

SECTION 12

Pavement Markings

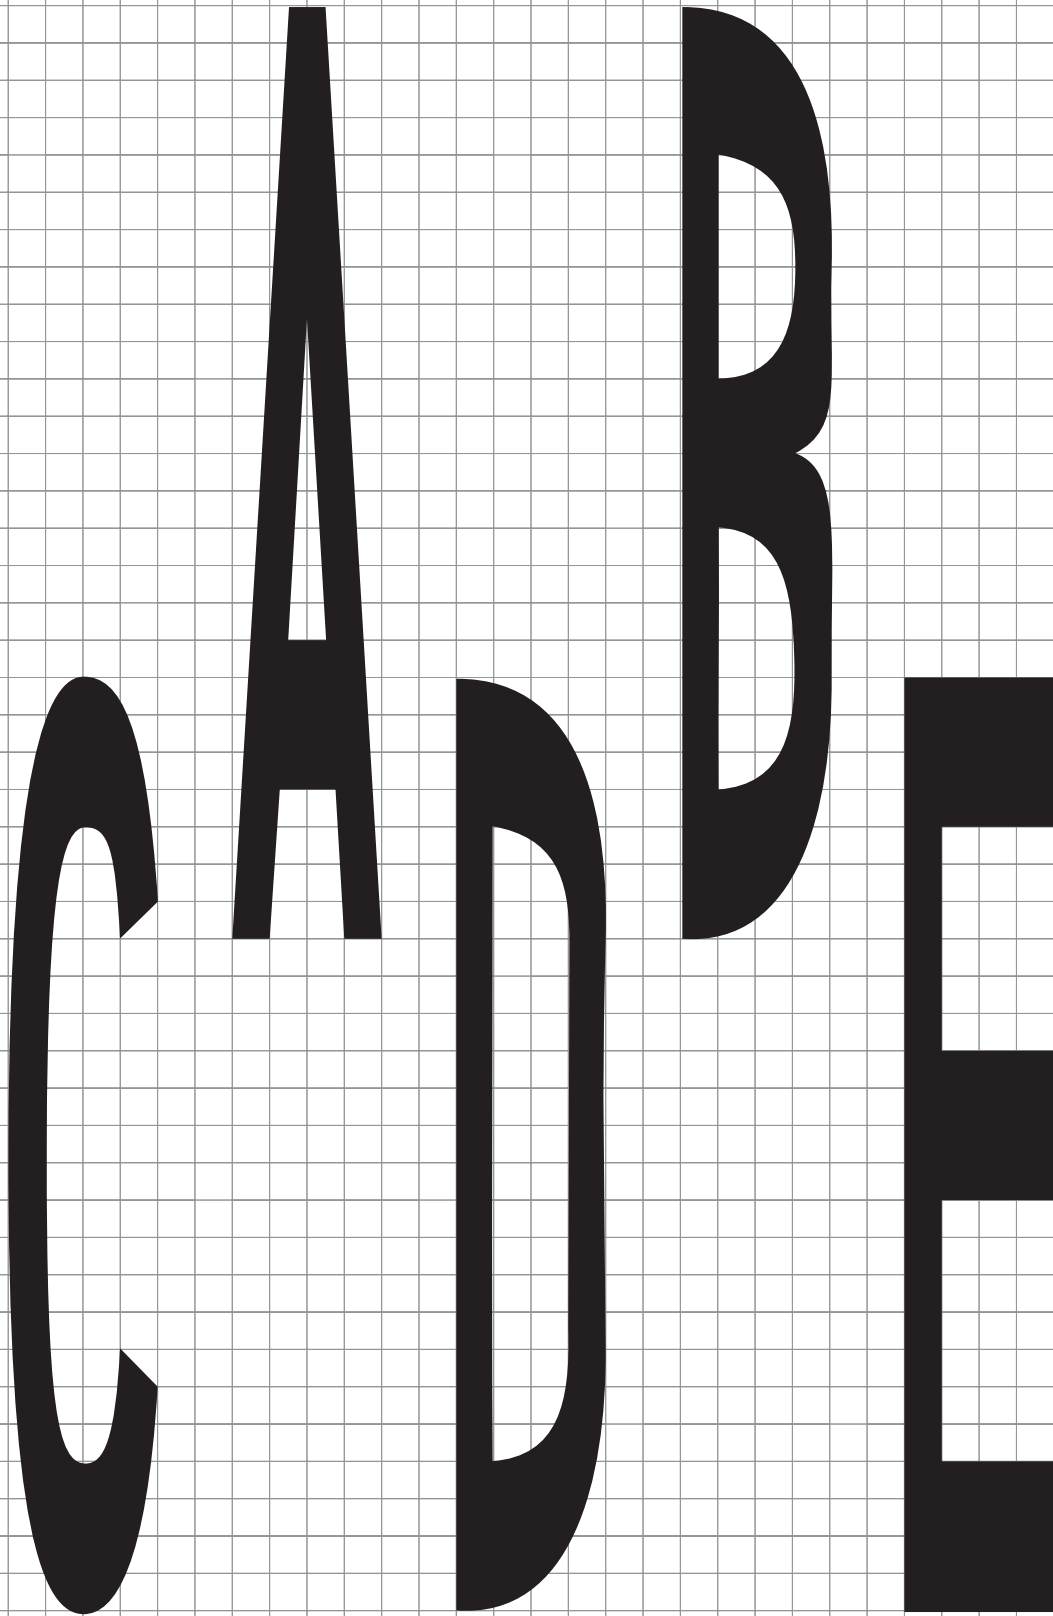

