified to address the needs in the plan.
5 then they go ahead and give that citation. But we	5 And before we close out, we'll take a look at an
6 really did not think that was necessary. Especially,	6 overview of the plan draft and next steps.
7 you know, handing each truck \$5,000. You know, they	7 In terms of the project timeline or project
8 could have told them, "Hey, you know, just get out of	8 schedule, the key milestone that we're working toward
<ul><li>9 service for a while until conditions get better."</li></ul>	9 right now is really the initial plan presentation to
10 But, you know, I don't know how that can be	10 Commission at the April commission meeting.
11 addressed to DPS, but it's definitely not something	11 As you-all may recall, I presented to BTAC
12 about (indiscernible).	12 in August. At the time we were preparing for our second
13 MR. VILLA: Yes. We will take that into	13 round of stakeholder engagement, and we kicked that off
14 account when we discuss with DPS the final version of	14 in early October. And we wrapped that up in late
15 the curriculum.	15 December. And I mention that because since we wrapped
16 SECRETARY NELSON: Okay. Go ahead. Jake?	16 that up, we have been working to develop the draft
17 MR. GIESBRECHT: I've got a suggestion on	17 chapters for the plan. That's gone through an initial
18 this, the out of service this is Jake Giesbrecht from	18 round of review as we prepare to share the initial draft
19 Presidio.	19 with TxDOT administration later this week.
20 On the do you have the out-of-service	20 After they've had an opportunity to review
21 criteria handbooks or I don't see that in here. But	21 the draft, we'll be sharing it with a wider audience
22 that was really helpful for us 'cause if we could get	22 including additional divisions, TxDOT Districts, our
23 exactly what he's talking about, the rainy situation,	23 joint executive steering committee, which, as a
24 the overweight situation. Are you going to do any	24 reminder, that's comprised of the committee chair of
25 criteria on there out-of-service criteria handbooks?	25 each of our advisory committees, federal partners, and

	Pages 94 to 97
Page 94	
1 commission support staff as well. They'll have an	1 In our fall round of engagement, we went
2 opportunity during the month of March to review the	2 back out, we had some draft strategies, and we were
3 draft plan and provide comments. We'll go through an	3 really interested in hearing from our stakeholders about
4 additional round of revision, again, in preparation for	4 the strategies that we should include to address those
5 that next major milestone, which is the April 2024	5 needs that they helped us identify earlier in the year.
6 commission meeting.	6 The other thing that I'll mention here,
7 Following the presentation to Commission,	7 that we want to emphasize in Connecting Texas 2050, is
8 we will kick off a 30-day public comment period. That	8 we are really working to link our strategies to our
9 will wrap up in early June. And then we'll make any	9 needs and to our goals. We think that linkage is going
10 additional revisions to develop the final plan draft,	10 to be critical as we move forward toward implementing
11 which we will take back to Commission in July with a	11 and achieving these goals as we look toward the future.
12 recommendation for adoption.	12 But in terms of the strategies themselves,
13         Next up, we've got the Connecting Texas	13 I won't read through everything on this slide, but we do
14 2050 vision statement. For any of you who were involved	14 have eight strategy-themed categories. And so we've got
15 in our fall round of engagement, you may have seen the	15 safety and resilience, technology and innovation,
16 original longer version of this statement. We did	16 freight infrastructure and intermodal connectivity,
17 present that original draft to the joint executives	17 multimodal transportation system strategies,
18 steering committee during their first meeting. That was	18 cross-border connectivity and operation strategies,
19 in August, throughout October, November, and December.	19 workforce strategies, strategies to address the
20 We worked with stakeholders to get input to refine it	20 long-term planning process itself, and then strategies
21 and to condense it.	21 to enhance public and stakeholder collaboration and
22 And so where we've landed on that is	22 engagement.
23 Connecting Texas 2050 will "create an innovative	23 Since this is the Border Trade Advisory
24 multimodal transportation system that safely and	24 Committee, we'll go slightly out of order and start with
25 efficiently moves people and freight and supports future	25 strategies looking to enhance cross-border connectivity
Da

And so we worked</li> <li>very closely with our colleagues and the districts in</li> <li>the modal divisions to identify these corridors. We</li> <li>took them around during our fall round of engagement and</li> <li>got additional feedback on the corridors from external</li> </ol>
<ul> <li>1 considerations into the planning and implementation of</li> <li>2 future interstates. In particular, I-27 and I-69. Both</li> <li>3 of which, we know, will be critical to moving goods to</li> <li>4 and from the border.</li> <li>5 In terms of optimizing investment in the</li> <li>6 multimodal transportation system to accommodate future</li> <li>7 growth, the strategy I'd like to highlight this morning</li> <li>8 is facilitating the interoperability of transit services</li> <li>9 across jurisdictional boundaries and service models.</li> <li>10 In terms of supporting workforce, one of</li> <li>11 the strategies that we want to highlight is a</li> <li>12 TxDOT-supported strategy. So we want to support</li> <li>13 partnerships with the business community to provide</li> <li>14 transit services that meet workforce needs.</li> <li>15 In terms of adapting the long-term planning</li> <li>16 process, one of the key things that we're discussing as</li> <li>17 we think about implementation is developing</li> <li>18 district-level or regional Long-Range Transportation</li> <li>19 plans. These will really give us an opportunity to</li> <li>20 consider the unique needs, priorities, and</li> <li>21 characteristics of various districts and regions. And</li> <li>22 we think that will be a key tool going forward.</li> </ul>	<ol> <li>Chapter 3, we'll look at our goals,</li> <li>objectives, and performance measures associated with the</li> <li>Long-Range goals that we looked at earlier.</li> <li>Chapter 4 is where we really start to</li> <li>introduce the data component in the plan. So Chapter 4</li> <li>we're looking at trends and scenarios. We're looking at</li> <li>rinformation related to demographics, the economy, our</li> <li>resiliency. It's also where we cover the scenario</li> <li>planning element that we produced as part of Connecting</li> <li>Texas 2050.</li> <li>Chapter 5 is our multimodal transportation</li> <li>needs and system performance chapter. This one will be</li> <li>the most data-driven chapter. And, again, this is where</li> <li>you'll see those multimodal needs that our stakeholders</li> <li>helped us identify during our spring round of</li> <li>engagement.</li> <li>Chapter 6, we identify our multimodal</li> <li>corridors of statewide significance. And so we worked</li> <li>very closely with our colleagues and the districts in</li> <li>the modal divisions to identify these corridors. We</li> </ol>
<ul> <li>1 considerations into the planning and implementation of</li> <li>2 future interstates. In particular, I-27 and I-69. Both</li> <li>3 of which, we know, will be critical to moving goods to</li> <li>4 and from the border.</li> <li>5 In terms of optimizing investment in the</li> <li>6 multimodal transportation system to accommodate future</li> <li>7 growth, the strategy I'd like to highlight this morning</li> <li>8 is facilitating the interoperability of transit services</li> <li>9 across jurisdictional boundaries and service models.</li> <li>10 In terms of supporting workforce, one of</li> <li>11 the strategies that we want to highlight is a</li> <li>12 TxDOT-supported strategy. So we want to support</li> <li>13 partnerships with the business community to provide</li> <li>14 transit services that meet workforce needs.</li> <li>15 In terms of adapting the long-term planning</li> <li>16 process, one of the key things that we're discussing as</li> <li>17 we think about implementation is developing</li> <li>18 district-level or regional Long-Range Transportation</li> <li>19 plans. These will really give us an opportunity to</li> <li>20 consider the unique needs, priorities, and</li> <li>21 characteristics of various districts and regions. And</li> <li>22 we think that will be a key tool going forward.</li> <li>23 And then finally, in terms of enhancing</li> </ul>	<ul> <li>Chapter 3, we'll look at our goals,</li> <li>objectives, and performance measures associated with the</li> <li>Long-Range goals that we looked at earlier.</li> <li>Chapter 4 is where we really start to</li> <li>introduce the data component in the plan. So Chapter 4</li> <li>we're looking at trends and scenarios. We're looking at</li> <li>information related to demographics, the economy, our</li> <li>resiliency. It's also where we cover the scenario</li> <li>planning element that we produced as part of Connecting</li> <li>Texas 2050.</li> <li>Chapter 5 is our multimodal transportation</li> <li>needs and system performance chapter. This one will be</li> <li>the most data-driven chapter. And, again, this is where</li> <li>you'll see those multimodal needs that our stakeholders</li> <li>helped us identify during our spring round of</li> <li>engagement.</li> <li>Chapter 6, we identify our multimodal</li> <li>corridors of statewide significance. And so we worked</li> <li>very closely with our colleagues and the districts in</li> <li>the modal divisions to identify these corridors. We</li> <li>took them around during our fall round of engagement and</li> <li>got additional feedback on the corridors from external</li> <li>partner agencies as well as members of the public.</li> </ul>

	Pages 102 to 105
Page 102 1 morning, we just looked at a highlight of the overall 2 collection of strategies. And so Chapter 7, you'll see 3 a much more detailed overview of how we recommend 4 addressing the needs. 5 Chapter 8 looks at our investment forecast. 6 And so we're looking toward 2050 to identify the funding 7 that we'll need to hit our 2050 performance targets. 8 And then Chapter 9 is really where we we 9 help to, sort of, close out by identifying some critical 10 next steps or key action items that we can kick off as 11 we move to implementation to really get started on the 12 right foot as we work toward achieving the goals, 13 looking out toward 2050. 14 And so in terms of next steps so, again, 15 I mentioned at the top of the presentation, we are in 16 the process of developing the draft plan. It's gone 17 through that preliminary round of review with colleagues 18 and several divisions. We are planning to submit the 19 full draft to administration later this week. Following 20 their review and input, we'll send the draft plan out 21 for that wider review in the month of March. Although 22 looking at the dates on this slide, I think we've moved	Pages 102 to 105 Page 104 Page 104 SECRETARY NELSON: Gerry? MR. SCHWEBEL: Gerry Schwebel. I think it'd be important for the board or MPOs all to submit for the record public comment. Especially in light of that Section E: "Enhancing cross-border connectivity and operations." I think the border cannot stay silent on this on this initiative. And I would really encourage that each of the MPOs from Brownsville all the way up to El Paso, submit some kind of written comment. Hand we have the leadership of some of the mayors here as well. Because this is the this is the way this is what, I think, the Commission needs to hear as we're looking forward on these kind of ideas and these forojects. So I would make that recommendation. Kertary NELSON: Thank you. MR. YAQUINTO: All right. Thank you. MR. YAQUINTO: All right. Thank you. Neutrino coming back up here for just a second? It minute the presentation.
23 it back a week to March 11th.	23 MR. YAQUINTO: Okay.
24 Looking toward the April Commission	24 SECRETARY NELSON: And I'm looking at A, B,
-	_
25 meeting, we do plan to meet with our joint executive	25 C, D, F.
<ul> <li>25 meeting, we do plan to meet with our joint executive</li> <li>Page 103</li> <li>1 steering committee, at least one more time between now</li> <li>2 and then.</li> <li>3 And, again, that committee is comprised of</li> <li>4 the committee chair of all of the TxDOT advisory</li> <li>5 committees. We'll meet with them again following the</li> <li>6 close of the public comment period in June. And that</li> <li>7 will be in preparation for for submitting the final</li> <li>8 draft to Commission in July.</li> <li>9 We will have our public comment period.</li> <li>10 Right now, we're scheduled to run the public comment</li> <li>11 period between April 26th and June 3rd. Our public</li> <li>12 hearing is tentatively scheduled for May 9th. That</li> <li>13 event will be in person at TxDOT Austin Stassney Campus.</li> <li>14 We also expect to have a couple of road show events</li> <li>15 where we'll be out in different parts of the state in</li> <li>16 support of the public comment period.</li> <li>17 And again, as I mentioned at the very</li> <li>18 beginning, our next major milestone is really that</li> <li>19 initial presentation to Commission during the April</li> </ul>	<ul> <li>25 C, D, F.</li> <li>Page 105</li> <li>1 MR. YAQUINTO: Okay.</li> <li>2 SECRETARY NELSON: So E is on page 8.</li> <li>3 MR. YAQUINTO: Yes. We went out of order</li> <li>4 because that's the the border strategies. Yes.</li> <li>5 SECRETARY NELSON: Thank you. Just wanted</li> <li>6 to be sure. All right. Thank you.</li> <li>7 MR. YAQUINTO: Yup.</li> <li>8 SECRETARY NELSON: All right. So now we'll</li> <li>9 recognize Sergio Colin, the President of INDEX in Ciudad</li> <li>10 Juarez. Stan Meador, Vice President of sales and</li> <li>11 marketing at Texas Pacifico Transportation. Eduardo</li> <li>12 Calvo, Executive Director at the El Paso Metropolitan</li> <li>13 Planning Organization. Tomas Trevino, El Paso District</li> <li>14 Engineer from the Texas Department of Transportation, to</li> <li>15 present on the industry perspective, new trends, new</li> <li>16 projects and operations, and the international trade</li> <li>17 impact to the region. Very important issues.</li> <li>18 Gentlemen.</li> <li>19 MR. COLIN: Secretary, thank you thank</li> </ul>
<ul> <li>25 meeting, we do plan to meet with our joint executive</li> <li>Page 103</li> <li>1 steering committee, at least one more time between now</li> <li>2 and then.</li> <li>3 And, again, that committee is comprised of</li> <li>4 the committee chair of all of the TxDOT advisory</li> <li>5 committees. We'll meet with them again following the</li> <li>6 close of the public comment period in June. And that</li> <li>7 will be in preparation for for submitting the final</li> <li>8 draft to Commission in July.</li> <li>9 We will have our public comment period.</li> <li>10 Right now, we're scheduled to run the public comment</li> <li>11 period between April 26th and June 3rd. Our public</li> <li>12 hearing is tentatively scheduled for May 9th. That</li> <li>13 event will be in person at TxDOT Austin Stassney Campus.</li> <li>14 We also expect to have a couple of road show events</li> <li>15 where we'll be out in different parts of the state in</li> <li>16 support of the public comment period.</li> <li>17 And again, as I mentioned at the very</li> <li>18 beginning, our next major milestone is really that</li> </ul>	25 C, D, F. Page 105 1 MR. YAQUINTO: Okay. 2 SECRETARY NELSON: So E is on page 8. 3 MR. YAQUINTO: Yes. We went out of order 4 because that's the the border strategies. Yes. 5 SECRETARY NELSON: Thank you. Just wanted 6 to be sure. All right. Thank you. 7 MR. YAQUINTO: Yup. 8 SECRETARY NELSON: All right. So now we'll 9 recognize Sergio Colin, the President of INDEX in Ciudad 10 Juarez. Stan Meador, Vice President of sales and 11 marketing at Texas Pacifico Transportation. Eduardo 12 Calvo, Executive Director at the El Paso Metropolitan 13 Planning Organization. Tomas Trevino, El Paso District 14 Engineer from the Texas Department of Transportation, to 15 present on the industry perspective, new trends, new 16 projects and operations, and the international trade 17 impact to the region. Very important issues. 18 Gentlemen.
<ul> <li>25 meeting, we do plan to meet with our joint executive</li> <li>Page 103</li> <li>1 steering committee, at least one more time between now</li> <li>2 and then.</li> <li>3 And, again, that committee is comprised of</li> <li>4 the committee chair of all of the TxDOT advisory</li> <li>5 committees. We'll meet with them again following the</li> <li>6 close of the public comment period in June. And that</li> <li>7 will be in preparation for for submitting the final</li> <li>8 draft to Commission in July.</li> <li>9 We will have our public comment period.</li> <li>10 Right now, we're scheduled to run the public comment</li> <li>11 period between April 26th and June 3rd. Our public</li> <li>12 hearing is tentatively scheduled for May 9th. That</li> <li>13 event will be in person at TxDOT Austin Stassney Campus.</li> <li>14 We also expect to have a couple of road show events</li> <li>15 where we'll be out in different parts of the state in</li> <li>16 support of the public comment period.</li> <li>17 And again, as I mentioned at the very</li> <li>18 beginning, our next major milestone is really that</li> <li>19 initial presentation to Commission during the April</li> <li>20 Commission meeting. And then we'll complete this</li> <li>21 effort, hopefully, in July when we go back to Commission</li> <li>22 with the final plan draft and a recommendation for</li> </ul>	<ul> <li>25 C, D, F.</li> <li>Page 105</li> <li>MR. YAQUINTO: Okay.</li> <li>SECRETARY NELSON: So E is on page 8.</li> <li>MR. YAQUINTO: Yes. We went out of order</li> <li>because that's the the border strategies. Yes.</li> <li>SECRETARY NELSON: Thank you. Just wanted</li> <li>to be sure. All right. Thank you.</li> <li>MR. YAQUINTO: Yup.</li> <li>SECRETARY NELSON: All right. So now we'll</li> <li>recognize Sergio Colin, the President of INDEX in Ciudad</li> <li>Juarez. Stan Meador, Vice President of sales and</li> <li>marketing at Texas Pacifico Transportation. 	Pages 106 to 109
Page 106	Page 108
1 for this invitation. Today I will share some	1 Regarding to that, I would like to share
2 (indiscernible) about the current numbers in the	2 that the main states with more manufacturer industry
3 industry.	3 investment is Baja California with 934. Nuevo Leon,
4 Normally in the industry, we have KPIs that	4 that we have Marcos here, with 687 programs approved.
5 show us what is what is the current status and what's	5 Right after that, Chihuahua, Coahuila, and Tamaulipas.
