

## FY2024 ELIGIBLE WORK ITEMS UNDER RAMP GRANTS

\*Eligible Work Items are subject to change each fiscal year

### **FY2024 Routine Airport Maintenance Program (RAMP) Grants**

- State funding is a \$100,000 match per airport for the current fiscal year. The state fiscal year begins September 1<sup>st</sup>. The local government match is 10% of actual costs plus any excess of \$100,000 total costs.
- The program includes “lower cost” airside and landside airport improvements which will require approval and guidance from TxDOT Aviation before the project begins. These items can be more than just maintenance and may be new or additional items of work. Examples are construction of airport entrance roads; pavement of airport public parking lots; installation of security fencing, replacement of rotating beacon, etc. TxDOT will determine the eligibility of specific items. **Airside improvements are the priority before requesting assistance with landside maintenance and improvements.**
- Sponsors are allowed to issue their own contracts for scope of services, or TxDOT districts may perform services within their capabilities. TxDOT will not participate in contracts for any ineligible scope items or for costs that are unreasonable for the type of service. Sponsor force account work is NOT ELIGIBLE, but purchase of materials for construction with sponsor labor is eligible.
- **A Grant must be executed each state fiscal year, prior to work being performed. There is no formal application process.** To initiate the grant, the Sponsor should contact the Aviation Division with a description of the project for which the grant is being requested and the estimated cost of the project, if available. The contact may be in the form of a written letter, electronic mail, telephone, or personal contact with staff.
- **Work as described on the Scope of Services of the grant shall be performed during the state fiscal year (October 1<sup>st</sup> – August 31<sup>st</sup>)**

Call the Aviation Division at 1-800-687-4568 (68-PILOT) for more information or go to Aviation on the TxDOT Web Site:
