

Chapter 7 Summary

The Texas Department of Transportation proposes new Subchapter H, Chapter 7 (§§7.160–§7.173), which establishes the policies and procedures for the implementation of the Short Line Railroad Improvement State Fund Program. S.B. 2366 (89th Leg., R.S., 2025), added Transportation Code, §201.981, which requires the establishment of a grant program to fund projects that replace short line railroad tracks or bridges, improve short line rail capacity, or restore short line railways.