6 going to be the future. So this information going [sic]	6 As you can see, Secretary and audience,
7 to give you an idea how or what's going to happen in the	7 basically the border the states and the border are
8 future. But I can tell you in advance, that this	8 the mains [sic] regarding to the manufacturer industry.
9 presentation, at the beginning, were built for a	9 And in next slide, we can see I'm sorry.
10 Spanish in Spanish for presentation in Spanish. I	10 I apologize. That is the chart.
11 apologize in advance for that. And also, if we combine	11 As you can see, that is just some why
12 that with my Spanglish, I'm sorry. I say in advance,	12 the border we have a lot of interest to be in touch
13 I'm sorry. But don't please feel free to to ask	13 with you in order to continue doing the business as we
14 anything regarding to the to the presentation.	14 are doing today. And also, the main cities, the top
15 So before before we see the the	15 high runners are Tijuana, Juarez, Apodaca, Reynosa, and
16 numbers, I would like to share with you some INDEX	16 Mexicali. They basically have the most of the
17 background, and explain what is INDEX.	17 percentage of the corporations or the companies
18 Basically, it's a national leader	18 producing in Mexico. I know that Guadalajara, El Bajio,
19 association that represents more than 1,100 different	19 and another places have another ones, but we are the
20 companies, different corporations, that mostly are	20 top.
21 coming the capital of the investment coming from	21 And proof of that is that Juarez, Tijuana,
22 United States, from Canada, Europe, and Asia.	22 Reynosa, are the top high runners about [sic] the
23 For example, the main companies that we	23 employees. If you can see here, from that 3 million
24 have in in Mexico is regarding to automotive.	24 that we have total in the country, we have, like,
25 Mostly Ford, and some subsidiaries from GMC and	25 320,000 just in Juarez, and close to 500,000 just in
Page 107	Page 109
1 Chrysler. So also we have a lot of companies like	1 Chihuahua. So that is the reason why we we need to
<ol> <li>Chrysler. So also we have a lot of companies like</li> <li>Johnson &amp; Johnson from the healthcare segment, and many</li> </ol>	<ol> <li>Chihuahua. So that is the reason why we we need to</li> <li>keep doing a pro-efficient (phonetic) in our in</li> </ol>
<ol> <li>Chrysler. So also we have a lot of companies like</li> <li>Johnson &amp; Johnson from the healthcare segment, and many</li> <li>[sic] of that that comes from the U.S. corporations.</li> </ol>	<ol> <li>Chihuahua. So that is the reason why we we need to</li> <li>keep doing a pro-efficient (phonetic) in our in</li> <li>our logistics because we have many products here that we</li> </ol>
<ol> <li>Chrysler. So also we have a lot of companies like</li> <li>Johnson &amp; Johnson from the healthcare segment, and many</li> <li>[sic] of that that comes from the U.S. corporations.</li> <li>Also from Canada. Just in Juarez, just crossing the</li> </ol>	<ol> <li>Chihuahua. So that is the reason why we we need to</li> <li>keep doing a pro-efficient (phonetic) in our in</li> <li>our logistics because we have many products here that we</li> <li>need to bring, just, right through Texas.</li> </ol>
<ol> <li>Chrysler. So also we have a lot of companies like</li> <li>Johnson &amp; Johnson from the healthcare segment, and many</li> <li>[sic] of that that comes from the U.S. corporations.</li> <li>Also from Canada. Just in Juarez, just crossing the</li> <li>border close to here, we have Bombardier Recreation</li> </ol>	<ol> <li>Chihuahua. So that is the reason why we we need to</li> <li>keep doing a pro-efficient (phonetic) in our in</li> <li>our logistics because we have many products here that we</li> <li>need to bring, just, right through Texas.</li> <li>Glad to hear that, Secretary, you mentioned</li> </ol>
<ol> <li>Chrysler. So also we have a lot of companies like</li> <li>Johnson &amp; Johnson from the healthcare segment, and many</li> <li>[sic] of that that comes from the U.S. corporations.</li> <li>Also from Canada. Just in Juarez, just crossing the</li> <li>border close to here, we have Bombardier Recreation</li> <li>Products, BRP, that is from Canada, and another more</li> </ol>	<ol> <li>Chihuahua. So that is the reason why we we need to</li> <li>keep doing a pro-efficient (phonetic) in our in</li> <li>our logistics because we have many products here that we</li> <li>need to bring, just, right through Texas.</li> <li>Glad to hear that, Secretary, you mentioned</li> <li>yesterday that you are pretty familiar with the</li> </ol>
<ol> <li>Chrysler. So also we have a lot of companies like</li> <li>Johnson &amp; Johnson from the healthcare segment, and many</li> <li>[sic] of that that comes from the U.S. corporations.</li> <li>Also from Canada. Just in Juarez, just crossing the</li> <li>border close to here, we have Bombardier Recreation</li> <li>Products, BRP, that is from Canada, and another more</li> <li>[sic].</li> </ol>	<ol> <li>Chihuahua. So that is the reason why we we need to</li> <li>keep doing a pro-efficient (phonetic) in our in</li> <li>our logistics because we have many products here that we</li> <li>need to bring, just, right through Texas.</li> <li>Glad to hear that, Secretary, you mentioned</li> <li>yesterday that you are pretty familiar with the</li> <li>logistics, with the manufacturers around. So that is</li> </ol>
<ol> <li>Chrysler. So also we have a lot of companies like</li> <li>Johnson &amp; Johnson from the healthcare segment, and many</li> <li>[sic] of that that comes from the U.S. corporations.</li> <li>Also from Canada. Just in Juarez, just crossing the</li> <li>border close to here, we have Bombardier Recreation</li> <li>Products, BRP, that is from Canada, and another more</li> <li>[sic].</li> <li>8 So IMMEX Industry represents that more</li> </ol>	<ol> <li>Chihuahua. So that is the reason why we we need to</li> <li>keep doing a pro-efficient (phonetic) in our in</li> <li>our logistics because we have many products here that we</li> <li>need to bring, just, right through Texas.</li> <li>Glad to hear that, Secretary, you mentioned</li> <li>yesterday that you are pretty familiar with the</li> <li>logistics, with the manufacturers around. So that is</li> <li>8 that is good for us because it makes more easier to us</li> </ol>
<ol> <li>Chrysler. So also we have a lot of companies like</li> <li>Johnson &amp; Johnson from the healthcare segment, and many</li> <li>[sic] of that that comes from the U.S. corporations.</li> <li>Also from Canada. Just in Juarez, just crossing the</li> <li>border close to here, we have Bombardier Recreation</li> <li>Products, BRP, that is from Canada, and another more</li> <li>[sic].</li> <li>So IMMEX Industry represents that more</li> <li>than the 18 percent of the national employment, with</li> </ol>	<ol> <li>Chihuahua. So that is the reason why we we need to</li> <li>keep doing a pro-efficient (phonetic) in our in</li> <li>our logistics because we have many products here that we</li> <li>need to bring, just, right through Texas.</li> <li>Glad to hear that, Secretary, you mentioned</li> <li>yesterday that you are pretty familiar with the</li> <li>logistics, with the manufacturers around. So that is</li> <li>that is good for us because it makes more easier to us</li> <li>to to just to try to sometimes ask for help in</li> </ol>
<ol> <li>Chrysler. So also we have a lot of companies like</li> <li>Johnson &amp; Johnson from the healthcare segment, and many</li> <li>[sic] of that that comes from the U.S. corporations.</li> <li>Also from Canada. Just in Juarez, just crossing the</li> <li>border close to here, we have Bombardier Recreation</li> <li>Products, BRP, that is from Canada, and another more</li> <li>[sic].</li> <li>So IMMEX Industry represents that more</li> <li>than the 18 percent of the national employment, with</li> <li>more than 3 million employees around and direct</li> </ol>	<ol> <li>Chihuahua. So that is the reason why we we need to</li> <li>keep doing a pro-efficient (phonetic) in our in</li> <li>our logistics because we have many products here that we</li> <li>need to bring, just, right through Texas.</li> <li>Glad to hear that, Secretary, you mentioned</li> <li>yesterday that you are pretty familiar with the</li> <li>logistics, with the manufacturers around. So that is</li> <li>that is good for us because it makes more easier to us</li> <li>to to just to try to sometimes ask for help in</li> <li>some cases that [sic] we are in trouble.</li> </ol>
<ol> <li>Chrysler. So also we have a lot of companies like</li> <li>Johnson &amp; Johnson from the healthcare segment, and many</li> <li>[sic] of that that comes from the U.S. corporations.</li> <li>Also from Canada. Just in Juarez, just crossing the</li> <li>border close to here, we have Bombardier Recreation</li> <li>Products, BRP, that is from Canada, and another more</li> <li>[sic].</li> <li>So IMMEX Industry represents that more</li> <li>than the 18 percent of the national employment, with</li> <li>more than 3 million employees around and direct</li> <li>direct employees in the industry.</li> </ol>	<ol> <li>Chihuahua. So that is the reason why we we need to</li> <li>keep doing a pro-efficient (phonetic) in our in</li> <li>our logistics because we have many products here that we</li> <li>need to bring, just, right through Texas.</li> <li>Glad to hear that, Secretary, you mentioned</li> <li>yesterday that you are pretty familiar with the</li> <li>logistics, with the manufacturers around. So that is</li> <li>that is good for us because it makes more easier to us</li> <li>to to just to try to sometimes ask for help in</li> <li>some cases that [sic] we are in trouble.</li> <li>But, now, in comparation (phonetic) to the</li> </ol>
<ol> <li>Chrysler. So also we have a lot of companies like</li> <li>Johnson &amp; Johnson from the healthcare segment, and many</li> <li>[sic] of that that comes from the U.S. corporations.</li> <li>Also from Canada. Just in Juarez, just crossing the</li> <li>border close to here, we have Bombardier Recreation</li> <li>Products, BRP, that is from Canada, and another more</li> <li>[sic].</li> <li>So IMMEX Industry represents that more</li> <li>than the 18 percent of the national employment, with</li> <li>more than 3 million employees around and direct</li> <li>direct employees in the industry.</li> <li>So in coordination with INDEX National,</li> </ol>	<ol> <li>Chihuahua. So that is the reason why we we need to</li> <li>keep doing a pro-efficient (phonetic) in our in</li> <li>our logistics because we have many products here that we</li> <li>need to bring, just, right through Texas.</li> <li>Glad to hear that, Secretary, you mentioned</li> <li>yesterday that you are pretty familiar with the</li> <li>logistics, with the manufacturers around. So that is</li> <li>that is good for us because it makes more easier to us</li> <li>to to just to try to sometimes ask for help in</li> <li>some cases that [sic] we are in trouble.</li> <li>But, now, in comparation (phonetic) to the</li> <li>previous year, we are not doing we are not receiving</li> </ol>
<ol> <li>Chrysler. So also we have a lot of companies like</li> <li>Johnson &amp; Johnson from the healthcare segment, and many</li> <li>[sic] of that that comes from the U.S. corporations.</li> <li>Also from Canada. Just in Juarez, just crossing the</li> <li>border close to here, we have Bombardier Recreation</li> <li>Products, BRP, that is from Canada, and another more</li> <li>[sic].</li> <li>8 So IMMEX Industry represents that more</li> <li>9 than the 18 percent of the national employment, with</li> <li>10 more than 3 million employees around and direct</li> <li>11 direct employees in the industry.</li> <li>12 So in coordination with INDEX National,</li> <li>13 that is the council, 18 local associations, we are in</li> </ol>	<ol> <li>Chihuahua. So that is the reason why we we need to</li> <li>keep doing a pro-efficient (phonetic) in our in</li> <li>our logistics because we have many products here that we</li> <li>need to bring, just, right through Texas.</li> <li>Glad to hear that, Secretary, you mentioned</li> <li>yesterday that you are pretty familiar with the</li> <li>logistics, with the manufacturers around. So that is</li> <li>that is good for us because it makes more easier to us</li> <li>to to just to try to sometimes ask for help in</li> <li>some cases that [sic] we are in trouble.</li> <li>But, now, in comparation (phonetic) to the</li> <li>previous year, we are not doing we are not receiving</li> <li>the full demand. As you can see, just on this example</li> </ol>
<ol> <li>Chrysler. So also we have a lot of companies like</li> <li>Johnson &amp; Johnson from the healthcare segment, and many</li> <li>[sic] of that that comes from the U.S. corporations.</li> <li>Also from Canada. Just in Juarez, just crossing the</li> <li>border close to here, we have Bombardier Recreation</li> <li>Products, BRP, that is from Canada, and another more</li> <li>[sic].</li> <li>So IMMEX Industry represents that more</li> <li>than the 18 percent of the national employment, with</li> <li>more than 3 million employees around and direct</li> <li>direct employees in the industry.</li> <li>So in coordination with INDEX National,</li> <li>that is the council, 18 local associations, we are in</li> <li>coordination with them through the old cities or the</li> </ol>	<ol> <li>Chihuahua. So that is the reason why we we need to</li> <li>keep doing a pro-efficient (phonetic) in our in</li> <li>our logistics because we have many products here that we</li> <li>need to bring, just, right through Texas.</li> <li>Glad to hear that, Secretary, you mentioned</li> <li>yesterday that you are pretty familiar with the</li> <li>logistics, with the manufacturers around. As you can see, just on this example</li> <li>for Juarez, it's not good attendance. That the</li> </ol>
<ol> <li>Chrysler. So also we have a lot of companies like</li> <li>Johnson &amp; Johnson from the healthcare segment, and many</li> <li>[sic] of that that comes from the U.S. corporations.</li> <li>Also from Canada. Just in Juarez, just crossing the</li> <li>border close to here, we have Bombardier Recreation</li> <li>Products, BRP, that is from Canada, and another more</li> <li>[sic].</li> <li>So IMMEX Industry represents that more</li> <li>than the 18 percent of the national employment, with</li> <li>more than 3 million employees around and direct</li> <li>direct employees in the industry.</li> <li>So in coordination with INDEX National,</li> <li>that is the council, 18 local associations, we are in</li> <li>coordination with them through the old cities or the</li> <li>main cities in the country. Normally, INDEX promotes</li> </ol>	<ol> <li>Chihuahua. So that is the reason why we we need to</li> <li>keep doing a pro-efficient (phonetic) in our in</li> <li>our logistics because we have many products here that we</li> <li>need to bring, just, right through Texas.</li> <li>Glad to hear that, Secretary, you mentioned</li> <li>yesterday that you are pretty familiar with the</li> <li>logistics, with the manufacturers around. So that is</li> <li>that is good for us because it makes more easier to us</li> <li>to to just to try to sometimes ask for help in</li> <li>some cases that [sic] we are in trouble.</li> <li>But, now, in comparation (phonetic) to the</li> <li>previous year, we are not doing we are not receiving</li> <li>the full demand. As you can see, just on this example</li> <li>for Juarez, it's not good attendance. That the</li> <li>employment is decreasing. From 340,000 we decreased to</li> </ol>
<ol> <li>Chrysler. So also we have a lot of companies like</li> <li>Johnson &amp; Johnson from the healthcare segment, and many</li> <li>[sic] of that that comes from the U.S. corporations.</li> <li>Also from Canada. Just in Juarez, just crossing the</li> <li>border close to here, we have Bombardier Recreation</li> <li>Products, BRP, that is from Canada, and another more</li> <li>[sic].</li> <li>So IMMEX Industry represents that more</li> <li>than the 18 percent of the national employment, with</li> <li>more than 3 million employees around and direct</li> <li>direct employees in the industry.</li> <li>So in coordination with INDEX National,</li> <li>that is the council, 18 local associations, we are in</li> <li>coordination with them through the old cities or the</li> <li>main cities in the country. Normally, INDEX promotes</li> <li>the old legal and best practices on [sic] the industry</li> </ol>	<ol> <li>Chihuahua. So that is the reason why we we need to</li> <li>keep doing a pro-efficient (phonetic) in our in</li> <li>our logistics because we have many products here that we</li> <li>need to bring, just, right through Texas.</li> <li>Glad to hear that, Secretary, you mentioned</li> <li>yesterday that you are pretty familiar with the</li> <li>logistics, with the manufacturers around. So that is</li> <li>that is good for us because it makes more easier to us</li> <li>to to just to try to sometimes ask for help in</li> <li>some cases that [sic] we are in trouble.</li> <li>But, now, in comparation (phonetic) to the</li> <li>previous year, we are not doing we are not receiving</li> <li>the full demand. As you can see, just on this example</li> <li>for Juarez, it's not good attendance. That the</li> <li>employment is decreasing. From 340,000 we decreased to</li> <li>316,000 in the end of the year. That means or, just,</li> </ol>
<ul> <li>1 Chrysler. So also we have a lot of companies like</li> <li>2 Johnson &amp; Johnson from the healthcare segment, and many</li> <li>3 [sic] of that that comes from the U.S. corporations.</li> <li>4 Also from Canada. Just in Juarez, just crossing the</li> <li>5 border close to here, we have Bombardier Recreation</li> <li>6 Products, BRP, that is from Canada, and another more</li> <li>7 [sic].</li> <li>8 So IMMEX Industry represents that more</li> <li>9 than the 18 percent of the national employment, with</li> <li>10 more than 3 million employees around and direct</li> <li>11 direct employees in the industry.</li> <li>12 So in coordination with INDEX National,</li> <li>13 that is the council, 18 local associations, we are in</li> <li>14 coordination with them through the old cities or the</li> <li>15 main cities in the country. Normally, INDEX promotes</li> <li>16 the old legal and best practices on [sic] the industry</li> <li>17 to operate in Mexico, plus the all security</li> </ul>	<ol> <li>Chihuahua. So that is the reason why we we need to</li> <li>keep doing a pro-efficient (phonetic) in our in</li> <li>our logistics because we have many products here that we</li> <li>need to bring, just, right through Texas.</li> <li>Glad to hear that, Secretary, you mentioned</li> <li>yesterday that you are pretty familiar with the</li> <li>logistics, with the manufacturers around. So that is</li> <li>that is good for us because it makes more easier to us</li> <li>to to just to try to sometimes ask for help in</li> <li>some cases that [sic] we are in trouble.</li> <li>But, now, in comparation (phonetic) to the</li> <li>previous year, we are not doing we are not receiving</li> <li>the full demand. As you can see, just on this example</li> <li>for Juarez, it's not good attendance. That the</li> <li>employment is decreasing. From 340,000 we decreased to</li> <li>316,000 in the end of the year. That means or, just,</li> </ol>
