

Thermoplastic Pavement Markings

Material Producer List

Materials and Tests Division

Thermoplastic Pavement Markings

The following manufacturers of traffic buttons have complied with the requirements of Departmental Material Specification (DMS)-8220.

The materials listed below are pre-qualified for use when DMS-8220 is referenced. These materials require no further testing before use unless deemed necessary by the Project Engineer or the Materials and Tests Division (MTD). Tex-862-B, "Sampling Thermoplastic Pavement Marking Material," describes the sampling method.

The Department reserves the right to conduct random sampling of qualified materials for testing and to perform random audits of test reports. Department representatives may sample material from the manufacturing plants, project sites, and warehouses. MTD reserves the right to test samples to verify compliance with DMS-8220.

For qualification on the MPL contact DMS_Prequal@txdot.gov following the qualification procedure of DMS-8220. For additional information, contact the MTD's Coatings, Calibration and Traffic Materials Section at (737)-291-8064.

A Buy America Status of "Compliant" indicates the manufacturer has certified the listed product is compliant with 23 CFR 635.410 and 2 CFR part 184 (as part of the Gold Star certification program) as classified by the Buy America Material Classification Sheet for projects federally obligated after October 1, 2025. Products with a Buy America Status of "Project Level Certification Required" require producer certification documentation for product delivered to each project
