

REQUEST FOR PROPOSALS
TO DESIGN, CONSTRUCT
AND MAINTAIN
SH 249 EXTENSION
THROUGH A
DESIGN-BUILD AGREEMENT AND CAPITAL MAINTENANCE AGREEMENT

INSTRUCTIONS TO PROPOSERS
A PROJECT OF THE
TEXAS DEPARTMENT OF TRANSPORTATION

ISSUED September 28, 2016

Addendum #1 Issued November 9, 2016

Texas Department of Transportation
125 East 11th Street
Austin, Texas 78701

CERTAIN KEY DATES

<u>EVENT</u>	<u>DATE</u>
Last date for Proposers to submit questions regarding Addendum #1	November 22, 2016 12:00 p.m.
One-on-one Meetings with Proposers to discuss Addendum #1 and potential ATCs	December 5 – December 6, 2016
Last date for Proposers to submit second round ATCs	December 12, 2016 12:00 p.m.
Proposal Due Date	February 17, 2017 12:00 p.m.

INSTRUCTIONS TO PROPOSERS
(Request for Proposals: SH 249 Extension Project)

SECTION 1.0 INTRODUCTION AND GENERAL PROVISIONS

1.1 Introduction

This Request for Proposals (“RFP”), as amended, is issued by the Texas Department of Transportation (“TxDOT”), an agency of the State of Texas, to seek competitive detailed proposals (individually, a “Proposal” and collectively, “Proposals”) for a Design-Build Agreement (“DBA.”) The DBA shall provide that the entity identified in the successful Proposal (“Design-Build Contractor,” “DB Contractor”) shall develop, design, construct, and provide capital maintenance for the SH 249 Extension (the “Project”), as further described below. The entity’s development, design and construction rights and obligations will be set forth in a Design-Build Agreement (“DBA”); whereas, the entity’s capital maintenance rights and obligations will be set forth in a separate Capital Maintenance Agreement (“CMA”). The forms of the DBA and CMA are included in this RFP.

TxDOT is issuing the RFP to those Proposers shortlisted for the design-build project delivery method based on TxDOT’s evaluation of qualification statements (“QS”) delivered to TxDOT on July 17, 2015, in response to the Request for Qualifications for the Project issued on May 15, 2015 (as amended, the “RFQ”).

Proposers must comply with these Instructions to Proposers (“ITP”) during the procurement and in their responses to the RFP. Proposers shall also take the Project goals identified in Section 1.3 below into consideration in drafting their Proposals.

The RFP requires each Proposer to be prepared to act as the DB Contractor for the Project if the Proposer is selected to enter into the DBA and CMA.

All forms identified in this ITP are found in Exhibit D unless otherwise noted.

1.2 Request for Proposals

1.2.1 Documents in the Request for Proposals

The RFP consists of the following documents, and any other documents that may be issued by Addendum, as such documents may be amended and supplemented:

- (a) This ITP (including exhibits and forms);
- (b) The DBA Documents;
- (c) The CMA Documents; and

- (d) The Reference Information Documents (“RIDs”).

Refer to Section 1.2.1 of the DBA for a list of the Contract Documents, and Section 1.2.2 of the CMA for a list of the CMA Documents, and their respective order of precedence, and Exhibit 19 to the DBA for a list of the RIDs.

The RIDs are included in the RFP for the purpose of providing information to Proposers that is in TxDOT’s possession. TxDOT has not determined whether the RIDs are accurate, complete or pertinent, or of any value to Proposers. The RIDs will not form a part of the contract between TxDOT and the DB Contractor. Except as may be provided otherwise in the DBA Documents or the CMA Documents, TxDOT makes no representation, warranty or guarantee as to, and shall not be responsible for, the accuracy, completeness, or pertinence of the RIDs, and, in addition, shall not be responsible for any conclusions drawn therefrom.

1.2.2 Definitions and Acronyms

Refer to Exhibit A hereto for the meaning of various capitalized terms and acronyms used herein, and refer to Exhibit 1 to the DBA or Exhibit 1 to the CMA, as applicable, for the meaning of capitalized terms and acronyms used but not defined herein or in Exhibit A of this ITP.

1.3 Project Goals

TxDOT’s goals for the Project are as follows:

- (a) Secure the highest quality of design and construction in order to optimize the operational life cycle performance of the Project;
- (b) Expedite delivery of Project improvements;
- (c) Improve overall mobility and accessibility within the Project area by providing for additional transportation routes and increased capacity to meet current and future travel demands;
- (d) Maintain a safe environment at all times throughout construction and maintenance for the public and Project personnel, including the provision of alternative escape routes (hurricanes, flooding);
- (e) Obtain high quality maintenance meeting or exceeding TxDOT requirements and expectations;
- (f) Expand and sustain economic opportunities in the region by improving the mobility of persons and goods, thereby minimizing barriers between business, consumers and transportation infrastructure and providing infrastructure for regional growth;
- (g) Contribute to air quality attainment goals in the region;

- (h) Design, construct and maintain the Project in an environmentally responsible manner and in conformance with the requirements and commitments in the Final Environmental Impact Statement/Record of Decision (“ROD”), Finding of No Significant Impacts (“FONSI”) and any subsequent environmental evaluations prepared for this Project; and
- (i) Efficiently utilize available funding to maximize Project scope.

1.4 General Project Description and Scope of the DB Contractor’s Obligations

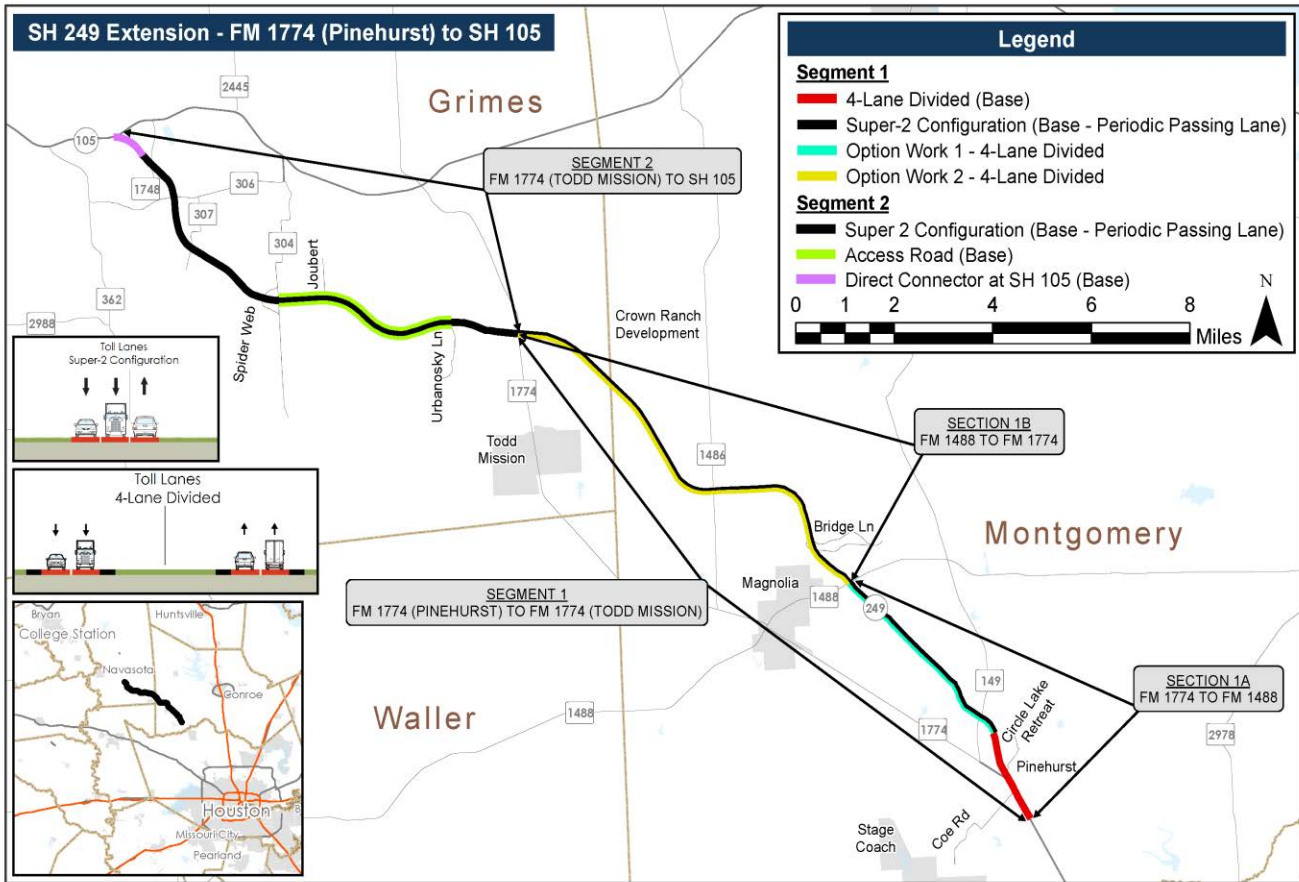

1.4.1 General Project Description

The State Highway 249 Extension Project is a proposed approximately 24-mile new tolled facility consisting of up to four new toll lanes (two in each direction) from FM 1774 in Pinehurst, Texas (Montgomery County) to FM 1774 in Todd Mission, Texas, in Grimes County (Segment 1), and two new toll lanes (one in each direction) with periodic passing lanes (Super 2 configuration) from FM 1774 in Todd Mission, Texas to SH 105 near Navasota, Texas in Grimes County (Segment 2), as more particularly described in Section 1 of the Technical Provisions.

Option 1 Work includes the design and construction of four toll lanes, in lieu of a Super 2 configuration from the southern end of the project to FM 1488, and Option 2 Work includes the design and construction of four toll lanes, in lieu of a Super 2 configuration from FM 1488 to FM 1774 in Todd Mission.

A map of the Project with approximate Project limits follows on the next page.

SH 249 Extension Project Map

1.4.2 Scope of the DB Contractor's Obligations

The DB Contractor's scope of Work under the DBA and CMA include (1) the design and construction of tolled mainlanes, access roads and utility adjustments, ITS and toll system duct-banks, and installation of fiber optic cables for ITS and tolling; and (2) the long-term capital maintenance of the Project. The DB Contractor's scope of Work will also include Right of Way ("ROW") acquisition and permitting (other than TxDOT-Provided Approvals).

Work under the DBA will proceed as authorized by notices to proceed ("NTPs") issued by TxDOT. NTP1 will authorize the DB Contractor to perform certain Work related to the Project Management Plan and to engage in ROW acquisition and other activities. NTP2 will authorize the DB Contractor to proceed with the remaining Work.

The limits of work for the individual segments 1 and 2 are as shown in the Technical Provisions. Descriptions of the major work elements for each segment are listed in Section 1 of the Technical Provisions.

1.4.3 Project Environmental Status

1.4.3.1 Segment 1

Segment 1 of the Project followed the federal NEPA process to obtain environmental clearance based on the Preliminary Schematic Design. A draft Environmental Impact Statement (“DEIS”) was approved on January 5, 2015, and a Final Environmental Impact Statement (“FEIS”)/Record of Decision was authorized on January 12, 2016 for Segment 1 pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 16, 2014, and executed by FHWA and TxDOT. At this time, TxDOT is developing a Re-evaluation of the FEIS/ROD that is anticipated to be approved by January 2017. TxDOT has completed coordination of Sections 404 and 401 of the Clean Water Act with the U.S. Army Corps of Engineers (“USACE”) based on the Segment 1 Preliminary Schematic Design. The USACE issued the Segment 1 Individual Permit on August 12, 2016. TxDOT has entered into an advanced funding agreement (AFA) with Montgomery County in which Montgomery County is responsible for the development of the Section 404 mitigation plan, implementation of the mitigation plan, monitoring, and maintenance of the mitigation site for impacts associated with the Segment 1 USACE IP. If TxDOT does not exercise one or more of the Options, TxDOT will be responsible for obtaining an environmental reevaluation for the Super 2 configuration.

DB Contractor shall be responsible for obtaining any required amendments or additional Section 404 and 401 permits for Segment 1 and performing all mitigation responsibilities due to changes in the Preliminary Schematic Design and/or for actions performed outside of the Project ROW. TxDOT has also initiated archeological surveys along the Segment 1 corridor, but due to lack of access, the DB Contractor will be responsible for completing the archeological surveys and preparing a report of findings for coordination with the applicable agencies prior to construction as described in Section 4 of the Technical Provisions. Additionally, DB Contractor shall be responsible for completing the necessary biological surveys and documentation prior to construction. Further details regarding the DB Contractor’s responsibilities are identified in the ROD and Final RFP. The latest available environmental documents are included in the Reference Information Documents.

1.4.3.2 Segment 2

Segment 2 of the Project followed the state environmental approval process and obtained environmental clearance based on the Preliminary Schematic Design. A final Environmental Assessment (“EA”) has been approved, and a Finding of No Significant Impact (“FONSI”) for Segment 2 was issued on September 9, 2016. TxDOT has begun coordination with the USACE, and will perform field and desktop surveys of waters of the U.S. to provide the DB Contractor with an initial assessment of impacts to waters of the U.S. associated with the Project. TxDOT will advance the Section 404 permit as far as possible and will hand over the remaining permitting responsibilities to the DB Contractor on the Effective Date. Also, the DB Contractor will perform the remaining cultural resource and biological surveys and obtain any required permits prior to

construction. Further details regarding the DB Contractor's responsibilities are identified in the Final EA, FONSI and the Final RFP. The latest available environmental documents are included in the Reference Information Documents.

1.4.4 DB Contractor's Scope for Toll Systems

TxDOT has entered into an agreement (the "Toll System Integrator Agreement") with a toll system integrator ("System Integrator"). Under the Toll System Integrator Agreement, the System Integrator has responsibility to design, construct, install, and maintain open-road toll collection systems on projects designated by TxDOT pursuant to the terms thereof. The responsibilities of the DB Contractor and the System Integrator with respect to the design and construction of the civil components of the toll collection systems are more particularly described in Section 21 of the Technical Provisions.

The DB Contractor shall coordinate the Work with TxDOT, TxDOT's tolling design consultant and System Integrator, as more particularly set forth in the DBA.

1.4.5 Status of Required ROW Acquisition

TxDOT is currently preparing ROW maps for Segment 1. TxDOT will provide these in the RIDs as soon as the maps are approved.

The DB Contractor will be responsible for providing ROW acquisition services for the Project in accordance with the DBA. TxDOT has acquired or is in the process of acquiring certain ROW parcels in Segment 1; however, DB Contractor shall be responsible for (i) the modification of existing or acquisition of new drainage easements, (ii) changes to control of access, and (iii) the performance of acquisition services for all ROW that has not been acquired by TxDOT as of the Effective Date.

TxDOT will be responsible for eminent domain activities with the DB Contractor's support and for the purchase price of ROW within the Preliminary ROW. The DBA provides further details regarding the ROW acquisition process and the responsibilities of the DB Contractor in this process. TxDOT will provide periodic ROW acquisition updates in the RIDs.

1.4.6 Status of Required Utility Work

TxDOT has provided a Subsurface Utility Engineering ("SUE") investigation on Segments 1 and 2 in the RIDs. TxDOT does not expect any new information to become available prior to the Proposal Due Date.

1.4.7 Status of Required Railroad Services

TxDOT is currently coordinating with affected railroads regarding work at railroad crossings. Plan sheets detailing work to be performed on railroad ROW (Exhibits A to various railroad agreements) are being prepared for each railroad crossing, and a letter of authority is being drafted for each crossing/railroad company. TxDOT anticipates the

DBA will require the DB Contractor to take over coordination efforts and design all railroad crossings in accordance with the requirements of the corresponding railroad. Railroad crossings within the Project limits are identified below in Table 1-1.

**Table 1-1
Summary of Railroad Crossings**

Segment	SH 249 Station	Owner	Proposed Facilities Crossing RR	Location
1	1191+00	Union Pacific Railroad	Overpass	At FM 1774 in Pinehurst
2	2000+50	Union Pacific Railroad	Overpass	West of FM 1774 in Grimes County
	2375+50	Burlington Northern Santa Fe Railroad	Overpass	At CR 306
	2457+00	Union Pacific Railroad	Overpass	At SH 105

1.5 Procurement Schedule

A one-step Proposal submission process will be followed for this Project. Technical, Financial, and Price Proposals, including required certifications and other information, shall be submitted on or before the Proposal Due Date.

The following represents the current schedule for the procurement.

<u>EVENT</u>	<u>DATE and TIME</u>
Last date for TxDOT responses to first round ATCs	November 21, 2016
Last date for Proposers to submit questions regarding Addendum #1	November 22, 2016 12:00 p.m.
One-on-one Meetings with Proposers to discuss Addendum #1 and potential ATCs	December 5 – December 6, 2016

<u>EVENT</u>	<u>DATE and TIME</u>
Last date for Proposers to submit second round ATCs	December 12, 2016 12:00 p.m.
Last date for Proposers to submit requests for: <ul style="list-style-type: none"> – changes to Proposer organization and/or Key Personnel, including additional team members – approval of additional Key Personnel added since QS submission 	December 16, 2016 12:00 p.m.
Last date for TxDOT responses to second round ATCs	January 12, 2017
Last day for TxDOT to respond to Proposer questions and requests for: <ul style="list-style-type: none"> – changes to Proposer organization and/or Key Personnel – approval of additional Key Personnel added since QS submission 	January 13, 2017
Proposal Due Date	February 17, 2017 12:00 p.m.
Anticipated conditional award by Texas Transportation Commission (“Commission”)	March 30 2017
DBA and CMA Executed (anticipated)	June 2017

All times set forth above and elsewhere in the RFP are for local Central time in Austin, Texas. Where the RFP provides a deadline or due date for submission of documents, correspondence or other materials to TxDOT, the document will only be considered timely if TxDOT receives the document by the date and, if applicable, time identified. All dates set forth above and elsewhere in the RFP are subject to change, in TxDOT’s sole discretion, by written notice to Proposers.

1.6 General Provisions Regarding Proposals

1.6.1 Proposal Contents

As used in this procurement, the term “Proposal” means a Proposer’s complete response to the RFP, including (a) Technical Proposal, (b) Financial Proposal and (c) Price Proposal. The instructions and requirements for the Technical Proposal, the Financial Proposal and Price Proposal are set forth in Exhibits B, C-1 and C-2, respectively, and a checklist showing the required contents of the entire Proposal is found in Exhibit E. The Proposal shall be organized in the order listed in Exhibit E, and shall be clearly indexed. Each Proposal component shall be clearly titled and identified and shall be submitted without reservations, qualifications, conditions or assumptions.

Any failure to provide all the information and all completed forms (Exhibit D) in the format specified or submittal of a Proposal subject to any reservations, qualifications, conditions or assumptions may result in TxDOT's rejection of the Proposal or giving it a lower rating. All blank spaces in the Proposal forms must be filled in as appropriate. No substantive change shall be made in the Proposal forms.

1.6.2 Inclusion of Proposal in DBA Documents and CMA Documents

Portions of the successful Proposal will become part of the DBA Documents and CMA Documents, as specified in the DBA and the CMA. All other information is for evaluation purposes only and will not become part of the DBA Documents or CMA Documents.

1.6.3 Commitments in the Proposal

The verbiage used in each Proposal will be interpreted and evaluated based on the level of commitment provided by the Proposer. Tentative commitments will be given no consideration. For example, phrases such as "we may" or "we are considering" will be given no consideration in the evaluation process since they do not indicate a firm commitment.

1.6.4 Ownership of Proposal and Applicability of Public Information Act

Subject to the exceptions specified herein, in the Rules (defined below in Section 2.1) and in the Texas Transportation Code (the "Code"), all written and electronic correspondence, exhibits, photographs, reports, printed material, tapes, disks, designs, and other graphic and visual aids submitted to TxDOT during this procurement process, whether included in the Proposal or otherwise submitted, become the property of the State of Texas upon delivery to TxDOT, and will not be returned to the submitting parties. Consequently, all such items may be subject to Texas Government Code, Chapter 552 (the "Public Information Act" or the "Act"). Proposers should familiarize themselves with the provisions of the Act requiring disclosure of public information, and exceptions thereto. In no event shall the State of Texas, TxDOT, or any of their agents, representatives, consultants, directors, officers or employees be liable to a Proposer or Proposer team member for the disclosure of any materials or information submitted in response to the RFP. See *also* Section 2.6.

1.7 Project Costs

TxDOT's current design and construction cost estimate for the Project improvements to be developed for Base Scope Segments 1 and 2, including the Option Work, under the DBA is approximately US \$400 million based on the improvements described in this RFP. This estimated cost is inclusive of all costs to design and construct the Project at current construction prices (nominal dollars). This estimate does not include maintenance costs. Segment 1 will be partially funded with federal funds while Segment 2 will be funded entirely with State funds.

1.8 Federal Requirements

1.8.1 General Obligations

In order to preserve the ability of TxDOT to use federal funding for the Project, the procurement process, the DBA Documents and the CMA Documents must comply with applicable federal Laws and regulations. TxDOT reserves the right to modify the RFP to address any concerns, conditions or requirements of the FHWA. Proposers shall be notified by Addendum of any such modifications.

1.8.2 DBE Requirements

TxDOT has determined that DBE requirements apply to the design and construction of the Project, and has adopted a DBE Program to provide DBEs the opportunity to participate in the business activities of TxDOT as service providers, vendors, contractors, subcontractors, advisors, and consultants. TxDOT has adopted the definition of DBE set forth in 49 C.F.R. § 26.5. The Proposer's DBE compliance obligations shall be governed by all applicable federal DBE regulations, including 49 C.F.R. Part 26, as well as applicable requirements set forth in the DBA Documents, CMA Documents and TxDOT's DBE Program document.

The DBE participation goal for the Project under the DBA shall be 9% of the Design-Build Price. TxDOT's DBE requirements applicable to the DBA are set forth in Section 7.1 of the DBA, the DBE Special Provisions attached as Exhibit 6 to the DBA and TxDOT's DBE Program adopted pursuant to 49 C.F.R. Part 26. TxDOT's DBE requirements applicable to the CMA are set forth in Section 6.1 of the CMA. As set forth in Section 3.2.7 of Exhibit B, each Proposer shall submit a certification concerning DBE requirements with its Proposal. Failure to provide the required DBE certification shall be considered a breach of the Proposal requirements and shall render a Proposal non-responsive.

Following conditional award of the DBA and the CMA, the selected Proposer will be required to submit a detailed DBE Performance Plan describing the methods to be employed for achieving TxDOT's DBE participation goals for the Project, including the Proposer's exercise of good faith efforts. Requirements for the DBE Performance Plan are set forth in TxDOT's DBE Special Provisions, Exhibit 6 to the DBA. The DBE Performance Plan will be subject to review, comment and approval by TxDOT prior to and as a condition of final award of the DBA and the CMA.

The selected Proposer will also be required to provide DBE commitments in the form required by TxDOT as DBE subcontractors are identified, in accordance with the DBE Special Provisions, the approved DBE Performance Plan, and TxDOT's DBE Program.

The DB Contractor shall not cancel or terminate any subcontract with a DBE firm except in accordance with all requirements and provisions applicable to cancellation or termination of subcontracts with DBE firms set forth in TxDOT's DBE Special Provisions in Exhibit 6 to the DBA.

1.8.3 Insurance

Proposer should review carefully the minimum insurance requirements set forth in the DBA and CMA. Each Proposer shall take these minimum requirements into account in developing its Proposal.

1.8.4 E-Verify

The DB Contractor will be required to certify use of the United States Department of Homeland Security's E-Verify system during the term of the DBA and CMA, respectively. The E-Verify system shall be used to determine the eligibility of:

(a) All persons hired by the DB Contractor during the Term and Warranty Term of the DBA to perform duties within the State of Texas;

(b) All persons, including subcontractors, hired during the Term and Warranty Term of the DBA and assigned by the DB Contractor during the Term and Warranty Term of the DBA to perform work pursuant to the DBA;

(c) All persons hired by the DB Contractor during the Maintenance Period of the CMA to perform duties within the State of Texas; and

(d) All persons, including subcontractors, hired during the Maintenance Period of the CMA and assigned by the DB Contractor during the Maintenance Period of the CMA to perform work pursuant to the CMA.

1.9 Qualification To Do Business

As of the Effective Date, DB Contractor and Major Participants (excluding the Equity Members) must be qualified to do business in the State.

SECTION 2.0 PROCUREMENT PROCESS

2.1 Procurement Method

The RFP is issued pursuant to Chapter 223, Subchapter F of the Code, Sections 9.150-9.155 of Title 43 Texas Administrative Code (the “Rules”) and other applicable provisions of Texas and federal Law.

TxDOT will award the DBA and CMA (if at all) to the responsible Proposer offering a Proposal meeting the high standards set by TxDOT and which is determined by TxDOT, through evaluation based upon the criteria set forth in the Code, the Rules and the RFP, to provide the best value to TxDOT and to be in the best interest of the State of Texas.

TxDOT will accept Proposals for the Project only from the Proposers that TxDOT has shortlisted for the procurement based on their responses to the RFQ.

TxDOT will not review or consider alternative proposals.

2.2 Receipt of the RFP Documents, Communications and Other Information

The Project Documents that were made available to Proposers with the RFQ will remain available to Proposers and the public at <http://www.txdot.gov/business/partnerships/current-cda/sh249-extension.html> (the “Project Website”). Information relating to the RFP, including Reference Information Documents, will be posted only to the secure file transfer and sharing site for the Project (the “RFP Website”). The RFP Website is distinct from the Project Website which is viewable by the public. Access to the RFP Website will be granted only to shortlisted Proposers.

TxDOT shall separately provide to each shortlisted Proposer the address of the RFP Website, as well as a username and password. Each shortlisted Proposer will be required to treat the username and password as confidential information and to check the RFP Website regularly for Addenda to this RFP, additional Reference Information Documents and other procurement-related information.

Other information related to the procurement may, at TxDOT’s discretion, be made available to the public on the Project Website.

2.2.1 TxDOT's Authorized Representative

TxDOT has designated the following individual to be its authorized representative for the procurement ("TxDOT's Authorized Representative"):

Varuna Singh, P.E.
Texas Department of Transportation
7600 Chevy Chase Drive, Bldg. 2, 4th Floor
Austin, TX 78752
E-mail: TxDOT-HOU-PPP-SH249@txdot.gov

From time to time during the procurement process or during the term of the DBA or, if applicable, the CMA, TxDOT may designate another TxDOT's Authorized Representative or representatives to carry out some or all of TxDOT's obligations pertaining to the Project.

2.2.2 Identification of the Proposer's Authorized Representative

The Proposer's designated representative shall initially be the person identified in the QS as the single point of contact for the Proposer. If a Proposer changes its designated representative to receive documents, communications or notices in connection with the procurement subsequent to its submission of its Proposal, the Proposer shall provide TxDOT's Authorized Representative with the name and address of such new designated representative. Failure to identify a designated representative in writing may result in a Proposer failing to receive important communications from TxDOT. TxDOT is not responsible for any such failure.

2.2.3 Rules of Contact

From the date of issuance of the RFQ (May 15, 2015) until the date of issuance of the Industry Review Draft RFP (January 15, 2015), the rules of contact provisions in the RFQ were applicable to this procurement. Starting on January 15, 2015, the date the industry review package was issued, and ending on the earliest of (i) execution and delivery of the DBA and the CMA, (ii) rejection of all Proposals by TxDOT or (iii) cancellation of the RFP, the following rules of contact shall apply. These rules are designed to promote a fair and unbiased procurement process. Contact includes face-to-face, telephone, facsimile, electronic-mail (e-mail), or formal written communication.

The specific rules of contact are as follows:

(a) No Proposer nor any of its team members may communicate with another Proposer or its team members with regard to the RFP or either team's Proposal, except that (i) team members that are shared between two or more Proposer teams may communicate with their respective team members so long as those Proposers establish a protocol to ensure that such team member will not act as a conduit of information between the teams, and (ii) this prohibition does not apply to public discussions regarding the RFP at any TxDOT sponsored informational meetings.

(b) Each Proposer shall designate one designated representative responsible for all communications between the Proposer and TxDOT, and such designated representative shall correspond with TxDOT regarding the RFP only through TxDOT's Authorized Representative (except communications with TxDOT's Ombudsman as provided in Section 2.3.2 below).

(c) No Proposer or representative thereof shall have any ex-parte communications regarding the RFP or the procurement described herein with any member of the Commission, with any Stakeholder representative or with any TxDOT staff, advisors, contractors or consultants involved with the procurement or the Project, except for communications with TxDOT consultants who have completed their services for the Project and been released by TxDOT, for communications expressly permitted by the RFP or as approved in advance by TxDOT's Authorized Representative or the Director, Project Finance and Debt Management Division, in his/her sole discretion. The foregoing restriction shall not, however, preclude or restrict communications with regard to matters unrelated to the RFP or participation in public meetings of the Commission or any public or Proposer workshop related to the RFP. Any Proposer engaging in such prohibited communications may be disqualified at the sole discretion of TxDOT.

(d) Except for contacts with Union Pacific Railroad, BNSF Railway and the United States Army Corps of Engineers, which are governed by (e) below, Proposers shall not contact any of the Stakeholders, including Utilities, regarding the Project, including employees, representatives, members and consultants of Stakeholders, unless Proposer submits to TxDOT five Business Days in advance of the proposed date for such meeting a notice that includes the proposed date, time and location of the meeting; a list of anticipated attendees; a proposed agenda; and a list of the specific questions to be addressed by the Stakeholder at such meeting. Proposer may proceed with the meeting unless TxDOT notifies Proposer of its objection in writing prior to the scheduled meeting date. A Proposer's written notice for a meeting with any Stakeholder, including the proposed agenda and list of specific questions to be addressed by the Stakeholder at the Stakeholder meeting, will remain confidential until a decision is made to select a Proposer or cancel the procurement, at which time all confidentiality rights, if any, shall be of no further force and effect except as otherwise allowed under the Act, applicable Law, and Section 2.6. The proposed agenda and list of specific questions to the Stakeholder submitted with a Proposer's written request for a meeting with any Stakeholder shall set the agenda for the Stakeholder meeting, and new or unidentified questions or topics will not be addressed during the meeting. In addition to the preceding requirements, a representative from TxDOT, designated by TxDOT's Authorized Representative, must be in attendance at all meetings between Proposers and Utilities. Notwithstanding the foregoing, each Proposer may contact private landowners and lessees along the Project corridor for the purpose of performing due diligence and discussing aspects of the Proposal, including temporary construction easements, staging areas and borrow; provided, however, (i) the Proposer shall not discuss other Proposers or their Proposals, negotiate exclusive arrangements to the detriment of other Proposers or otherwise seek an unfair competitive advantage, and (ii) the Proposer shall provide written notice to TxDOT of the name of the private

landowner, the topic of the proposed discussion and the date of the proposed discussion no later than seven days in advance of each such meeting. Furthermore, Proposers shall not attempt to obtain from such landowners rights of entry during the procurement, which are governed by Section 2.8.2.

(e) Proposers may not contact Union Pacific Railroad, BNSF Railway or the United States Army Corps of Engineers.

(f) Any communications determined by TxDOT, in its sole discretion, to be improper may result in disqualification.

(g) Any official information regarding the Project will be in writing, on TxDOT letterhead, and signed by TxDOT's Authorized Representative or designee.

(h) TxDOT will not be responsible for any oral exchange or any other information or exchange that occurs outside the official process specified herein.

The Proposer shall note that no correspondence or information from TxDOT or anyone representing TxDOT regarding the RFP or the Proposal process in general shall have any effect unless it is in compliance with Section 2.2.3(g).

2.2.4 Language Requirement

All correspondence regarding the RFP, ATCs, Proposals, DBA Documents and the CMA Documents are to be in the English language. If any original documents required for the Proposal are in any other language, the Proposer shall provide a certified English translation, which shall take precedence in the event of conflict with the original language.

2.3 Questions and Responses Process and Addenda

2.3.1 Questions and Responses Regarding the RFP

Proposers shall be responsible for reviewing the RFP and any Addenda issued by TxDOT prior to the Proposal Due Date, and for requesting written clarification or interpretation of any perceived discrepancy, deficiency, ambiguity, error or omission contained therein, or of any provision which the Proposer fails to understand. Failure of the Proposer to so examine and inform itself shall be at its sole risk, and no relief for error or omission will be provided by TxDOT. Proposers shall submit, and TxDOT will respond to, requests for written clarification in accordance with this Section 2.3.1. To the extent responses are provided, they will not be considered part of the DBA Documents or CMA Documents, nor will they be relevant in interpreting the DBA Documents or CMA Documents, except as expressly set forth in the DBA Documents and CMA Documents, as applicable.

TxDOT will only consider comments or questions regarding the RFP, including requests for clarification and requests to correct errors, if submitted by a shortlisted Proposer to

TxDOT's Authorized Representative or TxDOT's designated Ombudsman, by hard copy or electronic transmission in the format prescribed herein.

Such comments or questions may be submitted at any time prior to the applicable last date specified in Section 1.5 or such later date as may be specified in any Addendum. Proposers shall submit questions in .doc or .docx format using Form V, and such questions shall: (i) be sequentially numbered; (ii) identify the relevant document (i.e., the DBA, the Technical Provisions, etc.); (iii) identify the relevant section number (e.g., DBA Section 5.2) or, if it is a general question, so indicate; (iv) not identify the Proposer's identity in the body of the question or contain proprietary or confidential information, and (v) indicate whether the question is a Category 1, 2, 3 or 4 question.