Standard Highway Sign Designs for Texas

2026 Edition | September 2026

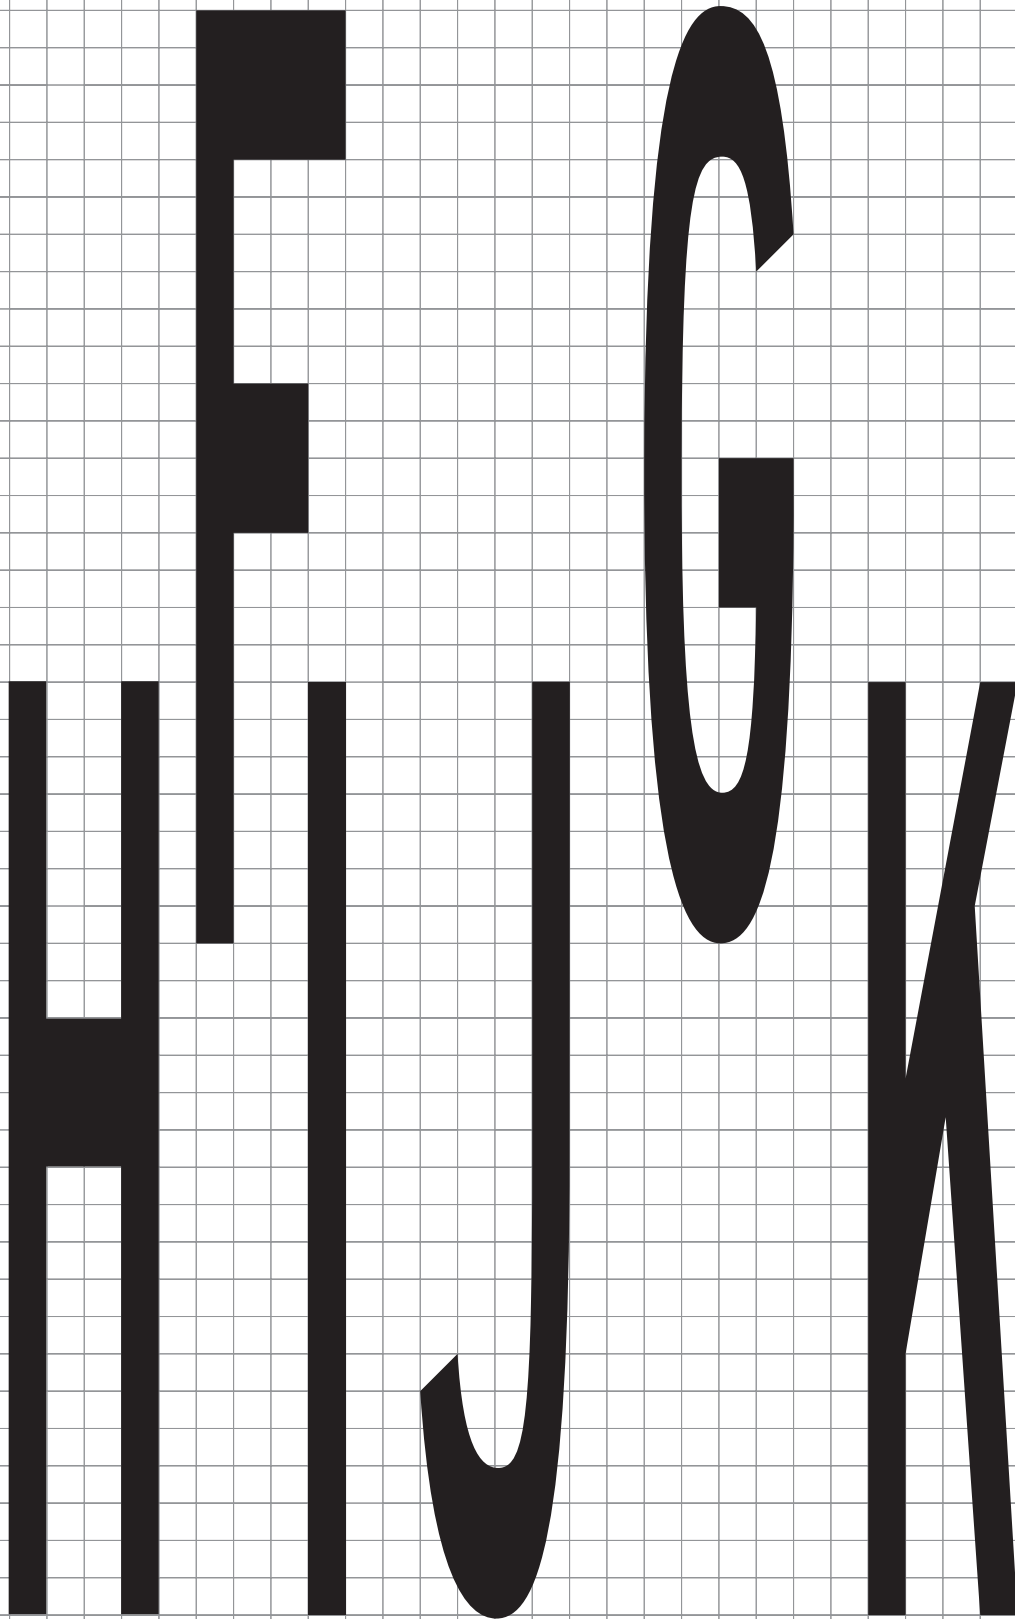

Drawings may not be to scale. Do not photocopy for manufacturing.

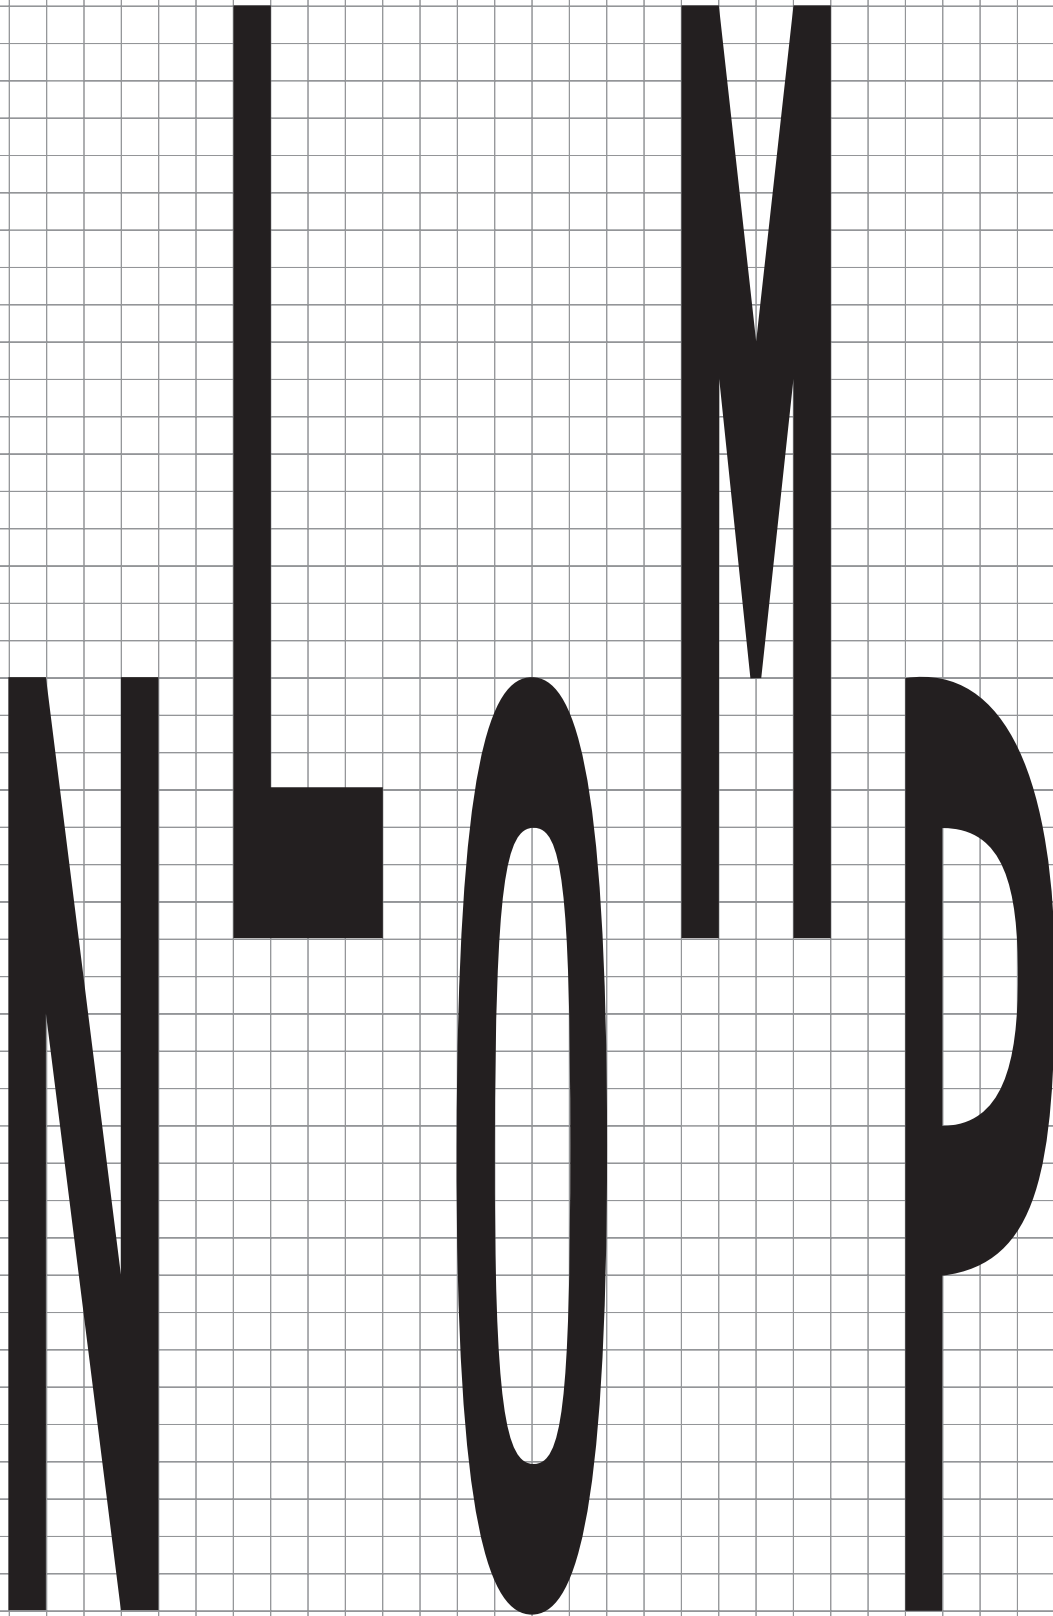

(This page left intentionally blank)

