TEXAS TRANSPORTATION COMMISSION

<u>VARIOUS</u> Counties **MINUTE ORDER** Page 1 of 2

VARIOUS Districts

Pursuant to Transportation Code, Chapter 223, Subchapter A, and Title 43, Texas Administrative Code, Chapter 9, Subchapter B, the Texas Department of Transportation (department) solicited and received sealed competitive bid proposals for improvement of the State Highway System, which were publicly opened and read on July 1 and 2, 2025, as shown on exhibit A.

Pursuant to cited code provisions highway improvement contract bids on a project may be accepted or rejected, but if accepted must be awarded to the lowest bidder.

An award is conditional in the event it is subject to Federal Highway Administration concurrence, third party funding or concurrence, and other conditions listed in the contract or an exhibit to this order.

The department recommends that the Texas Transportation Commission (commission) respectively consider the award to the lowest bidder, reject or defer, as indicated, those highway and transportation enhancement building construction contracts identified on attached exhibit A to this order.

IT IS THEREFORE ORDERED by the commission that the contracts described in exhibit A, be and are hereby respectively awarded to the lowest bidder or rejected or deferred as indicated therein.

TEXAS TRANSPORTATION COMMISSION

<u>VARIOUS</u> Counties MINUTE ORDER Page 2 of 2

VARIOUS Districts

If a contractual requirement of award is not satisfied within the prescribed time limit, including any extension of time allowed by the executive director or the director's designee, by reason of the action or inaction of the successful low bidder on any contract, including, but not limited to, disadvantaged business/historically underutilized business participation, the contract is automatically in default and the executive director is authorized and directed to retain and deposit the related contract proposal guaranty to the credit of the State Highway Fund and to readvertise that project for competitive bids at the earliest practical subsequent date.

If a condition of award is not satisfied, including, but not limited to, reason of nonconcurrence of the Federal Highway Administration, the failure of a third party to fund or concur, or failure to meet other conditions in the contract or an exhibit to this order, the respective award is voided, and the department will return the bid guaranty.