<ul> <li>1 Chrysler. So also we have a lot of companies like</li> <li>2 Johnson &amp; Johnson from the healthcare segment, and many</li> <li>3 [sic] of that that comes from the U.S. corporations.</li> <li>4 Also from Canada. Just in Juarez, just crossing the</li> <li>5 border close to here, we have Bombardier Recreation</li> <li>6 Products, BRP, that is from Canada, and another more</li> <li>7 [sic].</li> <li>8 So IMMEX Industry represents that more</li> <li>9 than the 18 percent of the national employment, with</li> <li>10 more than 3 million employees around and direct</li> <li>11 direct employees in the industry.</li> <li>12 So in coordination with INDEX National,</li> <li>13 that is the council, 18 local associations, we are in</li> <li>14 coordination with them through the old cities or the</li> <li>15 main cities in the country. Normally, INDEX promotes</li> <li>16 the old legal and best practices on [sic] the industry</li> <li>17 to operate in Mexico, plus the all security</li> <li>18 international mutual recognized certifications like</li> </ul>	<ul> <li>1 Chihuahua. So that is the reason why we we need to</li> <li>2 keep doing a pro-efficient (phonetic) in our in</li> <li>3 our logistics because we have many products here that we</li> <li>4 need to bring, just, right through Texas.</li> <li>5 Glad to hear that, Secretary, you mentioned</li> <li>6 yesterday that you are pretty familiar with the</li> <li>7 logistics, with the manufacturers around. So that is</li> <li>8 that is good for us because it makes more easier to us</li> <li>9 to to just to try to sometimes ask for help in</li> <li>10 some cases that [sic] we are in trouble.</li> <li>11 But, now, in comparation (phonetic) to the</li> <li>12 previous year, we are not doing we are not receiving</li> <li>13 the full demand. As you can see, just on this example</li> <li>14 for Juarez, it's not good attendance. That the</li> <li>15 employment is decreasing. From 340,000 we decreased to</li> <li>16 316,000 in the end of the year. That means or, just,</li> <li>17 what I can try to mention or to show you is that, in</li> <li>18 general, we have a decrease in our production that is</li> </ul>
<ul> <li>1 Chrysler. So also we have a lot of companies like</li> <li>2 Johnson &amp; Johnson from the healthcare segment, and many</li> <li>3 [sic] of that that comes from the U.S. corporations.</li> <li>4 Also from Canada. Just in Juarez, just crossing the</li> <li>5 border close to here, we have Bombardier Recreation</li> <li>6 Products, BRP, that is from Canada, and another more</li> <li>7 [sic].</li> <li>8 So IMMEX Industry represents that more</li> <li>9 than the 18 percent of the national employment, with</li> <li>10 more than 3 million employees around and direct</li> <li>11 direct employees in the industry.</li> <li>12 So in coordination with INDEX National,</li> <li>13 that is the council, 18 local associations, we are in</li> <li>14 coordination with them through the old cities or the</li> <li>15 main cities in the country. Normally, INDEX promotes</li> <li>16 the old legal and best practices on [sic] the industry</li> <li>17 to operate in Mexico, plus the all security</li> <li>18 international mutual recognized certifications like</li> <li>19 CTPAT and EoA and another ones [sic].</li> </ul>	<ul> <li>1 Chihuahua. So that is the reason why we we need to</li> <li>2 keep doing a pro-efficient (phonetic) in our in</li> <li>3 our logistics because we have many products here that we</li> <li>4 need to bring, just, right through Texas.</li> <li>5 Glad to hear that, Secretary, you mentioned</li> <li>6 yesterday that you are pretty familiar with the</li> <li>7 logistics, with the manufacturers around. So that is</li> <li>8 that is good for us because it makes more easier to us</li> <li>9 to to just to try to sometimes ask for help in</li> <li>10 some cases that [sic] we are in trouble.</li> <li>11 But, now, in comparation (phonetic) to the</li> <li>12 previous year, we are not doing we are not receiving</li> <li>13 the full demand. As you can see, just on this example</li> <li>14 for Juarez, it's not good attendance. That the</li> <li>15 employment is decreasing. From 340,000 we decreased to</li> <li>16 316,000 in the end of the year. That means or, just,</li> <li>17 what I can try to mention or to show you is that, in</li> <li>18 general, we have a decrease in our production that is</li> <li>19 equal to the employment.</li> </ul>
<ul> <li>1 Chrysler. So also we have a lot of companies like</li> <li>2 Johnson &amp; Johnson from the healthcare segment, and many</li> <li>3 [sic] of that that comes from the U.S. corporations.</li> <li>4 Also from Canada. Just in Juarez, just crossing the</li> <li>5 border close to here, we have Bombardier Recreation</li> <li>6 Products, BRP, that is from Canada, and another more</li> <li>7 [sic].</li> <li>8 So IMMEX Industry represents that more</li> <li>9 than the 18 percent of the national employment, with</li> <li>10 more than 3 million employees around and direct</li> <li>11 direct employees in the industry.</li> <li>12 So in coordination with INDEX National,</li> <li>13 that is the council, 18 local associations, we are in</li> <li>14 coordination with them through the old cities or the</li> <li>15 main cities in the country. Normally, INDEX promotes</li> <li>16 the old legal and best practices on [sic] the industry</li> <li>17 to operate in Mexico, plus the all security</li> <li>18 international mutual recognized certifications like</li> <li>19 CTPAT and EoA and another ones [sic].</li> <li>20 So before you tall [sic] about the new</li> </ul>	<ol> <li>Chihuahua. So that is the reason why we we need to</li> <li>keep doing a pro-efficient (phonetic) in our in</li> <li>our logistics because we have many products here that we</li> <li>need to bring, just, right through Texas.</li> <li>Glad to hear that, Secretary, you mentioned</li> <li>yesterday that you are pretty familiar with the</li> <li>logistics, with the manufacturers around. So that is</li> <li>that is good for us because it makes more easier to us</li> <li>to to just to try to sometimes ask for help in</li> <li>some cases that [sic] we are in trouble.</li> <li>But, now, in comparation (phonetic) to the</li> <li>previous year, we are not doing we are not receiving</li> <li>the full demand. As you can see, just on this example</li> <li>for Juarez, it's not good attendance. That the</li> <li>employment is decreasing. From 340,000 we decreased to</li> <li>316,000 in the end of the year. That means or, just,</li> <li>what I can try to mention or to show you is that, in</li> <li>general, we have a decrease in our production that is</li> <li>equal to the employment.</li> <li>So something important to remarks [sic]</li> </ol>
<ul> <li>1 Chrysler. So also we have a lot of companies like</li> <li>2 Johnson &amp; Johnson from the healthcare segment, and many</li> <li>3 [sic] of that that comes from the U.S. corporations.</li> <li>4 Also from Canada. Just in Juarez, just crossing the</li> <li>5 border close to here, we have Bombardier Recreation</li> <li>6 Products, BRP, that is from Canada, and another more</li> <li>7 [sic].</li> <li>8 So IMMEX Industry represents that more</li> <li>9 than the 18 percent of the national employment, with</li> <li>10 more than 3 million employees around and direct</li> <li>11 direct employees in the industry.</li> <li>12 So in coordination with INDEX National,</li> <li>13 that is the council, 18 local associations, we are in</li> <li>14 coordination with them through the old cities or the</li> <li>15 main cities in the country. Normally, INDEX promotes</li> <li>16 the old legal and best practices on [sic] the industry</li> <li>17 to operate in Mexico, plus the all security</li> <li>18 international mutual recognized certifications like</li> <li>19 CTPAT and EoA and another ones [sic].</li> <li>20 So before you tall [sic] about the new</li> <li>21 maybe the new implementation about about the security</li> </ul>	<ol> <li>Chihuahua. So that is the reason why we we need to</li> <li>keep doing a pro-efficient (phonetic) in our in</li> <li>our logistics because we have many products here that we</li> <li>need to bring, just, right through Texas.</li> <li>Glad to hear that, Secretary, you mentioned</li> <li>yesterday that you are pretty familiar with the</li> <li>logistics, with the manufacturers around. So that is</li> <li>that is good for us because it makes more easier to us</li> <li>to to just to try to sometimes ask for help in</li> <li>some cases that [sic] we are in trouble.</li> <li>But, now, in comparation (phonetic) to the</li> <li>previous year, we are not doing we are not receiving</li> <li>the full demand. As you can see, just on this example</li> <li>for Juarez, it's not good attendance. That the</li> <li>employment is decreasing. From 340,000 we decreased to</li> <li>316,000 in the end of the year. That means or, just,</li> <li>what I can try to mention or to show you is that, in</li> <li>general, we have a decrease in our production that is</li> <li>equal to the employment.</li> <li>So something important to remarks [sic]</li> <li>here is that the old industry in Mexico regarding to</li> </ol>
<ul> <li>1 Chrysler. So also we have a lot of companies like</li> <li>2 Johnson &amp; Johnson from the healthcare segment, and many</li> <li>3 [sic] of that that comes from the U.S. corporations.</li> <li>4 Also from Canada. Just in Juarez, just crossing the</li> <li>5 border close to here, we have Bombardier Recreation</li> <li>6 Products, BRP, that is from Canada, and another more</li> <li>7 [sic].</li> <li>8 So IMMEX Industry represents that more</li> <li>9 than the 18 percent of the national employment, with</li> <li>10 more than 3 million employees around and direct</li> <li>11 direct employees in the industry.</li> <li>12 So in coordination with INDEX National,</li> <li>13 that is the council, 18 local associations, we are in</li> <li>14 coordination with them through the old cities or the</li> <li>15 main cities in the country. Normally, INDEX promotes</li> <li>16 the old legal and best practices on [sic] the industry</li> <li>17 to operate in Mexico, plus the all security</li> <li>18 international mutual recognized certifications like</li> <li>19 CTPAT and EoA and another ones [sic].</li> <li>20 So before you tall [sic] about the new</li> <li>21 maybe the new implementation about about the security</li> <li>22 and transportation. Believe me, we support that because</li> </ul>	<ul> <li>1 Chihuahua. So that is the reason why we we need to</li> <li>2 keep doing a pro-efficient (phonetic) in our in</li> <li>3 our logistics because we have many products here that we</li> <li>4 need to bring, just, right through Texas.</li> <li>5 Glad to hear that, Secretary, you mentioned</li> <li>6 yesterday that you are pretty familiar with the</li> <li>7 logistics, with the manufacturers around. So that is</li> <li>8 that is good for us because it makes more easier to us</li> <li>9 to to just to try to sometimes ask for help in</li> <li>10 some cases that [sic] we are in trouble.</li> <li>11 But, now, in comparation (phonetic) to the</li> <li>12 previous year, we are not doing we are not receiving</li> <li>13 the full demand. As you can see, just on this example</li> <li>14 for Juarez, it's not good attendance. That the</li> <li>15 employment is decreasing. From 340,000 we decreased to</li> <li>16 316,000 in the end of the year. That means or, just,</li> <li>17 what I can try to mention or to show you is that, in</li> <li>18 general, we have a decrease in our production that is</li> <li>19 equal to the employment.</li> <li>20 So something important to remarks [sic]</li> <li>21 here is that the old industry in Mexico regarding to</li> <li>22 [sic] the foreign investment is considered, like, a call</li> </ul>
<ul> <li>1 Chrysler. So also we have a lot of companies like</li> <li>2 Johnson &amp; Johnson from the healthcare segment, and many</li> <li>3 [sic] of that that comes from the U.S. corporations.</li> <li>4 Also from Canada. Just in Juarez, just crossing the</li> <li>5 border close to here, we have Bombardier Recreation</li> <li>6 Products, BRP, that is from Canada, and another more</li> <li>7 [sic].</li> <li>8 So IMMEX Industry represents that more</li> <li>9 than the 18 percent of the national employment, with</li> <li>10 more than 3 million employees around and direct</li> <li>11 direct employees in the industry.</li> <li>12 So in coordination with INDEX National,</li> <li>13 that is the council, 18 local associations, we are in</li> <li>14 coordination with them through the old cities or the</li> <li>15 main cities in the country. Normally, INDEX promotes</li> <li>16 the old legal and best practices on [sic] the industry</li> <li>17 to operate in Mexico, plus the all security</li> <li>18 international mutual recognized certifications like</li> <li>19 CTPAT and EoA and another ones [sic].</li> <li>20 So before you tall [sic] about the new</li> <li>21 maybe the new implementation about about the security</li> <li>22 and transportation. Believe me, we support that because</li> <li>23 in the end of the day, what we are trying to find is</li> </ul>	<ul> <li>1 Chihuahua. So that is the reason why we we need to</li> <li>2 keep doing a pro-efficient (phonetic) in our in</li> <li>3 our logistics because we have many products here that we</li> <li>4 need to bring, just, right through Texas.</li> <li>5 Glad to hear that, Secretary, you mentioned</li> <li>6 yesterday that you are pretty familiar with the</li> <li>7 logistics, with the manufacturers around. So that is</li> <li>8 that is good for us because it makes more easier to us</li> <li>9 to to just to try to sometimes ask for help in</li> <li>10 some cases that [sic] we are in trouble.</li> <li>11 But, now, in comparation (phonetic) to the</li> <li>12 previous year, we are not doing we are not receiving</li> <li>13 the full demand. As you can see, just on this example</li> <li>14 for Juarez, it's not good attendance. That the</li> <li>15 employment is decreasing. From 340,000 we decreased to</li> <li>16 316,000 in the end of the year. That means or, just,</li> <li>17 what I can try to mention or to show you is that, in</li> <li>18 general, we have a decrease in our production that is</li> <li>19 equal to the employment.</li> <li>20 So something important to remarks [sic]</li> <li>21 here is that the old industry in Mexico regarding to</li> <li>22 [sic] the foreign investment is considered, like, a call</li> <li>23 center. It's not a profit center. That means that we</li> </ul>
<ul> <li>1 Chrysler. So also we have a lot of companies like</li> <li>2 Johnson &amp; Johnson from the healthcare segment, and many</li> <li>3 [sic] of that that comes from the U.S. corporations.</li> <li>4 Also from Canada. Just in Juarez, just crossing the</li> <li>5 border close to here, we have Bombardier Recreation</li> <li>6 Products, BRP, that is from Canada, and another more</li> <li>7 [sic].</li> <li>8 So IMMEX Industry represents that more</li> <li>9 than the 18 percent of the national employment, with</li> <li>10 more than 3 million employees around and direct</li> <li>11 direct employees in the industry.</li> <li>12 So in coordination with INDEX National,</li> <li>13 that is the council, 18 local associations, we are in</li> <li>14 coordination with them through the old cities or the</li> <li>15 main cities in the country. Normally, INDEX promotes</li> <li>16 the old legal and best practices on [sic] the industry</li> <li>17 to operate in Mexico, plus the all security</li> <li>18 international mutual recognized certifications like</li> <li>19 CTPAT and EoA and another ones [sic].</li> <li>20 So before you tall [sic] about the new</li> <li>21 maybe the new implementation about about the security</li> <li>22 and transportation. Believe me, we support that because</li> <li>23 in the end of the day, what we are trying to find is</li> <li>24 being more efficient, and keep the (indiscernible) lower</li> </ul>	<ul> <li>1 Chihuahua. So that is the reason why we we need to</li> <li>2 keep doing a pro-efficient (phonetic) in our in</li> <li>3 our logistics because we have many products here that we</li> <li>4 need to bring, just, right through Texas.</li> <li>5 Glad to hear that, Secretary, you mentioned</li> <li>6 yesterday that you are pretty familiar with the</li> <li>7 logistics, with the manufacturers around. So that is</li> <li>8 that is good for us because it makes more easier to us</li> <li>9 to to just to try to sometimes ask for help in</li> <li>10 some cases that [sic] we are in trouble.</li> <li>11 But, now, in comparation (phonetic) to the</li> <li>12 previous year, we are not doing we are not receiving</li> <li>13 the full demand. As you can see, just on this example</li> <li>14 for Juarez, it's not good attendance. That the</li> <li>15 employment is decreasing. From 340,000 we decreased to</li> <li>16 316,000 in the end of the year. That means or, just,</li> <li>17 what I can try to mention or to show you is that, in</li> <li>18 general, we have a decrease in our production that is</li> <li>19 equal to the employment.</li> <li>20 So something important to remarks [sic]</li> <li>21 here is that the old industry in Mexico regarding to</li> <li>22 [sic] the foreign investment is considered, like, a call</li> <li>23 center. It's not a profit center. That means that we</li> <li>24 are totally (indiscernible) with the U.S. corporations.</li> </ul>
<ul> <li>1 Chrysler. So also we have a lot of companies like</li> <li>2 Johnson &amp; Johnson from the healthcare segment, and many</li> <li>3 [sic] of that that comes from the U.S. corporations.</li> <li>4 Also from Canada. Just in Juarez, just crossing the</li> <li>5 border close to here, we have Bombardier Recreation</li> <li>6 Products, BRP, that is from Canada, and another more</li> <li>7 [sic].</li> <li>8 So IMMEX Industry represents that more</li> <li>9 than the 18 percent of the national employment, with</li> <li>10 more than 3 million employees around and direct</li> <li>11 direct employees in the industry.</li> <li>12 So in coordination with INDEX National,</li> <li>13 that is the council, 18 local associations, we are in</li> <li>14 coordination with them through the old cities or the</li> <li>15 main cities in the country. It's not a profit center. That means that we</li> </ul>

	14965 110 60 113
Page 110	
1 production, we are exploiting the the total or the	<ol> <li>total of the country in Mexico. The number represent,</li> <li>like, at \$58 thousand million. Chihuahua is considered,</li> </ol>
2 values or the real cost. But if we don't keep that	
3 lower cost standard cost, we will [sic] in trouble	<ul><li>3 like, the first producer importer in Mexico. So that</li><li>4 is the reason why we are very interested to keep</li></ul>
4 because we are competing with another [sic] countries,	
5 not cities, with another [sic] countries like at	5 maintaining the good relationship between Texas and
6 Thailand, like Vietnam, like India.	6 Chihuahua.
7 So for us, everything that you are doing	7 And for Juarez, in the same period of time,
8 today here, that is focusing on being more efficient and	8 Juarez represent the 9 percent of the total of the
9 be more competitive by default, it's going to give us	9 national exports with \$46 thousand million. So after
10 more demand. We want to keep in good shape or a	10 Laredo, Juarez-El Paso is the second most important for
11 better shape, that is, today.	11 border crossing.
