

TxDOT to temporarily close the turnaround at S Valley Mills Drive and the northbound I-35 frontage road

Crews to begin 3-week closure Monday, April 28, 2025

April 25, 2025

WACO, TX – The Texas Department of Transportation (TxDOT) Waco District expects to close the turnaround at eastbound S Valley Mills Drive and the northbound I-35 frontage road on Monday, April 28, 2025 at 1 p.m. During this time, all eastbound travelers will be directed through the traffic circle to turnaround. The closure is expected to last approximately three weeks, weather and field conditions permitting.

The closure will allow crews to begin drainage improvements in the area as part of the My35 Waco South construction project from S Loop 340 to 12th Street. Please follow all directional signage and watch for crews and equipment in the work zone. Traffic delays could occur, and motorists are advised to plan accordingly and take an alternate route.

Work to upgrade drainage structures throughout this area is ongoing and additional lane closures will be needed in the future. Information on construction and anticipated traffic impacts will be shared as work is scheduled.

Learn more and stay up to date by visiting My35WacoSouth.com.

Schedules are dependent on weather, field conditions, and work progress. Follow us on Facebook or Twitter at @TxDOTWaco for the most current updates on construction activities and lane closures. For media inquiries, contact TxDOT Waco District's public information officer at Jacob.Smith@txdot.gov or (254) 867-2836.