As used above, "Category 1" means a potential "go/no-go" issue that, if not resolved in an acceptable fashion, may preclude the Proposer from submitting a Proposal. "Category 2" means a major issue that, if not resolved in an acceptable fashion, will significantly affect value for money or, taken together with the entirety of other issues, may preclude the Proposer from submitting a Proposal. "Category 3" means an issue that may affect value for money, or another material issue, but is not at the level of a Category 1 and Category 2 issue. "Category 4" means an issue that is minor in nature, a clarification, or a comment concerning a conflict between documents or within a document, etc.

Proposers will be limited to **50 questions** for the final RFP and 30 questions for each Addendum thereafter, if any. If a question has more than one subpart, each subpart will be considered a separate question. Corrections of typographical errors, incorrect cross references or internal inconsistencies within or among the RFP documents will be excluded from the question limitations. Responses to any questions submitted will be made at TxDOT's sole discretion.

Except with respect to one-on-one meetings, no telephone or oral requests will be considered, and e-mail requests must be followed up by delivery of a hard copy with an original signature either through the US mail or other delivery. Proposers are responsible for ensuring that any written communications clearly indicate on the first page or in the subject line, as applicable, that the material relates to the Project. No requests for additional information or clarification submitted to any person other than TxDOT's Authorized Representative or, subject to compliance with Section 2.3.2, to TxDOT's designated Ombudsman will be considered. Questions may be submitted only by the Proposer's designated representative(s), and must include the requestor's name, address, telephone and facsimile numbers, and the Proposer he/she represents.

The questions and TxDOT's responses will be in writing and will be delivered to all Proposers, except that TxDOT intends to respond individually to those questions identified by a Proposer or deemed by TxDOT to contain confidential or proprietary information relating to the Proposer's Proposal or ATCs. TxDOT reserves the right to disagree with a Proposer's assessment regarding confidentiality of information in the interest of maintaining a fair process or complying with applicable Law. Under such circumstances, TxDOT will inform the Proposer and may allow the Proposer to withdraw

the question, rephrase the question, or have the question answered non-confidentially or, if TxDOT determines that it is appropriate to provide a general response, TxDOT will modify the question to remove information that TxDOT determines is confidential. TxDOT may rephrase questions as it deems appropriate and may consolidate similar questions. TxDOT contemplates issuing multiple sets of responses at different times during the procurement process. Except for responses to questions relating to Addenda, the last set of responses will be issued no later than the date specified in Section 1.5. A consolidated, final set of questions and answers will be compiled and distributed prior to the Proposal Due Date.

TxDOT may convene pre-proposal meetings with Proposers as it deems necessary (see Section 2.5), and Proposers must make themselves available to TxDOT for such pre-proposal meetings and to discuss any matters they submit to TxDOT under this Section 2.3.1. If TxDOT determines, in its sole discretion, that its interpretation or clarification requires a change in the RFP, TxDOT will prepare and issue an Addendum.

2.3.2 Ombudsman

TxDOT has designated an employee who is not involved in this procurement to act as an Ombudsman for the purpose of receiving written communications submitted in accordance with this Section 2.3.2 on a confidential basis regarding the procurement process. Instead of submitting written communications to TxDOT's Authorized Representative as provided in Section 2.3.1, a Proposer may submit such confidential communications, comments or complaints regarding the procurement to the Ombudsman, where the Proposer believes in good faith that confidentiality is essential. Please note that the deadline set forth in Section 2.3.1 applies to comments and questions regarding the RFP that are submitted to the Ombudsman. A Proposer must submit such confidential communications in a separate document that does not include any information identifying the Proposer. After receiving such confidential communications, the Ombudsman shall forward only the separate document containing the confidential communication to TxDOT's Authorized Representative as identified in Section 2.2.1. If the Ombudsman determines that the submitted material is not of a confidential nature, or has been submitted past the applicable deadline set forth in Section 2.3.1, the Ombudsman shall return the submission to the Proposer and instruct the Proposer to submit the communication directly to TxDOT's Authorized Representative in accordance with Section 2.3.1. TxDOT has designated the following individual who is not involved in the procurement to be the Ombudsman for the procurement:

Rebecca Blewett, Esq.
Associate General Counsel
Texas Department of Transportation
125 E. 11th Street
Austin, Texas 78701
E-mail: Becky.Blewett@txdot.gov

All other questions and requests for clarification should be submitted to TxDOT's Authorized Representative in accordance with Section 2.3.1.

2.3.3 Addenda

TxDOT reserves the right, in its sole discretion, to revise, modify or change the RFP and/or procurement process at any time before the Proposal Due Date (or, if Proposal Revisions are requested pursuant to Section 5.8, prior to the due date for Proposal Revisions). Any such revisions will be implemented through issuance of Addenda to the RFP. Addenda will be posted on the RFP Website, and Proposers will be notified of the issuance of such Addenda. If any Addendum significantly impacts the RFP, as determined in TxDOT's sole discretion, TxDOT may change the Proposal Due Date. The announcement of such new date will be included in the Addendum. In addition, if the last date for Proposers to submit questions regarding the RFP has occurred or has changed, the Addendum will indicate the latest date for submittal of any clarification requests permitted concerning the Addendum.

The Proposer shall acknowledge in its Proposal Letter (see Form A) receipt of all Addenda and question and answer responses. Failure to acknowledge such receipt may cause the Proposal to be deemed non-responsive and be rejected. TxDOT reserves the right to hold group meetings with Proposers and/or one-on-one meetings with each Proposer to discuss any Addendum or response to requests for clarifications. TxDOT does not anticipate issuing any Addenda later than five Business Days prior to the Proposal Due Date. However, if the need arises, TxDOT reserves the right to issue Addenda after such date. If TxDOT finds it necessary to issue an Addendum after such date, then any relevant processes or response times necessitated by the Addendum will be set forth in a cover letter to that specific Addendum.

2.4 Pre-Proposal Submittals

Pre-Proposal Submittals are required as provided in Section 2.11.1 (regarding changes in a Proposer's organization), Section 2.11.2 (regarding designation of a Lead Maintenance Firm) and Section 2.11.2 of this ITP and Section 3.2.5 of Exhibit B (regarding changes in Key Personnel). In addition, any Proposer that wishes to submit an ATC pursuant to Section 3.2 must make a Pre-Proposal Submittal as described therein.

2.5 Pre-Proposal Meetings

2.5.1 Informational Meetings

TxDOT may hold joint informational meetings with all Proposers at any time prior to the Proposal Due Date. Informational meetings may be held either in person or by telephonic or electronic means. If held telephonically or electronically, the meeting will permit interactive communication between all Proposers and TxDOT. Written notice of any informational meetings will be sent to all Proposers. If the meeting is conducted by

telephonic or electronic means, the notice will inform Proposers of the manner of the meeting.

If any informational meeting is held, each Proposer shall attend with appropriate members of its proposed key management personnel, and if required by TxDOT, senior representatives of proposed team members identified by TxDOT.

2.5.2 One-on-One Meetings

TxDOT intends to conduct one-on-one meetings with each Proposer on the dates set forth in Section 1.5, and on such other dates designated by TxDOT in writing to the Proposers, to discuss issues and clarifications regarding the RFP and the Proposer's ATCs. TxDOT reserves the right to disclose to all Proposers any issues raised during the one-on-one meetings, except to the extent that TxDOT determines, in its sole discretion, such disclosure would impair the confidentiality of an ATC or would reveal a Proposer's confidential business strategies. Participation at such meetings by the Proposers shall be mandatory. The FHWA may also participate in all one-on-one meetings.

The one-on-one meetings are subject to the following:

- The meetings are intended to provide Proposers with a better understanding of the RFP.
- TxDOT will not discuss with any Proposer any Proposal or ATC other than its own.
- Proposers shall not seek to obtain commitments from TxDOT in the meetings or otherwise seek to obtain an unfair competitive advantage over any other Proposer.
- No aspect of these meetings is intended to provide any Proposer with access to information that is not similarly available to other Proposers, and no part of the evaluation of Proposals will be based on the conduct or discussions that occur during these meetings.

Persons attending the one-on-one meetings will be required to sign an acknowledgment of the foregoing rules and to identify all participants from the Proposer whether attending in person or by phone. Each Proposer shall provide TxDOT with an agenda five business days in advance regarding the topics it wishes to discuss during its respective one-on-one meeting. While questions and responses are permitted during one-on-one meetings as specified in Section 2.5.3 below, Proposers shall not use one-on-one meeting agendas to submit written questions or requests for clarification or interpretation of the RFP Documents in excess of the question limitations set forth in Section 2.3.1.

2.5.3 Questions and Responses during One-on-One Meetings

During one-on-one meetings, Proposers may ask questions and TxDOT may provide responses. However, any responses provided by TxDOT during one-on-one meetings may not be relied upon unless questions were submitted in writing and TxDOT provided written responses in accordance with Section 2.3.1. The questions and TxDOT's responses will be provided in writing to all Proposers, except to the extent such questions are deemed by TxDOT to contain confidential or proprietary information relating to a particular Proposer's Proposal or ATCs.

2.5.4 Statements at Meetings

Nothing stated at any pre-proposal meeting or included in a written record or summary of a meeting will modify the ITP or any other part of the RFP unless it is incorporated in an Addendum issued pursuant to Section 2.3.3.

2.6 Confidentiality/Public Information Act Disclosure Requests

2.6.1 Disclosure Waiver

Each Proposer, by submitting a Proposal to TxDOT in response to the RFP, consents to the disclosures described in this ITP, including the disclosures in this Section 2.6 and all other disclosures required by law, and expressly waives any right to contest, impede, prevent or delay such disclosure, or to initiate any proceeding that may have the effect of impeding, preventing or delaying such disclosure, under the Public Information Act, the Code, the Rules or any other law relating to the confidentiality or disclosure of information. Under no circumstances will TxDOT be responsible or liable to a Proposer or any other party as a result of disclosing any such materials. The Proposer further agrees to assist TxDOT in complying with these disclosure requirements if it is the selected apparent best value Proposer.

2.6.2 Observers during Evaluation

Proposers are advised that observers from federal or other agencies may observe the Proposal evaluation process and will have the opportunity to review the Proposals after the Proposal Due Date. TxDOT has agreed to allow FHWA officials and their outside advisors to oversee the procurement process, which includes access to the Financial Proposals. Outside observers (other than FHWA officials) will be required to sign TxDOT's standard confidentiality agreement.

2.6.3 Public Disclosure of Proposal Documents

Proposers are advised that the information contained in Form J (Conflict of Interest Disclosure Statement) and the Executive Summary (described in Exhibit B, Section 3.1) of each Proposal may be publicly disclosed by TxDOT at any time, in TxDOT's sole discretion.

Proposers are advised that upon recommendation to the Commission of the selection of an apparent best value Proposer and in TxDOT's sole discretion, TxDOT may publicly release (a) each Proposal with the exception of the Price Proposal, and (b) the selected apparent best value Proposer's Price Proposal, or any of the information contained therein. In the event TxDOT is unable to reach agreement on the DBA and CMA with the selected apparent best value Proposer and TxDOT, in accordance with applicable law, chooses to enter into negotiations with the next highest ranking Proposer, then the Price Proposal submitted by the next such highest ranking Proposer and any information contained therein may be disclosed as described in the previous sentence for the selected apparent best value Proposer.

Prior to recommendation to the Commission of the selection of an apparent best value Proposer, any Price Proposal submitted by Proposers and the information contained therein shall be subject to disclosure as described in Section 2.6.4.

After recommendation to the Commission of the selection of an apparent best value Proposer, but prior to execution of the DBA and CMA, any Price Proposal submitted by Proposers and the information contained therein, other than that of the apparent best value Proposer (or that of the next highest ranking Proposer, if such Proposer is in DBA and CMA negotiations with TxDOT) shall be subject to disclosure as described in Section 2.6.4.

After final award, or in the event that the procurement is cancelled by TxDOT, TxDOT shall have the right to publicly disclose any and all portions of all the Proposals, except the non-public financial statements of privately held entities. However, the non-public financial statements of privately held entities shall be subject to disclosure as described in Section 2.6.4.

2.6.4 Disclosure Process for Requests under the Act

If a request is made under the Act for disclosure of the Proposals or information contained therein, other than information which may be otherwise disclosed pursuant to the Proposer's express consent given in accordance with Section 2.6.1, TxDOT will submit a request for an opinion from the Office of the Attorney General prior to disclosing any such documents. The Proposer shall then have the opportunity to assert its basis for non-disclosure of such documents and claimed exception under the Act or other applicable Law to the Office of the Attorney General within the time period specified in the notice issued by TxDOT and allowed under the Act. However, it is the responsibility of the Proposer to monitor such proceedings and make timely filings. TxDOT may, but is not obligated to, make filings of its own concerning possible disclosure; however, TxDOT is under no obligation to support the positions of the Proposer.

By submitting a Proposal to TxDOT in response to the RFP, the Proposer consents to, and expressly waives any right to contest, the provision by TxDOT to the Office of the Attorney General of all, or representative samples of, the Proposal, including any non-public financial statements of privately held entities and other confidential or proprietary

information, in accordance with the Act and each Proposer consents to the release of all such information to the Attorney General for purposes of the Attorney General making a determination in response to a disclosure request under the Act. Under no circumstances will TxDOT be responsible or liable to a Proposer or any other party as a result of disclosing any such labeled materials, whether the disclosure is deemed required by Law or by an order of court or occurs through inadvertence, mistake or negligence on the part of TxDOT or its officers, employees, contractors or consultants.

All Proposers should obtain and thoroughly familiarize themselves with the Act, Code and any Rules applicable to the issue of confidentiality and public information. TxDOT will not advise a Proposer as to the nature or content of documents entitled to protection from disclosure under the Code, the Act or other Texas Laws, as to the interpretation of such Laws, or as to the definition of trade secret. The Proposer shall be solely responsible for all determinations made by it under applicable Laws. Each Proposer is advised to contact its own legal counsel concerning the effect of applicable Laws to that Proposer's own circumstances.

In the event of any proceeding or litigation concerning the disclosure of any Proposal or portion thereof, including any non-public financial statements of privately held entities and other confidential or proprietary information submitted by the Proposer, the Proposer shall be responsible for prosecuting or defending any action concerning the materials at its sole expense and risk; provided, however, that TxDOT reserves the right, in its sole discretion, to intervene or participate in the litigation in such manner as it deems necessary or desirable. All costs and fees (including attorneys' fees and costs) incurred by TxDOT in connection with any litigation, proceeding or request for disclosure shall be reimbursed and paid by the Proposer whose Proposal is the subject thereof.

2.7 TxDOT Studies and Investigations

TxDOT is performing Site investigations. The information obtained by TxDOT from such activities will be made available to Proposers in the RIDs. All information provided by TxDOT will be subject to the same limitations applicable to similar information furnished in the RIDs. Specifically, TxDOT makes no representation or warranty as to the accuracy, completeness or suitability of the additional information.

2.8 Examination of RFP and Site Access

2.8.1 Examination of RFP

Each Proposer shall be solely responsible for examining, with appropriate care and diligence, the RFP, including the RIDs and any Addenda, and all material posted on the RFP Website, and for informing itself with respect to any and all conditions that may in any way affect the amount or nature of its Proposal, or the performance of the DB Contractor's obligations under the DBA and the CMA with TxDOT, as appropriate. Each Proposer is also responsible for monitoring the Project Website for information concerning the RFP and the procurement. The Proposal Letter (Form A) includes an

acknowledgment that the Proposer has received and reviewed all materials posted thereon. Failure of the Proposer to so examine and inform itself shall be at its sole risk, and TxDOT will provide no relief for any error or omission.

Each Proposer is responsible for conducting such investigations as it deems appropriate in connection with its Proposal, regarding the condition of existing facilities and Site conditions, including Hazardous Materials, and permanent and temporary Utility appurtenances, keeping in mind the provisions in the DBA and the CMA regarding assumption of liability by the Proposer. The Proposer's receipt of TxDOT-furnished information does not relieve the Proposer of such responsibility.

The submission of a Proposal shall be considered prima facie evidence that the Proposer has made the above-described examination and is satisfied as to the conditions to be encountered in performing the Work and Maintenance Services, and as to the requirements of the DBA Documents and CMA Documents.

2.8.2 Site Access

An expedited process for obtaining rights of entry to access portions of the Project is attached hereto as Exhibit F. Exhibit F-1 is the process for obtaining rights of entry to property that is not owned by the State, and Exhibit F-2 is the process for obtaining a right of entry for State-owned ROW. Pursuant to the terms of Exhibit F-1 or F-2, as applicable, and subject to the Proposer obtaining any required administrative or governmental approvals, Proposers may be allowed access to portions of the Preliminary ROW for purposes of inspecting in-place assets and determining Site conditions through non-destructive investigations, until the Proposal Due Date, provided that the conditions specified in Exhibits F-1 and F-2, as applicable, are met. This work may include surveys and site investigations, such as geotechnical, Hazardous Materials and Utilities investigations.

After conditional award has been made, the selected Proposer will be allowed access to the Project ROW that TxDOT owns, in accordance with the process described in this Section 2.8.2, in order to conduct surveys and site investigations, including geotechnical, Hazardous Materials and Utilities investigations, and to engage in the other activities referenced in the DBA Documents that are allowed prior to issuance of NTP2.

2.9 Errors

If any mistake, error, or ambiguity is identified by the Proposer at any time during the procurement process in any of the documents supplied by TxDOT, the Proposer shall notify TxDOT of the recommended correction in writing in accordance with Section 2.3.1.

2.10 Improper Conduct

2.10.1 Non-Collusion

Neither the Proposer nor any of its team members shall undertake any of the prohibited activities identified in the Non-Collusion Affidavit (Form F).

2.10.2 Organizational Conflicts of Interest

Section 9.155 of Title 43 of the Rules regarding organizational conflicts of interest apply to all design-build contract projects, including this Project. Proposers are advised that these rules may preclude certain firms and their subsidiaries and affiliates from participating on a Proposer team.

By submitting its Proposal, each Proposer agrees that, if an organizational conflict of interest (as defined in the Rules) is thereafter discovered, the Proposer must make an immediate and full written disclosure to TxDOT that includes a description of the action that the Proposer has taken or proposes to take to avoid or mitigate such conflicts. If an organizational conflict of interest is determined to exist, TxDOT may, at its sole discretion, cancel the procurement, disqualify any Proposer with a conflict or take other action as necessary to mitigate the conflict. If the Proposer was aware of an organizational conflict of interest prior to the award of the DBA and the CMA and did not disclose the conflict to TxDOT, TxDOT may pursue remedies under the DBA and CMA, including termination of the DBA or, if applicable, CMA, for default.

2.10.3 Equitable Treatment of Proposers

During the procurement process (including the process for evaluation of ATCs and Proposals), TxDOT will make every reasonable effort to treat Proposers equitably.

2.11 Changes in a Proposer's Organization; Lead Maintenance Firm; Key Personnel

2.11.1 Changes in Proposer's Organization

Proposers are advised that, in order for a Proposer to remain qualified to submit a Proposal after it has been placed on the shortlist, unless otherwise approved in writing by TxDOT, the Proposer's organization as identified in the QS must remain intact for the duration of the procurement process. If a Proposer wishes to make changes in the team members identified in its QS, including, without limitation, additions or deletions of team members (including additional subcontractors), or reorganizations, changes in equity ownership interests and/or role changes in or of any of the foregoing, the Proposer shall submit to TxDOT a written request for approval of the change from TxDOT as soon as possible but in no event later than the applicable last date set forth in Section 1.5. Any such request shall be addressed to TxDOT at the address set forth in Section 2.2.1, accompanied by the information specified for such entities in the RFQ.

TxDOT discourages changes in a Proposer's organization from that listed in the QS other than the addition of new team members. If a request is made to allow deletion or role change of any Major Participant identified in its QS, the Proposer shall submit such information as may be required by TxDOT to demonstrate that the changed team meets the RFQ and RFP criteria (pass/fail and technical). The Proposer shall submit an original and five copies of each request package. TxDOT is under no obligation to approve such requests and may approve or disapprove in writing a portion of the request or the entire request at its sole discretion. Except as provided herein, in the DBA Documents and, as applicable, the CMA Documents, a Proposer may not make any changes in the team members identified in its QS after the applicable last date set forth in Section 1.5. Between the applicable date set forth in Section 1.5 and execution of the DBA and CMA, TxDOT, in its sole discretion, will consider requests by a Proposer to make changes in that Proposer's organization based only on unusual circumstances beyond the Proposer's control.

2.11.2 Designation of Lead Maintenance Firm

Each Proposer shall submit a package that includes an original and five copies of the information specified in this Section 2.11.2 to TxDOT, by the date and time for requests for changes to Proposer organization specified in Section 1.5 for review and written approval by TxDOT, in its sole discretion. The package shall be delivered to the address set forth in Section 2.2.1, and shall include (i) identification of a Lead Maintenance Firm, and (ii) information regarding the Lead Maintenance Firm's safety record and qualifications as evidenced on RFQ Form F – Safety Questionnaire included in the RID. In addition, the Proposer shall submit information demonstrating that the Lead Maintenance Firm meets the following minimum requirements:

- (a) Roadway maintenance experience on projects of similar scope and complexity;
- (b) Experience in managing maintenance interfaces with operators of adjacent roadways/facilities;
- (c) Experience with life cycle analysis in a long term contracting environment; and

TxDOT is under no obligation to approve requested changes in Key Personnel or designations of new Key Personnel and may disapprove such requests at its sole discretion. If TxDOT, in its sole discretion, disapproves a proposed Lead Maintenance Firm or (if applicable) its proposed alternate, Proposer shall submit the information required above for its proposed substitute, for review and approval by TxDOT in accordance with the foregoing process, at least ten Business Days prior to the Proposal Due Date.

2.11.3 Changes in Key Personnel

Proposers are advised that TxDOT discourages changes in Key Personnel from the individuals listed in the QS. Any proposed changes in Key Personnel from those identified in the QS are subject to TxDOT approval as specified in this Section 2.11.

Each Proposer shall submit a package that includes a list of any proposed changes in Key Personnel from those identified in the QS, including any new Key Personnel positions identified in this RFP, along with copies of a completed Form G for each such person. In addition, if any individual to be included in the Proposal is also proposed as a Key Personnel or for another position on any other TxDOT procurement, Proposer shall include in the package either: (1) a statement certifying that said individual will be available to assume its designated role on the SH 249 Extension Project if Proposer is the successful Proposer or (2) Form G for a qualified alternate. Each such package shall include an original and five copies of the information specified above. The package shall be submitted to TxDOT by the date and time for submittal of changes in Key Personnel specified in Section 1.5 for review and written approval by TxDOT, in its sole discretion. The package shall be delivered to the address set forth in Section 2.2.1.

TxDOT is under no obligation to approve requested changes in Key Personnel or designations of new Key Personnel and may disapprove such requests at its sole discretion. If TxDOT, in its sole discretion, disapproves a proposed Key Personnel or (if applicable) its proposed alternate, Proposer shall submit the information required above for its proposed substitute for review and approval by TxDOT in accordance with the foregoing process at least ten Business Days prior to the Proposal Due Date. The Proposal may not include any Key Personnel previously disapproved by TxDOT in writing for such Key Personnel position. A Proposer may not make any changes in its Key Personnel after receipt of TxDOT approval as specified in this Section 2.11.

2.12 Changes to Companies or Entities Filling Key Project Roles

A private entity responding to this RFP (i.e., a Proposer) must identify the companies that will fill the roles of Key Subcontractors. Furthermore, any private entity selected for the Project may not make changes to the Key Subcontractors so identified unless the original company or entity: (a) is no longer in business, is unable to fulfill its legal, financial, or business obligations, or can no longer meet the terms of the teaming agreement with the private entity; (b) voluntarily removes itself from the team; (c) fails to provide a sufficient number of qualified personnel to fulfill the duties identified during the proposal stage; or (d) fails to negotiate in good faith in a timely manner in accordance with provisions established in the teaming agreement proposed for the Project. If the Proposer makes team changes in violation of these requirements, any cost savings resulting from the change accrue to the State and not to the Proposer. Proposer shall identify all Key Subcontractors on Form Q. All subcontracts for Key Subcontractors that will perform Work prior to the issuance of NTP2 must be executed and provided to TxDOT before the execution of the DBA and CMA. For those Key Subcontractors with whom DB Contractor has not executed a subcontract prior to execution of the DBA and CMA, DB Contractor must submit a teaming agreement prior to execution of the DBA and CMA.

2.13 Sales Tax

Proposers should assume that the Project is exempt from sales tax for certain Expendable Materials as more particularly described in the DBA Documents and the CMA Documents. The selected Proposer will be required to submit a "Texas Sales and Use Tax Exemption Certification" to a seller for exempt items. The referenced form is available online to the public through the Texas Comptroller's website.

SECTION 3.0 ALTERNATIVE TECHNICAL CONCEPTS

3.1 Alternative Technical Concepts

“Alternative Technical Concepts” or “ATCs” are concepts that conflict with the requirements for design, construction and maintenance of the Project or otherwise require a modification of the Technical Provisions but that may nevertheless be proposed in accordance with the terms and conditions set forth in this ITP. Sections 3.1 through 3.5 set forth a process for review pre-Proposal ATC submissions. This process is intended to allow Proposers to incorporate innovation and creativity into the Proposals, in turn allowing TxDOT to consider Proposer ATCs in making the selection decision, to avoid delays and potential conflicts in the design associated with deferral of reviews of ATCs to the post-award period, and, ultimately, to obtain the best value for the public.

ATCs eligible for consideration hereunder shall be limited to those deviations from the requirements of the as-issued DBA Documents or CMA Documents that result in performance and quality of the end product that is equal to or better than the performance and quality of the end product absent the deviation, as determined by TxDOT in its sole discretion. A concept is not eligible for consideration as an ATC if, in TxDOT’s sole judgment, it is premised upon or would require (a) a change in the aesthetic or landscaping provisions set forth in the Technical Provisions, (b) a reduction in Project scope, performance or reliability; or (c) an increase in the amount of time required for Substantial Completion of the Work under the DBA. ATCs that, if implemented, would require further environmental evaluation or reevaluation of the Project, may be allowed, provided that the DB Contractor will bear the schedule and cost risk associated with such additional environmental evaluation. If the DB Contractor is not able to obtain the approvals necessary to implement the ATC, the DB Contractor will be obligated to develop the Project in accordance with existing approvals without additional cost or extension of time. TxDOT will not consider proposed ATCs that:

- (a) require any deviation from the pavement type as specified in Section 8.4.1.3.1 of the Technical Provisions,
- (b) require a deviation from the TxDOT-ME software for rigid pavement design as set forth in Section 8.4.1.6 of the Technical Provisions,
- (c) require a reduction in 30-year performance life as stated in Section 8.4.1.5.2 and Section 8.4.1.6.1 of the Technical Provisions,
- (d) reduce the requirements for treated base in Section 8.3.4 of the Technical Provisions,
- (e) require a reduction in main lane clear zone requirements as set forth in Table 11-1 of the Technical Provisions,

- (f) require a reduction in lane or shoulder width as set forth in Table 11-1 of the Technical Provisions,
- (g) require a reduction in the 48' median width as stated in Section 11.3 of the Technical Provisions,
- (h) use a barrier alternative other than CTB used to separate bi-directional DCs at SH 105,
- (i) use high-density polypropylene storm drainage pipe,
- (j) use open drains on bridge structures over roadways or waterways
- (k) eliminate the requirement to encase ITS/toll system duct banks,
- (l) eliminate the requirement to encase utilities crossing the project as required by the UAR,
- (m) increase the spacing of CCTV locations, or
- (n) reduce the number of DMS placements.

Any ATC that has been pre-approved may be included in the Proposal, subject to the conditions set forth herein.

If a Proposer is unsure whether a concept is consistent with the requirements of the RFP or if that concept would be considered an ATC by TxDOT, TxDOT recommends that the Proposer submit such concept for review as an ATC.

3.2 Pre-Proposal Submission of ATCs

Using the form attached hereto at Exhibit I (Form of ATC Proposal), a Proposer may submit ATCs for review to TxDOT's Authorized Representative specified in Section 2.2.1, until the last applicable date and time for submittal of ATCs identified in Section 1.5. Proposers may submit ATCs for the Base Scope or the Option Work. All ATCs shall be submitted in writing, with a cover sheet identifying the Proposer and stating "SH 249 Extension Project – Confidential ATCs," and following the instructions on Exhibit I. If the Proposer does not use Exhibit I, the submission may not be treated as an ATC by TxDOT. ATC submittals shall include five copies of Exhibit I.

3.2.1 Pre-Proposal ATC submissions shall include:

- (a) a sequential ATC number identifying Proposer, the ATC number (multi-part or multi-option ATCs shall be submitted as separate individual ATCs with unique sequential numbers), and whether the ATC is for the base scope or the Option Work;

(b) a description and conceptual drawings of the configuration of the ATC or other appropriate descriptive information, including a traffic operational analysis, if appropriate;

(c) the locations where, and an explanation of how, the ATC will be used on the Project;

(d) any changes in roadway requirements associated with the ATC, including ease of operations;

(e) any changes in capital maintenance requirements associated with the ATC, including ease of maintenance;

(f) any changes in the capital maintenance transition requirements associated with the ATC;

(g) any changes in the anticipated life of the item(s) comprising the ATC;

(h) any reduction in the time period necessary to design and construct the Project resulting from implementing the ATC, including, as appropriate, a description of method and commitments;

(i) references to requirements of the RFP that are inconsistent with the proposed ATC, an explanation of the nature of the deviations from said requirements, and a request for approval of such deviations;

(j) the analysis justifying use of the ATC and why the deviation, if any, from the requirements of the RFP should be allowed;

(k) a preliminary analysis and quantitative discussion of potential impacts on vehicular traffic (both during and after construction), environmental permitting, community impact, safety, and life-cycle Project and infrastructure costs, including impacts on the cost of repair, maintenance and operation;

(l) if and what additional right of way will be required to implement the ATC (and Proposers are advised that they shall (i) be solely responsible for the acquisition of any such right of way, including the cost thereof and obtaining any necessary Environmental Approvals; (ii) not be entitled to any Change Order for time or money as a result of Site conditions (i.e., Hazardous Materials, Differing Site Conditions, geotechnical issues, Utilities, etc.) on such additional right of way; and (iii) not be entitled to any Change Order for time or money as a result of any delay, inability or cost associated with the acquisition of such right of way);

(m) a description of other projects where the ATC has been used, the degree of success or failure of such usage and names and contact information including phone numbers and e-mail addresses for project owner representatives that can confirm such statements;

(n) a description of added risks to TxDOT or third parties associated with implementing the ATC;

(o) a detailed estimate of any additional TxDOT, DB Contractor and third-party costs associated with implementation of the ATC;

(p) a detailed estimate of the Base Scope DB Price and/or Maintenance Price adjustment should the ATC be approved and implemented;

(q) an analysis of how the ATC is equal or better in quality and performance than the requirements of the Contract Documents, as applicable;

(r) if applicable, a detailed estimate of the Option Price and/or Option Maintenance Price adjustment should the ATC be approved and implemented; and

(s) a description (including parcel numbers) of any not yet acquired Preliminary ROW parcels that would not be required to be acquired if the ATC were implemented. Any such avoided properties must be complete parcels and must not be parcels that will be donated to TxDOT.

3.2.2 A Proposer shall not make any public announcement or disclosure to third parties concerning any ATC until after approval (including conditional approval) has been obtained. Following approval (including conditional approval), if a Proposer wishes to make any such announcement or disclosure, it must first notify TxDOT in writing of its intent to take such action, including details as to date and participants, and obtain TxDOT's prior written consent, in its sole discretion, to do so.

3.2.3 If implementation of an ATC will require approval by a third party (e.g., a governmental authority), a Proposer shall have full responsibility for, and bear the full risk of, obtaining any such approvals after award of the DBA and the CMA and submission of data; provided, however, that TxDOT shall retain its role as liaison with any governmental authorities as more particularly described in the DBA Documents and CMA Documents, as applicable. If any required third-party approval is not subsequently granted with the result that the Proposer must comply with the requirements of the original RFP, the Proposer will not be entitled to a Change Order for additional compensation or time under the DBA or CMA, as applicable.

3.2.4 If TxDOT approves an ATC that identifies any not yet acquired Preliminary ROW that would not be required to be acquired if the ATC were implemented, Proposer shall pay for and be responsible for, and bear the full risk of, meeting any conditions attached to the ATC approval, including obtaining third party approvals, and for completing the Final Design such that the identified Preliminary ROW is not required to be acquired. If the Proposer does not meet the conditions or does not complete the Final Design to avoid the identified parcels, Proposer shall be responsible for obtaining those parcels at its own cost and its own risk, up to the amount of the ATC adjustment identified in the letter described in Section 3.3 in accordance with the provisions

regarding DB Contractor Designated ROW. In such case the Proposer shall not be entitled to any additional time or compensation.

3.2.5 If TxDOT determines, based on a proposed ATC or otherwise, that the RFP contains an error, ambiguity or mistake, TxDOT reserves the right to modify the RFP to correct the error, ambiguity or mistake, regardless of any impact on a proposed ATC.

3.3 TxDOT Review of Pre-Proposal Submission of ATCs

TxDOT may request additional information regarding proposed ATCs at any time and will, in each case, return responses to each Proposer regarding its ATC on or before the last applicable date set forth in Section 1.5, provided that TxDOT has received all required and requested information regarding such ATC.

