

**TEXAS TRANSPORTATION COMMISSION**

VARIOUS Counties

**MINUTE ORDER**

Page 1 of 1

ALL Districts

The Texas Department of Transportation (department) is authorized under Texas Transportation Code, Chapter 21 and Chapter 22, to assist in the development and maintenance of airports in the state.

The Routine Airport Maintenance Program (RAMP) provides financial assistance for publicly owned or operated general aviation, reliever, and non-hub commercial service airports included in the Texas Airport System Plan.

Due to the success of this program, the department requests continuation of the program by providing funds for airport maintenance and small capital improvements on a 90-10 basis up to a maximum of \$100,000 in state funds for Fiscal Year 2026. The Texas Aviation Advisory Committee recommended approval of the Fiscal Year 2026 program at its July 17, 2025 meeting.

A public hearing regarding the funding of RAMP was held on July 25, 2025, and no comments were received.

IT IS THEREFORE ORDERED by the Texas Transportation Commission that the airports listed in exhibit A be awarded grants in accordance with RAMP and that the executive director, or the director’s designee, is authorized to enter into any necessary grant agreements with the appropriate local government agencies necessary to carry out the directives of this minute order.