12 Today, the industry in Mexico, as you can	12 So for us and again, for us it's very
13 see in this chart, we have mostly in the automotive	13 important to keep going in good shape in the border
14 segment. Right after that, electric electronics, and	14 crossing.
15 health care. That is the most segment that we are	15 Just sharing some conclusions about the
16 handling in the country.	16 IMMEX, in the beginning and this morning somebody say
17 As you can mention before, some of the	17 that just we need to talk about nurturing, now we need
18 companies that is doing refrigerators, washing machines,	18 to talk about the friendshoring. I think both together
19 all that kind of things, we are doing just right 15	19 because the nearshoring for Mexico is not new. That
20 minutes from here. One of the key here also that	20 it start [sic] at the beginning in the 1960s, and we
21 sometimes we forget is that the industry normally	21 continue receiving a lot of investment. Just in the
22 working just in time. And in the last years, normally	22 last month, we receive some announcements about the new
23 the strategy to produce or for sales is that the old	23 10,000 employee employees for for one company from
24 companies build to stock. Normally they produce the	24 one Canadian company is going to be established in
25 production where we'll stock today. The mixing between	25 Juarez. And also we're open [sic] two factories. One
Page 111	Page 113
1 built to stock and make to order is changing.	1 from Germany, and one from U.S. So we continue to open
2 As you can normally try, any time that you	2 new investment in Juarez and in Mexico.
3 are trying to buy something from Amazon, maybe you're	3 Texas normally receive the high volume of
4 going to receive the product tomorrow or after tomorrow.	4 the commercial transactions in Mexico. So that is the
5 That means the times of the delivery time change. It's	5 reason why it's pretty important to keep an excellent
6 exactly the same for the industry. With the adjusting	6 border crossing. Not only what is exporting from
7 time, with the the kind of production that we have	7 Mexico, also something important is that everything that
8 today. For example, for the old health care segment	8 we are crossing from Juarez to Matamoros is staying in
9 that we have all hospitals in Houston and Austin and	9 Texas. And from Texas it's shipping to somewhere. So
10 Dallas. Just right here in Juarez, we have a lot of	10 the 55 percentage of the items that we are bringing from
11 products that we are doing for them. So for us, it's	11 Mexico into the Texas, it stays in Texas. And the 98
12 very important to keep easy the border crossing and	12 percent of the items that we are bringing from Mexico to
13 faster.	13 Texas, we are selling from Texas. So it's pretty
14 So that is the reason why, also, we are so	14 important to keep going in the good shape.
15 happy to be here today. Just putting some numbers, the	15 So I think that's it from me. It's just to
16 total of the industry manufacturer in Mexico between	16 give a brief numbers from the industry. We know that
17 January to November 2023, the total of the numbers were,	17 mainly, you don't know about the industry and all these
18 like, four thousand I'm sorry, 484 thousand millions.	18 kind of details, but if somebody have a question, I'm
19 Just for the (indiscernible) about normal means the	19 welcome to answer.
20 imports for United States. About (indiscernible)	20 SECRETARY NELSON: Questions?
21 similar similar amount. This is only numbers for the	21 MR. CALVO: Madam Secretary?
22 manufacturer industry. Here is not involved another	22 SECRETARY NELSON: Yes, sir.
23 another segments.	23 MR. CALVO: This is Eduardo Calvo with the
24 In the same period of time, for only	24 El Paso MPO.
25 Chihuahua state, that represented 12 percent of the	25 Sergio, the numbers that you were showing

	Page 116
2 in 2023 Do you have similar numbers for Chibuahua? 2 covers a large portion	t GMXT, you know, there's a
	of Mexico, for sure. And then
3 Could it be that maybe some industry is 3 the two states here in the	e U.S. that I mentioned. And I
4 relocating instead of Juarez, going down to Chihuahua 4 keep realizing I need to c	change the number eight Class
5 and maybe there's a little equilibrium there? 5 1. That's changed now,	as we were reminded in our last
6 MR. COLIN: Unfortunately, no. 6 session with CPKC. But	these are the you can see the
7 Unfortunately, we're seeing same numbers around the 7 map here of, kind of, the	footprint of Ferromex in red,
8 country, with the exception of Apodaca. Apodaca have a 8 Ferrosur in green down t	here. And then the Texas
9 (indiscernible) but most of these cities is a deficit 9 Pacifico is the yellow line	e that's kind of small, but I
10 about employment decrease. Attendance decreased, 10 think you can see that.	And then there's also a
11 unfortunately. That is how we are measuring that our 11 interest within GMXT of	the the rail ferry that runs
	and on the gulf coast of Mexico
13 something to remark, some products in Mexico that is 13 up to Mobile, Alabama.	-
14 produced in Mexico is seasonal products. So normally 14 overall footprint that GM	-
	n a little more specific
16 MR. CALVO: Thank you. 16 to to Texas Pacifico ai	
	pared to our our rail brother
18 SECRETARY NELSON: Thank you. Other 18 in both in the short line	
	Class 1, for sure. You know,

And</li> </ul>	<ul> <li>1 know, a few things.</li> <li>2 One, from an ag perspective, what we do</li> <li>3 move in ag is dryland farming. So in 2022, we had, you</li> <li>4 know, 50 railscars of ag that we moved from their grain</li> <li>5 season, when as this year, it will be over 1,000 cars.</li> <li>6 So we have a lot of vulnerabilities.</li> <li>7 And and that that makes it it makes it hard to</li> <li>8 forecast. It makes it hard, really, kind of, to operate</li> <li>9 and know where we're going.</li> <li>10 But certainly, what what I like about</li> <li>11 2024 and beyond is a much more balanced product set of</li> <li>12 what we'll be able to move. And that really yeah.</li> <li>13 That will really I'm going to just jump here give</li> <li>14 us a much more diverse product set going going</li> <li>15 forward once we can get the bridge unlocked, so to</li> <li>16 speak. This just demonstrates here, I had those a</li> <li>17 little bit out of order, I realize. But the</li> <li>18 infrastructure projects, I'm not going to go into those.</li> <li>19 But those really are the that's the underpinning.</li> <li>20 That did not include the rebuilding of the bridge, which</li> <li>21 we did in 2019. So the bridge was fully built in 2019.</li> <li>22 The side the Mexican side of the international rail</li> <li>23 bridge in Presidio was already complete when we started</li> <li>24 in January of 2019. So five years ago, that's really</li> </ul>
<ul> <li>1 operate our main rail yard is in San Angelo. And</li> <li>2 then we also operate a rail yard in Fort Stockton as</li> <li>3 well.</li> <li>4 Looking at I always have to include this</li> <li>5 slide, but this tells a little bit of story. And this</li> <li>6 is kind of a bit of backwards looking from a from a</li> <li>7 business standpoint.</li> <li>8 In 2012 when when, you know, the</li> <li>9 horizontal drilling and the whole shell plate (phonetic)</li> <li>10 changed, and fracking became what it has become, the</li> <li>11 the you know, this was a perfect case of being at the</li> <li>12 right place at the right time. And and for a little</li> <li>13 railroad that had been struggling since 2001 to to</li> <li>14 really get its legs, in 2012, things really took off.</li> <li>15 And I highlight this point. That one peak</li> <li>16 in the line there in 2018, unfortunately, the highest</li> <li>17 point, shows the that that month was May of 2018.</li> <li>18 And that's the highest volume month that Texas Pacifico</li> <li>19 has ever had in its in its entire history. That also</li> <li>20 happens to coincide with the month that I started in</li> <li>21 this job. And let me just tell you, for those of you</li> <li>22 that are half asleep, this is not the month that you also</li> </ul>	<ul> <li>1 know, a few things.</li> <li>2 One, from an ag perspective, what we do</li> <li>3 move in ag is dryland farming. So in 2022, we had, you</li> <li>4 know, 50 railscars of ag that we moved from their grain</li> <li>5 season, when as this year, it will be over 1,000 cars.</li> <li>6 So we have a lot of vulnerabilities.</li> <li>7 And and that that makes it it makes it hard to</li> <li>8 forecast. It makes it hard, really, kind of, to operate</li> <li>9 and know where we're going.</li> <li>10 But certainly, what what I like about</li> <li>11 2024 and beyond is a much more balanced product set of</li> <li>12 what we'll be able to move. And that really yeah.</li> <li>13 That will really I'm going to just jump here give</li> <li>14 us a much more diverse product set going going</li> <li>15 forward once we can get the bridge unlocked, so to</li> <li>16 speak. This just demonstrates here, I had those a</li> <li>17 little bit out of order, I realize. But the</li> <li>18 infrastructure projects, I'm not going to go into those.</li> <li>19 But those really are the that's the underpinning.</li> <li>20 That did not include the rebuilding of the bridge, which</li> <li>21 we did in 2019. So the bridge was fully built in 2019.</li> <li>22 The side the Mexican side of the international rail</li> <li>23 bridge in Presidio was already complete when we started</li> </ul>

<ol> <li>Comments? No.</li> <li>Thank you for the photos, too. I love</li> <li>them. Okay. Eduardo?</li> <li>MR. CALVO: All right. So again, my name</li> <li>is Eduardo Calvo, I'm the Executive Director of the El</li> <li>Paso MPO.</li> <li>This presentation, we're really, really</li> <li>excited to show it to you-all. This is the first time</li> <li>that we show some of these preliminary results of the</li> <li>study. But in case I run out of time, I really need to</li> <li>give a big shout-out a big thanks to first of all,</li> <li>to TCEQ, Texas Commission on Environmental Quality.</li> <li>Commissioner Janecka, thank you for for that.</li> <li>This work was done with the Rider 7 grant.</li> <li>Also big shout-out to the to all the people that</li> <li>helped us do the work that you're going to see here,</li> <li>including CBP. For the first time, they allowed us to</li> <li>really get into the data collection for the individual</li> <li>border crossings that you will see here. And also</li> </ol>	<ul> <li>1 just keep in mind that ozone is made up of two</li> <li>2 pollutants, which is NOx and VOCs. And you'll see later</li> <li>3 on the tables that show that. But the combination of</li> <li>4 that is ozone.</li> <li>5 So the objective of this project and of</li> <li>6 this graph, was really to to look at ways that we can</li> <li>7 analyze and improve the the understanding of</li> <li>8 emissions at the international border crossings, but</li> <li>9 also within the binational context.</li> <li>10 So again, like I said, these intercept</li> <li>11 surveys that we did at the international border</li> <li>12 crossings are the first time that we're able to do them</li> <li>13 here. We did them all in the five crossings. We did</li> <li>14 not do them at Tornillo because at the time that we</li> <li>15 executed the surveys, the Tornillo crossing was not open</li> <li>16 for for commercial traffic. So these surveys began</li> <li>17 in December of 2022, and the covered the period of</li> <li>18 spring and summer of '23. And, of course, we did them</li> </ul>
<ol> <li>Comments? No.</li> <li>Thank you for the photos, too. I love</li> <li>them. Okay. Eduardo?</li> <li>MR. CALVO: All right. So again, my name</li> <li>is Eduardo Calvo, I'm the Executive Director of the El</li> <li>Paso MPO.</li> <li>This presentation, we're really, really</li> <li>excited to show it to you-all. This is the first time</li> <li>that we show some of these preliminary results of the</li> <li>study. But in case I run out of time, I really need to</li> <li>give a big shout-out a big thanks to first of all,</li> <li>to TCEQ, Texas Commission on Environmental Quality.</li> <li>Commissioner Janecka, thank you for for that.</li> <li>This work was done with the Rider 7 grant.</li> <li>Also big shout-out to the to all the people that</li> <li>helped us do the work that you're going to see here,</li> <li>including CBP. For the first time, they allowed us to</li> <li>really get into the data collection for the individual</li> <li>border crossings that you will see here. And also</li> <li>Consul Ibarra well, that just stepped out. But he</li> </ol>	<ul> <li>1 just keep in mind that ozone is made up of two</li> <li>2 pollutants, which is NOx and VOCs. And you'll see later</li> <li>3 on the tables that show that. But the combination of</li> <li>4 that is ozone.</li> <li>5 So the objective of this project and of</li> <li>6 this graph, was really to to look at ways that we can</li> <li>7 analyze and improve the the understanding of</li> <li>8 emissions at the international border crossings, but</li> <li>9 also within the binational context.</li> <li>10 So again, like I said, these intercept</li> <li>11 surveys that we did at the international border</li> <li>12 crossings are the first time that we're able to do them</li> <li>13 here. We did them all in the five crossings. We did</li> <li>14 not do them at Tornillo because at the time that we</li> <li>15 executed the surveys, the Tornillo crossing was not open</li> <li>16 for for commercial traffic. So these surveys began</li> <li>17 in December of 2022, and the covered the period of</li> <li>18 spring and summer of '23. And, of course, we did them</li> <li>19 for auto, pedestrians, and trucks.</li> <li>20 So these are just the instruments. As you</li> </ul>
<ul> <li>1 Comments? No.</li> <li>2 Thank you for the photos, too. I love</li> <li>3 them. Okay. Eduardo?</li> <li>4 MR. CALVO: All right. So again, my name</li> <li>5 is Eduardo Calvo, I'm the Executive Director of the El</li> <li>6 Paso MPO.</li> <li>7 This presentation, we're really, really</li> <li>8 excited to show it to you-all. This is the first time</li> <li>9 that we show some of these preliminary results of the</li> <li>10 study. But in case I run out of time, I really need to</li> <li>11 give a big shout-out a big thanks to first of all,</li> <li>12 to TCEQ, Texas Commission on Environmental Quality.</li> <li>13 Commissioner Janecka, thank you for for that.</li> <li>14 This work was done with the Rider 7 grant.</li> <li>15 Also big shout-out to the to all the people that</li> <li>16 helped us do the work that you're going to see here,</li> <li>17 including CBP. For the first time, they allowed us to</li> <li>18 really get into the data collection for the individual</li> <li>19 border crossings that you will see here. And also</li> <li>20 Consul Ibarra well, that just stepped out. But he</li> <li>21 was also instrumental in helping us get the same access</li> <li>22 on the Mexican side with the Mexican aduares (phonetic).</li> <li>23 All right. So what we're going to talk</li> </ul>	<ul> <li>1 just keep in mind that ozone is made up of two</li> <li>2 pollutants, which is NOx and VOCs. And you'll see later</li> <li>3 on the tables that show that. But the combination of</li> <li>4 that is ozone.</li> <li>5 So the objective of this project and of</li> <li>6 this graph, was really to to look at ways that we can</li> <li>7 analyze and improve the the understanding of</li> <li>8 emissions at the international border crossings, but</li> <li>9 also within the binational context.</li> <li>10 So again, like I said, these intercept</li> <li>11 surveys that we did at the international border</li> <li>12 crossings are the first time that we're able to do them</li> <li>13 here. We did them all in the five crossings. We did</li> <li>14 not do them at Tornillo because at the time that we</li> <li>15 executed the surveys, the Tornillo crossing was not open</li> <li>16 for for commercial traffic. So these surveys began</li> <li>17 in December of 2022, and the covered the period of</li> <li>18 spring and summer of '23. And, of course, we did them</li> <li>19 for auto, pedestrians, and trucks.</li> <li>20 So these are just the instruments. As you</li> <li>21 can see, very detailed. So again, these were intercept</li> <li>22 surveys as the vehicles were entering the queue. On the</li> <li>23 Mexican side, we had people there with Colegio de la</li> </ul>
<ul> <li>1 Comments? No.</li> <li>2 Thank you for the photos, too. I love</li> <li>3 them. Okay. Eduardo?</li> <li>4 MR. CALVO: All right. So again, my name</li> <li>5 is Eduardo Calvo, I'm the Executive Director of the El</li> <li>6 Paso MPO.</li> <li>7 This presentation, we're really, really</li> <li>8 excited to show it to you-all. This is the first time</li> <li>9 that we show some of these preliminary results of the</li> <li>10 study. But in case I run out of time, I really need to</li> <li>11 give a big shout-out a big thanks to first of all,</li> <li>12 to TCEQ, Texas Commission on Environmental Quality.</li> <li>13 Commissioner Janecka, thank you for for that.</li> <li>14 This work was done with the Rider 7 grant.</li> <li>15 Also big shout-out to the to all the people that</li> <li>16 helped us do the work that you're going to see here,</li> <li>17 including CBP. For the first time, they allowed us to</li> <li>18 really get into the data collection for the individual</li> <li>19 border crossings that you will see here. And also</li> <li>20 Consul Ibarra well, that just stepped out. But he</li> <li>21 was also instrumental in helping us get the same access</li> <li>22 on the Mexican side with the Mexican aduares (phonetic).</li> <li>23 All right. So what we're going to talk</li> <li>24 about super quickly is, you know, the work that we did</li> </ul>	<ul> <li>1 just keep in mind that ozone is made up of two</li> <li>2 pollutants, which is NOx and VOCs. And you'll see later</li> <li>3 on the tables that show that. But the combination of</li> <li>4 that is ozone.</li> <li>5 So the objective of this project and of</li> <li>6 this graph, was really to to look at ways that we can</li> <li>7 analyze and improve the the understanding of</li> <li>8 emissions at the international border crossings, but</li> <li>9 also within the binational context.</li> <li>10 So again, like I said, these intercept</li> <li>11 surveys that we did at the international border</li> <li>12 crossings are the first time that we're able to do them</li> <li>13 here. We did them all in the five crossings. We did</li> <li>14 not do them at Tornillo because at the time that we</li> <li>15 executed the surveys, the Tornillo crossing was not open</li> <li>16 for for commercial traffic. So these surveys began</li> <li>17 in December of 2022, and the covered the period of</li> <li>18 spring and summer of '23. And, of course, we did them</li> <li>19 for auto, pedestrians, and trucks.</li> <li>20 So these are just the instruments. As you</li> <li>21 can see, very detailed. So again, these were intercept</li> <li>22 surveys as the vehicles were entering the queue. On the</li> <li>23 Mexican side, we had people there with Colegio de la</li> <li>24 Frontera people that were actually conducting these. So</li> </ul>
