Solicitation No. 601CT0000006308
Questions & Answers (Q&A)
Q&A Posting Date: 09/02/2025

Ref #	Provider Question	TxDOT Answer
1.	If a firm is awarded a contract under Solicitation No. 601CT0000006308 (RFP 97-6RFP5001) to create conceptual or preliminary designs for the “Corridor of the Future”—including ideas that use connected vehicles, autonomous vehicles, and emerging technologies—would those early-stage contributions prevent the firm from bidding on future contracts that implement those ideas (like software development for the CAT program)?	Preclusion determinations for future contracts will be evaluated on a case by case basis.