TxDOT's responses will be limited to one of the following statements:

- (a) the ATC is acceptable for inclusion in the Proposal;
- (b) the ATC is not acceptable for inclusion in the Proposal;
- (c) the ATC is not acceptable in its present form, but may be acceptable upon the satisfaction, in TxDOT's sole discretion, of certain identified conditions which must be met or clarifications or modifications that must be made;
- (d) the submittal is not eligible as an ATC but may be included in the Proposer's Proposal because it appears to be within the requirements of the RFP; or
- (e) the submittal is not eligible as an ATC and may not be included in the Proposer's Proposal.

In addition, if TxDOT determines that implementation of the ATC will decrease overall project costs but will result in an increase in TxDOT's costs, TxDOT will provide in the ATC approval letter the amount of such increased TxDOT's costs as estimated by TxDOT. Such amount shall be the ATC cost adjustment and shall be added to the Base Scope Design-Build Price for evaluation purposes only in accordance with Section 5.5.4.

TxDOT will make a preliminary determination on whether to accept and approve an ATC for submission. Proposers may not re-submit an ATC once a preliminary decision regarding such ATC has been made. TxDOT will provide each Proposer with an opportunity to request a one-hour ATC presentation meeting to discuss the ATCs that were preliminarily given conditional approval or were rejected. If a Proposer chooses to request a meeting, the Proposer shall provide TxDOT with an agenda regarding the ATCs it wishes to discuss. If at the ATC presentation meeting an ATC which was preliminarily determined to be unacceptable for inclusion in the Proposal is determined to be acceptable, or the conditions included with an ATC which has been preliminarily accepted with conditions are modified or removed, the revised determination shall be communicated in an ATC Post-Presentation Meeting Letter. Preliminary decisions for

the ATCs not included on the Proposer agenda, or shown on the Proposer agenda but not discussed by the Proposer in the ATC presentation meeting, will be deemed final. Proposers will be responsible for ensuring that the ATCs submitted with the Proposal comply with the requirements of the RFP.

Approval of an ATC will constitute a change in the specific requirements of the DBA Documents or CMA Documents, as applicable, associated with the approved ATC for that specific Proposer. Each Proposer, by submittal of its Proposal, acknowledges that the opportunity to submit ATCs was offered to all Proposers, and waives any right to object to TxDOT's determinations regarding acceptability of ATCs and any ATC cost adjustments made in accordance with this Section 3.3 and Section 5.5.4.

TxDOT's rejection of a pre-Proposal submission of an ATC will not entitle a Proposer to an extension of the Proposal Due Date or the date that the ATCs are due; provided, however, that the foregoing shall not limit TxDOT's absolute and sole right to modify the Proposal Due Date or any other date in connection with this procurement.

TxDOT anticipates that its comments provided to a Proposer will be sufficient to enable that Proposer to make any necessary changes to its ATCs. However, if a Proposer wishes additional clarifications regarding necessary changes, that Proposer may provide a written request for clarifications under Section 2.3.1.

3.4 Incorporation of ATCs in the DBA Documents and CMA Documents

Following conditional award of the DBA and the CMA, the ATCs that were pre-approved by TxDOT and incorporated in the Proposal by the successful Proposer shall be included in the DBA Documents or the CMA Documents, as applicable. If TxDOT responded to any ATC by stating that it would be acceptable if certain conditions were met, those conditions will become part of the DBA Documents and CMA Documents, as applicable. The DBA Documents and CMA Documents will be conformed after conditional award, but prior to execution of the DBA and CMA, to reflect the ATCs, including any TxDOT conditions thereto. Notwithstanding anything to the contrary herein, if the DB Contractor does not comply with one or more TxDOT conditions of pre-approval for an ATC or the DB Contractor fails to obtain a required third party approval for an ATC, the DB Contractor will be required to comply with the original requirements of the RFP without additional cost or extension of time as set forth in the DBA or CMA, as applicable.

Prior to execution of the DBA and CMA, ATCs from unsuccessful Proposers that have agreed, at their option, to execute the Payment for Work Product Agreement as described in Section 6.3, thus confirming their acceptance of the stipend, may, in TxDOT's sole discretion, be presented to the selected DB Contractor for possible incorporation in the DBA Documents or CMA Documents, as applicable, during negotiation of the final terms of the DBA or CMA pursuant to Section 5.11.1. In addition, following execution of the DBA and CMA, ATCs from unsuccessful Proposers may, in TxDOT's sole discretion, be presented to the selected DB Contractor as a TxDOT Change Order in accordance with the DBA or CMA, as applicable.

3.5 Confidentiality

Subject to the provisions of the Act and the Rules, ATCs and all communications regarding ATCs will remain confidential until a decision is made to select a Proposer or cancel the procurement, at which time all confidentiality rights, if any, shall be of no further force and effect except as otherwise allowed under the Act, applicable Law, and Section 2.6 of the ITP. By submitting a Proposal, each Proposer agrees, if it is not selected, to disclosure of its work product to the successful Proposer.

SECTION 4.0 REQUIREMENTS FOR SUBMITTAL OF PROPOSALS AND ACCEPTANCE OF DELIVERY BY TXDOT

4.1 General Submittal Requirements

Each Proposal shall include a Technical Proposal, a Financial Proposal and a Price Proposal meeting the requirements set forth in Exhibits B, C-1 and C-2, respectively. The Proposal shall be submitted in recyclable, low cost sealed containers in the format and manner set forth in Sections 4.2, 4.3 and 4.4, respectively.

4.1.1 Proposal Due Date

The components of the completed Proposal shall be delivered no later than the applicable Proposal Due Date and time specified in Section 1.5.

4.1.2 Signatures Required

The Proposal Letter (Form A) shall be signed in blue ink by all parties making up Proposer, and shall be accompanied by evidence of signatory authorization as specified in Form A.

4.1.3 Certified Copies

Where certified copies of the Proposal are required, Proposer shall mark the document or cover with the words "Certified True Copy" and have the mark oversigned by the Proposer's designated representative(s). Where certified copies of portions of the Price Proposal that include price information are required, Proposer shall mark the sealed envelope with the words "Original and Certified True Copies" and have the mark oversigned by the Proposer's designated representative(s).

4.1.4 Consequences of Failure to Follow Requirements

Failure to use sealed containers or to properly identify the Proposal may result in an inadvertent early opening of the Proposal and may result in disqualification of the Proposal. The Proposer shall be entirely responsible for any consequences, including disqualification of the Proposal, which result from any inadvertent opening if TxDOT determines that the Proposer did not follow the foregoing instructions. It is the Proposer's sole responsibility to see that its Proposal is received as required. Proposals received after the date and time due will be rejected without consideration or evaluation.

4.1.5 Requirement to Submit Compliant Proposal

The Proposal may not include any qualifications, conditions, exceptions to or deviations from the requirements of the RFP, except as contained in pre-approved ATCs (including conditionally pre-approved ATCs that have been revised to satisfy any conditions to approval). If the Proposal does not fully comply with the instructions and rules

contained in this ITP, including the ITP exhibits, it may be disqualified. Any Proposal that contains a material alteration, as determined by TxDOT in its sole discretion, to the ITP forms, will be considered non-responsive and non-compliant. Alterations that have been approved in writing in advance by TxDOT will not be considered material.

If a Proposal is deemed non-responsive or non-compliant, TxDOT may disqualify the Proposal from further consideration, in its sole discretion. Such disqualification will not result in the forfeiture of a Proposer's Proposal Security.

Each Proposal must be submitted in the official format which is specified by TxDOT in the RFP. The Proposer shall sign the Proposal Letter (Form A) and submit it with the original copy of the Proposal submitted to TxDOT. Multiple or alternative proposals may not be submitted.

Proposals may be considered non-compliant and may be rejected for any of the following reasons:

(a) If the Proposal is submitted in paper form or on disk other than that specified by TxDOT; if the Proposal Letter is not properly signed; if any part of the Proposal is missing from the Proposal package, and/or if it otherwise does not meet the Proposal submittal requirements;

(b) If TxDOT determines that the Proposal contains irregularities that make the Proposal incomplete, indefinite, or ambiguous as to its meaning, including illegible text, omissions, erasures, alterations, or items not called for in the RFP, or unauthorized additions;

(c) If multiple or alternate Proposals are submitted or if the Proposal includes any conditions or provisions reserving the right to accept or reject an award or to enter into a DBA or CMA following award;

(d) If the Proposer attempts to limit or modify the Proposal Security, if the Proposal Security is not provided (see Exhibit B, Section 3.3.2), and/or if requested information deemed material by TxDOT is not provided; and

(e) Any other reason TxDOT determines the Proposal to be non-compliant.

4.1.6 Format

The Proposal shall contain concise written material and drawings enabling a clear understanding and evaluation of the capabilities of the Proposer and the characteristics and benefits of the Proposal. Legibility, clarity, and completeness of the Technical Proposal and Financial Proposal are essential. The Technical Proposal shall not exceed the page limitation set forth in Exhibit B, Section 2.0. No page limit applies to appendices and exhibits, however, TxDOT does not commit to review any information in appendices and exhibits other than those required to be provided, and the Proposal evaluation process will focus on the body of the Proposal and any required appendices and exhibits.

An 8 ½ by 11-inch format is required for typed submissions and an 11 by 17-inch format is required for drawings, except that (i) any support letters provided from parties outside the United States may be submitted in ISO A4 format and (ii) design drawings may be submitted on scroll mats not to exceed 34 inches in width (and 5 hard copies of such design drawings shall be submitted along with an electronic copy on a CD, DVD or USB flash drive in Adobe Acrobat (.pdf) format and in Bentley Microstation format). Preliminary schedule submissions shall include both a hard copy and the electronic files necessary to view and manipulate the schedule in Primavera. Forms shall not be modified except to include the requested information.

Submittals must be bound and, for the Technical Proposal, all pages in a binder sequentially numbered. Printed lines may be single-spaced with the type font size being no smaller than 12-point, other than in tables and figures which may be prepared using ten-point font size. The use of 11 by 17-inch foldouts for tables, graphics and maps is acceptable in the main body of the Proposal. However, 11 by 17 inch foldouts may not include narrative text, except for brief captions necessary to title or describe graphics. Any other narrative text included on an 11 by 17 inch foldout may be disregarded by TxDOT. Each 11 by 17–inch foldout will be considered one page.

4.1.7 Additional Requirements for Proposal Delivery

The completed Technical, Financial and Price Proposals shall be submitted and delivered in sealed containers no later than the Proposal Due Date and time specified in Section 1.5. Each binder of the Proposal shall be labeled to indicate its contents and the Proposer. The original Technical, Financial and Price Proposals shall be clearly identified as “original”; copies of the Proposals shall be sequentially numbered, labeled and bound.

The Proposal is to be delivered to TxDOT at the following address:

Varuna Singh, P.E.
Texas Department of Transportation
7600 Chevy Chase Drive, Bldg. 2, Suite 400
Austin, TX 78752

4.2 Technical Proposal

The Proposer shall deliver one original and 15 certified copies, except for the Proposal Security (see Section 4.2.2), of the Technical Proposal to TxDOT at the address identified in Section 4.1.7 by the Proposal Due Date.

All of the binders comprising the original Technical Proposal, together with an electronic copy on one or more CDs or USB flash drives shall be packaged in a single container, clearly addressed to TxDOT as provided herein, and labeled “[Proposer Name]: Original Technical Proposal for SH 249 Extension Project.”

The containers that include the required certified hard copies of the Technical Proposal shall be labeled “Copies of Technical Proposal for SH 249 Extension Project.”

The electronic copies shall be in Adobe Acrobat (.pdf) format on CD(s) or USB flash drive(s); provided, however, that: (a) Proposal forms may be submitted in either Adobe Acrobat (.pdf) or Word format; and (b) corporate, partnership, joint venture and limited liability company documents (e.g., articles of incorporation, bylaws, partnership agreements, joint venture agreements and limited liability company operating agreements) may be submitted in hard copy and need not be submitted electronically.

4.2.1 Proposal Security

One original and three certified copies of the Proposal Security shall be provided with the Technical Proposal, and shall be in a separate envelope labeled “[Proposer Name]: Proposal Security for SH 249 Extension Project.”

4.3 Financial Proposal

One original and six certified copies of the Financial Proposal shall be delivered to TxDOT at the address identified in Section 4.1.7 by the Proposal Due Date.

The financial statements and other financial capacity information submitted in response to Exhibit C-1 Section 2.0 shall be submitted in binders. One original and six hard copies, as well as one digital copy on CD or USB flash drive, of the financial capacity information shall be submitted in a container labeled “[Proposer Name]: Financial Proposal/Financial Capacity information for SH 249 Extension Project.”

4.4 Price Proposal

The Price Proposal shall include separate parts as described below and delivered to TxDOT at the address identified in Section 4.1.7 by the Proposal Due Date. The Price Proposal shall include a separate Maximum Payment Curve for Segment 1 (CSJ 3635-01-001 and 3635-02-001) and Segment 2 (CSJ 3635-02-002). The Price Proposal shall be divided as follows:

- (a) One original and six certified copies, as well as one digital copy in .xls and .pdf on a CD or USB flash drive, of all price information pertaining to Base Scope for Segment 1 (including Forms M-1, M-1.1, M-1.2, M-1.3, N-1, N-1.1 and N-1.2); and
- (b) One original and six certified copies, as well as one digital copy in .xls and .pdf on a CD or USB flash drive, of all price information pertaining to Base Scope for Section 1A (including Forms M-1A, M-1A.1, M-1A.2, M-1A.3, N-1A, N-1A.1 and N-1A.2); and
- (c) One original and six certified copies, as well as one digital copy in .xls and .pdf on a CD or USB flash drive, of all price information pertaining to Base Scope for Section 1B (including Forms M-1B, M-1B.1, M-1B.2, M-1B.3, N-1B, N-1B.1 and N-1B.2); and

- (d) One original and six certified copies, as well as one digital copy in .xls and .pdf on a CD or USB flash drive, of all price information pertaining to Base Scope Segment 2 (including Forms M-2, M-2.1, M-2.2, M-2.3, N-2, N-2.1 and N-2.2); and(e) One original and six certified copies, as well as one digital copy in .xls and .pdf on a CD or USB flash drive, of all price information pertaining to Base Scope Segment 2 Main Lanes (including Forms M-2A, M-2A.1, M-2A.2, M-2A.3, N-2A, N-2A.1 and N-2A.2); and
- (f) One original and six certified copies, as well as one digital copy in .xls and .pdf on a CD or USB flash drive, of all price information pertaining to Base Scope Segment 2 Access Roads (including Forms M-2B, M-2B.1, M-2B.2, M-2B.3, N-2B, N-2B.1 and N-2B.2); and
- (e) One original and six certified copies, as well as one digital copy in .xls and .pdf on a CD or USB flash drive, of all price information pertaining to total Base Scope (including Forms M-3, M-3.1, M-3.2, M-3.3, N-3, N-3.1 and N-3.2); and
- (f) One original and six certified copies, as well as one digital copy in .xls and .pdf on a CD or USB flash drive, of all price information pertaining to Option 1 (including Forms M-4, M-4.1, M-4.2, M-4.3, N-4, N-4.1 and N-4.2); and
- (g) One original and six certified copies, as well as one digital copy in .xls and .pdf on a CD or USB flash drive, of all price information pertaining to Option 2 (including Forms M-5, M-5.1, M-5.2, M-5.3, N-5, N-5.1 and N-5.2);
- (h) In a sealed envelope marked “Form O,” one original and six certified copies, as well as one digital copy in .pdf on a CD or USB flash drive, of information pertaining to the number of days between NTP1 and the Proposer’s proposed Substantial Completion Dates (including completed Form O).

All parts of the Price Proposal that indicate information identifying the Proposer shall be submitted in a sealed container labeled “[Proposer Name]: Price Proposal for SH 249 Extension Project.” All portions of the proposal containing pricing information shall not include any information identifying the Proposer and shall be included in a separate sealed container labeled “[Proposer Name]: Price Proposal Pricing Forms for SH 249 Extension Project.”

4.5 Option Work

Proposer shall include Option 1 and Option 2 in its Proposal. The Option Work is further described in Section 1.2.4 of the Technical Provisions.

Proposer is required to address the Option Work in the Technical Proposal as set forth in Exhibit B and submit price information for the Option Work as part of its Price Proposal as described in Exhibit C-2. The Proposer is required to address the Option Work in its Technical Proposal as set forth in Section 3 of Exhibit B and shall submit price information for the Option Work as part of its Price Proposal as described in

Exhibit C-2. TxDOT may elect to require DB Contractor to undertake any or all of the Option Work in the Work by issuance of written notice prior to execution of the Development Agreement and CMA, and the Price in the DBA will be conformed to reflect such election prior to execution of the DBA. TxDOT will not elect to require DB Contractor to undertake Option Work 2 without also requiring DB Contractor to undertake Option Work 1.

4.6 Currency

All required pricing, financial and cost information shall be provided in United States dollars (US\$) currency only.

4.7 Modifications, Withdrawals and Late Submittals

4.7.1 Modifications to a Proposal

A Proposer may modify its Technical, Financial, and Price Proposals in writing prior to the specified time on the Proposal Due Date. The modification shall conform in all respects to the requirements for submission of the applicable component of the Proposal. Modifications shall be clearly delineated as such on the face of the document to prevent confusion with the original components of the Proposal and shall specifically state that the modification supersedes the previous components of the Proposal and all previous modifications, if any. If multiple modifications are submitted, they shall be sequentially numbered so TxDOT can accurately identify the final Proposal. The modification must contain complete Proposal sections, complete pages or complete forms as described in Exhibits B, C-1 and C-2. Line item changes will not be accepted. No facsimile or other electronically transmitted modifications will be permitted.

4.7.2 Withdrawal and Validity of Proposals

A Proposer may withdraw its Proposal at any time prior to the time due on the Proposal Due Date by means of a written request signed by the Proposer's designated representative. Such written request shall be delivered to the address in Section 2.2.1. A withdrawal of a Proposal prior to the Proposal Due Date and time will not prejudice the right of a Proposer to file a new Proposal, provided that it is received before the time due on the Proposal Due Date. No Proposal may be withdrawn on or after the time due on the Proposal Due Date and any attempt to do so will result in a draw by TxDOT upon the Proposal Security.

Proposals shall be valid for a period of 180 days after the Proposal Due Date. Except as set forth in the previous paragraph, no Proposer shall withdraw its Proposal prior to expiration of the 180-day period, unless notified by TxDOT that (i) no DBA or CMA for the Project will be awarded by TxDOT pursuant to the RFP; (ii) TxDOT has awarded the DBA and CMA to another Proposer and has received the executed DBA and CMA and other required documents; (iii) TxDOT does not intend to award the DBA and CMA to the Proposer; or (iv) such Proposer is not the apparent best value or next highest ranking Proposer. If the next best value Proposer is notified during the 180-day period

that it is selected for negotiations, such Proposer shall extend the validity of its Proposal for a period of 270 days after the Proposal Due Date.

Any Proposer may elect, in its sole discretion, to extend the validity of its Proposal beyond the time periods set forth above.

4.7.3 Late Proposals

TxDOT will not consider any late Proposals and/or modification or withdrawal requests received after the Proposal Due Date. Proposals and/or modification requests received after the date and time for submittal on the Proposal Due Date will be returned to Proposer without consideration or evaluation.

4.8 Forfeiture of Proposal Security

The dollar amount of the Proposal Security to be submitted with each Technical Proposal shall be \$15 million (see Exhibit B, Section 3.3.2). By submitting its Proposal, each Proposer understands and agrees that it shall forfeit its Proposal Security if: (i) it withdraws, repudiates or otherwise indicates in writing that it will not meet all or any part of its commitments made in its Proposal except as specifically permitted hereunder; (ii) it is selected for negotiations, but fails to negotiate in good faith with TxDOT as set forth in Section 5.11.1; or (iii) it is selected as the apparent best value Proposer, but fails to provide the documents required under Sections 6.1 and 6.1.1, unless the failure is directly attributable to TxDOT's election not to enter into the Contract Documents in the form included in the RFP, following the failure of the Parties to agree upon changes to the terms of the Contract Documents pursuant to Section 5.11.1.

Any Proposal that contains a material alteration, as determined by TxDOT, in its sole discretion, to the ITP forms, including any material alteration to the form of Proposal Security (Form K), will be considered non-responsive and non-compliant. Alterations that have been approved in writing in advance by TxDOT will not be considered material. If a Proposal is deemed non-responsive or non-compliant, TxDOT may disqualify the Proposal from further consideration. Such disqualification will not result in the forfeiture of Proposer's Proposal Security.

Each Proposer, by submittal of its Proposal, shall be deemed to have agreed to the foregoing.

4.9 Acceptance of Delivery by TxDOT

TxDOT will provide receipts for Proposals that are timely delivered to TxDOT as specified herein.

4.10 Costs Not Reimbursable

The cost of preparing the Proposal and any costs incurred at any time before final award and execution of the DBA and the CMA, including costs incurred for any

interviews, and costs associated with Post-Selection Deliverables, shall be borne by Proposer, except for any costs paid by TxDOT in accordance with Section 6.3.

SECTION 5.0 EVALUATION AND POST-SELECTION PROCESS

TxDOT's goal is to create a fair and uniform basis for the evaluation of the Proposals in compliance with all applicable legal requirements governing this procurement.

The Proposal evaluation process will include review of each Proposal for responsiveness and pass-fail criteria, qualitative evaluation of the Project Development Plan, quantitative evaluation of the Financial Proposal, evaluation of the Price Proposal, a ranking determination and a best value determination. The process may, at TxDOT's sole discretion, include a request for Proposal Revisions, and may include a limited negotiations phase with the selected Proposer(s). The steps in the process and evaluation criteria are set forth in Sections 5.3 through 5.10. The evaluation and selection process is subject to modification by TxDOT, in its sole discretion.

The evaluation process will involve the following steps:

1. TxDOT evaluation committees will:
 - (a) evaluate the Proposals and determine which Proposer has offered the apparent best value Proposal with specific analysis of the overall value of money to TxDOT, based on the specific evaluation criteria set forth herein; and
 - (b) provide a recommendation to TxDOT senior management regarding the apparent best value.
2. TxDOT senior management will review and consider the recommendations from the TxDOT evaluation committees, and will provide a recommendation for conditional award to the Commission. The Commission will issue notice of conditional award after considering the recommendations received.

The details of the evaluation and selection process are set forth more fully in this Section 5.

5.1 Organization of the TxDOT Evaluation Committee and Subcommittees

Evaluation of Proposals will be conducted by TxDOT's Evaluation and Selection Recommendation Committee ("ESRC") with assistance from three five separate subcommittees – a pass/fail and responsiveness subcommittee, a Development Plan Evaluation Subcommittee ("DPES"), and a Price Proposal Evaluation Subcommittee ("PPES").

The ESRC and the various subcommittees will be comprised of representatives from TxDOT. In addition to TxDOT voting members, the ESRC and subcommittees may also be assisted by advisors, including TxDOT representatives and outside consultants who will offer advice on the technical, financial and legal aspects of each Proposal. The primary responsibility of these advisors will be to assist the ESRC and subcommittees in making the educated and informed assessment of the individual strengths and

weaknesses of the Proposals. In addition, observers, including representatives from federal and other agencies and municipalities, with specific interests and responsibilities associated with the Project may be invited to observe aspects of the evaluation process. All evaluators, outside consultants and observers (other than FHWA officials) will be required to sign confidentiality statements, and all evaluators, outside consultants and observers will be subject to TxDOT conflict of interest control requirements.

5.2 Best Value Determination

5.2.1 Total Proposal Score

The best value determination will be based on an 80-20 point scale. The Price Score will represent up to 80 points of the total score and the Technical Score will represent up to 20 points of the total score. The determination of apparent best value shall be based on the highest Total Proposal Score computed based on the following formula:

$$\text{Total Proposal Score (max. 100 points)} = \text{Price Score (max. 80 points)} + \text{Technical Score (max. 20 points)}$$

5.2.2 Price Score

The Price Score will be calculated based on pricing provided by the DB Contractor on Forms M and N and Price Amounts as described in Section 5.2. The Price Score will be calculated using the following formula:

$$\text{Price Score} = (\text{DB Price Score}) + (\text{DB+Maintenance Price Score}) \times 0.80$$

Where:

DB Price Score

A Proposer's DB Price Score will be based on the following formula:

$$\text{DB Price Score} = ((\text{Lowest Base Scope DB Price Value} / \text{Base Scope DB Price Value}) \times 5) + ((\text{Lowest Total Option 1 DB Price Value} / \text{Total Option 1 DB Price Value}) \times 15) + ((\text{Lowest Total Option 2 DB Price Value} / \text{Total Option 2 DB Price Value}) \times 1)$$

Lowest Base Scope DB Price Value = Lowest Base Scope DB Price Value submitted by a Proposer as determined pursuant to Section 5.5.1.

Base Scope DB Price Value = Proposer's Base Scope DB Price Value as determined pursuant to Section 5.5.1.

Lowest Total Option 1 DB Price Value = the lowest total Option 1 DB Price Value submitted by a Proposer as determined pursuant to Section 5.5.1.

Total Option 1 DB Price Value = Proposer's Option 1 DB Price Value as

determined pursuant to Section 5.5.1.

Lowest Total Option 2 DB Price Value = the lowest total Option 2 DB Price Value submitted by a Proposer as determined pursuant to Section 5.5.1.

Total Option 2 DB Value = Proposer's Option 2 DB Price Value as determined pursuant to Section 5.5.1.

DB + Maintenance Price Score

The DB + Maintenance Price Score will be based on the following formula:

$$\text{DB + Maintenance Price Score} = ((\text{Lowest Base Scope DB + Maintenance Price Value} / \text{Base Scope DB + Maintenance Price Value}) \times 15) + ((\text{Lowest Option 1 DB + Maintenance Price Value} / \text{Option 1 DB + Maintenance Price Value}) \times 60) + ((\text{Lowest Option 2 DB + Maintenance Price Value} / \text{Option 2 DB + Maintenance Price Value}) \times 4)$$

Lowest Base Scope DB + Maintenance Price Value = lowest total Base Scope DB Price + Maintenance Price Value submitted by a Proposer as determined pursuant to Section 5.5.2.

Base Scope DB + Maintenance Price Value = Proposer's Base Scope DB + Maintenance Price Value as determined pursuant to Section 5.5.2.

Lowest Option 1 DB + Maintenance Price Value = lowest Option 1 DB + Maintenance Price Value submitted by a Proposer as determined pursuant to Section 5.5.2.

Option 1 DB + Maintenance Price Value = Proposer's Option 1 DB + Maintenance Price Value as determined pursuant to Section 5.5.2.

Lowest Option 2 DB + Maintenance Value = lowest Option 2 DB + Maintenance Price Value submitted by a Proposer as determined pursuant to Section 5.5.2.

Option 2 DB + Maintenance Value = Proposer's Option 2 + Maintenance Price Value as determined pursuant to Section 5.5.2.

5.2.3 Technical Score

The Technical Score will be calculated based on the ESRC evaluation score for the Project Development Plan (maximum of 100 points) as described in Section 5.4.3. The Technical Score will be calculated using the following formula:

$$\text{Technical Score} = \text{ESRC evaluation score} * 0.20$$

5.3 Pass/Fail and Responsiveness Evaluation

Upon receipt, the Technical Proposals, Financial Proposals, and Price Proposals will be made available for review by the relevant pass/fail and responsiveness subcommittees. The components of the Proposals will be reviewed (a) for the Proposal's conformance to the RFP instructions regarding organization and format and responsiveness to the requirements set forth in the RFP and (b) based on the pass/fail criteria set forth below.

5.3.1 Technical Proposals

Technical Proposals will be evaluated based on the following pass/fail or responsiveness criteria:

(a) The business form of Proposer and any entities that will have joint and several liability (i.e., joint venture members or partners) under the DBA or CMA, as applicable, or that will provide a guaranty (including any joint venture agreement, partnership agreement, operating agreement, articles of incorporation, bylaws, association agreements or equivalent documents) is consistent with the requirements of the Project and DBA Documents or CMA Documents, as applicable.

(b) Proposer has provided a DBE certification in accordance with the requirements of Exhibit B, Section 3.2.7.

(c) Proposer information, certifications, signed statements and documents as listed in Exhibit B, Section 3.2 are included in the Proposal and do not identify any material adverse information.

(d) The Technical Proposal as outlined in Exhibit B meets all applicable RFP requirements.

(e) Proposer has delivered Proposal Security in the form of a complete, properly executed proposal bond that complies with the requirements of Exhibit B, Section 3.3.2.

5.3.2 Schedule Evaluations

The Preliminary Baseline Schedule and Form O will be evaluated on a pass/fail basis based on the Proposer's commitment to meet or beat each applicable "TxDOT Last Allowable Date for Substantial Completion" for each of (i) Section 1A, (ii) Section 1B, and (iii) Segment 2, as set forth in Form O. In addition, the Preliminary Project Baseline

Schedule will be evaluated for consistency with the Technical Solutions provided and for compliance with the requirements listed in Exhibit B, Section 4.3.2.

5.3.3 Financial Proposals

Financial Proposals will be evaluated based on the following pass/fail criteria:

(a) The Proposer's financial condition and capabilities shall not have materially adversely changed from its financial condition and capabilities as evidenced by the financial data submitted in the QS, such that the Proposer continues to have the financial capacity to develop, design, construct and maintain a project of the nature and scope of the Project. Factors that will be considered in evaluating the Proposer's financial capacity include the following:

- (i) Profitability;
- (ii) Capital structure;
- (iii) Ability to service existing debt; and
- (iv) Other commitments and contingencies.

If TxDOT determines that a Proposer has insufficient financial capacity, it will offer Proposer the opportunity to meet the financial requirement through one or more guarantors acceptable to TxDOT.

5.3.4 Price Proposals

Price Proposals will be evaluated based on the following pass/fail criteria:

(a) Proposer has provided a Base Scope Maintenance Price for the first five-year Maintenance Period that is at or less than TxDOT-provided Cumulative CMA Maximum Payment Curve using Form N-3.

(b) Proposer has provided a Base Scope Design-Build Price, Option 1 Design-Build Price and Option 2 Design-Build Price using Forms M-1, M-2, M-3, M-4 and M-5 respectively, which comply with the requirements of Exhibit C-2, Section 3.1.1.

(c) Proposer has provided the DB Contractor Draws/Cash Flow Tables for the Segment 1 Base Scope, Option 1, Option 2 and Segment 2 Base Scope using Forms M-1.3, M-2.3, M-3.3, M-4.3 and M-5.3, respectively, each of which shall comply with the requirements of Exhibit C-2, Section 3.1.1.

(d) Proposer has provided a Segment 1 Base Scope Maintenance Price, Option 1 Maintenance Price, Option 2 Maintenance Price, and Segment 2 Base Scope Maintenance Price using Forms N-1, N-2, N-3, N-4 and N-5, respectively, each of which shall comply with the requirements of Exhibit C-2, Section 3.1.2.

5.3.5 TxDOT Right to Exclude Proposals from Consideration or to Waive Mistakes

Those Proposals not responsive to the RFP, or that do not pass the pass/fail criteria, may be excluded from further consideration, and Proposer will be so advised. TxDOT may also exclude from consideration any Proposer whose Proposal contains a material misrepresentation. TxDOT reserves the right to waive minor informalities, irregularities and apparent clerical mistakes which are unrelated to the substantive content of the Proposals.

5.4 Evaluation of Project Development Plan by DPES

Upon receipt of the Technical Proposals, the Project Development Plan will be evaluated by the DPES based on the evaluation factors set forth below. In addition, in evaluating the Project Development Plan against the evaluation factors, the DPES will consider the extent to which the Proposal meets the objectives stated below and includes any improvements over the requirements of the DBA Documents and CMA Documents, such as additional benefits and/or value to TxDOT and the public.

Value-added concepts as described in Exhibit B, Section 4.3(b) shall be reviewed and evaluated based on the Proposer's creativity and innovativeness to create a quality facility that meets or exceeds the requirements and objectives of TxDOT.

5.4.1 Project Development Plan Evaluation Factors

The evaluation factors for the Project Development Plan are as follows:

- (a) Project Management Plan;
- (b) Quality Management Plan; and
- (c) Technical Solutions.

Note that these evaluation factors are also the components of the Project Development Plan, the submittal requirements for which are described in Exhibit B. The assigned weights for the Project Development Plan evaluation factors identified in clauses (a) through (c) above are set forth in Table 5.2. Subfactors and their relative weighting are listed in Sections 5.4.1.1 through 5.4.1.3.

The evaluation factors will be evaluated and rated using the rating guidelines specified in Section 5.4.2, with special attention given to the objectives presented in Sections 5.4.1.1 through 5.4.1.3, which describe the expectations of TxDOT with regard to the work to be performed and the related information to be submitted in the Project Development Plan. Along with the Project goals identified in Section 1.3, these objectives will guide TxDOT's assessment of the evaluation factors and subfactors.

5.4.1.1 Project Management Plan

Objective: An organization that is designed with clear lines of responsibility, quality Key Personnel and well-defined roles that respond to the requirements and objectives of the Project and TxDOT that includes the following:

- empowerment at all levels of the organization to make decisions in coordination with their TxDOT counterparts;
- a disciplined strategy for design, safety, risk management, and securing of third-party approvals;
- a comprehensive strategy for construction management, DBEs, and other job training; and
- an approach to maintenance that provides a well-maintained Project in compliance with all Technical Provisions and the CMA.

The Project Management Plan evaluation subfactors are as follows:

- (a) General Project Management;
- (b) Risk Management;
- (c) Public Information and Communication;
- (d) Maintenance Management;
- (e) Schedule and Cost Control Management;
- (f) Environmental Management; and
- (g) Mentoring and Job Training.

The subfactors are listed in descending order of importance; provided, however, that a subfactor may have equal importance with the subfactors listed immediately above it. TxDOT may use performance evaluations prepared by TxDOT in accordance with Title 43, Texas Administrative Code, Section 27.3 or Section 9.152 of the Rules, or other performance evaluations, as deemed appropriate by TxDOT, to assist in the evaluation of the criteria set forth in Section 5.4.1.1 to the extent such evaluations concern the performance of the Proposer or any individual Proposer team members.

See Exhibit B for additional detail regarding the specific information concerning this factor and its subfactors to be submitted as part of the Project Development Plan.

5.4.1.2 Quality Management Plan

Objective: A Quality Management Plan that is ISO and TxDOT Quality Assurance Program (QAP) compliant, that integrates TxDOT into the quality management system

and enables TxDOT to monitor, audit, and measure the DB Contractor's performance in the management of design, construction and maintenance of the Project.

The Quality Management Plan evaluation subfactors are as follows:

- (a) Quality control and quality acceptance procedures; and
- (b) Organizational structure and quality personnel roles and responsibilities.

The subfactors are listed in descending order of importance; provided, however, that a subfactor may have equal importance with the subfactors listed immediately above it.

See Exhibit B for details regarding the specific information concerning this factor to be submitted as part of the Project Development Plan.

5.4.1.3 Technical Solutions

Objective: Innovative design, construction and capital maintenance solutions that effectively communicate the design, construction and maintenance activities with other projects and Stakeholders, including the design and relocation of Utilities, in response to the Project's requirements and environmental and community commitments.

The Technical Solutions evaluation subfactors are as follows:

- (a) ROW Acquisition Management Plan;
- (b) Utilities; and
- (c) Design and Construction Plan
 - Pavement;
 - Drainage;
 - Roadway; and
 - Construction Staging and Sequencing.

The subfactors are listed in descending order of importance; provided, however, that a subfactor may have equal importance with the subfactors listed immediately above it.

See Exhibit B for additional detail regarding the specific information concerning this factor and its subfactors to be submitted as part of the Project Development Plan.

5.4.2 Evaluation Guidelines

The DPES will review the Project Development Plan with reference to the evaluation factors specified in Section 5.4.1, in accordance with the guidelines provided in this

Section 5.4.2 and assign a qualitative rating for each of the evaluation subfactors in accordance with Table 5.1.

Table 5.1

ADJECTIVE RATING	DESCRIPTION
Excellent	The Proposal greatly exceeds the stated requirements/objectives, offering material benefits and/or added value, and providing assurance that a consistently outstanding level of quality will be achieved. There is very little or no risk that the Proposer would fail to satisfy the requirements of the DBA Documents or CMA Documents, as applicable. Weaknesses, if any, are very minor and can be readily corrected. Significant unique and/or innovative characteristics are present.
Very Good	The Proposal significantly exceeds the stated requirements/objectives, offering advantages, benefits and/or added value, and providing assurance that a level of quality will be achieved that is materially better than acceptable. There is little risk that the Proposer would fail to satisfy the requirements of the DBA Documents or CMA Documents, as applicable. Weaknesses, if any, are very minor and can be readily corrected. Some unique and/or innovative characteristics are present.
Good	The Proposal materially exceeds the stated requirements/objectives and provides assurance that the level of quality will meet or exceed minimum requirements. There may be a slight probability of risk that the Proposer may fail to satisfy the requirements of the DBA Documents or CMA Documents, as applicable. Weaknesses, if any, are minor and can be readily corrected. Little or minimal unique and/or innovative characteristics are present.
Fair	The Proposal marginally exceeds stated requirements/objectives and provides satisfactory assurance that the level of quality will meet or marginally exceed minimum requirements. There may be questions about the likelihood of success and there is a little risk that the Proposer may fail to satisfy the requirements of the DBA Documents or CMA Documents, as applicable. Weaknesses are correctable or acceptable per minimum standards.

ADJECTIVE RATING	DESCRIPTION
Meets Minimum	The Proposal meets stated requirements/objectives and provides satisfactory assurance that the minimum level of quality will be achieved. There may be questions about the likelihood of success and there is some risk that the Proposer may fail to satisfy the requirements of the DBA Documents or CMA Documents, as applicable. Weaknesses are correctable or acceptable per minimum standards.

The term “weakness,” as used herein, means any flaw in the Proposal that increases the risk of unsuccessful contract performance.

5.4.3 Technical Score

During the evaluation, each subfactor as described in Section 5.4.1 above will be assigned a consensus rating by TxDOT, which will be converted to points. The points for each subfactor will be added to determine the Proposal’s score for each of the corresponding evaluation factors. The score of each of the evaluation factors will then be added to arrive at the total evaluation score for the Project Development Plan, with 100 maximum possible points. The Technical Score will be calculated using the following formula:

$$\text{Technical Score} = \text{total evaluation score (maximum 100)} * (0.20)$$

Table 5.2

Project Development Plan	Maximum Qualitative Rating (100 Points)
Project Management Plan	50 Points
Quality Management Plan	25 Points
Technical Solutions	25 Points

5.5 Evaluation of Price Proposal by PPES

After completion of the pass/fail and responsiveness review, the Price Proposal will be evaluated by the Price Proposal Evaluation Subcommittee (“PPES”). The PPES will conduct “blind” reviews and evaluations of the Price Proposals to determine the Price Score of the Proposal in accordance with Section 5.2.2.

5.5.1 DB Price Value

The **Base Scope DB Price Value** for each Proposal will be the value of the Base Scope DB Price as determined in accordance with Sections 5.5.3, plus the value of the ATC cost adjustments for the total Base Scope as determined in accordance with Section 5.5.4.

The **Option 1 DB Price Value** will be the sum total of the Base Scope DB Price Value as described in this Section 5.5.1, plus the Option 1 DB Price as determined in accordance with Section 5.5.6, plus the value of the Option 1 ATC cost adjustments as determined in accordance with Section 5.5.4.

The **Option 2 DB Price Value** will be the sum total of the Option 1 DB Price Value as described in this Section 5.5.1 plus the Option 2 DB Price as determined in accordance with Section 5.5.7, plus the value of the Option 2 ATC cost adjustments as determined in accordance with Section 5.5.4.

5.5.2 DB + Maintenance Price Value

The **Base Scope DB + Maintenance Price Value** for each Proposal will be the sum total of the Base Scope DB Price as determined in accordance with Section 5.5.3, plus the Base Scope Maintenance Price Value as determined in accordance with Section 5.5.5.

The **Option 1 DB + Maintenance Price Value** will be the sum total of the Base Scope DB + Maintenance Price Value as described in this Section 5.5.2, plus the Option 1 DB Price Value as determined in accordance with this Section 5.5.1, plus the total Option 1 Maintenance Price Value as determined in accordance with Section 5.5.8.

The **Option 2 DB + Maintenance Price Value** will be the sum total of the Option 1 DB + Maintenance Price Value as determined in accordance with this Section 5.5.2, plus the Option 2 DB Price Value as determined in accordance with this Section 5.5.2, plus the Option 2 Maintenance Price Value as determined in accordance with this Section 5.5.9.

5.5.3 Base Scope DB Price

The Base Scope DB Price will be the value of the total Base Scope DB Price as set forth on Form M-3.

5.5.4 ATC Cost Adjustments

The ATC cost adjustment will be the costs identified by TxDOT in the ATC response letter(s) pursuant to Section 3.3 regarding the use of an ATC in a Proposal. The ATC cost adjustments relating to the Base Scope Segment 1 will be set forth on Form M-1.2, and for the Base Scope Section 1A on Form M-1A.2, and for the Base Scope Section 1B on Form M-1B.2, and for the Base Scope Segment 2 on Form M-2.2, and for the

total Base Scope on Form M-3.2, and for Option 1 on Form M-4.2, and for Option 2 on Form M-5.2.

5.5.5 Base Scope Maintenance Price Value

The Base Scope Maintenance Price Value will be the present value of the total Base Scope Maintenance Price (as of the Proposal Due Date) as set forth on Form N-3.

5.5.6 Option 1 DB Price Value

The Option 1 DB Price Value will be the value of the Option 1 Price set forth in Form M-4.

5.5.7 Option 2 DB Price Value

The Option 2 DB Price Value will be the value of the Option 2 Price set forth in Form M-5.

5.5.8 Option 1 Maintenance Price Value

The Option 1 Maintenance Price Value will be the present value of the sum of the Option 1 Maintenance Price (as of the Proposal Due Date) as set forth in Form N-4.

5.5.9 Option 2 Maintenance Price Value

The Option 2 Maintenance Price Value will be the present value of the sum of the Option 2 Maintenance Price (as of the Proposal Due Date) as set forth in Form N-5.

5.6 ESRC Evaluation of Proposals

Before reviewing the Price Proposal and PPES evaluation results, the ESRC will review the Project Development Plans and the ratings and points recommendations provided by the DPES with respect to each Project Development Plan. The ESRC may accept the recommendations provided by the DPES, may request the DPES to reconsider its recommendations, or may develop its own recommendations.

After determining each Proposal's Technical Score, the ESRC will review the Price Proposal and PPES evaluation results and determine each Proposal's Price Score. The ESRC may accept the evaluation results provided by the PPES, may request the PPES to re-perform the evaluation, or may perform the evaluation itself.

Finally, the ESRC will determine the Total Proposal Score for each Proposal based on the formula set forth in Section 5.2.1 and determine the rankings and the apparent best value.

5.7 Requests for Clarification

TxDOT may at any time issue one or more requests for clarification to the individual Proposers, requesting additional information or clarification from a Proposer, or may request a Proposer to verify or certify any aspect of its Proposal. Any requests for clarification shall be in writing to the Proposer's designated representative. Proposers shall respond to any such requests within two business days (or such other time as is specified by TxDOT) from receipt of the request. The scope, length and topics to be addressed in clarifications shall be prescribed by, and subject to the discretion of, TxDOT.

Upon receipt of requested clarifications and additional information as described above, if any, the Proposals may be re-evaluated to factor in the clarifications and additional information.

5.8 Requests for Proposal Revisions

Depending on the quality of the Proposals, TxDOT may, at any time after receipt of Proposals and prior to final award and execution of the DBA and the CMA, determine that it is appropriate to request changes to the Proposals ("Proposal Revisions"). Before requesting any such Proposal Revisions TxDOT will engage in separate discussions (either in writing or in person through one-on-one meetings) with each Proposer and in accordance with the procedures for proposal revisions described in 23 C.F.R. § 636.501 *et seq.* The request for Proposal Revisions will identify any revisions to the RFP and will specify terms and conditions applicable to the Proposal Revisions, including identifying a time and date for delivery. In the event that Proposal Revisions are requested, the term "Proposal," as used in the RFP, shall mean the original Proposal, as modified by the Proposal Revision.

Upon receipt of any Proposal Revisions, the ESRC, with assistance from the appropriate subcommittees, will re-evaluate the Proposals as revised, and will revise ratings and value estimates as appropriate following the process described above.

5.9 Identification of Apparent Best Value Proposal

Once the ESRC has determined a Total Proposal Score for each Proposal, assigned rankings to the Proposals based on the Total Proposal Scores (whether based on the original Proposals or Proposal Revisions), and determined the apparent best value, the ESRC will present its recommended rankings to a steering committee ("Steering Committee").

5.10 Recommendation to Commission

The Steering Committee will review the Proposals and the recommendations and supporting information provided by the ESRC, and may accept the recommendation or reject the recommendation and cancel the procurement. If the Steering Committee accepts the ESRC's recommendation, the Steering Committee will provide the

recommendation to the TxDOT Executive Director or his designee regarding which Proposal provides the best overall value.

Upon receipt of recommendations from the Steering Committee, the TxDOT Executive Director or his designee will review the recommendations and may accept the recommendation or reject the recommendation and cancel the procurement. If the Executive Director accepts the Steering Committee's recommendation, the Executive Director will make a recommendation to the Commission regarding the rankings of Proposers and designation of the best value. The Commission will evaluate the recommendations and will determine whether to proceed with award of a DBA and CMA to the apparent best value Proposer or take any other action. The Commission's decision of conditional award of the DBA and CMA to the apparent best value Proposer will be made in a public hearing and will be considered a public announcement of intent to award the DBA and CMA by the Commission.

The Commission's decision regarding award of the DBA and CMA shall be final.

5.11 Finalization of the DBA Documents and CMA Documents; Post-Selection Process

5.11.1 Negotiation of DBA Documents and CMA Documents

If authorized by the Commission, TxDOT will proceed with the apparent best value Proposer to finalize the DBA Documents and CMA Documents. TxDOT may agree to limited negotiations with the apparent best value Proposer to clarify any remaining issues regarding scope, schedule, financing or any other information provided by that Proposer. In addition, limited negotiations may be conducted as necessary to incorporate into the DBA Documents or CMA Documents the ideas and concepts of unsuccessful Proposers' work product. Any decision to commence limited negotiations is at TxDOT's sole discretion. By submitting its Proposal, each Proposer commits to enter into the form of DBA and CMA included in the RFP, without negotiation or variation, except to fill in blanks and include information that the form of DBA and CMA indicates is required from the Proposal.

If a DBA or CMA satisfactory to TxDOT cannot be negotiated with the apparent best value Proposer, TxDOT will formally end negotiations with that Proposer and take action consistent with the direction provided by the Commission. Such action may include (a) requiring the best value Proposer to enter into the DBA and CMA in the forms included in the RFP, without variation except to fill in blanks and include information that the forms of the DBA and CMA indicate is required from the Proposal, (b) rejection of all Proposals, (c) issuance of a request for Proposal Revisions to Proposers, but only if the ATCs of one or more Proposers have not been revealed to the original successful Proposer, or (d) proceeding to the next most highly ranked Proposal to attempt to negotiate a DBA and CMA with that Proposer in accordance with this Section 5.11. If option (d) is selected, the Proposer that submitted the next most highly ranked Proposal will be considered the apparent best value Proposer.

In the event TxDOT elects to commence negotiations with a Proposer, if the Proposer fails to attend and actively participate in reasonably scheduled negotiation meetings with TxDOT or insists upon terms or conditions for any documents to be negotiated or provided by the DB Contractor hereunder that are inconsistent with the DBA Documents or CMA Documents, as applicable, such Proposer will be deemed to have failed to engage in good faith negotiations with TxDOT. Failure of the Proposer to engage in good faith negotiations shall result in forfeiture of its Proposal Security as set forth in Section 4.8.

5.12 Post-Selection Deliverables

5.12.1 Documents to Be Submitted Following Conditional Award

As a condition precedent to final award of the DBA and CMA, the successful Proposer shall deliver the following to TxDOT within seven days after notification of conditional award:

(a) Evidence of authority to transact business in the State of Texas for all members of Proposer's team that will transact business in the State, dated no earlier than 30 days prior to the Proposal Due Date. Depending on the form of organization, such evidence may be in the form of (i) a certificate of authority to transact business in Texas along with a certificate of good standing from the state of organization of the member; (ii) a certificate of good standing from the Texas Comptroller; or (iii) other evidence acceptable to TxDOT.

(b) If not previously submitted, a copy of the final form of the organizational documents for the DB Contractor and, if the DB Contractor is a limited liability company, partnership or joint venture, for each member or partner of the DB Contractor. The final form of the organizational documents may not differ materially from the draft organizational documents included with the Proposal. If the DB Contractor is a joint venture, attach a letter from each joint venturer stating that the joint venturer agrees to be held jointly and severally liable for any and all of the duties and obligations of the DB Contractor under the Proposal and under any contract arising therefrom.

(c) If security for Proposer's obligations under the DBA is required by TxDOT pursuant to Exhibit C-1, Section 2.0(3)(b), the form of the proposed guarantees, which shall be in form and substance acceptable to TxDOT, in its sole discretion.

(d) Escrowed proposal documents ("EPDs") as required by Section 5.12.3.

During the negotiation period, as a condition to final award, the Proposer shall deliver drafts of the deliverables identified in Sections 6.1 and 6.1.1, for pre-approval by TxDOT.

5.12.2 TxDOT Comments on Post-Selection Deliverables

TxDOT shall provide comments on any Post-Selection Deliverables required to be delivered to TxDOT hereunder within 14 days of the date of TxDOT's receipt of such

deliverable. TxDOT shall have 5 Business Days to review and respond to subsequent submittals of the deliverable.

5.12.3 Escrowed Proposal Documents

(a) Within the timeframe stated in Section 5.12.2, the DB Contractor shall deliver to TxDOT EPDs containing information regarding the Proposer's assumptions made in determining the scope of work and calculating the Proposal prices and meeting all requirements of Section 21.1 of the DBA and Section 17.1 of the CMA. The EPDs shall include detailed information from all subcontractors identified in the Proposal and any other potential subcontractors who provided data upon which the Proposal is based. The documents shall be in sealed containers labeled "[Proposer Name]: Escrowed Proposal Materials for SH 249 Extension Project." TxDOT shall have the right to review the EPDs for completeness and consistency with the Proposal.

(b) Representatives of TxDOT (and/or its consultants) and the successful Proposer shall review the EPDs prior to execution of the DBA and CMA to determine whether they are complete. Such representatives shall also organize the EPDs, labeling each page so that it is obvious that each page is a part of the EPDs, and to enable a person reviewing the page out-of-context to determine where it can be found within the EPDs. Such representatives shall compile an index that lists each document included in the EPDs, and briefly describes the document and its location in the EPDs. TxDOT will have the right to retain a copy of the index. After the joint review, the EPDs shall be kept in a locked cabinet at TxDOT's offices.

(c) If, following the initial review and organization, TxDOT determines that the EPDs are incomplete, TxDOT may, as a condition to final award, require the selected Proposer to supply data to make the EPDs complete.

(d) Following execution of the DBA and CMA, the EPDs will be available for joint review only as specified in DBA Section 21.1.1 and CMA Section 17.1.1.

SECTION 6.0 FINAL AWARD AND EXECUTION; POST-EXECUTION ACTIONS

6.1 Final Award, Execution and Delivery of DBA and CMA

The following are conditions precedent to final award of the DBA and CMA: (a) successful completion of negotiations (if held); (b) concurrence in award by FHWA; (c) receipt by TxDOT of all of the documents required to be provided prior to execution of the DBA and CMA under Section 6.1.1; (d) execution of the DBA and CMA by the Executive Director of TxDOT or his designee; and (e) any other conditions required by the Commission.

Upon satisfaction of the conditions set forth in Section 6.1 (a), (b), (c), (e), (f) and (g), TxDOT will deliver execution copies of the DBA Documents and CMA Documents to the selected Proposer, along with a number of sets of execution copies as reasonably requested by Proposer. The selected Proposer shall obtain all required signatures and deliver all of the execution sets to TxDOT within seven Business Days of receipt, together with the required documents described in Section 6.1.1 below. If the DB Contractor is a joint venture or a partnership, the DBA and CMA must be executed by all joint venture members or general partners, as applicable. Within 15 Business Days of TxDOT's receipt of all required and compliant documents from Proposer, TxDOT will execute the agreements, retain TxDOT's sets of the agreements and deliver the other executed sets to Proposer. Final award shall be deemed to have occurred upon delivery of the fully executed sets to Proposer.

6.1.1 Documents to Be Delivered By Proposer With Executed DBA and CMA

The Proposer shall deliver the documents listed below to TxDOT concurrently with the executed DBA and CMA as a condition to execution of the DBA and CMA by TxDOT. On or before the date that TxDOT delivers the execution sets of the DBA and CMA to the Proposer, TxDOT shall notify the Proposer regarding the number of originals and copies required to be delivered.

(a) For each Proposer, its general partners and its joint venture members and each other Major Participant, (i) a certificate of authority to transact business in Texas along with a certificate of good standing from the state of its organization; or (ii) a certificate of good standing from the Texas Comptroller, in each case dated no earlier than 30 days prior to the Proposal Due Date and in form and substance acceptable to TxDOT. If such documents are not available due to the form of organization of the entity, the Proposer shall provide appropriate documents evidencing its ability to transact business in the State of Texas;

(b) For entities formed after submission of the Proposal, a copy of the entity's final organizational documents. The final form of the organizational documents shall not differ materially from the draft organizational documents included with the Proposal;

(c) If security for the Proposer's obligations under the DBA is required by TxDOT pursuant to Exhibit C-1, Section 2.0(3)(b), the Proposer shall submit one or

more guarantees from guarantor(s) acceptable to TxDOT, in its sole discretion, in the form of Exhibit 13 to the DBA and/or Exhibit 9 to the CMA, as appropriate;

(d) Evidence of approval of the final form, and of due authorization, execution, delivery and performance, of the DBA and CMA by the DB Contractor and, if the DB Contractor is a joint venture, by its joint venture members. Such evidence shall be in a form and substance satisfactory to TxDOT. If the DB Contractor is a corporation, such evidence shall be in the form of a resolution of its governing body certified by an appropriate officer of the corporation. If the DB Contractor is a partnership, such evidence shall be in the form of a resolution signed by the general partners and appropriate evidence of authorization for each of the general partners, in each case, certified by an appropriate officer of the general partner. If the DB Contractor is a limited liability company, such evidence shall be in the form of: (i) a resolution of the governing body of the limited liability company, certified by an appropriate officer of the company, (ii) a managing member(s) resolution, certified by an appropriate officer of the managing member(s), or (iii) if there is no managing member, a resolution from each member, certified by an appropriate officer of such member. If the DB Contractor is a joint venture, such evidence shall be in the form of a resolution of each joint venture member, certified by an appropriate officer of such joint venture member;

(e) A written opinion from counsel for the DB Contractor, which counsel shall be approved by TxDOT (which may be in-house or outside counsel, provided that the organization/authorization/execution opinion shall be provided by an attorney licensed in the State of the formation/organization of the entity for which the opinion is rendered (i.e., DB Contractor, joint venture member, etc.) and the qualification to do business in Texas and the enforceability opinion shall be provided by an attorney licensed in the State of Texas), in substantially the form attached hereto as Form L (with such changes as agreed to by TxDOT in its sole discretion); provided, however, that the organization/authorization/execution opinion for an entity formed or organized under the laws of the State of Delaware may be issued by an in-house or outside counsel not licensed in Delaware;

(f) Evidence of insurance required to be provided by the DB Contractor under the DBA Documents and CMA Documents, as applicable;

(g) Evidence that the DB Contractor and its Major Participants hold all licenses required for performance of the work under the DBA Documents and CMA Documents;

(h) A TxDOT approved DBE Performance Plan in accordance with the requirements of Section 1.8.2;

(i) A letter from a licensed Surety, rated in the top two categories by two nationally recognized rating agencies or at least A minus (A-) or better and Class VIII or better by A.M. Best and Company, signed by an authorized representative as evidenced by a current certified power of attorney, committing to provide a Performance Bond and Payment Bond, each in the amount specified and in the forms attached as Exhibits 9

and 10 to the DBA, respectively, and a Retainage Bond in the form attached as Exhibit 11 to the DBA. If multiple Surety letters are provided, the Proposal shall identify which Surety will be the lead Surety. The commitment letter may include no conditions, qualifications or reservations for underwriting or otherwise, other than a statement that the commitment is subject to award and execution of the DBA and issuance of NTP1; provided, however, that the Surety may reserve in its letter the right to reasonably approve any material adverse changes made to the DBA Documents, but excluding any changes or information reflected in the Proposal, such as ATCs and Proposer commitments;

(j) If required by TxDOT pursuant to Exhibit B, Section 3.2.11, a guaranty in the form of Exhibit 13 to the DBA and/or Exhibit 9 to the CMA, as applicable;

(k) A Job Training and Small Business Mentoring Plan as described in Section 7.9 of the DBA and Section 6.4 of the CMA;

(l) Executed subcontracts for all Key Subcontractors that will perform Work prior to the issuance of NTP2;

(m) Executed teaming agreements for all Key Subcontractors with whom DB Contractor has not yet executed a subcontract;

(m) Any other requirements identified by TxDOT during pre-award negotiations; and

(n) After filing an electronic application through the Texas Ethics Commission's website (https://www.ethics.state.tx.us/whatsnew/elf_info_form1295.htm) to file a Certificate of Interested Parties (Form 1295) (the form of which is attached hereto as Exhibit J), a printed copy of the filed Form 1295, along with a separate certificate of filing from the Texas Ethics Commission containing a unique certification number. An authorized agent of the Proposer shall sign the printed copy of Form 1295 and have it notarized. The Proposer shall complete the form in accordance with the Texas Ethics Commission's Adopted Rules, which are set forth in Appendix A to Exhibit J.

6.2 Debriefings

All Proposers submitting Proposals will be notified in writing of the results of the evaluation process. Proposers not selected for award may request a debriefing. Debriefings shall be provided at the earliest feasible time after execution of the DBA and CMA. The debriefing shall be conducted by a procurement official familiar with the rationale for the selection decision and DBA and CMA award.

Debriefings shall:

(a) Be limited to discussion of the unsuccessful Proposer's Proposal and may not include specific discussion of a competing Proposal;

(b) Be factual and consistent with the evaluation of the unsuccessful Proposer's Proposal; and

(c) Provide information on areas in which the unsuccessful Proposer's Technical Proposal had weaknesses or deficiencies.

Debriefing may not include discussion or dissemination of the thoughts, notes, or rankings of individual members of the ESRC, but may include a summary of the rationale for the selection decision and DBA and CMA award.

6.3 Payment to Unsuccessful Proposers

Each Proposer that submits a responsive, but unsuccessful, Proposal and that elects, at its option, to deliver to TxDOT with its Proposal a Payment for Work Product Agreement in the form attached hereto as Exhibit H, shall be entitled to receive payment from TxDOT for work product that is not returned to Proposer, on the terms and conditions described herein and in the Minute Order issued by the Commission, a copy of which is attached hereto as Exhibit G. No Proposer shall be entitled to reimbursement for any of its costs in connection with the RFP except as specified in this Section 6.3.

The stipulated payment for work product per Proposer for this procurement will be 0.25% of the successful Proposer's Price, except that the amount of the payment may not exceed the value of the work product provided in the Proposal that can, as determined by TxDOT, be used by TxDOT in the performance of its functions. In the event the procurement is terminated before execution of the DBA, TxDOT will pay each Proposer that submits a responsive Proposal a partial amount of \$359,000, subject to the Proposer's compliance with this Section 6.3. The invoice may be submitted no earlier than 45 days after notice of final award, including execution of the DBA, is posted on TxDOT's public website, or, if final award is not made, not earlier than 30 days after cancellation of the procurement or expiration of the time period for award stated in the RFP (as such time period may be extended by mutual agreement of the apparent best value Proposer and TxDOT), as applicable. All Proposers eligible to receive a payment for work product shall be required to submit an invoice to TxDOT in a form acceptable to TxDOT in order to receive such payment. Payments will be made within 30 days of receipt of an invoice therefor.

In submitting an executed Payment for Work Product Agreement, each Proposer agrees that it will accept the stipulated payment for work product and that TxDOT shall be entitled to use all work product that is not returned to Proposer (including ATCs, concepts, ideas, technology, techniques, methods, processes, drawings, reports, plans and specifications) contained in its Proposal or generated by or on behalf of Proposer for the purpose of developing its Proposal, in consideration for TxDOT's agreement to make payment as provided herein (including Exhibit H), without any further compensation or consideration to Proposer.

Each Proposer that timely executes and delivers to TxDOT a Payment for Work Product Agreement in the form attached hereto as Exhibit H acknowledges that TxDOT will have

the right to inform the successful Proposer regarding the contents of the other Proposals after award of the DBA, and that the DBA Documents may incorporate the above-described work product or concepts based thereon. Upon Proposer's receipt of payment hereunder, this right shall extend to allow TxDOT to use such work product in the performance of its functions. As provided in Section 223.249(a) of the Code, the use of any of the work product by TxDOT is at the sole risk and discretion of TxDOT, and shall in no way be deemed to confer liability on the unsuccessful Proposer.

In no event shall any Proposer that is selected for award but fails to satisfy the award conditions set forth in Section 6.1 or that fails to timely execute and deliver the Payment for Work Product Agreement (Exhibit H) be entitled to receive a payment for work product under this Section 6.3.

SECTION 7.0 PROTESTS

7.1 Applicability

This Section 7.0 and Section 27.6 of Title 43 of the Rules set forth the exclusive protest remedies available with respect to the RFP and prescribe exclusive procedures for protests regarding:

- (a) allegations that the terms of the RFP are wholly ambiguous, contrary to legal requirements applicable to the procurement, or exceed TxDOT's authority;
- (b) a determination as to whether a Proposal is responsive to the requirements of the RFP, as applicable; and
- (c) award of the DBA and CMA.

7.2 Required Early Communication for Certain Protests

Protests concerning the issues described in Section 7.1(a) may be filed only after the Proposer has informally discussed the nature and basis of the protest with TxDOT, following the procedures for those discussions prescribed in the RFP.

7.3 Deadlines for Protests

7.3.1 Protests concerning the issues described in Section 7.1(a) must be filed as soon as the basis for the protest is known, but no later than 20 days prior to the Proposal Due Date, unless the protest relates to an Addendum to the RFP, in which case the protest must be filed no later than five business days after the Addendum is issued (but in any event, prior to the Proposal Due Date).

7.3.2 Protests concerning the issues described in Section 7.1(b) must be filed no later than five business days after receipt of the notification of non-responsiveness.

7.3.3 Protests concerning the issues described in Section 7.1(c) must be filed no later than 10 business days after the earliest of the notification of intent to award, and the public announcement of the apparent best value Proposer.

7.4 Content of Protest

Protests shall completely and succinctly state the grounds for protest, its legal authority, and its factual basis, and shall include all factual and legal documentation in sufficient detail to establish the merits of the protest. Statements shall be sworn and submitted under penalty of perjury.

7.5 Filing of Protest

Protests shall be filed by hand delivery on or before the applicable deadline to Varuna Singh, P.E., Texas Department of Transportation, 7600 Chevy Chase Drive, Building 2, 4th Floor, Austin, Texas 78752 with a copy to the General Counsel Division, Texas Department of Transportation, 125 E. 11th Street, Austin, Texas 78701, as soon as the basis for protest is known to the Proposer. The Proposer filing the protest shall concurrently submit a copy of the protest to the other Proposers whose addresses may be obtained from the Project Website.

7.6 Comments from other Proposers

Other Proposers may file statements in support of or in opposition to the protest within seven days of the filing of the protest. TxDOT shall promptly forward copies of all such statements to the protestant. Any statements shall be sworn and submitted under penalty of perjury.

7.7 Burden of Proof

The protestant shall have the burden of proving its protest. TxDOT may, in its sole discretion, discuss the protest with the protestant and other Proposers. No hearing will be held on the protest. The protest shall be decided on the basis of written submissions.

7.8 Decision on Protest

The Executive Director or the Executive Director's designee shall issue a written decision regarding the protest within 30 days after the filing of the detailed statement of protest. If necessary to address the issues raised in a protest, TxDOT may, in its sole discretion, make appropriate revisions to the RFP by issuing Addenda.

7.9 Protestant's Payment of Costs

If a protest is denied, the Proposer filing the protest shall be liable for TxDOT's costs reasonably incurred to defend against or resolve the protest, including legal and consultant fees and costs, and any unavoidable damages sustained by TxDOT as a consequence of the protest.

7.10 Rights and Obligations of Proposers

Each Proposer, by submitting its Proposal, expressly recognizes the limitation on its rights to protest provided in this Section 7, and expressly waives all other rights and remedies and agrees that the decision on the protest is final and conclusive. If a Proposer disregards, disputes, or does not follow the exclusive protest remedies provided in this Section 7, it shall indemnify and hold TxDOT and its officers, employees, agents, and consultants harmless from and against all liabilities, fees and costs, including legal and consultant fees and costs, and damages incurred or suffered

as a result of such Proposer's actions. Each Proposer, by submitting a Proposal, shall be deemed to have irrevocably and unconditionally agreed to this indemnity obligation.

SECTION 8.0 TXDOT RIGHTS AND DISCLAIMERS

8.1 TxDOT Rights

TxDOT may investigate the qualifications and Proposal of any Proposer under consideration, may require confirmation of information furnished by a Proposer and may require additional evidence of qualifications to perform the DB Contractor's obligations under the DBA Documents and CMA Documents, as applicable. TxDOT reserves the right, in its sole discretion, to:

- (a) Develop the Project in any manner that it, in its sole discretion, deems necessary;
- (b) Reject any or all of the Proposals;
- (c) Modify any dates set or projected in the RFP;
- (d) Cancel, modify or withdraw the RFP in whole or in part;
- (e) Terminate this procurement and commence a new procurement for part or all of the Project;
- (f) Terminate evaluations of Proposals received at any time;
- (g) Suspend, discontinue or terminate negotiations at any time, elect not to commence negotiations with any responding Proposer and engage in negotiations with other than the highest ranked Proposer;
- (h) Modify the procurement process (with appropriate notice to Proposers);
- (i) Waive or permit corrections to data submitted with any response to the RFP until such time as TxDOT declares in writing that a particular stage or phase of its review of the responses to the RFP has been completed and closed;
- (j) Permit submittal of addenda and supplements to data previously provided in a Proposal pursuant to a request for clarification issued by TxDOT until such time as TxDOT declares that a particular stage or phase of its review of the responses to the RFP has been completed and closed;
- (k) Appoint evaluation committees to review Proposals, make recommendations and seek the assistance of outside technical experts and consultants in Proposal evaluation;
- (l) Disclose information contained in a Proposal to the public as described herein;
- (m) Approve or disapprove changes in the Key Personnel identified in the QS;

- (n) Approve or disapprove changes in Proposer's organization;
- (o) Accept a Proposal that does not offer the lowest price;
- (p) Waive deficiencies, informalities and irregularities in Proposals; accept and review a non-conforming Proposal or seek clarifications or modifications to a Proposal;
- (q) Not issue a notice to proceed after execution of the DBA Documents and CMA Documents;
- (r) Disqualify any Proposer that violates the terms of the RFP;
- (s) Request or obtain additional information about any Proposal from any source; and
- (t) Exercise any other right reserved or afforded to TxDOT under the RFP and applicable Law.

