

Texas Innovation Alliance Deep Dive Call Agenda

July 1, 2026

11:00 AM – 12:00 PM Central Standard Time (CT)

The July Deep Dive Call will take a look at how the Texas Department of Transportation Traffic Safety Division is leveraging conversational AI to streamline crash data management and pave the way for smarter, data-driven roadways. We will introduce TxDOT's newly developed internal chatbot, which is a tool designed to improve the process of standard form data entry into an intuitive, efficient conversation.

Topic

Use Case First for Technology: Leveraging AI Chat Bots for Crash Data Reporting
