

Recycled Asphalt Shingles (RAS)

Material Producer List

Materials and Tests Division

June 2, 2026

Recycled Asphalt Shingles (Pre- and Post-Consumer)

The following products are pre-qualified to supply recycled asphalt shingles (RAS), based on a history of satisfactory environmental testing and documented quality control plan, as described in DMS-11000, "Evaluating and Using Nonhazardous Recyclable Material Guidelines." The Department reserves the right to randomly sample and test pre-qualified materials for specification compliance.

For more information, please contact the Materials and Tests Division's Flexible Pavements Section at mtd-flexpave-engineering@txdot.gov.

Table 1: Approved List of RAS Producers

Producer	Contact Info.	Recycled Material	Application
