

# **Glass Fiber Reinforced Polymer (GFRP) Concrete Reinforcement Manufacturers**

Material Producer List  
Materials and Tests Division

# GFRP Concrete Reinforcement Manufacturers

The following GFRP concrete reinforcement manufacturers have been pre-approved to furnish GFRP bars in accordance with Item 440 and DMS-7335, "Qualification Procedure for Glass Fiber Reinforced Polymer (GFRP) Concrete Reinforcement Manufacturers."

The Department reserves the right to conduct random sampling and testing, and visual inspections of materials from approved GFRP concrete reinforcement manufacturers to verify compliance with [DMS-7335](#). Department representatives may sample and inspect material at the manufacturing facility or the project site.

For more information, contact the Materials & Tests Division's Rigid Pavements and Concrete Materials Section at (512) 484-6484.