8.2 TxDOT Disclaimers

The RFP does not commit TxDOT to enter into any contract. Except as expressly set forth in Section 6.3, TxDOT and the State of Texas assume no obligations, responsibilities, or liabilities, fiscal or otherwise, to reimburse all or part of the costs incurred or alleged to have been incurred by parties considering a response to and/or responding to the RFP. All of such costs shall be borne solely by each Proposer and Proposer team.

In no event shall TxDOT be bound by, or liable for, any obligations with respect to the Project until such time (if at all) as the DBA Documents and CMA Documents, in form and substance satisfactory to TxDOT, have been authorized and executed by TxDOT and, then, only to the extent set forth therein. In submitting a Proposal in response to the RFP, Proposer is specifically acknowledging these disclaimers.

Exhibit A

DEFINITIONS AND ACRONYMS

“**Access Roads**” means the Segment 2 access roads and access road turn arounds, including the design and construction of associated drainage, retaining walls, signing, and pavement markings as shown on the Preliminary Schematic Design – Base Scope provided in the RIDs.

“**Addenda/Addendum**” means supplemental additions, deletions, and modifications to the provisions of the RFP after the release date of the RFP.

“**Alternative Technical Concepts**” or “**ATCs**” means the concepts described in ITP Section 3.1.

“**Base Scope**” has the meaning set forth in Section 1.2 of the Technical Provisions.

“**Base Scope DB Price**” has the meaning set forth in ITP Section 5.5.3.

“**Base Scope Maintenance Price Value**” has the meaning set forth in ITP Section 5.5.5.

“**Capital Maintenance Agreement**” or “**CMA**” means the agreement to provide capital maintenance services for the Project for 15 years unless terminated as provided therein.

“**CMA Cumulative Maximum Payment Curve**” means the amount set forth on Form N-3.

“**Code**” has the meaning set forth in ITP Section 1.6.4.

“**Commission**” has the meaning set forth in ITP Section 1.5.

“**Design-Build Agreement**” or “**DBA**” means the agreement to develop, design and construct the Project.

“**Design-Build Contractor**” or “**DB Contractor**” has the meaning set forth in ITP Section 1.1.

“**Development Plan Evaluation Subcommittee**” or “**DPES**” means the subcommittee that performs the initial review of the Technical Proposal and provides evaluation recommendations to the ESRC as set forth in ITP Section 5.1.

“**Design-Build Price**” means the Base Scope Design-Build Price.

“**Disadvantaged Business Enterprise**” or “**DBE**” has the meaning set forth in 49 C.F.R. Part 26.

“Equity Member” means (a) each entity with a direct equity interest in the Proposer (whether as a member, partner, joint venture member or otherwise) and (b) each entity with a 10% or greater indirect interest in the Proposer. Notwithstanding the foregoing, if the Proposer is a publicly traded company, shareholders with less than a 10% interest in the Proposer shall not be considered Equity Members.

“Evaluation and Selection Recommendation Committee” or **“ESRC”** means the committee that will review and evaluate the Proposals and make a recommendation to the Steering Committee as set forth in ITP Section 5.1..

“FHWA” means the Federal Highway Administration.

“Financial Proposal” means the financial information included in a Proposal submitted by a Proposer providing the information requested in Exhibit C-1 of the ITP.

“Financial Proposal Evaluation Subcommittee” or **“FPES”** means the subcommittee that performs the initial review of the Financial Proposal and provides evaluation recommendations to the ESRC as set forth in ITP Section 5.1..

“Instructions to Proposers” or **“ITP”** means the documents, including exhibits and forms, included in the RFP containing directions for the preparation and submittal of information by the Proposers in response to the RFP.

“Key Personnel” means the individuals designated by a Proposer pursuant to Section 3.2.4 of Exhibit B to the ITP.

“Key Subcontractor” means any subcontractor that will (a) fill any of the following key project roles: project management, lead design firm, quality control management, quality assurance management, and maintenance or (b) serve as a key task leader for geotechnical, hydraulics and hydrology, structural, environmental, utility or right-of-way issues. See Form Q.

“Main Lanes” mean the Segment 2 Mainlanes, SH 105 work, interchanges/direct connectors, ramps, intersection approaches/departures, cross streets/intersections, Toll Zones, railroad crossings, and SH 105 East connectors, including the design and construction of a Super 2 roadway and the associated drainage, bridge structures, retaining walls, noise barriers, signing, pavement markings, lighting, tolling infrastructure, and traffic signals as shown on the Preliminary Schematic Design – Base Scope provided in the RIDs.

“Maintenance Price” means the Base Scope Maintenance Price.

“Major Participant” means each Equity Member and each member of the Proposer’s organization with: (a) primary responsibility for design; (b) primary responsibility for construction; (c) primary responsibility for maintenance; or (c) a proposed subcontract with a value greater than or equal to \$10 million (excluding subcontracts with Suppliers).

“Major Professional Services Firm” has the meaning set forth in Section 3.2.2 of Exhibit B to the ITP.

“Option 1 DB PriceValue” has the meaning set forth in ITP Section 5.5.6.

“Option 1 Maintenance Price Value” has the meaning set forth in ITP Section 5.5.8.

“Option 2 DB Price Value” has the meaning set forth in ITP Section 5.5.7.

“Option 2 Maintenance Price Value” has the meaning set forth in ITP Section 5.5.9.

“Option Work 1” has the meaning set forth in Section 1.2.4.1 of the Technical Provisions.

“Option Work 2” has the meaning set forth in Section 1.2.4.2 of the Technical Provisions.

“Option Maintenance Price” means the Option 1 Maintenance Price and Option 2 Maintenance Price.

“Option Price” means the Option 1 Price and Option 2 Price.

“Option Work” means any or all of the Option Work 1 and Option Work 2.

“Payment for Work Product Agreement” means the agreement between a Proposer and TxDOT set forth as ITP Exhibit H that governs the payment for work product and use of the Proposer’s work product, if unsuccessful, in accordance with ITP Section 6.3.

“Post-Selection Deliverables” has the meaning set forth in ITP Section 5.12.

“Preliminary Project Baseline Schedule” means the Project schedule required to be submitted with the Proposal and meeting the requirements set forth in Section 4.3.2 of Exhibit B to the ITP.

“Pre-Proposal Submittal” has the meaning set forth in ITP Section 2.4.

“Price Proposal” means the price offer included in the Proposal submitted by a Proposer as set forth on the forms requested in Exhibit C-2 of the ITP.

“Project” has the meaning set forth in ITP Section 1.1.

“Project Development Plan” means the plan submitted with the Technical Proposal providing the information requested in Section 4.0 of Exhibit B to the ITP.

“Project Management Plan” means the portion of the Project Development Plan providing the information requested in Section 4.1 of Exhibit B to the ITP.

“Project Website” has the meaning set forth in ITP Section 2.2.

“**Proposal**” has the meaning set forth in ITP Section 1.1.

“**Proposal Due Date**” means the deadline for submission of Technical, Financial and Price Proposals identified in ITP Section 1.5.

“**Proposal Revisions**” has the meaning set forth in ITP Section 5.8.

“**Proposal Security**” means the proposal bond as described in Section 3.3.2 of Exhibit B to the ITP.

“**Proposer**” means the consortium, joint venture or entity, whether or not yet formed, which is intended to act as the DB Contractor of the Project.

“**Qualifications Submittal**” or “**QS**” means the submission made by a Proposer in response to the RFQ, including all clarifications thereto submitted in response to requests by TxDOT.

“**Quality Management Plan**” means the portion of the Project Development Plan providing the information requested in Section 4.2 of Exhibit B to the ITP.

“**Reference Information Documents**” means the documents and information described in ITP Section 1.2.1.

“**Request for Qualifications**” or “**RFQ**” means TxDOT’s Request for Qualifications issued on July 31, 2014, as amended.

“**Request for Proposals**” or “**RFP**” means the set of documents identifying the Project and the work to be performed and materials to be furnished in response to which a Proposal may be submitted by a Proposer. The RFP includes the ITP, DBA Documents, CMA Documents and Reference Information Documents. The RFP is issued only to Proposers that have been shortlisted following RFQ review.

“**RFP Website**” has the meaning set forth in ITP Section 2.2.

“**Right of Way**” or “**ROW**” means any real property (which term is inclusive of all estates and interests in real property), improvements, and fixtures within the lines delineating the outside boundaries of the Project set forth in the ROW Maps included in the Reference Information Documents, as such boundaries may be adjusted from time to time in accordance with the Contract Documents. The term specifically includes all air space, surface rights, and subsurface rights within the boundaries of the ROW.

“**ROD**” means Record of Decision.

“**Stakeholder**” means parties that may have a stake in the Project by virtue of their location or funding, including the Harris County Toll Road Authority (“HCTRA”), Houston-Galveston Area Council, Montgomery County Toll Road Authority (“MCTRA”), cities, counties, utilities, Union Pacific Railroad, BNSF Railway, United States Army

Corps of Engineers, USDOT, and FHWA and their officers, directors, and employees. For purposes of ITP Section 2.2.3(d), the Texas Department of Public Safety and any other public law enforcement agency with jurisdiction to provide traffic patrol, traffic law enforcement and other police and public safety services in accordance with applicable Laws and agreements with State and local agencies will not be considered Stakeholders.

“Steering Committee” has the meaning set forth in ITP Section 5.9.

“Subsurface Utility Engineering” or **“SUE”** means an engineering process for accurately identifying the quality of subsurface utility information needed for highway plans and for acquiring and managing that level of information during the development of a highway project, as more particularly described by the American Society of Civil Engineers (“ASCE”) standard, ASCE C-I 38-02, “Standard Guideline for the Collection and Depiction of Existing Subsurface Utility Data.”

“Surety” means the individual or entity committing to provide any of the bonds identified in the RFP.

“Technical Proposal” means all of the documents, certifications and information required to be submitted pursuant to Exhibit B to the ITP.

“Technical Solutions” means the portion of the Project Development Plan providing the information requested in Section 4.3 of Exhibit B to the ITP.

“TxDOT’s Authorized Representative” has the meaning set forth in ITP Section 2.2.1.

“Toll System Integrator Agreement” has the meaning set forth in ITP Section 1.4.4. For the purpose of this definition, “system” means one or more of the toll collection systems that TxDOT wishes to develop, install, test, integrate and maintain pursuant to the Toll System Integrator Agreement.

“USDOT” means the United States Department of Transportation.

For definitions of other initially capitalized terms, see the DBA Documents and CMA Documents.

Exhibit B

TECHNICAL PROPOSAL INSTRUCTIONS

1.0 General Instructions

This Exhibit B describes the submission format for Technical Proposals and outlines the required information that will comprise a Technical Proposal for the Design-Build Agreement (“DBA”) and Capital Maintenance Agreement (“CMA”).

Proposer shall submit the information required by this Exhibit B in the organization and format specified herein. The Technical Proposal shall be organized in the order listed in Exhibit E, and shall be clearly indexed. Each component of the Technical Proposal shall be clearly titled and identified.

All forms named herein are found in Exhibit D, unless otherwise noted. All blank spaces in the Proposal forms must be filled in as appropriate. No substantive change shall be made in the Proposal forms.

Evidence of signature authority shall be provided for all individuals signing forms on behalf of each Major Participant. Item B of the section entitled “Additional Information to be Provided with Proposal Letter” of Form A identifies requirements regarding evidence of signature authorization for the Proposal Letter. Similar authorization shall be provided for all other signatories for Major Participants.

No dollar amounts may be included in the Technical Proposal.

2.0 Format

The Technical Proposal shall be limited to an aggregate of 80 pages (if double-sided, 40 sheets), plus the executive summary, resumes, appendices and exhibits containing required forms, graphs, matrices, schedule, drawings and other pertinent data.

3.0 Contents of the Technical Proposal

The required contents and organization of the Technical Proposal are presented in this Exhibit B and summarized in the Proposal checklist provided in Exhibit E. Proposers are to provide all the information set out in this Exhibit B. A copy of the checklist for the Technical Proposal shall be included in the Technical Proposal. Proposer shall not amend the order or change the contents of the checklist except to provide the required cross reference to its Proposal.

The Technical Proposal shall consist of the following major elements:

- (a) Executive Summary;
- (b) Proposer Information, Certifications and Documents (including required Forms A, B-1 through E, G through J, O through Q, S and U);
- (c) Project Development Plan; and
- (d) Appendices.

3.1 Executive Summary

The Executive Summary shall be written in a non-technical style and shall contain sufficient information for reviewers with both technical and non-technical backgrounds to become familiar with Proposer's Proposal and Proposer's ability to satisfy the financial and technical requirements of the Project. The Executive Summary shall not exceed ten single-sided pages. The Executive Summary shall not include any information regarding pricing. It shall, at a minimum, include the following:

- (a) An explanation of the organization and contents of the Proposal.
- (b) A summary of any changes to Proposer's Qualifications Submittal ("QS").
- (c) A summary of any changes in Proposer's organization, Equity Members, other Major Participants and Key Personnel since submission of the QS.
- (d) A summary of the proposed management, decision making, and day-to-day operation structure of Proposer, and a statement that each Major Participant has committed to provide the specified people.
- (e) A summary of the Project Development Plan including:
 - A summary of the Project Management Plan,
 - A summary of the Quality Management Plan,
 - A summary of the Maintenance Management Plan, and
 - A summary of the Technical Solutions.
- (f) A summary of the Proposer's approach to satisfying the Disadvantaged Business Enterprise ("DBE") requirements.

3.2 Proposer Information, Certifications and Documents

3.2.1 Technical and Financial Proposal Letter

The Proposal shall include the Proposal Letter (Form A). Proposer shall attach to the Proposal Letter the documents and information described in the section entitled “Additional Information to be Provided With Proposal Letter” of Form A, provided however, Proposer may attach to the original Form A an envelope including four certified copies of the required organizational documents in lieu of providing organizational documents with each of the copies of the Technical Proposal.

3.2.2 Information About Proposer, Major Participants and Other Subcontractors

The Proposal shall include a completed chart on Form B-1, including the names, contact information, role in the organization, licensing information, and description of work (if applicable) for Proposer and Equity Members.

The Proposal shall include completed Form B-2 providing information about Proposer and its team as specified therein.

The Proposal shall include a completed Form B-3 providing information regarding (i) each Major Participant excluding Equity Members; (ii) each firm that will provide engineering, architectural, surveying, planning, quality assurance and/or other professional services for development of the Project valued at \$2 million or more (“Major Professional Services Firm”); and (iii) all other subcontractors identified by Proposer as of the Proposal Due Date. Proposer is advised that all Major Professional Services Firms must be identified at the time of the Proposal, and that, as a condition to final award and execution of the DBA and CMA, the successful Proposer must provide evidence that it and its Major Participants hold all necessary licenses and professional registrations.

The Proposal shall include a completed Form B-4 providing summary information regarding Proposer and its team as specified therein.

The Proposal shall include copies of organizational documentation described in the section entitled “Additional Information to be Provided With Proposal Letter” of Form A for Proposer and Equity Members, as well as other documentation required by Form B-2. If any modification to the organizational documents for such entity is contemplated prior to award, Proposer shall provide a brief description of the proposed legal structure and draft copies of the underlying organizational documents (described in the section entitled “Additional Information to be Provided With Proposal Letter” of Form A) for such proposed entity.

3.2.3 Responsible Proposer Questionnaire

The Proposal shall include Form C, the “Responsible Proposer Questionnaire”, signed by Proposer, each Major Participant and any other team member identified in the Proposal. As noted on the form, it may be provided by Proposer on its own behalf and on behalf of the Equity Members, or it may be provided by Proposer on its own behalf and the individual Equity Members on their own behalf. The form executed by Proposer shall be signed by the same individual(s) who sign the Proposal Letter. The forms signed by Equity Members shall be signed by an authorized representative of such Equity Members and the Proposal shall include evidence of signature authorization for such individual.

3.2.4 Key Personnel

3.2.4.1 Designation of Key Personnel Prior to Proposal Due Date

Each Proposer shall submit a package that includes an original and five copies of the information specified in this Section 3.2.4.1 to TxDOT, by the date and time for submittal of changes in Key Personnel specified in ITP Section 1.5 for review and written approval by TxDOT, in its sole discretion. The package shall be delivered to the address set forth in ITP Section 2.2.1, and shall include a list of any (i) proposed changes in Key Personnel from those identified in the QS and (ii) new Key Personnel that were not required to be submitted with the QS falling within any of the categories identified in Section 3.2.4.2 (i.e., ROW Acquisition Manager and Utility Manager), along with copies of resumes for each such person (which must contain the individual’s qualifications, contact information and relevant work experience) and contact information for three references for each individual.

TxDOT discourages changes in Key Personnel from the individuals listed in the QS and is under no obligation to approve such requests and may disapprove the request at its sole discretion. In addition, if any individual included in the Proposal is also proposed as a Key Personnel or for another position on any other TxDOT procurement, Proposer shall include in the package either: (1) a statement certifying that said individual will be available to assume its designated role on the SH 249 Extension Project if Proposer is the successful Proposer, or (2) the resume of a qualified alternate.

If TxDOT, in its sole discretion, disapproves a proposed Key Personnel or (if applicable) its proposed alternate, Proposer shall submit the information required above for its proposed substitute, for review and approval by TxDOT in accordance with the foregoing process, at least ten Business Days prior to the Proposal Due Date. The Proposal may not include any Key Personnel previously disapproved by TxDOT in writing.

The Proposal shall identify the pre-approved Key Personnel and shall include Form E identifying personnel work assignments, as well as a statement committing the Proposer to maintain such individual's availability for and active involvement in the Project. The Proposal also shall include, in an appendix, copies of the resumes and contact information described in this Section 3.2.4.1 on Form G for each designated Key Personnel position. Refer to the DBA Documents and CMA Documents, as applicable, for information regarding time commitment requirements for Key Personnel and TxDOT's rights if it determines that any such personnel are not devoting sufficient time to the prosecution and performance of the work required for the Project. Proposer may not make any changes in its Key Personnel after receipt of TxDOT approval as specified in this Section 3.2.4.1, except as provided in the DBA Documents and CMA Documents, as applicable.

3.2.4.2 Information Regarding Key Personnel in Proposal

The individuals with direct responsibility for each of the following categories of work are considered Key Personnel:

- overall management of the Project (Project Manager);
- construction, coordination of subcontractors and scheduling (Construction Manager);
- design of the Project (Design Manager)
- control of quality, and the implementation and operation of the Project's quality systems (Lead Quality Control Manager as described in Section 2.2.1.1 of the Technical Provisions);
- acceptance of quality (Lead Quality Assurance Manager as described in Section 2.2.1.2 of the Technical Provisions);
- acquisition of right-of-way (ROW Acquisition Manager);
- overall responsibility for all safety aspects of the Project (Safety Manager); and
- Project maintenance management (Maintenance Manager, referred to as the "Lead Maintenance Manager" in the RFQ).
- utility adjustment (Utility Manager as described in Section 6.2.3 of the Technical Provisions).

3.2.5 Letters Approving Key Personnel and Changes in Proposer's Organization

The Proposal shall include a copy of the approval letter(s) issued by TxDOT pursuant to Section 3.2.4.1 approving any changes in Key Personnel and new Key Personnel. If Proposer's organization has changed since submission of the QS, Proposer shall specifically describe such changes and, if applicable, include a copy of TxDOT's approval letter provided under ITP Section 2.11.

3.2.6 Certification Regarding Buy America

The Proposal shall include Form U, regarding Buy America requirements.

3.2.7 DBE Requirements

The Proposal shall include a Certification of DBE Goal Attainment or Good Faith Efforts (Form H) confirming that Proposer will obtain DBE commitments equal to or exceeding the DBE participation goal or will exercise good faith efforts to substantiate its attempts to meet the goal.

3.2.8 Child Support Statement for State Grants, Loans and Contracts

The Proposal shall include Form I regarding child support obligations, for Proposer and each Major Participant.

3.2.9 Organizational Conflict of Interest Disclosure

Attention is directed to TxDOT's rules on conflicts of interest, which are set forth at 43 Texas Administrative Code § 27.8. The Proposal shall include a certification on Form J describing potential organizational conflicts of interest, including disclosure of all relevant facts concerning any past, present, or currently planned interest that may present an organizational conflict of interest.

3.2.10 Certification Regarding Equal Employment Opportunity

The Proposal shall include Form P, regarding participation in contracts or subcontracts subject to the equal employment opportunity clause and the filing of required reports.

3.2.11 Guarantor Letter

The Proposal shall include, (if a guaranty is required): (a) an irrevocable letter signed by the guarantor in the form of Form T committing to provide a guaranty in the form of Exhibit 13 of the DBA and a guaranty in the form of Exhibit 9 of the CMA, concurrently with execution and delivery of the DBA Documents and CMA Documents

by Proposer; (b) evidence of authorization of the signatory to that letter; (c) Form B-1 for the guarantor; (d) financial information described in Section 2.0 of Exhibit C-1; and (e) such other information concerning the guarantor as TxDOT may request. A guaranty of DB Contractor's obligations under the DBA is required under the following circumstances: (i) Proposer identified a guarantor in its QS or was advised by TxDOT that a guaranty would be required as a condition to the shortlisting of Proposer; (ii) DB Contractor's organization is a newly formed corporation or a limited liability entity (in which case the Equity Members shall each provide guaranties of the DB Contractor's obligations under the DBA and the CMA); (iii) the combined Tangible Net Worth of DB Contractor and its Equity Members is less than \$150,000,000; or (iv) the form of organization of Proposer and/or the financially responsible parties comprising Proposer changes and TxDOT determines, in its sole discretion, to require a guarantor as a condition to approving such change under ITP Section 2.11.

If a guaranty is required, the combined Tangible Net Worth of the guarantor and DB Contractor, and its Equity Members must be at least \$150,000,000. Tangible Net Worth shall be determined based on audited financial statements for the fiscal year most recently ended.

3.2.12 Surety Information

The Proposal shall include the following information regarding the Surety for the bonds to be provided in accordance with Section 8 of the DBA and Section 7 of the CMA:

- (a) Name of bonding company (must be rated in the top two categories by two nationally recognized rating agencies or at least A minus (A-) or better and Class VIII or better by A.M. Best and Company) and the name and address of the agent.
- (b) Whether or not the listed bonding company defaulted on any obligation within the past ten years, and the details in the event of such default.

3.2.13 Certification Regarding Ineligible Contractors

The Proposal shall include Form S, certifying that Proposer and its Subcontractors are not declared by the Federal Government or have not voluntarily declared themselves debarred, suspended or ineligible from doing transactions with the Federal Government or any of its agencies, and making other certifications as described on Form S.

3.2.14 Key Subcontractors

The Proposal shall include a list in the form of Form Q of the names of all Key Subcontractors that Proposer intends to use to complete the Work under the DBA.

3.2.15 Substantial Completion Deadlines

The Proposal shall include Form O. Proposer shall indicate the number of calendar days between NTP1 and its proposed Substantial Completion date for each of (i) Section 1A, (ii) Section 1B and (iii) Segment 2 from the Preliminary Project Baseline Schedule on Form O.

3.2.16 Payment for Work Product Agreement

Proposer, at its option, may submit with the Proposal an executed copy of the Payment for Work Product Agreement in the form of Exhibit H. Although submission of an executed Payment for Work Product Agreement is at the Proposer's election, submission of an executed Payment for Work Product Agreement with the Technical Proposal shall be a condition to eligibility for the payment for work product as provided under Section 6.3 of the Instructions to Proposers ("ITP.") Any failure to submit an executed Payment for Work Product Agreement with the Technical Proposal will constitute a rejection of the payment for work product and render the Proposer ineligible for such payment.

3.2.17 Non-Collusion Affidavit

The Technical Proposal shall include Form E, certifying that the Proposal is not the result of and has not been influenced by collusion.

3.2.18 Certification Regarding Use of Contract Funds For Lobbying

The Technical Proposal shall include Form R to be executed by the Proposer, all members or joint venturers of the Proposer and all other Major Participants including Equity Members, certifying that no federal appropriated funds have been or will be paid for lobbying activities and no other funds have been paid or will be paid to influence governmental decisions regarding this Project.

3.3 Proposal Security

The Technical Proposal shall include a proposal bond as specified below.

3.3.1 Forfeiture of Security

Forfeiture of Proposal Security in accordance with Section 4.8 of the Instructions to Proposers will constitute liquidated damages. By submitting its Proposal, Proposer agrees and acknowledges that such liquidated damages are reasonable in order to compensate TxDOT for damages it will incur as a result of Proposer's failure to satisfy the obligations under the Request for Proposals to which Proposer agreed when submitting its Proposal. Such damages include potential harm to the credibility and reputation of TxDOT's transportation improvement program, including the CDA

program, with policy makers and with the general public, delays to the Project and additional costs of administering this or a new procurement (including engineering, legal, accounting, overhead and other administrative costs). By submitting its Proposal, Proposer further acknowledges that these damages would be difficult and impracticable to measure and prove, are incapable of accurate measurement because of, among other things, the unique nature of the Project and the efforts required to receive and evaluate proposals for it, and the unavailability of a substitute for those efforts. The amounts of liquidated damages stated herein represent good faith estimates and evaluations as to the actual potential damages that TxDOT would incur as a result of Proposer's failure to satisfy the obligations under the RFP to which Proposer agreed when submitting its Proposal, and do not constitute a penalty. By submitting its Proposal, Proposer agrees to such liquidated damages in order to fix and limit Proposer's costs and to avoid later Disputes over what amounts of damages are properly chargeable to Proposer.

3.3.2 Form of Proposal Bond

A proposal bond in the amount of \$15 million and in the form of Form K shall be provided by a Surety rated in the top two categories by two nationally recognized rating agencies or at least A minus (A-) or better and Class VIII or better by A.M. Best and Company. The proposal bond shall be subject to forfeiture in accordance with ITP Section 4.8. Each proposal bond will be retained until the DBA Documents and CMA Documents have been fully executed, after which the proposal bond for each unsuccessful Proposer, except those proposal bonds which have been forfeited, will be returned to the respective Proposers. The proposal bond for the successful Proposer shall be returned at such time as Proposer has satisfied all conditions of execution and award set forth in ITP Section 6.1. If the next best value Proposer is notified during the 180-day period that it is selected for negotiations, such Proposer shall obtain an extension of the Proposal Bond for the period until 270 days after the Proposal Due Date.

4.0 Project Development Plan

Proposer shall submit a Project Development Plan which shall consist of the following four components:

- Project Management Plan (Section 4.1),
- Quality Management Plan (Section 4.2), and
- Technical Solutions (Section 4.3).

The Project Development Plan shall provide the project management philosophy, plan and schedule for executing the Project, including management structure and personnel;

the quality control procedures for any Project activities, describing how Proposer plans to achieve and satisfy quality requirements; the Proposer's approach to fulfilling the maintenance obligations during both design and construction and the Maintenance Period; and the information relevant for developing the Proposer's schematic.

4.1 Project Management Plan

The Project Management Plan shall set out Proposer's management approach for the design, construction, and maintenance of the Project. The minimum information to be provided within the Project Management Plan is detailed in this Section 4.1.

4.1.1 General Project Management

The Project Management Plan shall describe Proposer's overall Project management plan and approach for the design, construction and maintenance work including at least the following:

- (a) A description of the methods to be used to assure necessary communication and documentation within Proposer's team, including communication among the sub-organizations and management personnel.
- (b) A description of how Proposer intends to: (i) control and coordinate the various Subcontractors; (ii) interface with TxDOT, its consultants and relevant federal, State and local agencies; and (iii) interface with applicable railroads and Utility Owners.
- (c) A description of Proposer's plan to manage permitting and third-party coordination and approvals.
- (d) An organization chart outlining the basic structure of Proposer's Project organization (including the design, construction and maintenance sub-organizations) and a description of the work to be accomplished by each member of the management team and each sub-organization, including identified Subcontractors and Suppliers (at all tiers).
- (e) Information describing how each of the Key Personnel will fit into the organization, including a description of each key person's function and responsibility relative to the Project, and indicating the percent of time that the person will devote to the Project.
- (f) All major training program(s) to ensure that continuous improvement practices are being implemented.
- (g) Information regarding the current and projected workload and backlog of Proposer team (including all Major Participants), including the Proposer's or

team member's plan for allocating its resources and personnel among the projects.

- (h) A preliminary safety plan describing the plans, policies and procedures for ensuring the health and safety of personnel involved in the Project and the general public affected by the Project and meeting the requirements set forth in Section 2.4 of the Technical Provisions.
- (i) A description of Proposer's electronic content management and document control system.

4.1.2 Risk Management

The Project Management Plan shall describe the approach to identification, management, mitigation, and allocation of Project-specific risks, including a risk matrix which shall identify the following at a minimum:

- (a) Significant risk categories during the design, construction and maintenance of the Project.
- (b) The potential consequences of the identified risks.
- (c) Risk-mitigation strategies to eliminate or reduce specific risks.

4.1.3 Public Information and Communications

The Project Management Plan shall provide a description of Proposer's plan and management approach for public information and communication, which shall specifically address the following:

- (a) Qualifications and experience of proposed key staff members who will be engaged for purposes of community outreach;
- (b) Proposer's approach to performing public information activities, including identification of personnel and how Proposer will manage interaction with TxDOT;
- (c) Proposer's plan to assist TxDOT in informing the public, individual property owners, and broader communities about design, construction and maintenance activities that directly affect them;
- (d) Adjustments to construction and maintenance activities in response to community and Stakeholder concerns;

- (e) Proposer’s plan to assist TxDOT in establishing and maintaining a positive relationship with Stakeholders and others affected by the construction and maintenance of the Project; and
- (f) The proposed methodology for capturing and resolving complaints, concerns or questions from the public.

4.1.4 Maintenance Management

The Project Management Plan shall include the following information and draft submittals of the MMP consistent with the MMP template contained in CMA Exhibit 2, Attachment 4:

Ref.	Submittal	Consistent with:
(a)	How the Proposer’s organization and personnel will enable obligations for the Maintenance Services to be achieved, including the transition from Maintenance Work before Substantial Completion to Maintenance Services after Substantial Completion.	MMP Template Section 1
(b)	How the Proposer will inspect, categorize, prioritize and remedy Defects to meet the Performance Requirements. Include preliminary procedure MMP022 “Defect Categorization and Repair”	MMP Template Section 5.3
(c)	How the Developer will implement a Maintenance Management System and facilitate TxDOT live access during inspections. Include preliminary procedure MMP 021 “Establishing Maintenance Management System”	MMP Template Section 5.4
(d)	The approach to Renewal Work, including: <ul style="list-style-type: none"> • the processes that will be employed for developing a rolling program of major maintenance repairs and replacements; and • how Proposer will minimize traffic disruptions for Users. Include preliminary procedure: <ul style="list-style-type: none"> • MMP 020: “Renewal Work” 	MMP Template Section 4.3
(e)	A preliminary Renewal Work Schedule consistent with the design-build approach that shows the anticipated renewal and replacement frequency for each pavement Maintenance Element. The preliminary Maintenance Work Schedule shall be	Consistent with the Maintenance Prices submitted on Forms N-1 through N-5.

Ref.	Submittal	Consistent with:
	presented as a timeline that clearly shows when each Element is expected to require renewal and /or replacement.	
(f)	Approach to Maintenance Safety. Include preliminary procedure MMP027: "Implementation of Safety Plan".	MMP Template Section 6

4.1.5 Schedule and Cost Control Management

The Proposal shall provide a Preliminary Project Baseline Schedule and narrative for all portions of the Project and include at least the following:

- (a) Preliminary Project Baseline Schedule containing all major work activities or milestones for Project design and construction to the levels required in Attachment 2-2 to the Technical Provisions. This Preliminary Project Baseline Schedule shall be included in an Appendix in Section D of the Technical Proposal;
- (b) Narrative which describes the proposed execution of the work for the term of the DBA;
- (c) Achievement of Substantial Completion of Section 1A by no later than 910 days from NTP1.
- (d) Achievement of Substantial Completion of Section 1B by no later than 1,010 days from NTP1.
- (e) Achievement of Substantial Completion of Segment 2 by no later than 1,640 days from NTP1.

Proposer's Preliminary Project Baseline Schedule submission shall not limit, modify or alter TxDOT's ability to review and approve the Preliminary Project Baseline Schedule, and selection of a Proposer shall not be deemed to be acceptance or approval of Proposer's Preliminary Project Baseline Schedule.

Proposers shall also provide a description of Proposer's plan and management approach for schedule and cost control on the Project, including at least the following:

- (a) Describe Proposer's document, cost control and schedule management system to be used to control and coordinate the cost and schedule of the work during the term of the DBA and the CMA.
- (b) Describe the proposed Project schedule methodology and cost control approach and include at least the following:

- A description of the proposed approach for preparing, controlling and updating the Project schedule, and for calculating progress performance on a monthly basis and preparing monthly draw request payments.
- A description of how Proposer will approach re-scheduling of its work to achieve schedule recovery objectives and how these objectives will be enforced with its work force and Subcontractors.

