PROJECT DESCRIPTION

Klyde Warren Park is a 5.4 acre urban deck park located over the SH 366/Woodall Rodgers Freeway between N. Pearl Street and N. St. Paul Street in downtown Dallas. It opened in 2012.

An expansion project will construct an additional 1.7 acres of deck space on the west side of Klyde Warren Park from N. St. Paul St. to just west of Akard Street.

This second phase is a public-private partnership with the City of Dallas, Dallas County, the Regional Transportation Council and the Woodall Rodgers Park Foundation.

The Texas Department of Transportation (TxDOT) will manage the construction of the structural components of the deck. The City of Dallas/Woodall Rodgers Park Foundation will construct any amenities as a separate project after TxDOT construction is complete.

PROJECT DETAILS

CSJ: 0196-07-034

Project Cost: \$94 million

Contractor: Archer Western

Project Start: October 2026