<ul> <li>1 Comments? No.</li> <li>2 Thank you for the photos, too. I love</li> <li>3 them. Okay. Eduardo?</li> <li>4 MR. CALVO: All right. So again, my name</li> <li>5 is Eduardo Calvo, I'm the Executive Director of the El</li> <li>6 Paso MPO.</li> <li>7 This presentation, we're really, really</li> <li>8 excited to show it to you-all. This is the first time</li> <li>9 that we show some of these preliminary results of the</li> <li>10 study. But in case I run out of time, I really need to</li> <li>11 give a big shout-out a big thanks to first of all,</li> <li>12 to TCEQ, Texas Commission on Environmental Quality.</li> <li>13 Commissioner Janecka, thank you for for that.</li> <li>14 This work was done with the Rider 7 grant.</li> <li>15 Also big shout-out to the to all the people that</li> <li>16 helped us do the work that you're going to see here,</li> <li>17 including CBP. For the first time, they allowed us to</li> <li>18 really get into the data collection for the individual</li> <li>19 border crossings that you will see here. And also</li> <li>20 Consul Ibarra well, that just stepped out. But he</li> <li>21 was also instrumental in helping us get the same access</li> <li>22 on the Mexican side with the Mexican aduares (phonetic).</li> <li>23 All right. So what we're going to talk</li> </ul>	<ul> <li>1 just keep in mind that ozone is made up of two</li> <li>2 pollutants, which is NOx and VOCs. And you'll see later</li> <li>3 on the tables that show that. But the combination of</li> <li>4 that is ozone.</li> <li>5 So the objective of this project and of</li> <li>6 this graph, was really to to look at ways that we can</li> <li>7 analyze and improve the the understanding of</li> <li>8 emissions at the international border crossings, but</li> <li>9 also within the binational context.</li> <li>10 So again, like I said, these intercept</li> <li>11 surveys that we did at the international border</li> <li>12 crossings are the first time that we're able to do them</li> <li>13 here. We did them all in the five crossings. We did</li> <li>14 not do them at Tornillo because at the time that we</li> <li>15 executed the surveys, the Tornillo crossing was not open</li> <li>16 for for commercial traffic. So these surveys began</li> <li>17 in December of 2022, and the covered the period of</li> <li>18 spring and summer of '23. And, of course, we did them</li> <li>19 for auto, pedestrians, and trucks.</li> <li>20 So these are just the instruments. As you</li> <li>21 can see, very detailed. So again, these were intercept</li> <li>22 surveys as the vehicles were entering the queue. On the</li> <li>23 Mexican side, we had people there with Colegio de la</li> </ul>

	Pages 126 to 129
Page 126	Page 128
1 you know, pretty detailed information. And for trucks	1 we separate we're able to separate the VMT and all
2 as well. Right?	2 the statistics on the Juarez and on the El Paso side.
3 So a lot of the really valuable information	3 But what is interesting is now that we we started
4 that we got from this is really the the better	4 running some scenarios. And this is a key for for
5 understanding of origin destination cross-border	5 this tool for this exercise. Now that we have a tool
6 patterns. Right? So going northbound, most of the	6 that allows us to see both Juarez and El Paso as one,
7 traffic originated in the industrial parts of Juarez, on	7 you know, we're able to test different scenarios. Don't
8 the maquilas, and end up in El Paso with where they	8 pay too much attention to the numbers here because, you
9 transload the cargo, and then that cargo is taken to	9 know, these are just the preliminary runs. We're going
10 wherever the final destination is. Right?	10 to have to rerun everything now that we found some
11 So without getting into details, we really	11 some improvements to the model.
12 were asking information for all of the different trip	12 Then at the micro level, this is where we
13 purposes that we use and travel demand model. But also,	13 look at the at the border crossings themselves.
14 on the commercial side of things, looking for	14 Right? So we used we developed different tools.
15 information on what type of cargo these trucks were	15 So here, you probably can't see that well,
16 carrying. Right? So you see there some of the export	16 but this is a simulation of the Ysleta-Zaragoza Port of
17 codes that we differentiated.	17 Entry, where we're able to simulate microsimulate the
18Very interesting here, about 85 percent	18 movement of trucks and private vehicles as they move.
19 (speaking foreign language) of the the total border	19 Right?
20 crossing trips for for trucks, originate and stay	20 So we have the macro, and the now the
21 within our region. Right?	21 connection between the two macro models are, obviously,
22 So that means that the remaining 15 percent	22 the border crossings. Right? So this is tells us a
23 really goes outside of our region, which means outside	23 lot about vehicle miles traveled, delay, et cetera. But
24 El Paso or outside of Juarez. So that's northbound.	24 this is another tool that we developed, which is
25 And this is southbound. We did the	25 estimates the emissions at the micro level. So what you
Page 127	Page 129
Page 127 1 analysis, also, by commodity type. You know, we've been	Page 129 1 see there in black, those are the each individual
1 analysis, also, by commodity type. You know, we've been	1 see there in black, those are the each individual
<ol> <li>analysis, also, by commodity type. You know, we've been</li> <li>talking that in our area, in our region, we we really</li> </ol>	<ol> <li>see there in black, those are the each individual</li> <li>truck that is crossing and the amount of emissions that</li> </ol>
<ol> <li>analysis, also, by commodity type. You know, we've been</li> <li>talking that in our area, in our region, we we really</li> <li>focus on the high value supply change. So a lot of the</li> </ol>	<ol> <li>see there in black, those are the each individual</li> <li>truck that is crossing and the amount of emissions that</li> <li>they are, you know, emitting. Right? You know, the</li> </ol>
<ol> <li>analysis, also, by commodity type. You know, we've been</li> <li>talking that in our area, in our region, we we really</li> <li>focus on the high value supply change. So a lot of the</li> <li>stuff that crosses is under a just-in-time schedule.</li> </ol>	<ol> <li>see there in black, those are the each individual</li> <li>truck that is crossing and the amount of emissions that</li> <li>they are, you know, emitting. Right? You know, the</li> <li>darker the color so you see in black, those are the</li> </ol>
<ol> <li>analysis, also, by commodity type. You know, we've been</li> <li>talking that in our area, in our region, we we really</li> <li>focus on the high value supply change. So a lot of the</li> <li>stuff that crosses is under a just-in-time schedule.</li> <li>So, you know, we can later on get into more detail on</li> </ol>	<ol> <li>see there in black, those are the each individual</li> <li>truck that is crossing and the amount of emissions that</li> <li>they are, you know, emitting. Right? You know, the</li> <li>darker the color so you see in black, those are the</li> <li>trucks. You see the private vehicles in green. But</li> </ol>
<ol> <li>analysis, also, by commodity type. You know, we've been</li> <li>talking that in our area, in our region, we we really</li> <li>focus on the high value supply change. So a lot of the</li> <li>stuff that crosses is under a just-in-time schedule.</li> <li>So, you know, we can later on get into more detail on</li> <li>on that. But here comes the really cool stuff.</li> </ol>	<ol> <li>see there in black, those are the each individual</li> <li>truck that is crossing and the amount of emissions that</li> <li>they are, you know, emitting. Right? You know, the</li> <li>darker the color so you see in black, those are the</li> <li>trucks. You see the private vehicles in green. But</li> <li>this, again, tell us in real time what the emission</li> </ol>
<ol> <li>analysis, also, by commodity type. You know, we've been</li> <li>talking that in our area, in our region, we we really</li> <li>focus on the high value supply change. So a lot of the</li> <li>stuff that crosses is under a just-in-time schedule.</li> <li>So, you know, we can later on get into more detail on</li> <li>on that. But here comes the really cool stuff.</li> <li>So how do we combine all that we know</li> </ol>	<ol> <li>see there in black, those are the each individual</li> <li>truck that is crossing and the amount of emissions that</li> <li>they are, you know, emitting. Right? You know, the</li> <li>darker the color so you see in black, those are the</li> <li>trucks. You see the private vehicles in green. But</li> <li>this, again, tell us in real time what the emission</li> <li>levels are at each individual crossing.</li> </ol>
<ol> <li>analysis, also, by commodity type. You know, we've been</li> <li>talking that in our area, in our region, we we really</li> <li>focus on the high value supply change. So a lot of the</li> <li>stuff that crosses is under a just-in-time schedule.</li> <li>So, you know, we can later on get into more detail on</li> <li>on that. But here comes the really cool stuff.</li> <li>So how do we combine all that we know</li> <li>with about traffic, you know all the us, you</li> </ol>	<ol> <li>see there in black, those are the each individual</li> <li>truck that is crossing and the amount of emissions that</li> <li>they are, you know, emitting. Right? You know, the</li> <li>darker the color so you see in black, those are the</li> <li>trucks. You see the private vehicles in green. But</li> <li>this, again, tell us in real time what the emission</li> <li>levels are at each individual crossing.</li> <li>Again, this is the example just for</li> </ol>
<ol> <li>analysis, also, by commodity type. You know, we've been</li> <li>talking that in our area, in our region, we we really</li> <li>focus on the high value supply change. So a lot of the</li> <li>stuff that crosses is under a just-in-time schedule.</li> <li>So, you know, we can later on get into more detail on</li> <li>on that. But here comes the really cool stuff.</li> <li>So how do we combine all that we know</li> <li>with about traffic, you know all the us, you</li> <li>know, geeks that look at the travel and traffic and all</li> </ol>	<ol> <li>see there in black, those are the each individual</li> <li>truck that is crossing and the amount of emissions that</li> <li>they are, you know, emitting. Right? You know, the</li> <li>darker the color so you see in black, those are the</li> <li>trucks. You see the private vehicles in green. But</li> <li>this, again, tell us in real time what the emission</li> <li>levels are at each individual crossing.</li> <li>Again, this is the example just for</li> <li>Zaragoza. So we ran different scenarios again, and</li> </ol>
<ol> <li>analysis, also, by commodity type. You know, we've been</li> <li>talking that in our area, in our region, we we really</li> <li>focus on the high value supply change. So a lot of the</li> <li>stuff that crosses is under a just-in-time schedule.</li> <li>So, you know, we can later on get into more detail on</li> <li>on that. But here comes the really cool stuff.</li> <li>So how do we combine all that we know</li> <li>with about traffic, you know all the us, you</li> <li>know, geeks that look at the travel and traffic and all</li> <li>that. How do we look at the travel times, vehicle miles</li> </ol>	<ol> <li>see there in black, those are the each individual</li> <li>truck that is crossing and the amount of emissions that</li> <li>they are, you know, emitting. Right? You know, the</li> <li>darker the color so you see in black, those are the</li> <li>trucks. You see the private vehicles in green. But</li> <li>this, again, tell us in real time what the emission</li> <li>levels are at each individual crossing.</li> <li>Again, this is the example just for</li> <li>Zaragoza. So we ran different scenarios again, and</li> <li>to look at the at the micro level, and see what</li> </ol>
<ol> <li>analysis, also, by commodity type. You know, we've been</li> <li>talking that in our area, in our region, we we really</li> <li>focus on the high value supply change. So a lot of the</li> <li>stuff that crosses is under a just-in-time schedule.</li> <li>So, you know, we can later on get into more detail on</li> <li>on that. But here comes the really cool stuff.</li> <li>So how do we combine all that we know</li> <li>with about traffic, you know all the us, you</li> <li>know, geeks that look at the travel and traffic and all</li> <li>that. How do we look at the travel times, vehicle miles</li> <li>of travel, delay, and so on. But also, in this case,</li> </ol>	<ol> <li>see there in black, those are the each individual</li> <li>truck that is crossing and the amount of emissions that</li> <li>they are, you know, emitting. Right? You know, the</li> <li>darker the color so you see in black, those are the</li> <li>trucks. You see the private vehicles in green. But</li> <li>this, again, tell us in real time what the emission</li> <li>levels are at each individual crossing.</li> <li>Again, this is the example just for</li> <li>Zaragoza. So we ran different scenarios again, and</li> <li>to look at the at the micro level, and see what</li> <li>happens in each case under different improvements.</li> </ol>
<ol> <li>analysis, also, by commodity type. You know, we've been</li> <li>talking that in our area, in our region, we we really</li> <li>focus on the high value supply change. So a lot of the</li> <li>stuff that crosses is under a just-in-time schedule.</li> <li>So, you know, we can later on get into more detail on</li> <li>on that. But here comes the really cool stuff.</li> <li>So how do we combine all that we know</li> <li>with about traffic, you know all the us, you</li> <li>know, geeks that look at the travel and traffic and all</li> <li>that. How do we look at the travel times, vehicle miles</li> <li>of travel, delay, and so on. But also, in this case,</li> <li>combine it with emissions. Right? There's a lot of</li> </ol>	<ol> <li>see there in black, those are the each individual</li> <li>truck that is crossing and the amount of emissions that</li> <li>they are, you know, emitting. Right? You know, the</li> <li>darker the color so you see in black, those are the</li> <li>trucks. You see the private vehicles in green. But</li> <li>this, again, tell us in real time what the emission</li> <li>levels are at each individual crossing.</li> <li>Again, this is the example just for</li> <li>Zaragoza. So we ran different scenarios again, and</li> <li>to look at the at the micro level, and see what</li> <li>happens in each case under different improvements.</li> <li>Right?</li> </ol>
<ol> <li>analysis, also, by commodity type. You know, we've been</li> <li>talking that in our area, in our region, we we really</li> <li>focus on the high value supply change. So a lot of the</li> <li>stuff that crosses is under a just-in-time schedule.</li> <li>So, you know, we can later on get into more detail on</li> <li>on that. How do we look at the travel times, vehicle miles</li> <li>of travel, delay, and so on. But also, in this case,</li> <li>combine it with emissions. Right? There's a lot of</li> <li>conversation about, you know, all this traffic generates</li> </ol>	<ol> <li>see there in black, those are the each individual</li> <li>truck that is crossing and the amount of emissions that</li> <li>they are, you know, emitting. Right? You know, the</li> <li>darker the color so you see in black, those are the</li> <li>trucks. You see the private vehicles in green. But</li> <li>this, again, tell us in real time what the emission</li> <li>levels are at each individual crossing.</li> <li>Again, this is the example just for</li> <li>Zaragoza. So we ran different scenarios again, and</li> <li>to look at the at the micro level, and see what</li> <li>happens in each case under different improvements.</li> <li>Right?</li> <li>So the the different cases that you see</li> </ol>
<ol> <li>analysis, also, by commodity type. You know, we've been</li> <li>talking that in our area, in our region, we we really</li> <li>focus on the high value supply change. So a lot of the</li> <li>stuff that crosses is under a just-in-time schedule.</li> <li>So, you know, we can later on get into more detail on</li> <li>on that. But here comes the really cool stuff.</li> <li>So how do we combine all that we know</li> <li>with about traffic, you know all the us, you</li> <li>know, geeks that look at the travel and traffic and all</li> <li>that. How do we look at the travel times, vehicle miles</li> <li>of travel, delay, and so on. But also, in this case,</li> <li>combine it with emissions. Right? There's a lot of</li> <li>conversation about, you know, all this traffic generates</li> <li>emissions, you know, harmful, obviously, to the</li> </ol>	<ol> <li>see there in black, those are the each individual</li> <li>truck that is crossing and the amount of emissions that</li> <li>they are, you know, emitting. Right? You know, the</li> <li>darker the color so you see in black, those are the</li> <li>trucks. You see the private vehicles in green. But</li> <li>this, again, tell us in real time what the emission</li> <li>levels are at each individual crossing.</li> <li>Again, this is the example just for</li> <li>Zaragoza. So we ran different scenarios again, and</li> <li>to look at the at the micro level, and see what</li> <li>happens in each case under different improvements.</li> <li>Right?</li> <li>So the the different cases that you see</li> <li>there are some assumptions that we just initially ran.</li> </ol>
<ol> <li>analysis, also, by commodity type. You know, we've been</li> <li>talking that in our area, in our region, we we really</li> <li>focus on the high value supply change. So a lot of the</li> <li>stuff that crosses is under a just-in-time schedule.</li> <li>So, you know, we can later on get into more detail on</li> <li>on that. But here comes the really cool stuff.</li> <li>So how do we combine all that we know</li> <li>with about traffic, you know all the us, you</li> <li>know, geeks that look at the travel and traffic and all</li> <li>that. How do we look at the travel times, vehicle miles</li> <li>of travel, delay, and so on. But also, in this case,</li> <li>combine it with emissions. Right? There's a lot of</li> <li>conversation about, you know, all this traffic generates</li> <li>emissions, you know, harmful, obviously, to the</li> </ol>	<ol> <li>see there in black, those are the each individual</li> <li>truck that is crossing and the amount of emissions that</li> <li>they are, you know, emitting. Right? You know, the</li> <li>darker the color so you see in black, those are the</li> <li>trucks. You see the private vehicles in green. But</li> <li>this, again, tell us in real time what the emission</li> <li>levels are at each individual crossing.</li> <li>Again, this is the example just for</li> <li>Zaragoza. So we ran different scenarios again, and</li> <li>to look at the at the micro level, and see what</li> <li>happens in each case under different improvements.</li> <li>Right?</li> <li>So the the different cases that you see</li> <li>there are some assumptions that we just initially ran.</li> <li>What if we do this for example, on the Bridge of the</li> </ol>