4.1.6 Environmental Management

The Project Management Plan shall provide a description of Proposer’s plan and management approach to environmental compliance and permitting, including at least the following:

- (a) A description of Proposer’s plan and management approach to obtaining environmental permits and other required approvals.
- (b) The method Proposer will use to ensure planning commitments are integrated into design, construction and maintenance of the Project.

4.1.7 Mentoring and Job Training

The Project Management Plan shall provide a description of Proposer’s plan and management approach for mentoring and job training on the Project, including at least the following:

- (a) A description of Proposer’s concept to utilize and train DBEs, including:
 1. A description of standard subcontracting methods to effectively manage subcontractor performance as it relates to the Technical Provisions.
 2. An outline of areas of work where DBEs may be utilized.
 3. A description of the training program to be utilized to educate and train employees in various job functions as well as training for environmental and site specific issues.
- (b) A description of Proposer’s plan to mentor DBEs and other small businesses, including:
 1. Eligibility criteria for participation in the program.
 2. Program goals for mentoring on public private partnerships, design, construction and maintenance.

3. A mentoring program for educational workshops, including the following:
 - A description of targeted technical disciplines;
 - Development of a short term plan;
 - Development of a long term plan; and
 - Frequency of the workshops.
 4. Procedures and methodologies for dividing work into economically feasible units to encourage small business participation.
- (c) Criteria for evaluating the effectiveness of the small business program.
- (d) A description of Proposer's individual job training plan to assist with developing women, Blacks, Hispanics and others (including, American Indian, Alaskan, Native, Asian or Pacific Islander) in the "critical crafts" designated annually by TxDOT. The plan shall include training goals for on-Site and off-Site, and a schedule for training. The schedule for training shall include job classifications, number of trainees per classification and the anticipated start times in each classification.

Proposer's Job Training Plan/ Small Business Opportunity Plan, as approved by TxDOT, shall be incorporated into the DBA Documents as Exhibit 8 and into the CMA Documents as Exhibit 5 following award of the DBA and CMA, and shall be subject to TxDOT review, comment and approval.

4.2 Quality Management Plan

The Quality Management Plan shall provide a description of Proposer's plan and approach to quality management during all stages of the Project through mobilization, the design, construction, and maintenance of the Project. The Quality Management Plan will outline the systems that will be employed to ensure that the work is executed with minimal requirement for corrective work. The plan shall detail the systems employed to detect noncompliance, correct the consequences of noncompliance and to prevent the reoccurrence of repeat noncompliance.

The Quality Management Plan shall include at least the following:

- (a) Quality control and quality acceptance procedures, including:
 - How the quality management staff will be functionally independent so that such individuals will have the authority to effect changes in the event of

DB Contractor's failure to comply with the DBA Documents and CMA Documents.

- A description of the process for design submittals, design reviews, design deficiency corrections and change tracking.
- Quality assurance and quality control procedures for design and construction.
- The proposed quality control plan including a description of the processes and procedures to be used in the performance of Maintenance Services and associated activities.
- A description of the approach to acceptance testing and inspection.
- The interface between the design quality, construction quality and maintenance quality processes.
- Proposed quality management documentation procedures.
- The approach to implement TxDOT oversight procedures.
- The approach to ensuring conformance with federal oversight requirements.
- The proposed audit regime.
- The approach to documenting and curing construction deficiencies and noncompliance issues and ensuring that repeat mistakes are avoided.

(b) Organizational structure, including:

- A description of the proposed design, construction and maintenance quality program organization, including the name and resume (on Form G) of Key Personnel responsible for quality management.
- An organization chart showing the quality management structure, along with a staffing plan by position title.

4.3 Technical Solutions

The Technical Solutions component of the Proposal shall describe Proposer's approach to implementing the work and shall include a Right-of-Way Acquisition Management Plan, a Utility Management Plan and a Design and Construction Plan. The Technical

Solutions shall also include information with respect to approved ATCs, perceived added value items and the incorporation of new technologies as follows:

- (a) Specifically, for all ATCs, Proposer shall:
 - Specifically state whether any approved ATCs are included in the Proposal, with reference to the ATC identification number assigned by TxDOT; and
 - Describe how the ATC is used and provide cross-references to other elements of the Proposal that are affected by the ATC.
- (b) For perceived added value components of the Proposal, Proposer shall specifically identify characteristics of its Proposal which Proposer considers to improve upon the Project's technical requirements, as set forth in the DBA Documents and the CMA Documents, and which bring additional benefits and/or value to TxDOT and the public.

4.3.1 Right-of-Way Acquisition Management Plan

The Proposal shall provide a description of its approach to performing ROW services for the Project. The information shall include at least the following:

- (a) The approach describing how the acquisition of ROW and any necessary relocation services will be managed by Proposer in conjunction with TxDOT, local officials and the Office of the Attorney General. The approach must also describe how acquisition of ROW will be incorporated into the Project schedule to avoid delays.
- (b) A description of the quality control methods that Proposer will employ to assure that all property owners' rights under the Uniform Relocation and Real Property Acquisition Policies Act of 1970, as amended, are being satisfied, including, without limitation, the safeguards and policies Proposer will implement to ensure, that no coercive actions, as described in 49 C.F.R. § 24.102(h), will result from advancing a portion of ROW to the construction stage or any other actions that may be undertaken that could adversely affect the ROW acquisition process.

4.3.2 Utilities

The Proposal shall provide a Preliminary Utility Management Plan and a description of the utility work required for the Project. The information shall include at least the following:

- (a) The intended means of communication and planning of construction to keep Utility Owners informed of the construction schedule, the means of construction and changes that may affect their facilities.
- (b) The proposed methods of design and construction related to utility relocation and protection.
- (c) The proposed methods to minimize utility conflicts during design and construction and the approach for managing conflicts.
- (d) The proposed methods to facilitate cooperation from Utility Owners, including, without limitation, the approach to negotiating utility adjustment agreements and resolving betterment issues.

4.3.3 Design and Construction Plan

The Design and Construction Plan shall include information identified in Section 4.3.3.1 through Section 4.3.3.4.

Proposer's concept plans drawings submitted as part of the Design and Construction Plan shall clearly identify the work to be completed by DB Contractor. Proposed changes in alignments or other elements, to the extent they will require an evaluation for compliance with the TxDOT-Provided Approvals and possibly re-evaluations and delays associated with such re-evaluations, will be at DB Contractor's risk.

Items which do not apply to Proposer's proposed approach are to be specifically noted as such. For all of the items not required, backup information is to be provided which supports the non-applicability of the items.

4.3.3.1 Pavement

The Proposal shall include the Proposer's proposed pavement designs for the Project and including the following:

- (a) Pavement design details by location (approximate station limits) for each proposed pavement design, including structural layer materials, general specifications, and thicknesses;
- (b) Tabulation of the design k-value and resilient modulus;
- (c) Relevant pavement evaluation data (structural and functional) and condition information on adjacent roads;
- (d) Site conditions which might influence the design and performance of pavements;

- (e) Relevant geotechnical data and drainage requirements including boring logs, laboratory soil test results, and active or passive drainage system design;
- (f) Design criteria used in determining the pavement design(s), including traffic loads, pavement material characterization, environmental conditions, and pavement design life; and
- (g) Other considerations used in developing the pavement design(s), including subgrade preparations and stabilization procedures.

The pavement designs shall be signed and sealed by a State of Texas Registered Professional Engineer.

4.3.3.2 Drainage

The Proposal shall include a description and concept plan drawing of the proposed drainage for the Project. The information shall include at least the following:

- (a) Description of the drainage system including identification of contributing drainage areas, major crossings, mitigation of discharges and detention requirements.
- (b) General concept plan drawing(s) showing the preliminary overall surface water collection system along with a general layout of the identified major drainage trunk lines and cross drainage structures, including outfall locations to accommodate the planned future expansion of the facility.
- (c) Proposer's concept plan for providing temporary drainage or construction sequencing of portions of the drainage network prior to completion of entire drainage system.
- (d) Description of the approach for connecting to existing or proposed drainage system(s), including identification of impacted owners and/or operators.
- (e) Description and plan drawing(s) defining the approximate limits of temporary construction and drainage easements necessary for completion of the Project drainage work.

4.3.3.3 Roadway

The Proposal shall provide conceptual drawings and a description of the roadway components for the Project. The information shall include at least the following:

- (a) Preliminary plan and profile schematic sheets for mainlanes, frontage roads, interchanges and crossing roadways for the Preliminary Schematic Design and cross sections for mainlanes and frontage roads spaced at no greater than 500 foot intervals.
- (b) Schematic sheets shall include typical sections and general project roadway information such as ROW and Project limits, design speeds and functional classification(s).
- (c) Proposed refinements in the horizontal and vertical geometric configuration of the Preliminary Schematic Design.
- (d) A description of all existing roadways and structures to be closed, demolished, left as is, or incorporated into the Project.

4.3.3.4 Construction Staging, Sequencing and Traffic Management

The Proposal shall include a description of the construction staging, sequencing and traffic control to maintain traffic during the construction of the Project. The information shall include at least the following:

- (a) The overall traffic management and control and sequencing approach.
- (b) Concept drawings and description of the proposed construction staging including those at major interchanges and steps that will be taken to minimize disruptions to the traveling public and impacts on the Stakeholders and communities.

Concept drawings that clearly indicate the configuration of the completed Work, including general limits of Work, transitions, temporary construction, traffic control and construction sequencing, access control, toll facilities, and provisions for future ultimate construction.

Exhibit C-1

FINANCIAL PROPOSAL INSTRUCTIONS

1.0 General Instructions

This Exhibit C-1 describes the submission format for Financial Proposals and outlines the required information that will comprise the Financial Proposal for the Design-Build Agreement (“DBA”) and Capital Maintenance Agreement (“CMA”).

Proposer shall submit the information required by this Exhibit C-1 in the organization and format specified herein. The Financial Proposal shall be organized in the order listed in Exhibit E, and shall be clearly indexed. Each component of the Financial Proposal shall be clearly titled and identified.

1.1 Format of Financial Proposal

All financial information provided in the Financial Proposal shall be in U.S. dollar currency only.

If there are any discrepancies between the hard copy and electronic copy of any quantitative information provided in the Financial Proposal, the hard copy version will prevail. If there are any differences between individual line amounts and totals, the individual line amounts will prevail.

1.2 Contents of Financial Proposal

A copy of the checklist for the Financial Proposal set forth in Exhibit E shall be included in the Financial Proposal. Proposer shall not amend the order or change the contents of the checklist except to provide the required cross reference to its Proposal.

Proposers shall include with the Financial Proposal a copy of Forms B-1 and B-2 submitted with the Technical Proposal, as described in Exhibit B Section 3.2.2.

2.0 Financial Capacity Information

Proposers shall clearly identify any differences between the financial capacity information submitted in the Proposal and the information submitted in the Qualifications Submittal (“QS”).

The Financial Proposal shall include the following information for Proposer, all Equity Members and any required guarantors:

- Audited financial statements (fiscal year end and quarterly) for all periods subsequent to those included in the QS.

- In addition, interim unaudited financial statements for the period since the most recent completed fiscal year or quarter for Proposer, Equity Members and any required guarantors are to be provided.

The financial statements, whether for the most recent completed fiscal year or for the period since the most recent completed fiscal year, must meet the following requirements:

1) Financial statement information must include:

- i. Opinion Letter (Auditor's Report)
- ii. Balance Sheet
- iii. Income Statement
- iv. Statement of Changes in Cash Flow
- v. Footnotes.

2) Financial statements must meet the following requirements:

- a. **GAAP/IFRS** – Financial statements must be prepared in accordance with U.S. Generally Accepted Accounting Principles (“U.S. GAAP”) or International Financial Reporting Standards (“IFRS”). If financial statements are prepared in accordance with principles other than U.S. GAAP or IFRS, a letter must be provided from a certified public accountant discussing the areas of the financial statements that would be affected by a conversion to U.S. GAAP or IFRS.
- b. **U.S. Dollars** – Financial statements must be provided in U.S. dollars. If financial statements are not available in U.S. dollars, the Proposer must convert the financial statements to U.S. dollars and provide a summary of the conversion methods and applicable foreign exchange rates used to do so.
- c. **Audited** – Financial statements must be audited by an independent party qualified to render audit opinions (e.g., a certified public accountant). If audited financials are not available for an Equity Member and any required guarantors, the Financial Proposal shall include unaudited financial statements for such Equity Member or guarantor, certified as true, correct and accurate by the chief financial officer (“CFO”) or treasurer of the entity.
- d. **English** – Financial statement information must be prepared in English. If audited financial statements are prepared in a language other than English, translations of all financial statement information must be provided with the original financial statement information.

3) Other information and requirements:

- a. **Newly Formed Entity** - If Proposer is a newly formed entity and does not have independent financial statements, financial statements for the Equity Members and any required guarantors shall be provided (and Proposer shall expressly state that Proposer is a newly formed entity and does not have independent financial statements).
- b. **Guarantor Letter of Support** – One or more guaranties regarding DB Contractor’s obligations under the CMA and one or more guaranties regarding Design-Build Contractor’s obligations under the DBA may be required by ITP Exhibit B, Section 3.2.11. The letter from the guarantor must confirm unequivocally that it will guarantee all the obligations of DB Contractor with respect to the CMA and DBA. Proposers are advised that TxDOT may, in its discretion based upon the review of the information provided, specify that an acceptable guarantor is required as a condition to eligibility for award.
- c. **SEC Filings** - If the team or any other entity for which financial information is submitted hereby files reports with the Securities and Exchange Commission, then such financial statements shall be provided through a copy of their annual report on Form 10K. For all subsequent quarters, provide a copy of any report filed on Form 10Q or Form 8-K which has been filed since the latest filed Form 10K.
- d. **Credit Ratings** - Appropriate credit ratings must be supplied for each Proposer and Equity Member, and guarantor to the extent such entities have credit ratings. If no credit ratings exist, include a statement specifying that no credit ratings exist for that entity.
- e. **Material Changes in Financial Condition** - A letter from the chief financial officer or treasurer, providing information on any material changes in financial condition since submission of the QS and those that are pending. Additionally, Proposers shall be required to provide updated information following the Proposal Due Date as long as the dissemination of such information is permitted by law.

The following list identifies certain items that TxDOT would consider a material change in financial condition. This list is intended to be indicative only. At the discretion of TxDOT, any failure to disclose a prior or pending material change may result in disqualification from further participation in the selection process. In instances where a material change has occurred, or is anticipated, the affected entity shall provide a statement describing each material change in detail, the likelihood that the developments will continue during the period of performance of the Project development, and the projected full extent of the changes likely to be experienced in the periods ahead. Estimates of the impact on revenues, expenses and the change in equity shall be provided separately for each material change as certified by the CFO or treasurer. References to the notes in the financial statements are

not sufficient to address the requirement to discuss the impact of material changes. The affected entity shall also provide a discussion of measures that would be undertaken to insulate the Project from any recent material adverse changes, and those currently in progress or reasonably anticipated in the future. If the financial statements indicate that expenses and losses exceed income in the fiscal periods between submission of the QS and the most recent completed periods (even if there has not been a material change), the affected entity shall provide a discussion of measures that will be undertaken to make the entity profitable in the future and an estimate of when the entity will be profitable.

List of Representative Material Changes

- A. An event of default or bankruptcy involving the affected entity, a related business unit within the same corporation, or the parent corporation of the affected entity;
 - B. A downward change in tangible net worth of 10% of shareholder equity;
 - C. A sale, merger or acquisition exceeding 10% of the value of shareholder equity prior to the sale, merger or acquisition which in any way involves the affected entity, a related business unit, or parent corporation of the affected entity;
 - D. A downward change in credit rating for the affected entity, a related business unit, or parent corporation of the affected entity;
 - E. Inability to meet conditions of loan or debt covenants by the affected entity, a related business unit or parent corporation of the affected entity which has required or will require a waiver or modification of agreed financial ratios, coverage factors or other loan stipulations, or additional credit support from shareholders or other third parties;
 - F. The affected entity, a related business unit in the same corporation, or the parent corporation of the affected entity either: (i) incurred a net operating loss; (ii) sustained charges exceeding 5% of the then shareholder equity due to claims, changes in accounting, write-offs or business restructuring; or (iii) implemented a restructuring/reduction in salaried personnel exceeding 200 positions or involving the disposition of assets exceeding 10% of the then shareholder equity; and
 - G. Other events known to the affected entity, a related business unit or parent corporation of the affected entity which represents a material change in financial condition since submission of the QS or may be pending for the next reporting period.
- f. **Off-Balance Sheet Liabilities** - A letter from the certified public accountant, chief financial officer, treasurer or certified public accountant for each entity

for which financial information is submitted, identifying all material off balance sheet liabilities.

The information required under this Section 2.0 (for Proposer, all Equity Members and any required guarantors) shall be packaged separately for each separate entity with a cover sheet identifying the name of the organization and its role in Proposer's organization (i.e., Equity Members, lead design firm, subcontractor, etc.).

Exhibit C-2

PRICE PROPOSAL INSTRUCTIONS

3.0 General Instructions

This Exhibit C-2 describes the submission format for Price Proposals and outlines the required information that will comprise the Price Proposal for the Design-Build Agreement (“DBA”) and Capital Maintenance Agreement (“CMA”).

Proposer shall submit the information required by this Exhibit C-2 in the organization and format specified herein. Each component of the Price Proposal shall be clearly titled and identified.

All forms named herein are found in Exhibit D, unless otherwise noted. Pricing forms are provided in Word and Excel formats. All blank spaces in the Proposal forms must be filled in as appropriate. No substantive change shall be made in the Proposal forms.

4.0 Format of Price Proposal

All price and cost information provided in the Price Proposal shall be in U.S. dollar currency only and all amounts, except certain amounts requested on Forms N-1, N-2, N-3, N-4 and N-5, shall be stated as nominal dollars. The exceptions on these amounts for these forms shall be stated as 2017 dollars as of the Price Proposal Due Date unless specifically stated otherwise.

If there are any discrepancies between the hard copy and electronic copy of any quantitative information provided in the Price Proposal, the hard copy version will prevail. If there are any differences between individual line amounts and totals, the individual line amounts will prevail.

5.0 Contents of Price Proposal

All parts of the Proposal that indicate price are to be included in the Price Proposal.

A copy of the checklist for the Price Proposal shall be included in the Price Proposal. Proposer shall not amend the order or change the contents of the checklist.

The Price Proposal shall consist of the following price information:

- (a) In a sealed envelope all price information pertaining to the Base Scope (including Forms M-1, M-1.1, M-1.2, M-1.3, M-1A, M-1A.1, M-1A.2, M-1A.3, M-1B, M-1B.1, M-1B.2, M-1B.3, M-2, M-2.1, M-2.2, M-2.3, M-2A, M-2A.1, M-2A.2, M-2A.3, M-2B, M-2B.1, M-2B.2, M-2B.3, M-3, M-3.1, M-3.2, M-3.3, N-1, N-1.1, N-1.2, N-1A, N-1A.1, N-1A.2, N-1B, N-1B.1, N-1B.2, N-2, N-2.1, N-2.2, N-2A, N-2A.1, N-2A.2, N-2B, N-2B.1, N-2B.2, N-3, N-3.1, and N-3.2 and to Option 1 and Option 2 (including Forms M-4, M-4.1, M-4.2, M-4.3, M-5, M-5.1, M-5.2, M-5.3, N-4, N-4.1, N-4.2, N-5, N-5.1, and N-5.2).

- (c) In a sealed envelope marked "Form O," information pertaining to the number of days between NTP1 and the Proposer's proposed Substantial Completion Dates for each of Section 1A, Section 1B and Segment 2 (including Form O)

5.1 Price Information

5.1.1 DB Price and Cash Flow Adjustment Table/Maximum Payment Curve

Proposer shall submit a Base Scope DB Price using Forms M-1, M-1A, M-1B, M-2, M-2A, M-2B, and M-3 and DB Prices for the Options using Forms M-4 and M-5. The Proposal shall include Forms M-1.1, M-1A.1, M-1B.1, M-2.1, M-2A.1, M-2B.1, M-3.1, M-4.1 and M-5.1 setting forth a breakdown of the DB Price for the Base Scope and the Option(s). The Proposal shall include Forms M-1.2, M-1A.2, M-1B.2, M-2.2, M-2A.2, M-2B.2, M-3.2, M-4.2, and M-5.2, which shall set forth any ATC adjustment costs identified by TxDOT in its ATC approval letters for ATCs that are incorporated into the Proposal. The Price Proposal shall include Forms M-1.3, M-1A.3, M-1B.3, M-2.3, M-2A.3, M-2B.3, M-3.3, M-4.3 and M-5.3 setting forth the cash flow corresponding to the anticipated draw requests for Segment 1 (CSJ 3635-01-001 and 3635-02-001), Segment 2 (CSJ 3635-02-002), and the Option(s) (i.e., the Maximum Payment Curve).

The maximum payment to DB Contractor prior to issuance of NTP2 shall not exceed a total of \$15 million. For purposes of developing the forms described in this Section 3.1.1, NTP2 is assumed to be issued 90 days after NTP1.

5.1.2 Maintenance Price and Cumulative CMA Maximum Payment Curve

The Price Proposal shall include Form N-3 setting forth the annual Maintenance Prices for the total Base Scope for years 1-15 of the CMA. The Maintenance Prices shall be in year 2017 dollars (as of the Proposal Due Date). The cumulative prices proposed in column D on Form N-3 for years 1-5 of the CMA shall not exceed the cumulative amounts in the corresponding years of the CMA Cumulative Maximum Payment Curve in column E. The Price Proposal also shall include Forms N-1, N-1A, N-1B, N-2, N-2A, N-2B, and N-3, setting forth the annual price for the Base Scope in year 2017 dollars (as of the Proposal Due Date), for Maintenance Services during the Term of the CMA. The services required for each of the major categories are more particularly described in the CMA, including the Maintenance Specifications. The CMA provides for the adjustment procedures and index for annual adjustments in the price for Maintenance Services.

The Price Proposal shall also include Forms N-4 and N-5, setting forth the Option 1 Maintenance Price and Option 2 Maintenance Price for the Maintenance Services, in year 2017 dollars (as of the Proposal Due Date), if the Options are exercised.

During the Initial Maintenance Term, in which the construction warranties under the Design-Build Agreement are in effect, for any failures of any of the work that is the subject of the warranties, DB Contractor shall be required to correct such work pursuant to the DB Agreement and shall bear the costs associated with correcting such warranted work under the DB Agreement. Consequently, Proposer's Maintenance

Price shall not include any costs for correcting work that is the subject of the construction warranties under the Design-Build Agreement.

In developing the Base Scope Maintenance Price and Option Maintenance Price, the Proposers shall consider the limitations on private use under Section 141 of the Internal Revenue Code of 1986, as amended, and the management contract rules under Section 1.141-3(b)(4) of the Regulations of the Treasury Department.

5.2 Schedule Information

The Price Proposal shall include Form O. Proposer shall indicate the number of calendar days between NTP1 and its proposed Substantial Completion date for (i) Section 1A, (ii) Section 1B, and (iii) Segment 2 for the Project from the Preliminary Project Baseline Schedule on Form O. The number of calendar days between NTP1 and the proposed Substantial Completion date shall not exceed the "TxDOT Last Allowable Date for Substantial Completion" for each respective portion of the Project set forth on Form O.

Exhibit D
REQUIRED FORMS

(see attached)

**TEXAS DEPARTMENT OF TRANSPORTATION
SH 249 Extension**

INSTRUCTIONS TO PROPOSERS

PROPOSAL LETTER – Form A

PROPOSER: _____

Proposal Due Date: [_____], 2017

Texas Department of Transportation
7600 Chevy Chase Drive, Bldg. 2, 4th Floor
Austin, Texas 78752
Attn: Mr. Varuna Singh, P.E.

The undersigned (“Proposer”) submits the enclosed Technical, Financial, and Price Proposals (collectively, this “Proposal”) in response to that certain Request for Proposals (the “RFP”) issued by the Texas Department of Transportation (“TxDOT”), an agency of the State of Texas, dated September 28, 2016, as amended, for a contract to develop, design, construct, and provide capital maintenance for the SH 249 Extension (the “Project”). TxDOT currently anticipates that the contract will include a Design-Build Agreement (“DBA”) for right of way (“ROW”) acquisition and the design, permitting and construction of tolled mainlanes, access roads and crossing streets and utility adjustments for Segments 1 and 2, and a capital maintenance agreement (“CMA”) for the long-term maintenance of the completed construction Work, as more specifically described herein and in the documents provided with the RFP (the “RFP Documents”). Initially capitalized terms not otherwise defined herein shall have the meanings set forth in the RFP and the RFP Documents.

In consideration for TxDOT supplying us, at our request, with the RFP Documents and agreeing to examine and consider this Proposal, the undersigned undertakes [jointly and severally] *[if Proposer is a joint venture or association other than a corporation, limited liability company or a partnership, leave in words “jointly and severally” and delete the brackets; otherwise delete the entire phrase]*:

a) to keep this Proposal open for acceptance initially for 180 days after the Proposal Due Date, and if the undersigned is notified within such 180-day period that it is the next best value Proposer, for an additional 90 days, without unilaterally varying or amending its terms and without any member or partner withdrawing or any other change being made in the composition of the partnership/joint venture/limited liability company/consortium on whose behalf this Proposal is submitted, without first obtaining the prior written consent of TxDOT, in TxDOT’s sole discretion; and

b) if this Proposal is accepted, to provide security (including bonds, insurance and guaranties) for the due performance of the Design-Build Agreement and the CMA, as stipulated in the DBA Documents, the CMA Documents and the RFP.

If selected by TxDOT as the best value Proposer, Proposer agrees to do the following or to cause DB Contractor to do the following: (a) if requested by TxDOT in its sole discretion, enter into good faith negotiations with TxDOT regarding the terms of the DBA Documents and the CMA Documents, in accordance with the requirements of the RFP; (b) enter into the DBA Documents and the CMA Documents without varying or amending their terms (except if requested to by TxDOT in its sole discretion) and satisfy all other conditions to award of the DBA Documents and the CMA Documents; and (c) perform its obligations as set forth in the ITP, the DBA Documents and the CMA Documents, including compliance with all commitments contained in this Proposal.

The following individual(s) is/are designated as the Proposer's designated representative(s) in accordance with Section 2.2.2 of the ITP:

The following individual(s) is/are authorized to enter into negotiations with TxDOT on behalf of the Proposer in connection with this RFP, the Project, the DBA and the CMA:

Enclosed, and by this reference incorporated herein and made a part of this Proposal, are the following:

- Executive Summary;
- Proposer Information, Certifications and Documents;
- Project Development Plan;
- Appendices;
- Proposal Security;
- Updated Financial Information; and
- Price Proposal.

Proposer acknowledges receipt of the following Addenda and sets of questions and responses:

*[List all Addenda by number and date issued. For example, "Addenda 1 issued June 19, 2016."]
[list other addenda] _____*

Responses issued [list dates on which TxDOT responded to Proposers' questions regarding the RFP Documents or this procurement.]

Proposer certifies that this Proposal is submitted without reservation, qualification, assumptions or conditions. Proposer certifies that it has carefully examined and is fully familiar with the site and all of the provisions of all of the RFP Documents, has reviewed all materials posted on the secure file transfer site for the Project, the Addenda and TxDOT's responses to questions, and is satisfied that the RFP Documents provide sufficient detail regarding the obligations to be performed by the DB Contractor and do not contain internal inconsistencies; that it has carefully checked all the words, figures and statements in this Proposal; that it has conducted such other field investigations and additional design development which are prudent and reasonable in preparing this Proposal; and that it has notified TxDOT of any deficiencies in or omissions from any RFP Documents or other documents provided by TxDOT and of any unusual site conditions observed prior to the date hereof. Proposer proposes to design, construct, and maintain this Project in accordance with the DBA Documents and CMA Documents and certifies to furnish and deliver all the materials and to do all work and labor required for the design, construction, and maintenance and other identified activities for the Project, at the prices stated in the pricing forms (Forms M through N).

Proposer represents that all statements made in the Qualifications Statement ("QS") previously delivered to TxDOT (as amended and resubmitted) are true, correct and accurate as of the date hereof, except as otherwise specified in the enclosed Proposal and Proposal forms. Proposer agrees that such QS, except as modified by the enclosed Proposal and Proposal forms, is incorporated as if fully set forth herein.

Proposer understands that TxDOT is not bound to accept the Proposal whose corresponding Price Proposal offers the lowest price to TxDOT or any Proposal TxDOT may receive.

Proposer further understands that all costs and expenses incurred by it in preparing this Proposal and participating in the RFP process will be borne solely by the Proposer, except any payment for work product that may be paid in accordance with the RFP.

Proposer consents to TxDOT's disclosure of this Proposal pursuant to Section 223.204(a), Texas Transportation Code, to any Persons in TxDOT's sole discretion after conditional award of the DBA and CMA by TxDOT. Proposer acknowledges and agrees to the disclosure terms described in ITP Section 2.6. Proposer expressly waives any right to contest such disclosures under Section 223.204(a) of the Texas Transportation Code.

Proposer agrees that TxDOT will not be responsible for any errors, omissions, inaccuracies or incomplete statements in this Proposal.

This Proposal shall be governed by and construed in all respects according to the laws of the State of Texas.

ADDITIONAL INFORMATION TO BE PROVIDED WITH PROPOSAL LETTER:

A. Describe in detail the legal structure of the Proposer and Equity Members.

1. If the Proposer/Equity Member is a corporation or includes a corporation as a joint venture member, partner or member, provide articles of incorporation and bylaws for Proposer/Equity Member and each corporation certified by an appropriate individual. If any entity is not yet formed, so state and indicate that these documents will be provided prior to award.
2. If the Proposer/Equity Member is a partnership or includes a partnership as a joint venture member, partner or member, attach full names and addresses of all partners and the equity ownership interest of each entity, provide the incorporation, formation and organizational documentation for the Proposer/Equity Member (partnership agreement and certificate of partnership for a partnership, articles of incorporation and bylaws for a corporation, operating agreement for a limited liability company and joint venture agreement for a joint venture) certified by an appropriate individual. If any entity is not yet formed, so state and indicate that these documents will be provided prior to award.
3. If the Proposer/Equity Member is a joint venture or includes a joint venture as a joint venture member, partner or member, attach full names and addresses of all joint venture members and the equity ownership interest of each entity, provide the incorporation, formation and organizational documentation for the Proposer/Equity Member (partnership agreement and certificate of partnership for a partnership, articles of incorporation and bylaws for a corporation, operating agreement for a limited liability company and joint venture agreement for a joint venture) certified by an appropriate individual. If any entity is not yet formed, so state and indicate that these documents will be provided prior to award.
4. If the Proposer/Equity Member is a limited liability company or includes a limited liability company as a joint venture member, partner or member, attach full names and addresses of all members and the equity ownership interest of each entity, provide the incorporation, formation and organizational documentation for the Proposer/Equity Member (partnership agreement and certificate of partnership for a partnership, articles of incorporation and bylaws for a corporation, operating agreement for a limited liability company and joint venture) certified by an appropriate individual. If any entity is not yet formed, so state and indicate that this information will be provided prior to award.

Attach evidence to the Proposal and to each letter that the person signing has authority to do so.

- B. With respect to authorization of execution and delivery of the Proposal and validity thereof, if the Proposer is a corporation, it shall provide evidence in the form of a resolution of its governing body certified by an appropriate officer of the corporation. If the Proposer is a partnership, such evidence shall be in the form of a partnership resolution and a general partner resolution (as to each general partner) providing such authorization, in each case, certified by an appropriate officer of the general partner. If the Proposer is a limited liability company, such evidence shall be in the form of a limited liability company resolution and a managing member(s) resolution providing such authorization, certified by an appropriate officer of the managing member(s). If there is no managing member, each member shall provide the foregoing information. If the Proposer is a joint venture, such evidence shall be in the form of a resolution of each joint venture member, certified by an appropriate officer of such joint venture member. If the Proposer is a joint venture or a partnership, the Proposal must be executed by all joint venture members or all general partners, as applicable. If the Proposer is an entity that is not yet formed, such evidence shall be in the form of a resolution of each Equity Member, certified by an appropriate officer of such member.
- C. The Proposer's partnership agreement, limited liability company operating agreement, and joint venture agreement, as applicable, must include an express provision satisfactory to TxDOT, in its sole discretion, stating that, in the event of a dispute between or among joint venture members, partners or members, as applicable, no joint venture member, partner or member, as applicable, shall be entitled to stop, hinder or delay work on the Project. Proposers should submit the applicable agreement to TxDOT and identify on a cover page where in the agreement the provision can be found. If the Proposer is an entity that is not yet formed, provide draft organizational documents and indicate where the provision is found.

INFORMATION ABOUT PROPOSER ORGANIZATION – Form B-2

1.0 Name of Proposer: _____

2.0 Type of entity: _____

3.0 Proposer's address: _____

Telephone

Facsimile

4.0 How many years has the Proposer and each Equity Member been in its current line of business, and how many years has each entity been in business under its present name?

