

The Texas Department of Transportation proposes the amendments to Chapter 7 to add new Subchapter G (§§7.120–7.134) to provide policies and procedures for the implementation and administration of the Off-System Rail Grade Separation State Fund Program. The program will provide for the award of grants to political subdivisions for rail grade separation projects that are located at intersections of railroads and roadways that are not part of the state highway system or county and city projects, as authorized by Transportation Code, §471.010, which was added by SB 1555, 89th Legislature, Regular Session.