<ol> <li>analysis, also, by commodity type. You know, we've been</li> <li>talking that in our area, in our region, we we really</li> <li>focus on the high value supply change. So a lot of the</li> <li>stuff that crosses is under a just-in-time schedule.</li> <li>So, you know, we can later on get into more detail on</li> <li>on that. But here comes the really cool stuff.</li> <li>So how do we combine all that we know</li> <li>with about traffic, you know all the us, you</li> <li>know, geeks that look at the travel and traffic and all</li> <li>that. How do we look at the travel times, vehicle miles</li> <li>of travel, delay, and so on. But also, in this case,</li> <li>combine it with emissions. Right? There's a lot of</li> <li>conversation about, you know, all this traffic generates</li> <li>emissions, you know, harmful, obviously, to the</li> <li>missions. At the macro</li> </ol>	<ol> <li>see there in black, those are the each individual</li> <li>truck that is crossing and the amount of emissions that</li> <li>they are, you know, emitting. Right? You know, the</li> <li>darker the color so you see in black, those are the</li> <li>trucks. You see the private vehicles in green. But</li> <li>this, again, tell us in real time what the emission</li> <li>levels are at each individual crossing.</li> <li>Again, this is the example just for</li> <li>Zaragoza. So we ran different scenarios again, and</li> <li>to look at the at the micro level, and see what</li> <li>happens in each case under different improvements.</li> <li>Right?</li> <li>So the the different cases that you see</li> <li>there are some assumptions that we just initially ran.</li> <li>What if we do this for example, on the Bridge of the</li> <li>Americas, something that is really, you know, going on</li> </ol>
<ol> <li>analysis, also, by commodity type. You know, we've been</li> <li>talking that in our area, in our region, we we really</li> <li>focus on the high value supply change. So a lot of the</li> <li>stuff that crosses is under a just-in-time schedule.</li> <li>So, you know, we can later on get into more detail on</li> <li>on that. But here comes the really cool stuff.</li> <li>So how do we combine all that we know</li> <li>with about traffic, you know all the us, you</li> <li>know, geeks that look at the travel and traffic and all</li> <li>that. How do we look at the travel times, vehicle miles</li> <li>of travel, delay, and so on. But also, in this case,</li> <li>combine it with emissions. Right? There's a lot of</li> <li>conversation about, you know, all this traffic generates</li> <li>emissions, you know, harmful, obviously, to the</li> <li>environment.</li> <li>We used two sets of tools. At the macro</li> <li>level, we use our travel demand model that we use for</li> </ol>	<ol> <li>see there in black, those are the each individual</li> <li>truck that is crossing and the amount of emissions that</li> <li>they are, you know, emitting. Right? You know, the</li> <li>darker the color so you see in black, those are the</li> <li>trucks. You see the private vehicles in green. But</li> <li>this, again, tell us in real time what the emission</li> <li>levels are at each individual crossing.</li> <li>Again, this is the example just for</li> <li>Zaragoza. So we ran different scenarios again, and</li> <li>to look at the at the micro level, and see what</li> <li>happens in each case under different improvements.</li> <li>Right?</li> <li>So the the different cases that you see</li> <li>there are some assumptions that we just initially ran.</li> <li>What if we do this for example, on the Bridge of the</li> <li>Americas, something that is really, you know, going on</li> <li>right now. What if we eliminate commercial traffic from</li> </ol>
<ul> <li>1 analysis, also, by commodity type. You know, we've been</li> <li>2 talking that in our area, in our region, we we really</li> <li>3 focus on the high value supply change. So a lot of the</li> <li>4 stuff that crosses is under a just-in-time schedule.</li> <li>5 So, you know, we can later on get into more detail on</li> <li>6 on that. But here comes the really cool stuff.</li> <li>7 So how do we combine all that we know</li> <li>8 with about traffic, you know all the us, you</li> <li>9 know, geeks that look at the travel and traffic and all</li> <li>10 that. How do we look at the travel times, vehicle miles</li> <li>11 of travel, delay, and so on. But also, in this case,</li> <li>12 combine it with emissions. Right? There's a lot of</li> <li>13 conversation about, you know, all this traffic generates</li> <li>14 emissions, you know, harmful, obviously, to the</li> <li>15 environment.</li> <li>16 We used two sets of tools. At the macro</li> <li>17 level, we use our travel demand model that we use for</li> <li>18 all the you know, the usual stuff on the El Paso</li> </ul>	<ol> <li>see there in black, those are the each individual</li> <li>truck that is crossing and the amount of emissions that</li> <li>they are, you know, emitting. Right? You know, the</li> <li>darker the color so you see in black, those are the</li> <li>trucks. You see the private vehicles in green. But</li> <li>this, again, tell us in real time what the emission</li> <li>levels are at each individual crossing.</li> <li>Again, this is the example just for</li> <li>Zaragoza. So we ran different scenarios again, and</li> <li>to look at the at the micro level, and see what</li> <li>happens in each case under different improvements.</li> <li>Right?</li> <li>So the the different cases that you see</li> <li>there are some assumptions that we just initially ran.</li> <li>What if we do this for example, on the Bridge of the</li> <li>Americas, something that is really, you know, going on</li> <li>right now. What if we eliminate commercial traffic from</li> <li>the Bridge of the Americas. Right? So, yeah, you may</li> </ol>
<ul> <li>1 analysis, also, by commodity type. You know, we've been</li> <li>2 talking that in our area, in our region, we we really</li> <li>3 focus on the high value supply change. So a lot of the</li> <li>4 stuff that crosses is under a just-in-time schedule.</li> <li>5 So, you know, we can later on get into more detail on</li> <li>6 on that. But here comes the really cool stuff.</li> <li>7 So how do we combine all that we know</li> <li>8 with about traffic, you know all the us, you</li> <li>9 know, geeks that look at the travel and traffic and all</li> <li>10 that. How do we look at the travel times, vehicle miles</li> <li>11 of travel, delay, and so on. But also, in this case,</li> <li>12 combine it with emissions. Right? There's a lot of</li> <li>13 conversation about, you know, all this traffic generates</li> <li>14 emissions, you know, harmful, obviously, to the</li> <li>15 environment.</li> <li>16 We used two sets of tools. At the macro</li> <li>17 level, we use our travel demand model that we use for</li> <li>18 all the you know, the usual stuff on the El Paso</li> <li>19 side. But now we combine it with a travel demand model</li> </ul>	<ul> <li>1 see there in black, those are the each individual</li> <li>2 truck that is crossing and the amount of emissions that</li> <li>3 they are, you know, emitting. Right? You know, the</li> <li>4 darker the color so you see in black, those are the</li> <li>5 trucks. You see the private vehicles in green. But</li> <li>6 this, again, tell us in real time what the emission</li> <li>7 levels are at each individual crossing.</li> <li>8 Again, this is the example just for</li> <li>9 Zaragoza. So we ran different scenarios again, and</li> <li>10 to look at the at the micro level, and see what</li> <li>11 happens in each case under different improvements.</li> <li>12 Right?</li> <li>13 So the the different cases that you see</li> <li>14 there are some assumptions that we just initially ran.</li> <li>15 What if we do this for example, on the Bridge of the</li> <li>16 Americas, something that is really, you know, going on</li> <li>17 right now. What if we eliminate commercial traffic from</li> <li>18 the Bridge of the Americas. Right? So, yeah, you may</li> <li>19 take out emissions from trucks from that. But what</li> </ul>
<ul> <li>1 analysis, also, by commodity type. You know, we've been</li> <li>2 talking that in our area, in our region, we we really</li> <li>3 focus on the high value supply change. So a lot of the</li> <li>4 stuff that crosses is under a just-in-time schedule.</li> <li>5 So, you know, we can later on get into more detail on</li> <li>6 on that. But here comes the really cool stuff.</li> <li>7 So how do we combine all that we know</li> <li>8 with about traffic, you know all the us, you</li> <li>9 know, geeks that look at the travel and traffic and all</li> <li>10 that. How do we look at the travel times, vehicle miles</li> <li>11 of travel, delay, and so on. But also, in this case,</li> <li>12 combine it with emissions. Right? There's a lot of</li> <li>13 conversation about, you know, all this traffic generates</li> <li>14 emissions, you know, harmful, obviously, to the</li> <li>15 environment.</li> <li>16 We used two sets of tools. At the macro</li> <li>17 level, we use our travel demand model that we use for</li> <li>18 all the you know, the usual stuff on the El Paso</li> <li>19 side. But now we combine it with a travel demand model</li> <li>20 on the Juarez side. Okay?</li> </ul>	<ul> <li>1 see there in black, those are the each individual</li> <li>2 truck that is crossing and the amount of emissions that</li> <li>3 they are, you know, emitting. Right? You know, the</li> <li>4 darker the color so you see in black, those are the</li> <li>5 trucks. You see the private vehicles in green. But</li> <li>6 this, again, tell us in real time what the emission</li> <li>7 levels are at each individual crossing.</li> <li>8 Again, this is the example just for</li> <li>9 Zaragoza. So we ran different scenarios again, and</li> <li>10 to look at the at the micro level, and see what</li> <li>11 happens in each case under different improvements.</li> <li>12 Right?</li> <li>13 So the the different cases that you see</li> <li>14 there are some assumptions that we just initially ran.</li> <li>15 What if we do this for example, on the Bridge of the</li> <li>16 Americas, something that is really, you know, going on</li> <li>17 right now. What if we eliminate commercial traffic from</li> <li>18 the Bridge of the Americas. Right? So, yeah, you may</li> <li>19 take out emissions from trucks from that. But what</li> <li>20 happens at the regional level?</li> </ul>
<ol> <li>analysis, also, by commodity type. You know, we've been</li> <li>talking that in our area, in our region, we we really</li> <li>focus on the high value supply change. So a lot of the</li> <li>stuff that crosses is under a just-in-time schedule.</li> <li>So, you know, we can later on get into more detail on</li> <li>on that. But here comes the really cool stuff.</li> <li>So how do we combine all that we know</li> <li>with about traffic, you know all the us, you</li> <li>know, geeks that look at the travel and traffic and all</li> <li>that. How do we look at the travel times, vehicle miles</li> <li>of travel, delay, and so on. But also, in this case,</li> <li>combine it with emissions. Right? There's a lot of</li> <li>conversation about, you know, all this traffic generates</li> <li>emissions, you know, harmful, obviously, to the</li> <li>environment.</li> <li>We used two sets of tools. At the macro</li> <li>level, we use our travel demand model that we use for</li> <li>all the you know, the usual stuff on the El Paso</li> <li>side. But now we combine it with a travel demand model</li> <li>on the Juarez side. Okay?</li> <li>So we have a true binational model. Here</li> </ol>	<ul> <li>1 see there in black, those are the each individual</li> <li>2 truck that is crossing and the amount of emissions that</li> <li>3 they are, you know, emitting. Right? You know, the</li> <li>4 darker the color so you see in black, those are the</li> <li>5 trucks. You see the private vehicles in green. But</li> <li>6 this, again, tell us in real time what the emission</li> <li>7 levels are at each individual crossing.</li> <li>8 Again, this is the example just for</li> <li>9 Zaragoza. So we ran different scenarios again, and</li> <li>10 to look at the at the micro level, and see what</li> <li>11 happens in each case under different improvements.</li> <li>12 Right?</li> <li>13 So the the different cases that you see</li> <li>14 there are some assumptions that we just initially ran.</li> <li>15 What if we do this for example, on the Bridge of the</li> <li>16 Americas, something that is really, you know, going on</li> <li>17 right now. What if we eliminate commercial traffic from</li> <li>18 the Bridge of the Americas. Right? So, yeah, you may</li> <li>19 take out emissions from trucks from that. But what</li> <li>20 happens at the regional level?</li> <li>21 So now, you know, we're able to look at</li> </ul>
<ul> <li>1 analysis, also, by commodity type. You know, we've been</li> <li>2 talking that in our area, in our region, we we really</li> <li>3 focus on the high value supply change. So a lot of the</li> <li>4 stuff that crosses is under a just-in-time schedule.</li> <li>5 So, you know, we can later on get into more detail on</li> <li>6 on that. But here comes the really cool stuff.</li> <li>7 So how do we combine all that we know</li> <li>8 with about traffic, you know all the us, you</li> <li>9 know, geeks that look at the travel and traffic and all</li> <li>10 that. How do we look at the travel times, vehicle miles</li> <li>11 of travel, delay, and so on. But also, in this case,</li> <li>12 combine it with emissions. Right? There's a lot of</li> <li>13 conversation about, you know, all this traffic generates</li> <li>14 emissions, you know, harmful, obviously, to the</li> <li>15 environment.</li> <li>16 We used two sets of tools. At the macro</li> <li>17 level, we use our travel demand model that we use for</li> <li>18 all the you know, the usual stuff on the El Paso</li> <li>19 side. But now we combine it with a travel demand model</li> <li>20 on the Juarez side. Okay?</li> <li>21 So we have a true binational model. Here</li> <li>22 you see well, statistics of the combined Juarez and</li> </ul>	<ul> <li>1 see there in black, those are the each individual</li> <li>2 truck that is crossing and the amount of emissions that</li> <li>3 they are, you know, emitting. Right? You know, the</li> <li>4 darker the color so you see in black, those are the</li> <li>5 trucks. You see the private vehicles in green. But</li> <li>6 this, again, tell us in real time what the emission</li> <li>7 levels are at each individual crossing.</li> <li>8 Again, this is the example just for</li> <li>9 Zaragoza. So we ran different scenarios again, and</li> <li>10 to look at the at the micro level, and see what</li> <li>11 happens in each case under different improvements.</li> <li>12 Right?</li> <li>13 So the the different cases that you see</li> <li>14 there are some assumptions that we just initially ran.</li> <li>15 What if we do this for example, on the Bridge of the</li> <li>16 Americas, something that is really, you know, going on</li> <li>17 right now. What if we eliminate commercial traffic from</li> <li>18 the Bridge of the Americas. Right? So, yeah, you may</li> <li>19 take out emissions from trucks from that. But what</li> <li>20 happens at the regional level?</li> <li>21 So now, you know, we're able to look at</li> <li>22 that. When we combine the macro with the micro, we see</li> </ul>
<ul> <li>1 analysis, also, by commodity type. You know, we've been</li> <li>2 talking that in our area, in our region, we we really</li> <li>3 focus on the high value supply change. So a lot of the</li> <li>4 stuff that crosses is under a just-in-time schedule.</li> <li>5 So, you know, we can later on get into more detail on</li> <li>6 on that. But here comes the really cool stuff.</li> <li>7 So how do we combine all that we know</li> <li>8 with about traffic, you know all the us, you</li> <li>9 know, geeks that look at the travel and traffic and all</li> <li>10 that. How do we look at the travel times, vehicle miles</li> <li>11 of travel, delay, and so on. But also, in this case,</li> <li>12 combine it with emissions. Right? There's a lot of</li> <li>13 conversation about, you know, all this traffic generates</li> <li>14 emissions, you know, harmful, obviously, to the</li> <li>15 environment.</li> <li>16 We used two sets of tools. At the macro</li> <li>17 level, we use our travel demand model that we use for</li> <li>18 all the you know, the usual stuff on the EI Paso</li> <li>19 side. But now we combine it with a travel demand model</li> <li>20 on the Juarez side. Okay?</li> <li>21 So we have a true binational model. Here</li> <li>22 you see well, statistics of the combined Juarez and</li> <li>23 EI Paso models. And here we you know, we show some</li> </ul>	<ul> <li>1 see there in black, those are the each individual</li> <li>2 truck that is crossing and the amount of emissions that</li> <li>3 they are, you know, emitting. Right? You know, the</li> <li>4 darker the color so you see in black, those are the</li> <li>5 trucks. You see the private vehicles in green. But</li> <li>6 this, again, tell us in real time what the emission</li> <li>7 levels are at each individual crossing.</li> <li>8 Again, this is the example just for</li> <li>9 Zaragoza. So we ran different scenarios again, and</li> <li>10 to look at the at the micro level, and see what</li> <li>11 happens in each case under different improvements.</li> <li>12 Right?</li> <li>13 So the the different cases that you see</li> <li>14 there are some assumptions that we just initially ran.</li> <li>15 What if we do this for example, on the Bridge of the</li> <li>16 Americas, something that is really, you know, going on</li> <li>17 right now. What if we eliminate commercial traffic from</li> <li>18 the Bridge of the Americas. Right? So, yeah, you may</li> <li>19 take out emissions from trucks from that. But what</li> <li>20 happens at the regional level?</li> <li>21 So now, you know, we're able to look at</li> <li>22 that. When we combine the macro with the micro, we see</li> <li>23 that the overall impact, you know, is different. Right?</li> </ul>

Page 130 1 what happens at the regional level. And, you know, one	
1 what happens at the regional level And you know one	Page 132
i what happens at the regional level. And, you know, one	1 the district, and seven international ports of entry.