Name	No. of years in business	No. of years under present name

5.0 Under what other or former names have the Proposer and Equity Members operated?

Proposer: _____

_____:

6.0 The Proposer shall review its Qualifications Statement (“QS”) previously submitted to TxDOT and list below any Key Personnel and other key staff members and their relevant experience that have been approved by TxDOT since the submission of the QS. Except as updated by the following information, the Proposer’s QS is hereby incorporated as if set forth in full and the Proposer represents and warrants to TxDOT that the information set forth in the QS, except as set forth herein, is true, complete and accurate in all respects and does not contain any misleading or incorrect information. Attach separate sheets if necessary.

7.0 List all Texas licenses held by the Proposer and any Equity Members. Attach copies of all Texas licenses. Attach a separate sheet if necessary.

8.0 The Proposal shall include the following information regarding the Surety(ies) committing to provide the bonds in accordance with Section 8 of the Design-Build Agreement and Section 7 of the Capital Maintenance Agreement:

- (a) Name(s), address(es) and phone numbers of the Surety(ies) that will provide the above-referenced bonds (must be rated in the top two categories by two nationally recognized rating agencies or at least A minus (A-) or better and Class VIII or better by A.M. Best and Company), and the name(s), address(es) and phone number(s) of the designated agent(s).

- (b) Whether or not each listed Surety has defaulted on any obligation within the past ten years, and, if so, a description of the circumstances and the outcome of such default.

**FORM B-4
SUMMARY INFORMATION REGARDING PROPOSER**

Name of Proposer: _____

List of all Equity Members:

List of all Major Participants:

List of all Construction Team Members:

List of other team members (including any Guarantors):

**FORM C
CERTIFICATION AND LEGAL QUALIFICATIONS**

Proposer: _____

Name of Firm: _____

Entity (check one box for entity completing this Form C as applicable):

Proposer; Equity Member; Major Participant; or Guarantor

The entity completing this form (the "Responding Party") shall respond either "yes" or "no" to each of the following questions. If the response is "yes" to any question(s), a detailed explanation of the circumstances shall be provided in the space following the questions. The Responding Party shall attach additional documentation as necessary to fully explain said circumstances. Failure to either respond to the questions or provide adequate explanations may preclude consideration of the proposal and lead to rejection. With respect to the firm, the term "Affiliates" includes (i) parent companies of the firm, (ii) subsidiary companies of the firm, and (iii) joint ventures or partnerships in which the firm has more than a 15% financial interest. The term "U.S. Affiliates" includes Affiliates that are formed or have operations in the United States.

Within the past ten years, has the Responding Party, any Affiliate, or any officer, director, responsible managing officer or responsible managing employee of such entity or affiliate:

1. Been charged with, sued for or convicted of (in a civil or criminal action) fraud, bribery, collusion, conspiracy or any act in violation of local, state or federal law or foreign law or antitrust law, in connection with the bidding or proposing upon, award of or performance of any public works contract with any public entity, or any other felony?

Yes No

If yes, please explain:

2. Sought protection under any provision of any bankruptcy act in the United States?

Yes No

If yes, please explain:

3. Been disqualified, removed, debarred or suspended from performing work or otherwise prevented from bidding or proposing on or completing work for the United States government, or any state or local government in the United States?

Yes No

If yes, please explain:

4. Failed to comply with safety rules, regulations or requirements in effect within the United States multiple times or in repeated fashion in the performance of any construction project performed or managed by the firm, or, to the knowledge of the undersigned, any affiliate involved?

Yes No

If yes, please identify the team members and the projects, provide an explanation of the circumstances and provide owner contact information including telephone numbers.

5. Been found, adjudicated or determined by any United States federal or state court or agency (including, but not limited to, the Equal Employment Opportunity Commission, the Office of Federal Contract Compliance Programs and any applicable Texas governmental agency) to have violated any laws or Executive Orders relating to employment discrimination or affirmative action, including but not limited to Title VII of the Civil Rights Act of 1964, as amended (42 U.S.C. Sections 2000 *et seq.*); the Equal Pay Act (29 U.S.C. Section 206(d)); and any applicable or similar Texas law?

Yes No

If yes, please explain:

6. Been found, adjudicated or determined by any state court, state administrative agency, including, but not limited to, the Texas Department of Labor (or its equivalent), federal court or federal agency to have violated or failed to comply with any law or regulation of the United States or any state governing prevailing wages (including, but not limited to, payment for health and welfare, pension, vacation, travel time, subsistence, apprenticeship or other training, or other fringe benefits) or overtime compensation?

Yes No

If yes, please explain:

7. Been assessed liquidated or other damages in excess of \$10,000 for one instance or in the aggregate for failure to complete any contract on time in connection with a transportation project in the United States?

Yes No

If yes, please explain:

8. With respect to each of Questions 1-7 above, if not previously answered or included in a prior response on this form, is any proceeding, claim, matter, suit, indictment, etc.

currently pending against the Responding Entity that alleges any of the charges described therein?

Yes No

If yes, please explain and provide the information requested as to such similar items set forth in Questions 1-6 above.

9. Provide a list and a brief description of all instances during the last ten years involving transportation projects in which the Responding Party or any U.S. Affiliate was (i) determined, pursuant to a final determination in a court of law, arbitration proceeding or other dispute resolution proceeding, to be liable for a material breach of contract, or (ii) terminated for cause. For each instance, identify an owner's representative with a current phone and email address.
10. Provide a list and a brief description (including the resolution) of each arbitration, litigation, dispute review board and other dispute resolution proceeding occurring during the last ten years between a public owner and Responding Party or any U.S. Affiliate and involving an amount in excess of \$300,000 related to performance in capital transportation projects with a contract value in excess of \$10 million.

Under penalty of perjury, I certify that the foregoing is true and correct, and that I am the firm's Official Representative:

DISADVANTAGED BUSINESS ENTERPRISES REQUIREMENTS

The following goal for participation by Disadvantaged Business Enterprises (“DBEs”) is established for professional services and Construction Work under the Design-Build Agreement (“DBA”):

DBE

9% of Price

DBE Certification

By signing the Proposal, the Proposer certifies that (1) the above DBE goal will be met by obtaining commitments equal to or exceeding the DBE percentage or that the Design-Build Contractor (“DB Contractor”) will provide a good faith effort to substantiate the attempt to meet the goal; and (2) if conditionally awarded the DBA, the DB Contractor will submit a DBE Performance Plan meeting the requirements set forth in the DBE Special Provisions attached as Exhibit 6 to the DBA.

Failure to submit the DBE Performance Plan will be considered a breach of the requirements of the Request for Proposals. As a result, the Proposal Bond provided by the Proposer will become property of the Department and the Proposer and Equity Members will be precluded from participating in any reprourement of the DBA for the Project.

**CHILD SUPPORT STATEMENT FOR
STATE GRANTS, LOANS AND CONTRACTS – Form I**

Under Section 231.006, Family Code, the vendor or applicant certifies that the individual or business entity named in this contract, bid, or application is eligible to receive the specified grant, loan, or payment and acknowledges that this contract may be terminated and payment may be withheld if this certification is inaccurate.

Proposer Name: _____

List below the name and social security number of the individual or sole proprietor and each partner, shareholder or owner with an ownership interest of at least 25% of the entity identified below.

Section 231.006, Family Code, specifies that a child support obligor who is more than 30 days delinquent in paying child support and a business entity in which the obligor is a sole proprietor, partner, shareholder, or owner with an ownership interest of at least 25 percent is not eligible to receive payments from state funds under a contract to provide property, materials, or services; or receive a state-funded grant or loan.

A child support obligor or business entity ineligible to receive payments described above remains ineligible until all arrearage have been paid or the obligor is in compliance with a written repayment agreement or court order as to any existing delinquency.

Except as provided by Section 231.302(d), Family Code, a social security number is confidential and may be disclosed only for the purposes of responding to a request for information from an agency operating under the provisions of Parts A and D of Title IV of the federal Social Security Act (42 U.S.C. Section 601-617 and 651-669).

CONFLICT OF INTEREST DISCLOSURE STATEMENT – Form J

Proposer's attention is directed to 23 C.F.R. Part 636 Subpart A and in particular to Subsection 636.116 regarding organizational conflicts of interest. Section 636.103 defines "organizational conflict of interest" as follows:

Organizational conflict of interest means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the owner, or the person's objectivity in performing the contract work is or might be otherwise impaired, or a person has an unfair competitive advantage.

Proposers are advised that in accordance with TxDOT's conflicts of interest Rules (43 Texas Administrative Code § 27.8), certain firms will not be allowed to participate on any Proposer's team for the Project because of their work with TxDOT in connection with the Project procurement and document preparation and the CDA program.

1. Disclosure Pursuant to Section 636.116(2)(v) and Rule 27.8

In the space provided below, and on supplemental sheets as necessary, identify all relevant facts relating to past, present, or planned interest(s) of the Proposer's team (including the Proposer, the Major Participants, proposed consultants and proposed subcontractors, and their respective chief executives, directors, and key project personnel) which may result, or could be viewed as, an organizational conflict of interest in connection with this Request for Proposals ("RFP").

Proposer should disclose (a) any current contractual relationships with TxDOT, (b) any past, present, or planned contractual or employment relationships with any TxDOT member, officer, or employee; and (c) any other circumstances that might be considered to create a financial interest in the contract by any TxDOT member, officer, or employee if Proposer is awarded the contract. Proposer should also disclose matters such as ownership of 10% or more of the stock of, or having directors in common with, any of the RFP preparers. Proposer should also disclose contractual relationships with an RFP preparer in the nature of a joint venture, as well as relationships wherein the RFP preparer is a contractor or consultant (or subcontractor or subconsultant) to Proposer or a member of Proposer's team. The foregoing is provided by way of example, and shall not constitute a limitation on the disclosure obligations.

3. Certification

The undersigned hereby certifies that, to the best of his or her knowledge and belief, no interest exists that is required to be disclosed in this Conflict of Interest Disclosure Statement, other than as disclosed above.

PROPOSAL SECURITY – Form K

(Separate Document)

PROPOSAL BOND – Form K

Bond No. _____

KNOW ALL PERSONS BY THESE PRESENTS, that the _____ **[NOTE: insert name of Proposer as the Principal and delete this bracketed text]**, as Principal and _____, as Surety or as Co-Sureties, each a corporation duly organized under the laws of the State indicated on the attached page, having its principal place of business at the address listed on the attached page, in the State indicated on the attached page, and authorized as a surety in the State of Texas, are hereby jointly and severally held and firmly bound unto the Texas Department of Transportation (“TxDOT”), in the sum of \$15 million (the “Bonded Sum”).

WHEREAS, the Principal is herewith submitting its Proposal to design, construct and potentially maintain a portion of SH 249 Segments 1 and 2 in Grimes and Montgomery Counties through a Design-Build Agreement (“DBA”) and a Capital Maintenance Agreement (“CMA”), which Proposal is incorporated herein by this reference and has been submitted pursuant to TxDOT’s Request for Proposals dated as of [_____] (as amended or supplemented, the “RFP”) in accordance with the Instructions to Proposers, as amended (“ITP”) included in the RFP;

NOW, THEREFORE,

1. The condition of this Proposal Bond is such that, upon occurrence of any of the following events, then this obligation shall be null and void; otherwise it shall remain in full force and effect, and the Bonded Sum will be forfeited to TxDOT as liquidated damages and not as a penalty, upon receipt by Principal and Surety or by Principal and Sureties listed on the attached page (the "Co-Sureties") of notice of such forfeiture from TxDOT:

- (a) Principal's receipt of written notice from TxDOT that either (i) no DBA or CMA for the Project will be awarded by TxDOT pursuant to the RFP, or (ii) TxDOT has awarded a DBA and CMA for the Project, has received the executed DBA, CMA and other required documents, and does not intend to award the contract to the Principal; or
- (b) If TxDOT has not previously delivered notice of forfeiture hereunder, failure of TxDOT to conditionally award the DBA and the CMA to Principal within 180 days (or 270 days if TxDOT has extended the 180 day period to 270 days pursuant to the terms of the ITP) after the Proposal Due Date.

2. The Principal and the Surety or Co-Sureties hereby agree to pay to TxDOT the full Bonded Sum hereinabove set forth, as liquidated damages and not as a penalty, within ten days after occurrence of any of the following events:

- (a) Principal withdraws, repudiates or otherwise indicates in writing that it will not meet all or any part of its commitments made in its Proposal prior to the time allowed for execution of the DBA and CMA under the ITP, as such time may be extended pursuant to ITP Section 4.7.2, without TxDOT's consent; or
- (b) Principal is selected for negotiations and fails to engage in good faith negotiations with TxDOT as set forth in ITP Section 5.11.1;
- (c) Principal is the apparent best value Proposer and fails to provide the documents required under ITP Sections 6.1 and 6.1.1.

Principal agrees and acknowledges that such liquidated damages are reasonable in order to compensate TxDOT for damages it will incur as a result of Principal's failure to satisfy the obligations under the RFP to which Principal agreed when submitting its Proposal. Such damages include potential harm to the credibility and reputation of TxDOT's transportation improvement program, including the CDA program, with policy makers and with the general public, delays to the Project and additional costs of administering this or a new procurement (including engineering, legal, accounting, overhead and other administrative costs). Principal further acknowledges that these damages would be difficult and impracticable to measure and prove, are incapable of accurate measurement because of, among other things, the unique nature of the Project and the efforts required to receive and evaluate proposals for it, and the unavailability of a substitute for those efforts. The amounts of liquidated damages stated herein represent good faith estimates and evaluations as to the actual potential damages that TxDOT would incur as a result of Principal's failure to satisfy the obligations under the RFP to which Principal agreed when submitting its Proposal, and do not constitute a penalty. Principal agrees to such liquidated damages in order to fix and limit Principal's costs and to avoid later Disputes over what amounts of damages are properly chargeable to Principal.

3. The following terms and conditions shall apply with respect to this Proposal Bond:

- (a) This Proposal Bond shall not be subject to forfeiture in the event that TxDOT disqualifies the Proposal based on a determination that it is non-responsive or non-compliant.
- (b) If suit is brought on this Proposal Bond by TxDOT and judgment is recovered, Principal and Surety or Co-Sureties shall pay all costs incurred by TxDOT in bringing such suit, including, without limitation, reasonable attorneys' fees and costs as determined by the court.

- (c) Any extension(s) of the time for award of the DBA and the CMA that Principal may grant in accordance with the DBA and CMA or otherwise, shall be subject to the reasonable approval of Surety or Co-Sureties.
- d) Correspondence or claims relating to this Proposal Bond should be sent to Surety at the following address:

OPINION OF COUNSEL – Form L

[LETTERHEAD OF INDEPENDENT LAW FIRM OR IN-HOUSE COUNSEL – SEE SECTION 6.1.1(e) OF THE ITP FOR LEGAL COUNSEL REQUIREMENTS]

Texas Department of Transportation
Strategic Projects Division
125 East 11th Street
Austin, TX 78701

Re: Design-Build Agreement (“DBA”) and Capital Maintenance Agreement (“CMA”) (collectively, “the Agreements”) for the SH 249 Extension dated as of _____, 201__, by and between Texas Department of Transportation, and _____ (the “Design-Build Contractor”)

Gentlemen:

[Describe relationship to the Design-Build Contractor and its joint venture members, general partners, members, as applicable, and any other entities whose approval is required in order to authorize delivery of the Proposal and execution of the Agreements.] This letter is provided to you pursuant to Section 6.1.1(e) of the Instructions to Proposers of that certain Request for Proposals issued by the Texas Department of Transportation (“TxDOT”) on [_____] as amended.

In giving this opinion, we have examined _____. We have also considered such questions of law and we have examined such documents and instruments and certificates of public officials and individuals who participated in the procurement process as we have deemed necessary or advisable. [If certificate used/obtained from the Design-Build Contractor or Guarantor, such certificate should also run in favor of TxDOT and should be attached to opinion.]

In giving this opinion, we have assumed that all items submitted to us or reviewed by us are genuine, accurate and complete, and if not originals, are true and correct copies of originals, and that all signatures on such items are genuine.

Subject to the foregoing, we are of the opinion that:

1. [opinion regarding organization/formation and existence of the Design-Build Contractor and that the Design-Build Contractor has corporate power to own its properties and assets, carry on its business, make the Proposal, enter into the Agreements and to perform its obligations under the Agreements] [if the Design-Build Contractor is a partnership/joint venture, these opinions are also required for each of its joint venture members and general partners].

2. [opinion regarding good standing and qualification to do business in State of Texas for the Design-Build Contractor] [if the Design-Build Contractor is a

partnership/joint venture, these opinions are also required for each of its joint venture members and general partners].

3. [opinion regarding organization/formation and existence of Guarantor and that Guarantor has corporate power to own its properties and assets, to carry on its business, to enter into the Guaranty and to perform its obligations under the Guaranty] [if Guarantor is a partnership/joint venture, these opinions are also required for each of its joint venture members and general partners] [if there is no Guaranty, this opinion may be omitted].

4. [opinion that Proposal and the Agreements have been duly authorized by all necessary corporate action on the part of the Design-Build Contractor and the Proposal and Agreements have been duly executed and delivered by the Design-Build Contractor] [if the Design-Build Contractor is a partnership/joint venture, add: and its joint venture members/general partners after the first and second "Design-Build Contractor"].

5. [opinion that Guaranty has been duly authorized by all necessary corporate action on the part of Guarantor and the Guaranty has been duly executed and delivered by Guarantor] [if Guarantor is a partnership/joint venture, add: and its joint venture members/general partners after the first and second "Guarantor"] [if there is no Guaranty, this opinion may be omitted].

6. [opinion that the Agreements constitute a legal, valid and binding obligation of the Design-Build Contractor enforceable against the Design-Build Contractor in accordance with its terms] [if the Design-Build Contractor is a partnership/joint venture, add: and its joint venture members/general partners after the second "Design-Build Contractor"].

7. [opinion that the Guaranty constitutes a legal, valid and binding obligation of the Guarantor enforceable against the Guarantor in accordance with its terms] [if Guarantor is a partnership/joint venture, add: and its joint venture members/general partners after the second "Guarantor"] [if there is no Guaranty, this opinion may be omitted].

8. [opinion that all required approvals have been obtained with respect to execution, delivery and performance of the Proposal and the Agreements; and that neither the Proposal nor the Agreements conflicts with any agreements to which the Design-Build Contractor is a party [if the Design-Build Contractor is a partnership/joint venture, add: and its joint venture members/general partners are a party] or with any orders, judgments or decrees by which the Design-Build Contractor is bound [if the Design-Build Contractor is a partnership/joint venture, add: and its joint venture members/general partners are bound]].

9. [opinion that all required approvals have been obtained with respect to execution, delivery and performance of the Guaranty; and that the Guaranty does not conflict with any agreements to which Guarantor is a party [if Guarantor is a partnership/joint venture, add: and its joint venture members/general partners are a party]

or with any orders, judgments or decrees by which Guarantor is bound [if Guarantor is a partnership/joint venture, add: and its joint venture members/general partners are bound]] [if there is no Guaranty, this opinion may be omitted].

10. [opinion that execution, delivery and performance of all obligations by the Design-Build Contractor under the Proposal and the Agreements do not conflict with, and are authorized by, the articles of incorporation and bylaws of the Design-Build Contractor] [if the Design-Build Contractor is a partnership, replace articles of incorporation and bylaws with partnership agreement and (if applicable) certificate of limited partnership; if the Design-Build Contractor is a joint venture, replace articles of incorporation and bylaws with joint venture agreement; if the Design-Build Contractor is a limited liability company, replace articles of incorporation and bylaws with operating agreement and certificate of formation].

11. [opinion that execution, delivery and performance of all obligations by Guarantor under the Guaranty does not conflict with, and is authorized by, the articles of incorporation and bylaws of Guarantor] [if Guarantor is a partnership, replace articles of incorporation and bylaws with partnership agreement and (if applicable) certificate of limited partnership; if Guarantor is a joint venture, replace articles of incorporation and bylaws with joint venture agreement; if Guarantor is a limited liability company, replace articles of incorporation and bylaws with operating agreement and certificate of formation] [if there is no Guaranty, this opinion may be omitted].

12. [opinion that execution and delivery by the Design-Build Contractor of the Proposal and the Agreements do not, and the Design-Build Contractor's performance of its obligations under the Proposal and the Agreements will not, violate any current statute, rule or regulation applicable to the Design-Build Contractor or to transactions of the type contemplated by the Proposal or the Agreements].

13. [opinion that execution and delivery by the Guarantor of the Guaranty do not, and the Guarantor's performance of its obligations under the Guaranty will not, violate any current statute, rule or regulation applicable to the Guarantor or to transactions of the type contemplated by the Guaranty] [if there is no Guaranty, this opinion may be omitted].

Nominal DB Payments
Design Build Price To Form M-3

MAXIMUM PAYMENT \$ -

Maximum Payment refers to the highest amount within Column (A) Anticipated Draw / Cash Flow

Option 1 DESIGN-BUILD PRICE – Form M-4

	Amount
Option 1 DB Price	

Proposer is requesting the above total amount from TxDOT for the design and construction phase of the Project under the Design Build Agreement.

An itemized breakdown of the “Amount” in column 2 is shown on Form M-4.1.

Timing of payments is shown on Form M-4.3.

Note: Proposer shall include amounts in nominal dollars.

Option 1 DESIGN-BUILD PRICE BREAKDOWN – Form M-4.1

A	Professional Services	Total
1	Professional Services Development Management & Community Outreach	
2	Development Design, Design Survey, & Landscape Design	
3	Environmental Permitting Activities	
4	Right-of-Way Acquisition Services & ROW Survey/Mapping	
5	Utility Locates, Utility Survey, and Utility Adjustment Design	
6	Professional Services Quality Review Firm, Construction Quality Acceptance Firm, and Environmental Team	
7	Toll System Coordination and Design	
8	Miscellaneous Professional Services not covered by Lines 1-7	
9	Subtotal Professional Services (Sum Lines 1 through 8)	Subtotal \$0.00

B	Construction	Total
10	Construction Development Management	
11	Mobilization

EQUAL EMPLOYMENT OPPORTUNITY CERTIFICATION – Form P

To be executed by the Proposer, Major Participants and proposed known Subcontractors.

The undersigned certifies on behalf of _____ that:
(Name of entity making certification)

(check one of the following boxes)

- It has developed and has on file at each establishment affirmative action programs pursuant to 41 CFR Part 60-2 (Affirmative Action Programs).
- It is not subject to the requirements to develop an affirmative action program under 41 CFR Part 60-2 (Affirmative Action Programs).

(check one of the following boxes)

- It has not participated in a previous contract or subcontract subject to the equal opportunity clause described in Executive Orders 10925, 11114 or 11246.
- It has participated in a previous contract or subcontract subject to the equal opportunity clause described in Executive Orders 10925, 11114 or 11246 and, where required, it has filed with the Joint Reporting Committee, the Director of the Office of Federal Contract Compliance, a federal government contracting or administering agency, or the former President's Committee on Equal Employment Opportunity, all reports due under the applicable filing requirements.

Signature: _____

Title: _____

Date: _____

If not Proposer, relationship to
Proposer: _____

Note: The above certification is required by the Equal Employment Opportunity Regulations of the Secretary of Labor (41 CFR 60-1.7(b)(1)), and must be submitted by Proposers only in connection with contracts which are subject to the equal opportunity clause. Contracts that are exempt from the equal opportunity clause are set forth in 41 CFR 60-1.5. (Generally, only contracts of \$10,000 or under are exempt.) Currently, Standard Form 100 (EEO-1) is the only report required by Executive Orders or their implementing regulations.

Proposers, Major Participants, and proposed Subcontractors who have participated in a previous contract subject to the Executive Orders and have not filed the required reports should note that 41 CFR 60-1.7(b)(1) prevents the award of contracts and subcontracts unless such contractor submits a report covering the delinquent period or such other period specified by the Federal Highway Administration or by the Director, Office of Federal Contract Compliance, U.S. Department of Labor.

**CERTIFICATION REGARDING USE OF CONTRACT FUNDS FOR LOBBYING –
Form R**

The undersigned certifies, to the best of its knowledge and belief (after due inquiry and investigation), that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, “**Disclosure Form to Report Lobbying**,” in accordance with its instructions.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. § 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The undersigned shall require that the language of this certification be included in all lower tier subcontracts which exceed \$100,000 and that all such recipients shall certify and disclose accordingly.

CERTIFICATION REGARDING INELIGIBLE CONTRACTORS – FORM S
CERTIFICATION REGARDING DEBARMENT, SUSPENSION AND OTHER
INELIGIBILITY AND VOLUNTARY EXCLUSION FROM TRANSACTIONS

FINANCED IN PART BY THE U.S. GOVERNMENT

I, _____ hereby certify that
(Name and title of Certifying Officer)

(Name of Design-Build Contractor)

1. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any Federal department or agency or from participation in the Project;
2. Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
3. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in Paragraph 2 of this certification; and
4. Have not within a three-year period preceding this proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

If any Major Participant is unable to certify to any of the statements in this certification, such prospective Major Participant shall attach an explanation to this certification.

I hereby certify and affirm the truthfulness and accuracy of the above statement, and I understand that the provisions of 31 United States Code (U.S.C.) §3801 *et seq.* (Administrative Remedies for False Claims and Statements) are applicable hereto.

Name of Design-Build Contractor _____

Street Address of Design-Build Contractor _____

City, State, Zip

Telephone Number of Design-Build Contractor

Signature of Certifying Officer

Date

Note: The above certification merely certifies that a Proposer and its Subcontractors are not declared by the federal government or have not voluntarily declared themselves debarred, suspended, or ineligible from doing transactions with the federal government or any of its agencies.

GUARANTOR COMMITMENT LETTER – Form T

[DATE]

Mr. Varuna Singh, P.E.
Texas Department of Transportation
7600 Chevy Chase Drive, Bldg. 2, 4th Floor
Austin, Texas 78752

RE: Guarantor Commitment to Provide Parent Guaranty for the SH 249 Extension Segments 1 and 2

Dear Mr. Billek:

_____ [Insert name of entity providing the guaranty], hereinafter “Guarantor,” is _____ [describe relationship to Proposer]. This commitment letter is provided on behalf of _____ [insert name of Proposer] in connection with its proposal for the Design-Build Agreement (“DBA”) and Capital Maintenance Agreement (“CMA”) for SH 249 Extension Segments 1 and 2 (“Project”). Guarantor hereby irrevocably agrees to provide a guaranty, guaranteeing all the obligations of [Design-Build Contractor] with respect to the [insert DBA and/or CMA or both, as appropriate] in the form of [insert Exhibit 13 to the DBA and/or Exhibit 9 of the CMA, as applicable]. This commitment is subject only to award of the DBA and CMA to _____ [insert name of Proposer], execution of the DBA and CMA by TxDOT and _____ [insert name of Proposer] and the issuance of NTP1

Sincerely,

[Title]

[Attach evidence of authorization of the signatory to the letter, which may include a Power of Attorney signed by an authorized individual of the entity or other authority, as evidenced by the partnership agreement, joint venture agreement, corporate charter, bylaws or resolution.]

BUY AMERICA CERTIFICATION – Form U

(To be signed by authorized signatory(ies) of the Design-Build Contractor)

The undersigned certifies on behalf of itself and all proposed Subcontractors (at all tiers) that only domestic steel and iron will be used in the Project.

- A. Proposer shall comply with the Federal Highway Administration (“FHWA”) Buy America Requirements of 23 C.F.R. § 635.410, which permits FHWA participation in the Contract only if domestic steel and iron will be used on the Project. To be considered domestic, all steel and iron used and all products manufactured from steel and iron must be produced in the United States, and all manufacturing processes, including application of a coating, for these materials must occur in the United States. Coating includes all processes which protect or enhance the value of the material to which the coating is applied. This requirement does not preclude a minimal use of foreign steel and iron materials, provided the cost of such materials does not exceed 0.1% of the Contract Price.
- B. A false certification is a criminal act in violation of 18 U.S.C. 1001. Should this Contract be investigated, Proposer has the burden of proof to establish that it is in compliance.
- C. At Proposer’s request, TxDOT may, but is not obligated to, seek a waiver of Buy America requirements if grounds for the waiver exist. However, Proposer certifies that it will comply with the applicable Buy America requirements if a waiver of those requirements is not available or not pursued by TxDOT.

RIGHT OF ENTRY PROCESS

Exhibit F-1

RIGHT OF ENTRY PROCESS FOR NON-STATE-OWNED PROPERTY

Proposers desiring to obtain access during the procurement to property that is not owned by the State along the SH 249 Extension Project shall submit a request to TxDOT that includes the parcel numbers and reasons for access. TxDOT shall be responsible for contacting the relevant property owner(s) and negotiating a right of entry for use by all Proposers.

Proposers are advised that the process of obtaining rights of entry from property owners other than TxDOT may take a minimum of 2-4 weeks. Proposers shall be responsible for providing timely requests to TxDOT.

Proposers shall comply with any requirements, conditions and restrictions of the property owner. The form of Right of Entry Agreement to be signed by the respective property owner is attached as Appendix A.

Re: Proposed State Highway 249 Extension Project
Property Access for Surveying, Environmental, Geotechnical, and Subsurface Utility Studies

Dear Property Owner:

The Texas Department of Transportation (TxDOT) is investigating the Selected Alternative Alignment for the construction of Segment 1 (FM 1774 in Pinehurst to FM 1774 in Todd Mission) and Segment 2 (FM 1774 in Todd Mission to SH 105 enar Navasota). As the project progresses, TxDOT will solicit proposals from private Developers to design and build this transportation facility. TxDOT has obtained the services of Atkins North America, acting on behalf of TxDOT, to secure the permissions necessary for TxDOT's consulting teams and prospective Developer teams to conduct surveying, environmental, geotechnical, and subsurface utility engineering (SUE) field investigations.

Representatives of the TxDOT consulting team and prospective Developers will be conducting environmental investigations to determine potential effects the proposed alignment would have on environmental resources in the area and to comply with regulatory permitting requirements. Additionally, geotechnical and SUE studies consisting of soil borings would be taken to determine the types of soils and utilities below the proposed right-of-way of the SH 249 Extension Project. The investigations will require that scientists and geotechnical experts obtain entry to areas of private land with the understanding that livestock, fences, buildings, etc., will not be disturbed.

All of the field work will be within the proposed project limits and conducted by walking and/or all-terrain vehicle. In some locations, small shovel holes and/or small borings will be excavated to evaluate soil characteristics. The holes will be filled on the same day as soon as work is completed. Temporary flagging may be placed on your property during the field efforts. You and/or your representative may request to be present during the fieldwork. Field surveyors, scientists, and geotechnical experts may need to access your property at various times within the next three years.

We appreciate your cooperation in this effort. Please review the Right of Entry document, and if acceptable, sign and return the enclosed form as soon as possible using the enclosed postage-paid envelope. Alternatively, you can scan and e-mail the form to James.Lowe@atkinsglobal.com or fax to (281) 493-1047. If you have any questions about the above work, please contact James Lowe at (281) 529-4162 at the Atkins Houston, Texas, office. If you need additional information regarding the proposed project, please contact Terri Dedhia with TxDOT at Terri.Dedhia@txdot.gov.

Sincerely,

Project Manager - Atkins

Segment 1

CSJ No. 3635-01-001

CSJ No. 3635-02-001

Segment 2

CSJ No. 3635-02-002

Check only one box above

The Owner, or authorized representative known to be _____, hereby grants a Right of Entry to TxDOT, its contractors, consultants, agents, and all others TxDOT deems necessary, including prospective design-builders, to perform work necessary for the completion of the design, surveying, geotechnical evaluation, sounding, environmental studies, utility investigation, and other examination required to be performed in anticipation of the final design of the project and/or prior to the acquisition of property necessary for the Project.

- The Owners reserve all rights, title, and interest in and to the property, and this Right of Entry shall in no way prejudice Owner's right to contest the acquisition of the property or to receive full and just compensation as allowed by law for any interest in and to the property that may be needed by the State of Texas, and damages, if any, to the remainder of the Owner's interest to and in the property.
- This Right of Entry shall not prejudice Owner's rights to any relocation benefits for which the Owner would be eligible.
- The Owner, or authorized representative, grants TxDOT, its contractors, consultants, agents, and all others necessary to perform work required, at its own risk and expense, the right of ingress and egress over and across the property for the purpose of accessing the proposed Right of Way ("ROW").
- TxDOT and all others sharing in the Right of Entry granted hereunder will attempt to utilize only non-destructive testing methods but, if necessary, will restore the property to prior condition for any damage or make reimbursement to the owner for any damage to the property.
- The Right of Entry shall be effective the date this document is executed and shall remain in effect until the sooner of (1) the date that this Right of Entry is revoked in writing by Owner, or (2) the date that the proposed ROW is acquired in the name of the State of Texas.
- The Owner, or authorized representative, shall have the right to accompany any or all operations being performed as a result of the use of this document.
- If there are any tenants or lessees on the property who must be contacted, the Owner, or authorized representative, agrees to contact them or to provide TxDOT, and upon request, any party sharing in this Right of Entry, the names and contact numbers so that TxDOT and others sharing in this Right of Entry may give them proper notice prior to entering the property.

- The Right of Entry, unless revoked or terminated, shall extend to and bind the parties, their heirs, executors, administrators, legal representatives, successors, and assigns, including the contractors, consultants, agents and all others TxDOT has deemed necessary to share in this Right of Entry.
- If Owner is other than an individual, the undersigned representative of the Owner warrants and represents that he or she is duly authorized and empowered to enter into and to execute this Right of Entry on behalf of the Owner.

SH 249 Extension Project is progressing to the next level. TxDOT appreciates previous Rights of Entry but now requires additional access for highway design activities. If there are any questions, please contact James Lowe at James.Lowe@atkinsglobal.com (telephone: 281.529.4162) (fax: 281.493.1047).

