

Question and Answer Matrix (Q&A Matrix) No. 2

North Houston Highway Improvement Project (NHHIP) 3C-2 Project
Request for Qualifications (RFQ) Addendum No. 1
October 1, 2026

TxDOT Question Number	Document	Reference	Sub Reference	Question	TxDOT Response
1	RFQ	Forms	G-2, Key Personnel Resume and References	Per Request for Qualifications (RFQ) Addendum No. 1, response to Request for Information No. 4 (RFQ Section 4, Section 4.2, "Format"), the Form G-2 page limit was revised to seven pages. However, the form provided with the RFQ contains eight pages: a personnel information page number Page 1 of 1, followed by seven pages numbered "Page 1 of 7" through "Page 7 of 7." Please clarify whether proposers should submit the complete eight-page form as provided or adjust it to meet the seven-page limit?	Proposers may submit Form G-2 with eight pages.
2	RFQ	Forms	G-2, Key Personnel Resume and References	RFQ Addendum No. 1 increases the Form G-2 page limit from five to seven pages but the form (both in the PDF and word) provided by the Texas Department of Transportation (TxDOT) with RFQ Addendum No. 1 is eight pages. Please allow respondents to modify the form, without removing any of the required information, to meet page limitations.	Proposers may submit Form G-2 with eight pages.
3	RFQ	Exhibit D	Section 3, Project Environmental Status	On page 81 of the RFQ, in Exhibit D – Project Information and Status, Section 3 – Project Environmental Status mentions that a U.S. Army Corps of Engineers (USACE) Nationwide Permit 14 (NWP014) under Clean Water Act Section 404 was received on June 26, 2026, and is provided in the reference information Documents (RIDs). However, we do not see the document on the RID page. Can TxDOT please provide, or advise where it can be found?	The USACE NWP014 under Clean Water Act Section 404 was received on June 26, 2026, and is anticipated to be provided in the RIDs mid October 2026.
4	ALL			Is TxDOT still thinking to include the small portion of the North Houston Highway Improvement Project (NHHIP) 3C-4 that connects NHHIP 3C-3 to NHHIP 3C-2?	The portion of NHHIP 3C-4 situated between Sections 3C-3 and 3C-2 will continue to be included as part of the 3C-4 Project scope
5	RFQ	Section 2	Project Scope	Can TxDOT clarify the defined scope of work for the demolition of existing structures within the project limits and provide any specific technical, environmental, or regulatory requirements, restrictions, or specifications applicable to these removal operations?	All existing structures defined in the Project scope shall be demolished and removed. Further information and requirements governing the removal of structures, including any Project-specific instructions, will be provided in the Request for Proposals.