2 of the things that we see is that, yeah, if you	2 Currently, we have about a billion dollars
3 eliminate trucks, for example, from the Bridge of the	3 under construction here at the district, and we'll have,
4 Americas, now those trucks have to go somewhere else.	4 by the end of the year, somewhere in the neighborhood of
5 Right? So there's more vehicle miles of travel in	5 1.5 billion under construction. Some of the projects
6 those to the other to the other crossings. Right?	6 that we have under construction right now include our
7 So now but this again, gives us a better	7 I-10 West project. This project goes from Mesa Street
8 tool so that we can really estimate and analyze the	8 to the New Mexico state line. We're currently
9 different scenarios that are going to help us in looking	9 converting it from a four-lane divided to a six-lane
10 at our crossings as a system. And that's one of the key	10 freeway section. We have operational improvements at
11 things that we we now have the ability to look at the	11 all our ramps, and the number of overpasses going in.
12 crossings as a system instead of looking at them	12 Project was let in February of 2022 at a project cost of
13 individually. And not only that, but also the	13 174 million. Anticipated completion date is about this
14 coordination that we need to to have on the Mexican	14 time next year. So we are about a year ahead of
15 side. You saw the presentation from from Sergio.	15 schedule.
16 What we're going to be doing in the	16 Another port of entry, Ysleta-Zaragoza Port
17 future in the next couple of years is really	17 of Entry, we have no less than six projects, right
18 developing a strategic plan that has to be in, you know,	18 adjacent to the port, all in an effort to facilitate
19 complete coordination on the Mexican side. We cannot do	19 trade. At a total project cost of 121 million. These
20 things on one side, it has to be you know, there has	20 include widenings of our Loop 375 roadway, and also some
21 to be a corresponding action on the on the opposite	21 (indiscernible) ramps, some safety improvements as well.
22 side. Every border has two sides, as it's been said a	22 Finally a project that is completed is the
23 couple of times.	23 I-10 Connect Project. Again, this impacted BOTA, added
24 So, anyways so just a brief introduction	24 connectivity from I-10 to Loop 375. Had a total project
25 on this work, and you're going to continue to see this	25 cost of about 96 million. And we wrapped that up last
20 on this work, and you're going to continue to see this	
Page 131	Page 133
1 as we develop our strategic plan with different	1 year.
2 scenarios.	2 In addition to this, we just completed our
3 SECRETARY NELSON: Great information.	3 additional bridge in Presidio. This project was about a
	<ul><li>3 additional bridge in Presidio. This project was about a</li><li>4 \$7 million job. It added a southbound bridge parallel</li></ul>

<ul> <li>3 SECRETARY NELSON: Great information.</li> <li>4 Thank you. Questions? Comments?</li> <li>5 I would note that little conclusion that</li> <li>6 says: "Idling can add up to 25 percent of the emissions</li> <li>7 to those traveling"</li> <li>8 UNIDENTIFIED SPEAKER: Yeah.</li> <li>9 SECRETARY NELSON: Twenty-five percent.</li> <li>10 Wow. Noteworthy.</li> <li>11 Thoughts? Questions? Comments? Go ahead.</li> <li>12 MR. TREVINO: Good morning. My name is</li> <li>13 Tomas Trevino. I'm the EI Paso district engineer.</li> </ul>	<ul> <li>3 additional bridge in Presidio. This project was about a</li> <li>4 \$7 million job. It added a southbound bridge parallel</li> <li>5 structure into Ojinaga. And we had a ribbon cutting in</li> <li>6 October of last year.</li> <li>7 And stay on your right. We are going to</li> <li>8 try and and let the rail inspection facility here</li> <li>9 next month.</li> <li>10 And we got more projects coming. As Sergio</li> <li>11 mentioned earlier, this is an overview of some of the</li> <li>12 projects we have here in the El Paso County, and some of</li> <li>13 the projects that we have in outlying counties.</li> </ul>
<ul> <li>3 SECRETARY NELSON: Great information.</li> <li>4 Thank you. Questions? Comments?</li> <li>5 I would note that little conclusion that</li> <li>6 says: "Idling can add up to 25 percent of the emissions</li> <li>7 to those traveling"</li> <li>8 UNIDENTIFIED SPEAKER: Yeah.</li> <li>9 SECRETARY NELSON: Twenty-five percent.</li> <li>10 Wow. Noteworthy.</li> <li>11 Thoughts? Questions? Comments? Go ahead.</li> <li>12 MR. TREVINO: Good morning. My name is</li> <li>13 Tomas Trevino. I'm the EI Paso district engineer.</li> <li>14 And I know we're running a little bit</li> </ul>	<ul> <li>3 additional bridge in Presidio. This project was about a</li> <li>4 \$7 million job. It added a southbound bridge parallel</li> <li>5 structure into Ojinaga. And we had a ribbon cutting in</li> <li>6 October of last year.</li> <li>7 And stay on your right. We are going to</li> <li>8 try and and let the rail inspection facility here</li> <li>9 next month.</li> <li>10 And we got more projects coming. As Sergio</li> <li>11 mentioned earlier, this is an overview of some of the</li> <li>12 projects we have here in the El Paso County, and some of</li> <li>13 the projects that we have in outlying counties.</li> <li>14 Currently, we are on pace to let a record</li> </ul>
<ul> <li>3 SECRETARY NELSON: Great information.</li> <li>4 Thank you. Questions? Comments?</li> <li>5 I would note that little conclusion that</li> <li>6 says: "Idling can add up to 25 percent of the emissions</li> <li>7 to those traveling"</li> <li>8 UNIDENTIFIED SPEAKER: Yeah.</li> <li>9 SECRETARY NELSON: Twenty-five percent.</li> <li>10 Wow. Noteworthy.</li> <li>11 Thoughts? Questions? Comments? Go ahead.</li> <li>12 MR. TREVINO: Good morning. My name is</li> <li>13 Tomas Trevino. I'm the El Paso district engineer.</li> <li>14 And I know we're running a little bit</li> <li>15 behind schedule. It's a shame because I had a really,</li> </ul>	<ul> <li>3 additional bridge in Presidio. This project was about a</li> <li>4 \$7 million job. It added a southbound bridge parallel</li> <li>5 structure into Ojinaga. And we had a ribbon cutting in</li> <li>6 October of last year.</li> <li>7 And stay on your right. We are going to</li> <li>8 try and and let the rail inspection facility here</li> <li>9 next month.</li> <li>10 And we got more projects coming. As Sergio</li> <li>11 mentioned earlier, this is an overview of some of the</li> <li>12 projects we have here in the El Paso County, and some of</li> <li>13 the projects that we have in outlying counties.</li> <li>14 Currently, we are on pace to let a record</li> <li>15 number of projects for the El Paso District, somewhere</li> </ul>
<ul> <li>3 SECRETARY NELSON: Great information.</li> <li>4 Thank you. Questions? Comments?</li> <li>5 I would note that little conclusion that</li> <li>6 says: "Idling can add up to 25 percent of the emissions</li> <li>7 to those traveling"</li> <li>8 UNIDENTIFIED SPEAKER: Yeah.</li> <li>9 SECRETARY NELSON: Twenty-five percent.</li> <li>10 Wow. Noteworthy.</li> <li>11 Thoughts? Questions? Comments? Go ahead.</li> <li>12 MR. TREVINO: Good morning. My name is</li> <li>13 Tomas Trevino. I'm the El Paso district engineer.</li> <li>14 And I know we're running a little bit</li> <li>15 behind schedule. It's a shame because I had a really,</li> <li>16 really funny joke. But for the sake of time, I'm going</li> </ul>	<ul> <li>3 additional bridge in Presidio. This project was about a</li> <li>4 \$7 million job. It added a southbound bridge parallel</li> <li>5 structure into Ojinaga. And we had a ribbon cutting in</li> <li>6 October of last year.</li> <li>7 And stay on your right. We are going to</li> <li>8 try and and let the rail inspection facility here</li> <li>9 next month.</li> <li>10 And we got more projects coming. As Sergio</li> <li>11 mentioned earlier, this is an overview of some of the</li> <li>12 projects we have here in the El Paso County, and some of</li> <li>13 the projects that we have in outlying counties.</li> <li>14 Currently, we are on pace to let a record</li> <li>15 number of projects for the El Paso District, somewhere</li> <li>16 in the neighborhood of 600 million. On top of that,</li> </ul>
<ul> <li>3 SECRETARY NELSON: Great information.</li> <li>4 Thank you. Questions? Comments?</li> <li>5 I would note that little conclusion that</li> <li>6 says: "Idling can add up to 25 percent of the emissions</li> <li>7 to those traveling"</li> <li>8 UNIDENTIFIED SPEAKER: Yeah.</li> <li>9 SECRETARY NELSON: Twenty-five percent.</li> <li>10 Wow. Noteworthy.</li> <li>11 Thoughts? Questions? Comments? Go ahead.</li> <li>12 MR. TREVINO: Good morning. My name is</li> <li>13 Tomas Trevino. I'm the EI Paso district engineer.</li> <li>14 And I know we're running a little bit</li> <li>15 behind schedule. It's a shame because I had a really,</li> <li>16 really funny joke. But for the sake of time, I'm going</li> <li>17 to go ahead and skip that and get right to the the</li> </ul>	<ul> <li>3 additional bridge in Presidio. This project was about a</li> <li>4 \$7 million job. It added a southbound bridge parallel</li> <li>5 structure into Ojinaga. And we had a ribbon cutting in</li> <li>6 October of last year.</li> <li>7 And stay on your right. We are going to</li> <li>8 try and and let the rail inspection facility here</li> <li>9 next month.</li> <li>10 And we got more projects coming. As Sergio</li> <li>11 mentioned earlier, this is an overview of some of the</li> <li>12 projects we have here in the El Paso County, and some of</li> <li>13 the projects that we have in outlying counties.</li> <li>14 Currently, we are on pace to let a record</li> <li>15 number of projects for the El Paso District, somewhere</li> <li>16 in the neighborhood of 600 million. On top of that,</li> <li>17 we'll have about 80 million of local government</li> </ul>
<ul> <li>3 SECRETARY NELSON: Great information.</li> <li>4 Thank you. Questions? Comments?</li> <li>5 I would note that little conclusion that</li> <li>6 says: "Idling can add up to 25 percent of the emissions</li> <li>7 to those traveling"</li> <li>8 UNIDENTIFIED SPEAKER: Yeah.</li> <li>9 SECRETARY NELSON: Twenty-five percent.</li> <li>10 Wow. Noteworthy.</li> <li>11 Thoughts? Questions? Comments? Go ahead.</li> <li>12 MR. TREVINO: Good morning. My name is</li> <li>13 Tomas Trevino. I'm the EI Paso district engineer.</li> <li>14 And I know we're running a little bit</li> <li>15 behind schedule. It's a shame because I had a really,</li> <li>16 really funny joke. But for the sake of time, I'm going</li> <li>17 to go ahead and skip that and get right to the the</li> <li>18 meat and potatoes.</li> </ul>	<ul> <li>3 additional bridge in Presidio. This project was about a</li> <li>4 \$7 million job. It added a southbound bridge parallel</li> <li>5 structure into Ojinaga. And we had a ribbon cutting in</li> <li>6 October of last year.</li> <li>7 And stay on your right. We are going to</li> <li>8 try and and let the rail inspection facility here</li> <li>9 next month.</li> <li>10 And we got more projects coming. As Sergio</li> <li>11 mentioned earlier, this is an overview of some of the</li> <li>12 projects we have here in the El Paso County, and some of</li> <li>13 the projects that we have in outlying counties.</li> <li>14 Currently, we are on pace to let a record</li> <li>15 number of projects for the El Paso District, somewhere</li> <li>16 in the neighborhood of 600 million. On top of that,</li> <li>17 we'll have about 80 million of local government</li> <li>18 projects. So we'll have a combined total letting for</li> </ul>
<ul> <li>3 SECRETARY NELSON: Great information.</li> <li>4 Thank you. Questions? Comments?</li> <li>5 I would note that little conclusion that</li> <li>6 says: "Idling can add up to 25 percent of the emissions</li> <li>7 to those traveling"</li> <li>8 UNIDENTIFIED SPEAKER: Yeah.</li> <li>9 SECRETARY NELSON: Twenty-five percent.</li> <li>10 Wow. Noteworthy.</li> <li>11 Thoughts? Questions? Comments? Go ahead.</li> <li>12 MR. TREVINO: Good morning. My name is</li> <li>13 Tomas Trevino. I'm the EI Paso district engineer.</li> <li>14 And I know we're running a little bit</li> <li>15 behind schedule. It's a shame because I had a really,</li> <li>16 really funny joke. But for the sake of time, I'm going</li> <li>17 to go ahead and skip that and get right to the the</li> <li>18 meat and potatoes.</li> <li>19 My presentation is simply about some of the</li> </ul>	<ul> <li>3 additional bridge in Presidio. This project was about a</li> <li>4 \$7 million job. It added a southbound bridge parallel</li> <li>5 structure into Ojinaga. And we had a ribbon cutting in</li> <li>6 October of last year.</li> <li>7 And stay on your right. We are going to</li> <li>8 try and and let the rail inspection facility here</li> <li>9 next month.</li> <li>10 And we got more projects coming. As Sergio</li> <li>11 mentioned earlier, this is an overview of some of the</li> <li>12 projects we have here in the El Paso County, and some of</li> <li>13 the projects that we have in outlying counties.</li> <li>14 Currently, we are on pace to let a record</li> <li>15 number of projects for the El Paso District, somewhere</li> <li>16 in the neighborhood of 600 million. On top of that,</li> <li>17 we'll have about 80 million of local government</li> <li>18 projects. So we'll have a combined total letting for</li> <li>19 the district just a little bit shy of 700 million. And</li> </ul>
<ul> <li>3 SECRETARY NELSON: Great information.</li> <li>4 Thank you. Questions? Comments?</li> <li>5 I would note that little conclusion that</li> <li>6 says: "Idling can add up to 25 percent of the emissions</li> <li>7 to those traveling"</li> <li>8 UNIDENTIFIED SPEAKER: Yeah.</li> <li>9 SECRETARY NELSON: Twenty-five percent.</li> <li>10 Wow. Noteworthy.</li> <li>11 Thoughts? Questions? Comments? Go ahead.</li> <li>12 MR. TREVINO: Good morning. My name is</li> <li>13 Tomas Trevino. I'm the El Paso district engineer.</li> <li>14 And I know we're running a little bit</li> <li>15 behind schedule. It's a shame because I had a really,</li> <li>16 really funny joke. But for the sake of time, I'm going</li> <li>17 to go ahead and skip that and get right to the the</li> <li>18 meat and potatoes.</li> <li>19 My presentation is simply about some of the</li> <li>20 projects that we have that directly impact our ports of</li> </ul>	<ul> <li>3 additional bridge in Presidio. This project was about a</li> <li>4 \$7 million job. It added a southbound bridge parallel</li> <li>5 structure into Ojinaga. And we had a ribbon cutting in</li> <li>6 October of last year.</li> <li>7 And stay on your right. We are going to</li> <li>8 try and and let the rail inspection facility here</li> <li>9 next month.</li> <li>10 And we got more projects coming. As Sergio</li> <li>11 mentioned earlier, this is an overview of some of the</li> <li>12 projects we have here in the El Paso County, and some of</li> <li>13 the projects that we have in outlying counties.</li> <li>14 Currently, we are on pace to let a record</li> <li>15 number of projects for the El Paso District, somewhere</li> <li>16 in the neighborhood of 600 million. On top of that,</li> <li>17 we'll have about 80 million of local government</li> <li>18 projects. So we'll have a combined total letting for</li> <li>19 the district just a little bit shy of 700 million. And</li> <li>20 that is a record for the El Paso District. And we are</li> <li>21 looking to to continue to be aggressive in 2025 and</li> </ul>