This Right of Entry is in addition to any prior right of entry granted to TxDOT by the Owner in respect of the parcel identified at the top of page one, is for specific purposes described in the introductory paragraph for the benefit of the persons identified in that paragraph and is subject to the terms of the Owner's grant of this Right of Entry. Should the Owner have any concerns or questions regarding the activities of any person sharing or claiming to share in this Right of Entry, the Owner shall be entitled to enlist the assistance of TxDOT through Terri Dedhia at Terri.Dedhia@txdot.gov.

IN WITNESS WHEREFORE, this instrument is executed on and shall be effective as of this

_____ day of _____, 2015.

Exhibit F-2

RIGHT OF ENTRY PROCESS FOR STATE-OWNED ROW

Proposers must comply with the following steps in order to obtain a right of entry from TxDOT to SH 249 Extension Right of Way ("ROW") at various locations prior to execution of the Design-Build Agreement ("DBA").

1. The Proposer shall complete the Agreement for Engineering Investigations on State Highway ROW and forward a signed original agreement with a signed Exhibit A, DBA Site Investigation on Highway Right of Way in the Houston and Bryan Districts, and Exhibit B, TxDOT Form 1560 (Rev. 7/12), Certificate of Insurance, to Varuna Singh, P.E.
2. Exhibit A, DBA Site Investigation on Highway ROW in the Houston and Bryan Districts, shall be completed by the Proposer for each request for right of entry upon State highway ROW. One Exhibit A can cover a request for multiple days of access. Exhibit A must be turned in with the signed original Agreement for Engineering Investigations on State Highway ROW and Exhibit B.
3. Prior to a Proposer's entry onto State Highway ROW, the Proposer must receive Approval from the appropriate District (Agreement for Engineering Investigations on State Highway Right of Way and Exhibit A) and area office (Form DF-M100).
4. The Proposer may perform investigations in areas only as requested in each Exhibit A.

*** Note: Exhibit A may be faxed, e-mailed or submitted in hard copy to Varuna Singh, P.E. Approval of Exhibit A shall occur in written format which may include e-mail.

*** Exhibit A must include the following:

- Brief, but detailed description of the type of work to be completed, including stations, proximity of the work to the edge of pavement and type of equipment to be used;
- Aerial map(s) showing locations where work will occur;
- Date(s) work will be performed; and
- A completed and signed Form DF-M100 with the applicable TxDOT traffic control standard attached.

**AGREEMENT FOR
ENGINEERING INVESTIGATIONS
ON STATE HIGHWAY RIGHT OF WAY**

STATE OF TEXAS §

COUNTY OF [_____] §

THIS AGREEMENT made this _____ day of _____ by the State of Texas, acting by and through the Texas Department of Transportation, referred to as “TxDOT,” party of the first part, and hereinafter referred to as the “Requestor,” party of the second part.

WITNESSETH

WHEREAS, TxDOT owns and operates a system of highways for public use and benefit, including SH 249 in Grimes and Montgomery Counties; and

WHEREAS, the Requestor has requested permission from TxDOT to use SH 249 Right of Way (“ROW”) at various locations to be determined based on submittal of Exhibit A for each instance of access requested. Exhibit A is attached hereto and made a part of this Agreement, for the purpose of asset assessment, engineering studies and site investigations; and

WHEREAS, in accordance with Tex. Adm. Code, § 27, TxDOT seeks to enter into a DBA with a private sector partner and desires the private sector partner to have access to the proposed Project limits for performance of due diligence work in preparation of its Proposal; and

WHEREAS, this Agreement is intended to encourage and facilitate access to TxDOT highway facilities and their adjacent ROW for the promotion of that goal while protecting the safety of the traveling public and the integrity of state highway facilities and ROW.

AGREEMENT

1. The Requestor's description of the activities, including the placement of people and equipment on TxDOT highway ROW, will be submitted in writing as outlined in Exhibit A and shall be made part of this Agreement upon approval of TxDOT.
2. It is expressly understood that TxDOT does not purport hereby to grant any right, claim, title, or easement in or upon its ROW. Furthermore, approval of this Agreement by TxDOT does not constitute approval by any other Texas State agency.
3. The Requestor agrees to accept full responsibility for coordinating and making arrangements with the local law enforcement personnel to provide adequate and safe traffic control during the above referenced activity. If, during the activity, the local law enforcement personnel determine that the above referenced use of the ROW is creating a traffic hazard, the ROW will be opened to traffic and the activity will be rescheduled to a time agreeable to TxDOT, the Requestor, and the local law enforcement personnel.
4. The Requestor shall provide necessary safeguards to protect the public during the above referenced activity, including adequate insurance for payment of any damages which might result from activities during occupation of the ROW, and

shall save TxDOT and the State of Texas harmless from damages, to the extent of said insurance coverage and insofar as it can legally do so.

5. The Requestor agrees to indemnify and save harmless TxDOT and the State of Texas and its officers, agents, contractors, and employees from all suits, actions, or claims and from all liability and damages for any and all injuries or damages sustained by any person or property as a consequence of any neglect in the performance of the above referenced activity and any related activity by the Requestor and from any claims or amounts arising or recovered under the “Workers’ Compensation Laws”; V.T.C.S., Civil Practice & Remedies Code 101.021, 101.051; or any other laws.
6. The Requestor shall further indemnify TxDOT and the State of Texas and accept responsibility for all damages or injury to property of any character occurring during the prosecution of the activity resulting from any act, omission, neglect or misconduct on the part of the Requestor in the manner or method of executing the activity. The Requestor assumes all costs associated with the inspections, investigations and assessments.
7. TxDOT, having the legal right to occupy TxDOT highway ROW, will not be responsible or liable for damages to the Requestor’s property or operations. The Requestor’s attention is directed to the fact that utility installations owned by others exist in the ROW. The Requestor shall save harmless TxDOT and the State of Texas from any and all suits or claims resulting from damage to any

utility installation due to the above referenced activity.

8. The Requestor shall restore the ROW to its original condition, free of any damage to the roadway and drainage structures, signs, and pavement and, to the extent practicable, restore the natural environment, including landscape features. The Requestor will avoid or minimize damage outside the ROW and will, at its own expense, restore or repair damage outside the ROW. The Requestor's performance shall be in compliance with all federal, State and local laws, ordinances, and regulations including:

- the Endangered Species Act of 1973, 16 USC § 1531 et seq. and the regulations there under as amended;
- TxDOT's erosion and sedimentation control standards and TxDOT's Vegetation Management Standards, which may in any way regulate or control the activity;
- all State and federal environmental laws and any conditions required by TxDOT to protect the environment.

Any costs incurred by TxDOT for repairs to highway facilities, for the removal of debris, or for any other necessary restoration work performed by TxDOT as a result of the activity will be billed to the Requestor at cost. The Requestor shall make full and complete payment to TxDOT within thirty (30) days from receipt of TxDOT's written notification.

9. Any action by the Requestor that indicates a commencing of the activity in the ROW will signify that the Requestor agrees to abide by the above requirements.

10. Any changes in the time frame, character, or responsibilities of the parties as outlined on the appropriate previously approved Exhibit A shall be enacted by a written approval by TxDOT.
11. It is mutually agreed and understood that if the above referenced section of paved ROW is to be partially or totally temporarily closed, it will be closed in accordance with a "Traffic Control Plan" provided as part of the appropriate Exhibit A and subject to approval by TxDOT. The Requestor hereby agrees to immediately reopen any partially or totally closed section of ROW to emergency vehicles, law enforcement personnel, or others in case of emergency. The traffic control shall be provided by the Requestor through cooperation with the appropriate law enforcement personnel at no cost to TxDOT. Each Traffic Control Plan shall be provided by the Requestor, at no cost to TxDOT, and approved by TxDOT, and shall be in accordance with the Texas Manual on Uniform Traffic Control Devices, latest edition. The Requestor hereby agrees to accept full responsibility for the complete planning, design and implementation of each Traffic Control Plan. Each Traffic Control Plan shall include a traffic enforcement plan, including a letter by mail or facsimile from the law enforcement agency that will be providing the traffic control for the event or a contact name and telephone number of the responsible law enforcement agency. Law enforcement will be present at all times during a closure unless stated otherwise in the Traffic Control Plan.
12. The Requestor has provided TxDOT with Exhibit B, covering the below listed

insurance limits for the duration of the activity. Exhibit B is attached hereto and made a part of this Agreement.

A. Worker's Compensation Insurance Amount – Statutory Endorsed with a Waiver of Subrogation in favor of TxDOT and the State of Texas.

Commercial General Liability Insurance Amount - \$600,000 combined single limit each occurrence and in the aggregate which includes Contractual Coverage.

B. Comprehensive Automobile Liability Amount – \$600,000 combined single limit each occurrence and in the aggregate which includes Contractual Coverage.

13. This Agreement shall terminate upon execution of a DBA, unless terminated by:

- Mutual agreement and written consent of both parties,
- TxDOT upon written notice to the Requestor as consequence of the Requestor's failure to perform the responsibilities set forth herein (TxDOT may grant allowances for circumstances beyond the control of the Requestor), TxDOT for reasons of its own and not subject to mutual consent of the Requestor upon not less than fifteen (15) days written notice to the Requestor, or
- By satisfactory completion of the Requestor's temporary use of the highway ROW.

The termination of this agreement and payment of any amount in settlement as prescribed herein shall extinguish all rights, duties, and obligations of TxDOT and the Requestor. Upon termination of this Agreement, the Requestor shall vacate

the highway ROW and restore it to the original condition in a manner described herein within two days from the termination date of this Agreement.

14. Should disputes arise between the parties regarding the obligations and responsibilities established herein, TxDOT's decision shall be final and binding.
15. In case one or more of the provisions contained in this Agreement shall for any reason be held invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provisions hereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.
16. This Agreement constitutes the sole and only agreement between the parties hereto and supersedes any prior understandings and/or written or oral agreements between TxDOT and the Requestor respecting the within subject matter.
17. The undersigned for the Requestor represents and warrants that he or she is an officer of the Requestor for which he or she has executed this Agreement and that he or she has the full and complete authority to enter into this Agreement on behalf of the Requestor.

IN TESTIMONY WHEREOF, the parties hereto have caused these presents to be executed on the dates shown below stated.

_____ is giving written notice of proposed Work to take place within the Right of Way ("ROW") of SH 249 Extension in Montgomery and Grimes Counties, TX as follows:

(Give written description of location and work to take place. Attach aerial map(s) and completed Form DF-M100 to this Exhibit A.)

The Work listed above **is not to include** the following: The destructive testing of any in place pavement or structure, or other work that may be considered harmful to assets already in place. This Work is limited to Site investigations and Engineering Studies for the purposes of preparing a Proposal for the SH 249 Extension Design-Build Agreement ("DBA") and Capital Maintenance Agreement ("CMA"). This may include reviewing in place Work along the Project ROW, gathering pavement condition score information, subsurface soils investigations and other investigations as required in preparation of a Proposal in response to the TxDOT issued Request for Proposals ("RFP").

At no time shall any Work activity that involves digging take place any closer than three feet from the edge of pavement or back of curb.

The Requestor will use best management practices to minimize erosion and sedimentation resulting from the proposed Work, and will revegetate the Work area as indicated under "Revegetation Special Provisions."

The Requestor will ensure that traffic control measures complying with applicable portions of the *Texas Manual on Uniform Traffic Control Devices* will be installed and maintained for the duration of this Work. Approval of traffic control plans is required by area/maintenance office. Refer to attached location map and drawing for a more specific location and a description of the Work activity. The undersigned agrees to comply with the terms and conditions set forth in this notice.

The proposed Work will begin on the _____ day of _____, 20 _____.

MINUTE ORDER

TEXAS TRANSPORTATION COMMISSION

Grimes & Montgomery Counties

MINUTE ORDER

Page 1 of 2

Bryan & Houston Districts

Subchapter F, Chapter 223, Transportation Code prescribes the process by which the Texas Department of Transportation (department) may enter into a design-build contract with a private entity that provides for the design, construction, expansion, extension, related capital maintenance, rehabilitation, alteration, or repair of a highway project. Pursuant to the General Appropriations Act and House Bill 20, 84th Legislative Session, 2015, the department is authorized to enter into, in each fiscal year, up to three design-build contracts for highway projects with estimated construction costs of \$250 million or more.

On April 14, 2015, the Grimes County Commissioners Court passed a resolution that supports the SH 249 Extension (Project), contingent upon the department providing an additional \$8 to \$10 million for infrastructure, in the form of \$4 million for access roads and an estimated \$4 to \$6 million for an additional exchange.

On April 30, 2015, by Minute Order 114242, the Texas Transportation Commission (commission) authorized the department to issue a request for qualifications (RFQ) for the development, design, construction, and maintenance of the Project in Montgomery and Grimes counties. The SH 249 Extension in Montgomery and Grimes counties provides for the addition of a new location tolled facility from FM 1774 in Pinehurst, Texas to SH 105 near Navasota, Texas.

The department issued the RFQ on May 15, 2015. Seven proposer teams responded to the RFQ. Following the department's evaluation of the qualifications statements, five teams were determined to be best qualified to be on the short list of proposer teams that will be requested to submit detailed proposals to develop, design, construct, and maintain the project.

Transportation Code §223.246 and 43 TAC §9.153(d) provide that, if authorized by the commission, the department will issue a request for proposals (RFP) from all private entities qualified for the short list. The department intends to issue an RFP for the Project and to request detailed proposals from the five short-listed teams to develop, design, construct, and maintain the project.

Transportation Code § 223.249(a) and 43 TAC § 9.153(f) require the department to pay an unsuccessful private entity that submits a detailed proposal that is responsive to the requirements of the RFP a stipulated amount in exchange for the work product contained in the proposal. The stipulated amount must be stated in the RFP and may not exceed the value of any work product contained in the proposal that can, as determined by the department, be used by the department in the performance of its functions. Payment for this work product would allow the department to use the work product for the benefit of the SH 249 Extension or other department projects without further payment to the unsuccessful proposer. Transportation Code § 223.249(b) and 43 TAC § 9.153(f) require the department to pay a partial stipend in the event that a procurement is terminated before the execution of a design-build contract.

IT IS THEREFORE ORDERED that the department is authorized to issue an RFP to develop, design, construct, and maintain the SH 249 Extension from FM 1774 in Pinehurst, Texas to SH 105 near Navasota Texas.

TEXAS TRANSPORTATION COMMISSION

Grimes & Montgomery Counties

MINUTE ORDER

Page 2 of 2

Bryan & Houston Districts

IT IS FURTHER ORDERED that, after consideration of the criteria in 43 TAC § 9.153(f), the department is authorized to pay each proposer that submits a responsive, but unsuccessful, proposal for the SH 249 Extension an amount based upon the value of the work product provided in the proposal that can, as determined by the department, be used by the department in the performance of its functions, up to a maximum amount per proposer of 0.25% of the successful proposer's price for all work under the design-build agreement.

IT IS FURTHER ORDERED that in the event the procurement is terminated prior to the execution of the design-build agreement, and after consideration of the criteria in 43 TAC § 9.153(f), the department is authorized to pay each proposer a partial stipend based upon the value of the work product that can, as determined by the department, be used by the department in the performance of its functions, up to a maximum amount per proposer of \$359,000.

IT IS FURTHER ORDERED that payment for work product may only be paid to the extent that the work product submitted meets the minimum criteria and the proposer satisfies the conditions for payment identified by the department in the SH 249 Extension procurement documents.

FORM OF PAYMENT FOR WORK PRODUCT AGREEMENT

PAYMENT FOR WORK PRODUCT AGREEMENT (SH 249 Extension Project)

THIS PAYMENT FOR WORK PRODUCT AGREEMENT is made and entered into as of this _____ day of 2016, by and between the Texas Department of Transportation (“TxDOT”) _____ and

_____, a _____ duly authorized to conduct business in the State of Texas (“Proposer”), with reference to the following facts:

- A. Proposer is one of the shortlisted proposers eligible to submit Proposals for the SH 249 Extension Project (the “Project”), and [wishes to submit] [has submitted] a Proposal in response to the Request for Proposals for the Project issued by TxDOT on April 30, 2015, as amended (the “RFP”). Initially capitalized terms not otherwise defined herein shall have the meanings set forth in the RFP.
- B. The RFP requires each shortlisted proposer who elects to receive a stipend to execute and deliver a Payment for Work Product Agreement to TxDOT with the Technical Proposal by the date specified in the RFP, as a condition to the proposer’s eligibility to receive a payment for work product in accordance with Section 6.3 of the Instructions to Proposers (“ITP”).

NOW, THEREFORE, the Proposer hereby agrees as follows:

SECTION 1.0 SERVICES AND PERFORMANCE

- (a) The Proposer [shall prepare] [has prepared] a responsive Proposal in response to the RFP. A “responsive” Proposal means a Proposal submitted by a shortlisted proposer which conforms in all material respects to the requirements of the RFP, as determined by TxDOT, in its sole discretion, and is timely received by TxDOT.
- (b) Subject to the provisions of the RFP regarding ownership of Escrowed Proposal Documents (“EPDs”), all work performed by Proposer and its team members pursuant to this Payment for Work Product Agreement and in connection with the Proposal shall be considered work for hire, and the products of such work shall become the property of TxDOT without restriction or limitation on their use. Neither Proposer nor any of its team members shall copyright any of the material developed under this Payment for Work Product Agreement.

SECTION 2.0 TERM

Unless otherwise provided herein, the provisions of this Payment for Work Product Agreement shall remain in full force and effect until the earlier to occur of (a) eighteen (18) months from the date of the execution of this Agreement or (b) the date payment is delivered hereunder. The work product is due no later than the Proposal Due Date.

SECTION 3.0 COMPENSATION AND PAYMENT

- (c) If, following receipt of Proposals as requested by the RFP, the Design-Build Agreement (“DBA”) is awarded by TxDOT to a proposer other than Proposer or the procurement is cancelled, then, subject to the terms of Section 6.3 of the ITP and this Payment for Work Product Agreement (including, without limitation, Proposer’s full compliance therewith), TxDOT agrees to pay Proposer for the herein described services a lump sum in an amount equal to the lesser of (i) the value of the work product provided in the Proposal that can, as determined by TxDOT, be used by TxDOT in the performance of its functions and (ii) 0.25% of the successful proposer’s Price; provided, however, that in the event the procurement is terminated before execution of the DBA, TxDOT shall pay Proposers a partial lump sum in the amount of \$359,000. Proposer will not be compensated if the Proposal, including, without limitation, the Financial Proposal, is determined by TxDOT to be non-responsive, and/or fails to achieve a passing score on any of the pass/fail criteria in Section 5.3 of the ITP, or if TxDOT withdraws the RFP prior to the due date for Proposals.
- (d) In no event shall any proposer that is selected for award but fails to satisfy the award conditions set forth in Section 6.1 of the ITP be entitled to receive compensation hereunder, including, without limitation, payments under Section 3(a) above. In addition, if TxDOT awards the DBA to Proposer, Proposer will not be entitled to compensation hereunder, including, without limitation, payments under Section 3(a).
- (e) Payment will be made within 30 days after receipt of a proper invoice submitted to TxDOT under this Section 3(c). The invoice may be submitted no earlier than 45 days after notice of final award, including execution of the DBA, is posted on the TxDOT’s website, or, if final award is not made, not earlier than 30 days after cancellation of the procurement or expiration of the time period for award stated in the RFP (as such time period may be extended by mutual agreement of the apparent best value Proposer and TxDOT), as applicable. All proposers eligible to receive a payment for work product shall be required to submit an invoice to TxDOT in a form acceptable to TxDOT in order to receive such payment.
- (f) This Payment for Work Product Agreement involves the submission of a Proposal by Proposer that must be received by the due date(s) set forth in

the RFP and determined responsive by TxDOT as a condition of Proposer's eligibility for the payment set forth in Section 3(a).

SECTION 4.0 INDEMNITIES AND SURETYSHIP

- (g) Proposer agrees that it will indemnify, defend, and hold harmless TxDOT and all of TxDOT's commission members, officers, agents, representatives, and employees from any claim, loss, damage, cost, judgment, fee, penalty, charge, or expenses (including attorneys' fees and costs) arising out of any acts, actions, neglect, omissions, fault, willful misconduct, violation of law or breach by Proposer, its agents, employees, or Subcontractors during the performance of this Payment for Work Product Agreement, whether direct or indirect, and whether to any person or property to which TxDOT or said parties may be subject, except that neither Proposer nor any of its Subcontractors will be liable under this section for damages arising out of injury or damage to persons or property directly caused or resulting from the sole negligence of TxDOT or any of its commission members, officers, agents, or employees.
- (h) Proposer's obligation to indemnify, defend, and pay for the defense or, at TxDOT's option, to participate and associate with TxDOT in defense of any claim and any related settlement negotiations, shall be triggered by TxDOT's notice of claim for indemnification to Proposer. Only a final and unappealable adjudication or judgment specifically finding TxDOT solely negligent shall excuse performance of this provision. Proposer shall pay all costs and fees related to this obligation and its enforcement by TxDOT. TxDOT's failure to notify Proposer of a claim shall not release Proposer of the above duty to defend.

SECTION 5.0 COMPLIANCE WITH LAWS

- (i) Proposer acknowledges that all written correspondence, exhibits, photographs, reports, printed material, tapes, electronic disks, and other graphic and visual aids submitted to TxDOT during this procurement process, excluding only the EPDs, are, upon their receipt by TxDOT, the property of TxDOT and are subject to the Public Information Act (Texas Government Code Section 552.001 *et seq.*).
- (j) Proposer shall comply with all federal, state, and local laws; ordinances; rules; and regulations applicable to the work or payment for work thereof, and shall not discriminate on the grounds of race, color, religion, sex, national origin, age, or disability in the performance of work under this Payment for Work Product Agreement.
- (k) Proposer covenants and agrees that it and its employees shall be bound by the standards of conduct provided in applicable laws, ordinances, rules, and regulations as they relate to work performed under this Payment for Work Product Agreement. Proposer agrees to incorporate the provisions

of this paragraph in any subcontract into which it might enter with reference to the work performed pursuant to this Payment for Work Product Agreement.

SECTION 6.0 EARLY TERMINATION

This Payment for Work Product Agreement may be terminated by TxDOT, in its sole discretion, in whole or in part, at any time. In the event of such termination, TxDOT will owe no payment except as provided in Section 3(a), above.

SECTION 7.0 ASSIGNMENT

Proposer shall not assign, transfer, pledge, sell, or otherwise convey this Payment for Work Product Agreement without TxDOT's prior written consent, in its sole discretion. Any assignment of this Payment for Work Product Agreement without such consent shall be null and void and may, in TxDOT's sole discretion, disqualify Proposer from further consideration for the procurement and Project.

SECTION 8.0 MISCELLANEOUS

- (l) Proposer and TxDOT agree that Proposer, its equity owners, team members, and their respective employees are not agents or representatives of TxDOT as a result of this Payment for Work Product Agreement.
- (m) All words used herein in the singular form shall extend to and include the plural. All words used in the plural form shall extend to and include the singular. All words used in any gender shall extend to and include all genders.
- (n) This Payment for Work Product Agreement, together with the RFP, embodies the entire agreement of the parties with respect to the subject matter hereof. There are no promises, terms, conditions, or obligations other than those contained herein or in the RFP, and this Payment for Work Product Agreement shall supersede all previous communications, representations, or agreements, either verbal or written, between the parties hereto.
- (o) It is understood and agreed by the parties hereto that if any part, term, or provision of this Payment for Work Product Agreement is by the courts held to be illegal or in conflict with any law of the State of Texas, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Payment for Work Product Agreement did not contain the particular part, term, or provisions to be invalid.
- (p) This Payment for Work Product Agreement shall be governed by and construed in accordance with the laws of the State of Texas. The venue

for any proceeding relating to this Payment for Work Product Agreement shall be the courts in Travis County, Texas.

- (q) This instrument may be executed in one or more counterparts, each of which shall be deemed an original, but all of which, together, shall constitute one and the same instrument.

IN WITNESS WHEREOF, this Payment for Work Product Agreement has been executed and delivered as of the day and year first above written.

SH 249 Extension Project

Part A: Sequentially number your proposed Alternative Technical Concept (ATC). Multi-part or multi-option ATCs must be submitted as separate individual ATCs with unique sequential numbers. Provide the required number of copies of your ATC Proposal as stated in the RFP. Complete Part A and attach to the front cover of your ATC Proposal which should provide the more detailed information as requested in Part B of this Exhibit I.

1. This ATC impacts (check all that apply):

- Development (Design/Construction)
- Maintenance

2. How will this ATC be applied to the Project?

- Location Specific
- Project Wide

3. Please provide a brief written description of the proposed ATC (if location specific, please provide the location).

4. Proposer is requesting a change corresponding with Proposer's Work Package affecting the following technical requirements of the Request for Proposals (check all that apply):

- Preliminary Schematic Design
- Pavement Design
- Technical Provision # _____
- Design Standard _____
- Standard Specification _____
- Base Scope Work _____
- Option Work 1 _____
- Option Work 2 _____

5. Please complete the following table:

	Decrease	Increase
Potential Price Impact (nominal \$)		
Development Price	(\$)	\$
Maintenance Price	(\$)	\$
Totals	(\$)	\$
Net Total Price Impact		\$
Potential Schedule Impact (Days)		

6. Potential Development Price decrease is due to (check all that apply):

- Design modification(s)
- Reduction of overall quantities
- Materials fabrication/sourcing
- Improved constructability
- Construction sequencing
- Reduced construction time
- Other (Describe):

7. Potential Development Price increase is due to (check all that apply):

- Improved safety
- Improved operational capacity
- Reduced lifecycle costs
- Greater compatibility with future improvements
- Other (Describe):

8. Potential Maintenance Price decrease is due to (check all that apply):

- Design modification(s)
- Reduction of overall quantities
- Materials fabrication/sourcing
- Improved constructability
- Construction sequencing
- Reduced construction time
- Other (Describe):

9. Potential Maintenance Price increase is due to (check all that apply):

- Improved safety
- Improved operational capacity
- Reduced Development costs
- Greater compatibility with future improvements
- Other (Describe):

10. Potential schedule decrease is due to (check all that apply):

- Design modification(s)
- Reduction of overall quantities
- Materials fabrication/sourcing
- Improved constructability
- Construction sequencing
- Other (Describe):

11. Potential schedule increase is due to (check all that apply):

- Improved safety
- Improved operational capacity
- Reduced lifecycle costs
- Greater compatibility with future improvements
- Other (Describe):

Part B: Provide the information requested below as part of your ATC analysis and attach to Part A of this Exhibit I. Include conceptual drawings of the configuration and a traffic operational analysis, if appropriate. Proposer's analysis must use the numbering below and address the following:

1. **Purpose.** Describe the proposed ATC in detail, including its purpose; and where and how it would be used on the Project.
2. **Required Deviation(s).** Specify which requirements of the RFP are inconsistent with the proposed ATC. Explain the nature of the inconsistencies, and why a deviation from the RFP provision(s) is required and should be granted. **Explain how the ATC is equal or better in quality and performance than the Design-Build Agreement or CMA Documents, as applicable.**
3. **Overall Analysis.** Provide an analysis of the proposed ATC. How would this ATC change the operation and maintenance of the Project? Include the table below, mark the box as appropriate and include a quantitative discussion of potential changes to the following items:

Assessment of Potential Changes Related to Proposed ATC

Roadway requirements (including ease of operations)	<input type="checkbox"/> No change	<input type="checkbox"/> Change
Environmental and Other Permitting	<input type="checkbox"/> No change	<input type="checkbox"/> Change
Community Impacts	<input type="checkbox"/> No change	<input type="checkbox"/> Change
Vehicular Traffic and Safety	<input type="checkbox"/> No change	<input type="checkbox"/> Change
Life-cycle of item/project	<input type="checkbox"/> No change	<input type="checkbox"/> Change
Routine maintenance	<input type="checkbox"/> No change	<input type="checkbox"/> Change
Capital maintenance	<input type="checkbox"/> No change	<input type="checkbox"/> Change

4. **Cost Differences.** Provide a detailed statement of the cost differences associated with the ATC implementation. Include an itemized list of impacted bid items and quantities supporting the cost differences for the ATC. Delineate the cost to TxDOT, the DB Contractor and third parties, if any.
5. **Schedule Impact.** Discuss the impact on the Project completion time including design, construction, right of way, utility relocation, Access Justification Report and/or permitting issues. Describe proposed methods and commitments to minimize or eliminate any related impacts.
6. **Utilities.** Discuss the utility (public and private) impacts, if any, and potential added costs.
7. **Inspections.** Describe and discuss any additional testing and construction inspection requirements.
8. **Risks.** Describe and discuss any added risks to TxDOT and other parties associated with implementing the ATC.

9. **Right-of-way.** Describe any additional right-of-way (temporary or permanent) required and discuss intended acquisition method and schedule. *(Proposers shall (i) be solely responsible for the acquisition of any such right of way and necessary Environmental Approvals, including related costs; (ii) not be entitled to any Change Order for time or money as a result of related Site conditions (i.e., Hazardous Materials, Differing Site Conditions, geotechnical issues, Utilities, etc.); and (iii) not be entitled to any Change Order for time or money as a result of any delays, inabilities or costs associated with the proposed right of way acquisition.)*
10. **Other benefits.** Besides any potential cost and time savings, what other benefits does this ATC provide? Describe and substantiate how the ATC is or will prove to be equal to or better in quality and performance should it be accepted.
11. **Previous Application(s).** **If previously used,** please provide, in a format as shown below, a detailed description of any previous use of the proposed ATC or similar technical concept and the degree of success or failure of such usage. Include relevant site conditions, basis for and results of its use, schedule and cost impacts, if any, and relative conditions contributing to the success or challenges/limitations of its implementation. Also provide the project name and contact information (name, title, phone number and email) for project owners that can confirm ATC implementation.

Appendix A to Exhibit J
Texas Ethics Commission Adopted Rule
Chapter 46. Disclosure of Interested Parties
(effective December 24, 2015)
Text of Adopted Rule

The adopted new language is indicated by underlined text.

Chapter 46. DISCLOSURE OF INTERESTED PARTIES

§46.1. Application

(a) This chapter applies to section 2252.908 of the Government Code.

(b) Section 2252.908 of the Government Code applies only to a contract of a governmental entity or state agency entered into after December 31, 2015, that meets either of the following conditions:

(1) The contract requires an action or vote by the governing body of the entity or agency; or

(2) The value of the contract is at least \$1 million.

(c) A contract does not require an action or vote by the governing body of a governmental entity or state agency if:

(1) The governing body has legal authority to delegate to its staff the authority to execute the contract;

(2) The governing body has delegated to its staff the authority to execute the contract; and

(3) The governing body does not participate in the selection of the business entity with which the contract is entered into.

§46.3. Definitions

(a) "Contract" includes an amended, extended, or renewed contract.

(b) "Business entity" includes an entity through which business is conducted with a governmental entity or state agency, regardless of whether the entity is a for-profit or nonprofit entity. The term does not include a governmental entity or state agency.

(c) "Controlling interest" means: (1) an ownership interest or participating interest in a business entity by virtue of units, percentage, shares, stock, or otherwise that exceeds 10 percent; (2) membership on the board of directors or other governing body of a business entity of which the board or other governing body is composed of not more than 10 members; or (3) service as an officer of a business entity that has four or fewer officers, or service as one of the four officers most highly compensated by a business entity that has more than four officers.

(d) "Interested party" means: (1) a person who has a controlling interest in a business entity with whom a governmental entity or state agency contracts; or (2) a person who actively participates in facilitating a contract or negotiating the terms of a contract with a governmental entity or state agency, including a broker, intermediary, adviser, or attorney for the business entity.

(e) "Intermediary," for purposes of this rule, means, a person who actively participates in the facilitation of the contract or negotiating the contract, including a broker, adviser, attorney, or representative of or agent for the business entity who:

(1) receives compensation from the business entity for the person's participation;

(2) communicates directly with the governmental entity or state agency on behalf of the business entity regarding the contract; and

(3) is not an employee of the business entity.

§46.5. Disclosure of Interested Parties Form

(a) A disclosure of interested parties form required by section 2252.908 of the Government Code must be filed on an electronic form prescribed by the commission that contains the following:

(1) The name of the business entity filing the form and the city, state, and country of the business entity's place of business;

(2) The name of the governmental entity or state agency that is a party to the contract for which the form is being filed;

(3) The name of each interested party and the city, state, and country of the place of business of each interested party;

(4) The identification number used by the governmental entity or state agency to track or identify the contract for which the form is being filed and a short description of the goods or services used by the governmental entity or state agency provided under the contract; and

(5) An indication of whether each interested party has a controlling interest in the business entity, is an intermediary in the contract for which the disclosure is being filed, or both.

(b) The certification of filing and the completed disclosure of interested parties form generated by the commission's electronic filing application must be printed, signed by an authorized agent of the contracting business entity, and submitted to the governmental entity or state agency that is the party to the contract for which the form is being filed

(c) A governmental entity or state agency that receives a completed disclosure of interested parties form and certification of filing shall notify the commission, in an electronic format prescribed by the commission, of the receipt of those documents not later than the 30th day after the date the contract for which the form was filed binds all parties to the contract.

(d) The commission shall make each disclosure of interested parties form filed with the commission under section 2252.908(f) of the Government Code available to the public on the commission's Internet website not later than the seventh business day after the date the commission receives the notice required under subsection (c) of this section.