<ul> <li>3 SECRETARY NELSON: Great information.</li> <li>4 Thank you. Questions? Comments?</li> <li>5 I would note that little conclusion that</li> <li>6 says: "Idling can add up to 25 percent of the emissions</li> <li>7 to those traveling"</li> <li>8 UNIDENTIFIED SPEAKER: Yeah.</li> <li>9 SECRETARY NELSON: Twenty-five percent.</li> <li>10 Wow. We are</li> <li>9 probably at about 75 percent PSNE development with an</li> <li>10 available to let date of April 2025.</li> <li>11 Phase 3 is also being developed. We are</li> <li>12 about 30 percent PSNE development, and we are hoping to</li> <li>13 have this ready to to let or available to let by</li> <li>14 April of 2026. Borderland Express one quick mention,</li> <li>15 Borderland Express will allow us to take advantage of</li> <li>16 the Anthony Gap and hopefully move more freight traffic</li> <li>17 through the Anthony Gap from I-10 down through 375.</li> <li>18 Other major projects that we are studying</li> <li>19 that impact our ports of entry are our Border Highway</li> </ul>	<ul> <li>1 do everything that it takes to be the best companions</li> <li>2 and the best business partners.</li> <li>3 Also want to thank all my Laredo Port of</li> <li>4 Laredo crowd that is here. The Mayor, Gary [sic], all</li> <li>5 the public officials that are from the Port of Laredo,</li> <li>6 thank you for being here.</li> <li>7 The nearshoring is bringing a new way to</li> <li>8 see international trade. It's an opportunity for</li> <li>9 Mexico. It's an opportunity to see ourselves as equal</li> <li>10 partners, not as a maquiladora sector. What's happening</li> <li>11 right now in Mexico is going to last for 20 years, at</li> <li>12 least. So we're the number one partner of the U.S. and</li> <li>13 it's time we sit at the same table, and we talk at the</li> <li>14 same level, 'cause we're the same business partners and</li> <li>15 we're going to make both of us very rich, the U.S. and</li> <li>16 Mexico.</li> <li>17 Also, I want to thank Michael Banks, the</li> <li>18 drug Czar, the Texas Czar, migration Czar. We have been</li> <li>19 working with him. We have full collaboration with</li> </ul>
<ul> <li>1 three-phase project. Currently, we have let phase 1.</li> <li>2 And phase 1 is frontage roads that extend from Dyer to</li> <li>3 Railroad. It was let in April of last year with an \$18</li> <li>4 million cost, and it's currently under construction.</li> <li>5 Phase 2 goes from MLK to Railroad Drive.</li> <li>6 It has a project cost of associated with it of about</li> <li>7 163 million. We do not have any project funding for</li> <li>8 this yet, but we do have PSNE currently ongoing. We are</li> <li>9 probably at about 75 percent PSNE development with an</li> <li>10 available to let date of April 2025.</li> <li>11 Phase 3 is also being developed. We are</li> <li>12 about 30 percent PSNE development, and we are hoping to</li> <li>13 have this ready to to let or available to let by</li> <li>14 April of 2026. Borderland Express one quick mention,</li> <li>15 Borderland Express will allow us to take advantage of</li> <li>16 the Anthony Gap and hopefully move more freight traffic</li> <li>17 through the Anthony Gap from I-10 down through 375.</li> <li>18 Other major projects that we are studying</li> <li>19 that impact our ports of entry are our Border Highway</li> <li>20 East Project. And this this is analyzing</li> </ul>	<ul> <li>1 do everything that it takes to be the best companions</li> <li>2 and the best business partners.</li> <li>3 Also want to thank all my Laredo Port of</li> <li>4 Laredo crowd that is here. The Mayor, Gary [sic], all</li> <li>5 the public officials that are from the Port of Laredo,</li> <li>6 thank you for being here.</li> <li>7 The nearshoring is bringing a new way to</li> <li>8 see international trade. It's an opportunity for</li> <li>9 Mexico. It's an opportunity to see ourselves as equal</li> <li>10 partners, not as a maquiladora sector. What's happening</li> <li>11 right now in Mexico is going to last for 20 years, at</li> <li>12 least. So we're the number one partner of the U.S. and</li> <li>13 it's time we sit at the same table, and we talk at the</li> <li>14 same level, 'cause we're the same business partners and</li> <li>15 we're going to make both of us very rich, the U.S. and</li> <li>16 Mexico.</li> <li>17 Also, I want to thank Michael Banks, the</li> <li>18 drug Czar, the Texas Czar, migration Czar. We have been</li> <li>19 working with him. We have full collaboration with</li> <li>20 Governor Abbott. We have a checkpoint that I'm going to</li> </ul>
<ul> <li>1 three-phase project. Currently, we have let phase 1.</li> <li>2 And phase 1 is frontage roads that extend from Dyer to</li> <li>3 Railroad. It was let in April of last year with an \$18</li> <li>4 million cost, and it's currently under construction.</li> <li>5 Phase 2 goes from MLK to Railroad Drive.</li> <li>6 It has a project cost of associated with it of about</li> <li>7 163 million. We do not have any project funding for</li> <li>8 this yet, but we do have PSNE currently ongoing. Page 138	Page 140
1 I'm going to continue just the	1 attractive. So this is a reality. The state funded
2 picture show you how our border is changing.	2 these projects. We're making the expansion on the main
3 First of all, our new image. We're called	3 boulevard of the port from six to ten lanes 'cause we're
4 Puerto Colombia-Laredo. And it's back to basics. In	4 preparing of [sic] everything that's going to cross
5 the U.S. side, it's Colombia Solidarity Laredo Bridge.	5 through Colombia.
6 So we just translated it. I don't know why it didn't	6 The next one, please. Next one. Next one.
7 happen 32 years. No one mentioned in the Mexican	7 This is going to be opening in less than a
8 side, it used to say "Laredo." Now we put the name	8 week. We're opening already; we're not waiting for the
9 "Laredo."	9 bridge expansion. We're doing that with the city of
10 The next one, please.	10 Laredo, which I want to thank Mayor Victor Trevino here
11 There was lack of infrastructure on the	11 that is helping us a lot to get the presidential permit
12 Mexican side. We didn't even have a Paisano office to	12 approved this year. We have that law that was approved
13 give attention to the most value-added part of the	13 by Senator Cruz and Henry Cuellar. And we have to take
14 population Mexican population that work in the state.	14 advantage of that law. But we're not waiting for that
15 The next, please.	15 presidential permit. We're doing the expansion of the
16 We didn't even have a parking lot.	16 bridge. We're expanding it already from seven to 13.
17 Practically, they parked on terrain. And now we have an	17 They're opening in less than a week. So this is a
18 office that could give them some attention.	18 reality.
19 The next, please.	19 The next one, please.
20 The image, the new entrance, the new exit,	20 This is how the expansion is going to look.
21 it's a new image that we have in the port.	21 As you can see on the right-hand side, the toll booths
22 The next, please.	22 are already going to be open. And we're basically
23 We're also having a housing complex. We	23 seeing that the purple expansion of the bridge is
24 have the opportunity to have a port of entry working	24 basically we're going to expand it from eight to 16
25 24 hours. This housing complex can house more than	25 lanes. So that also we're working on that. I know
	5

And this is going to</li> <li>change the whole way, the Port of Laredo, the logistics,</li> </ul>	<ul> <li>1 that's going to take time, but our priority this year is</li> <li>2 to have the presidential permit.</li> <li>3 The next one, please.</li> <li>4 The highway. This is all the highway</li> <li>5 master plan that Governor Samuel Garcia is working on.</li> <li>6 A lot of them have already been opening. The Gloria</li> <li>7 Colombia is opening by the 31st of March. Also, Highway</li> <li>8 1 on the left-hand side is going to be a very attractive</li> <li>9 one. That one is also going to be another way to get to</li> <li>10 Colombia. So we're doing our homework, and we're very</li> <li>11 glad that we have Texas as our business partner.</li> <li>12 The next one, please.</li> <li>13 That's all that I have. If you have any</li> <li>14 questions, if you want to go and I can give you a</li> <li>15 personal tour in Colombia. Just to emphasize, with this</li> <li>16 opening, with the Gloria-Colombia, we're going to start</li> <li>17 guaranteeing mobility 24-hours. When I say that, is</li> <li>18 cargo is going to arrive in Colombia 2:00 a.m.,</li> <li>19 3:00 a.m., 6:00 a.m. The whole dimension of the</li> <li>20 logistics city that we have planned, that Caroline Mays</li> <li>21 was the one who gave me the idea, we have the</li> <li>22 opportunity to build it together. The logistic border</li> <li>23 city.</li> </ul>

Page 142 1 happy to be working with Governor Abbott, and we will do 2 anything that it takes to become more trustworthy and	Page 144
2 anything that it takes to become more trustworthy and	
	1 the invitation. We are honored to be part of this 2 committee.
	3 I would like to begin by expressing our
<ul> <li>3 more business partners. Thank you.</li> <li>4 SECRETARY NELSON: Wonderful. Thank you</li> </ul>	4 strong commitment to enhancing the alternatives for
5 for your presentation. Thank you for the visuals, too.	5 border crossings, and bolstering border infrastructure
6 It's really nice to see them.	6 in the El Paso, Ciudad Juarez, and Dona Ana region.
7 Any questions or comments? Yes, sir.	7 Our primary aim is to elevate our
8 MAYOR TREVINO: I do have a question,	8 competitive stance, and to cultivate robust binational
	9 collaboration. This collaboration is key to promoting
9 Mayor 10 SECRETARY NELSON: We need you to state	10 development and connectivity at the borders. We have
11 your name, too.	11 made significant progress in this respect as
12 MAYOR TREVINO: Mayor Doctor Trevino, City	12 demonstrated by our work and strategy alliances with
13 of Laredo.	13 entities on both sides of the border such as INDEX,
14 SECRETARY NELSON: Thank you.	14 CODER, Municipio de Juarez, El Paso County, the El Paso
15 MAYOR TREVINO: I do have a question.	15 Community Foundation, the City of El Paso, and both
16 On that checkpoint you have before the	16 Consulates. Among other important stakeholders.
17 Colombia Bridge that's in the state of Nuevo Leon,	17 We are proactively engaging in
18 because we have two states that coincide with Laredo.	18 addressing share challenges and combining ideas to
19 On the Nuevo Leon side, will you be able to	19 develop effective solutions.
20 have, like, the ability to check inspection stickers	20 Last year in partnership with some with
21 that would be placed on the Mexican side to facilitate	21 some of the stakeholders mentioned before, we celebrate
22 the passing to the U.S. side in regards to inspection of	22 the first launch of our first binational meeting
23 vehicles?	23 focusing on the region's border-related infrastructure
24 MR. GONZALEZ VALDEZ: Mayor, we can do this	24 and cross-border issues.
25 together. That checkpoint is for the City of Laredo,	25 This gathering brought together over 150
Page 143	
1 for the State of Texas. Anything that it [sics] needs	1 representatives from a variety of industry,
2 to be done to make this checkpoint more more optimum,	2 nongovernmental organizations and governmental agencies.
Quality de it to worth an East that Operated Operation above	2. Computer many action and a many mainting
3 let's do it together. For the Samuel Garcia always	3 Sorry for my governmental pronunciation.
4 says we have to work together and we will do it. So we	4 A part of our strategy plan to strengthen

	itinue with our collaboration.		floor for discussion. If there are any outstanding
2 Thank you			issues or comments or questions or feedback or thoughts
	ARY NELSON: Thank you. Thank you		about future topics for this committee to discuss at our
4 for being here with			next meeting. Any?
	open it up for our open	5	Yes, Judge?
	to say that I am proud to announce	6	JUDGE SAMANIEGO: Thank you. Ricardo
	is committee, I sent Secretary		Samaniego, El Paso County Judge. Just wanted to give a
	t letter requested at our last BTAC		quick update on our efforts with Tornillo. You know,
-	r international bridge projects. And		we've been the option a couple of times. We had those
	ot a response saying that he did		repli duplicate inspections that held us back, and
	and so full steam ahead.		then the traffic went to Tornillo. And we're very
	at this letter will help in		successful up to about 727 semitrucks going through,
	mitting process to increase trade and		which was important for us to see, you know, if we could
-	all of us and primarily the state of		handle that kind of traffic.
	Action taken. Thank you, too.	15	· , ··· , · · · · · · · · · · · · · · ·
	WEBEL: Madam Secretary?		of the elephant in the room right now that we we're
	ARY NELSON: Yes. Gerry.		trying to do our best to give Tornillo that option as
	WEBEL: Gerry. I really I want		they go into construction. The GSA is looking at, you
	I want to thank the members of the		know, some very you know, almost \$800 million worth
	cal letter. The timing is just		of modernization. And so we're trying to prepare the
21 perfect.			most that we can when that happens. It's not something
	st this this letter		that you we need to wait. And so we've been very
	us on the four current projects, but		assertive. Thanks to our economic director, Roberto
	recedent for all future projects		Ransom. We've taken a trip, and we had other
25 for the border. Th	at the importance of expediting the	25	individuals that went to Chihuahua to INDEX, which is
	Page 147		Page 149
1 presidential permit	process is critical to meet the	1	the largest maquiladora association in Chihuahua. Änd
2 demands of the gro	wing trade. So I want to I want to	2	they were very open to seeing how they can we could
3 thank you, your lea	dership, and the members of the	3	get that traffic going in.
4 committee, Carlos,	for getting this letter out to the	4	When where things don't happen like
5 Secretary. I hope i	t does help.	5	options we had a protest or that option. We go
6 SECRETA	RY NELSON: I hope it does, too.	6	down to very small numbers. And so by March 31st, they
7 MR. SCH	VEBEL: We'll see we'll see what	7	want to make a decision as to whether to continue to
8 happens at the nex	t 20, 60 days. You know, first 60	8	keep that open for commercial. And to us, it would be
9 days have gone by	. As you know that's Senator Cruz,	9	catastrophic because we also want to make sure that we
10 in a bipartisan effo	rt, incorporated this into the	10	try our best not to have any commercial I know
11 National Defense	Authorization Act. So it's one more	11	Commissioner Stout and the other commissioners want to
12 step in trying to ex	pedite the process. So we'll see	12	eliminate some of the the problems that we have with
13 what happens. Ar	d the process will continue. Hopefully	13	the in the environment through right through our
14 by April 22nd, we'l	get these four projects	14	both cities of Juarez and El Paso. And so we're trying
15 SECRET	ARY NELSON: Yes.	15	our best to show that Tornillo is capable. It's one of
	WEBEL: You know, with a permit.	16	the largest ports. And it's also it has the highest
17 SECRET	ARY NELSON: Yes. And thank you for	17	technology because it's one of the latest that was
18 your involvement a	-	18	constructed.
	hank everyone for their	19	
	tions today. I've we've made a lot		support that we could get to continue. I know that Eric
21 of progress on son	ne significant issues this internum,	21	Fernandez, who's a Port Director, is really excited
22 but there is work le	eft to be done as we begin the year.	22	about what they can do, but very concerned that if they
23 Your hard work an	d dedication are so greatly	23	don't show more progress that it might be shut down.
24 appreciated.			And like I said, I think it would be catastrophic for us
25 So at this	point, I want to open up the	25	not to continue to be prepared for GSA making you
1

10 be very valuable to us and what we need to see in the	11	action.
11 next years in the future for ports here in El Paso.	12 13	Certified to by me this 12th of March 2024.
12 So thank you.	14	
13 SECRETARY NELSON: Great. Thank you.	15	a. Ontra
14 Any other comments? Questions? Thoughts?		Angelina Ontiveros
15 Well, then I'm going to announce that the	16	Stenographic Notary Public
16 next BTAC meeting will take place on April 16th. Put it		Notary Public: 13413024-2
17 on your calendar.	17	Expires 1-06-27
18 The Chair would like to recommend that we		Firm No. 633
19 hold the next meeting in Brownsville, Texas. So put it	18	
20 on your calendars.	19	
21 Again, I want to express my gratitude to	20	
22 everyone. El Paso, thank you for your hospitality.	21	
23 TxDOT, great job preparing for the meeting. It was	22	
24 really productive.	23 24	
25 And with that, it is 12:01. I'd like a	24	
	2.5	
Page 151		
1 motion. Gerry, are you going to move that we adjourn		
2 this meeting?		
3 MR. SCHWEBEL: I so move.		
4 SECRETARY NELSON: Okay. And is there a		
5 second?		
6 UNIDENTIFIED SPEAKER: Second		
7 (Speaking simultaneously.)		
8 SECRETARY NELSON: A hundred seconds right		
9 there. All in favor? Aye?		
10 (Chorus of ayes.)		
11 SECRETARY NELSON: Okay. No business		
12 (indiscernible) for the committee. We are going to		
13 stand in recess until our next meeting in Brownsville on		
14 the 16th.		
15 Thank you-all so much.		
16 (Proceedings concluded at 12:01 p.m.)