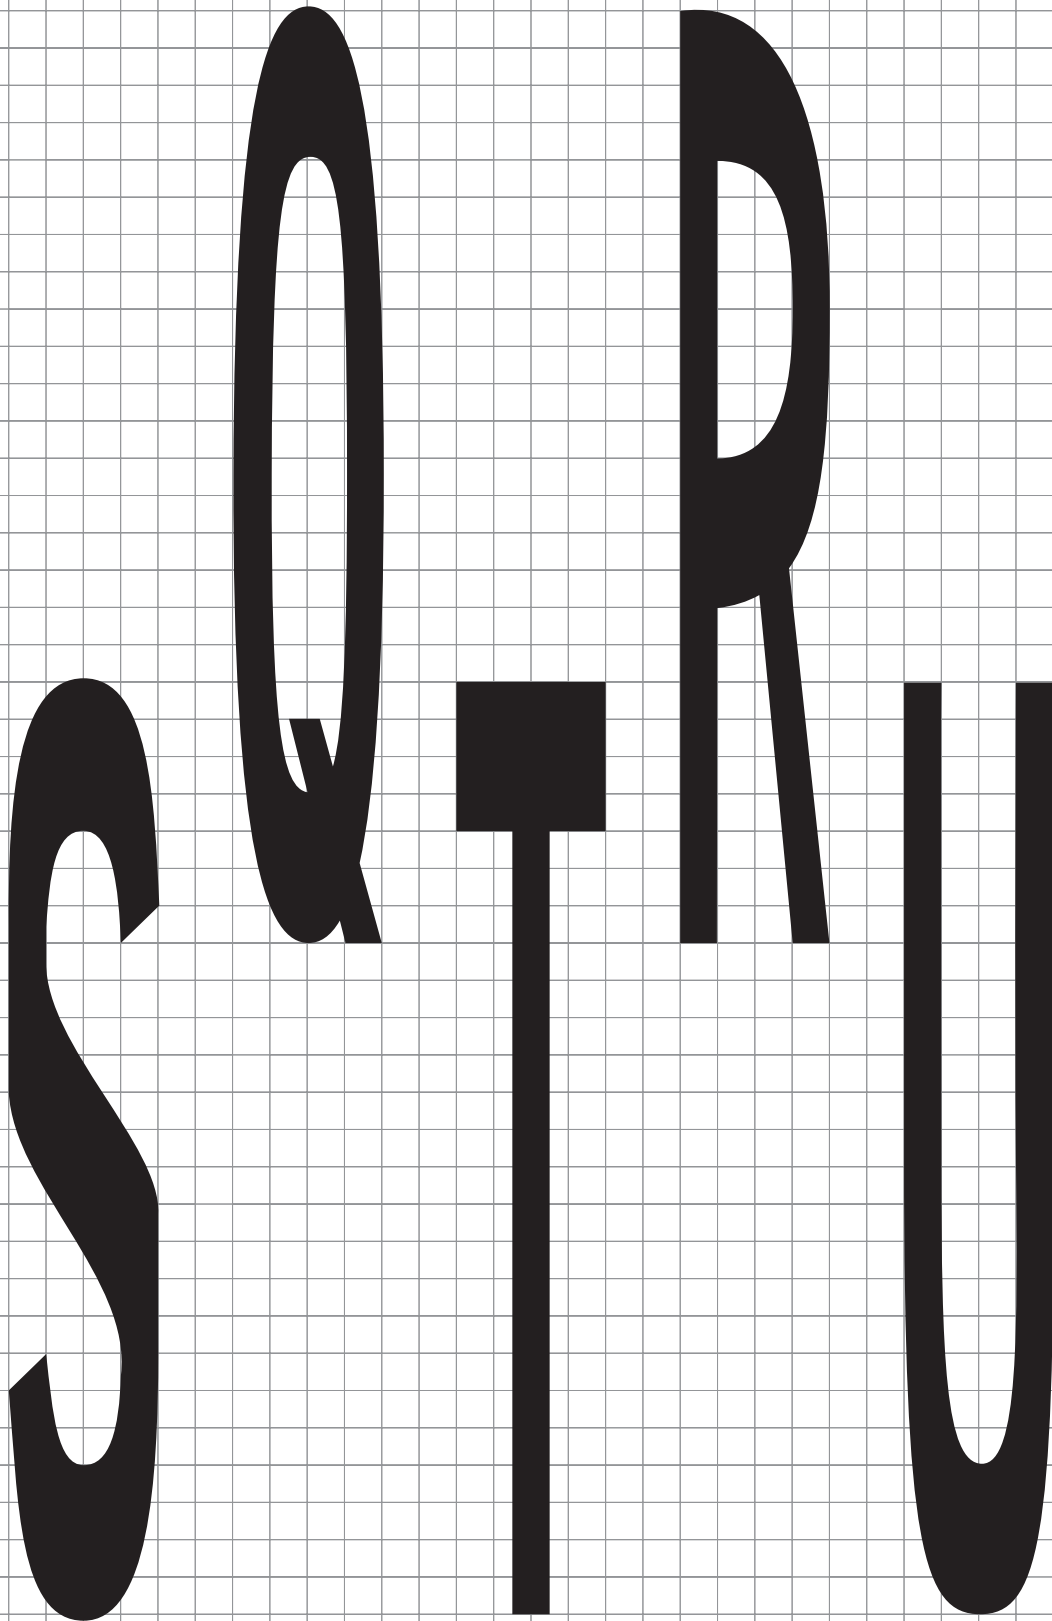

Letters A-E

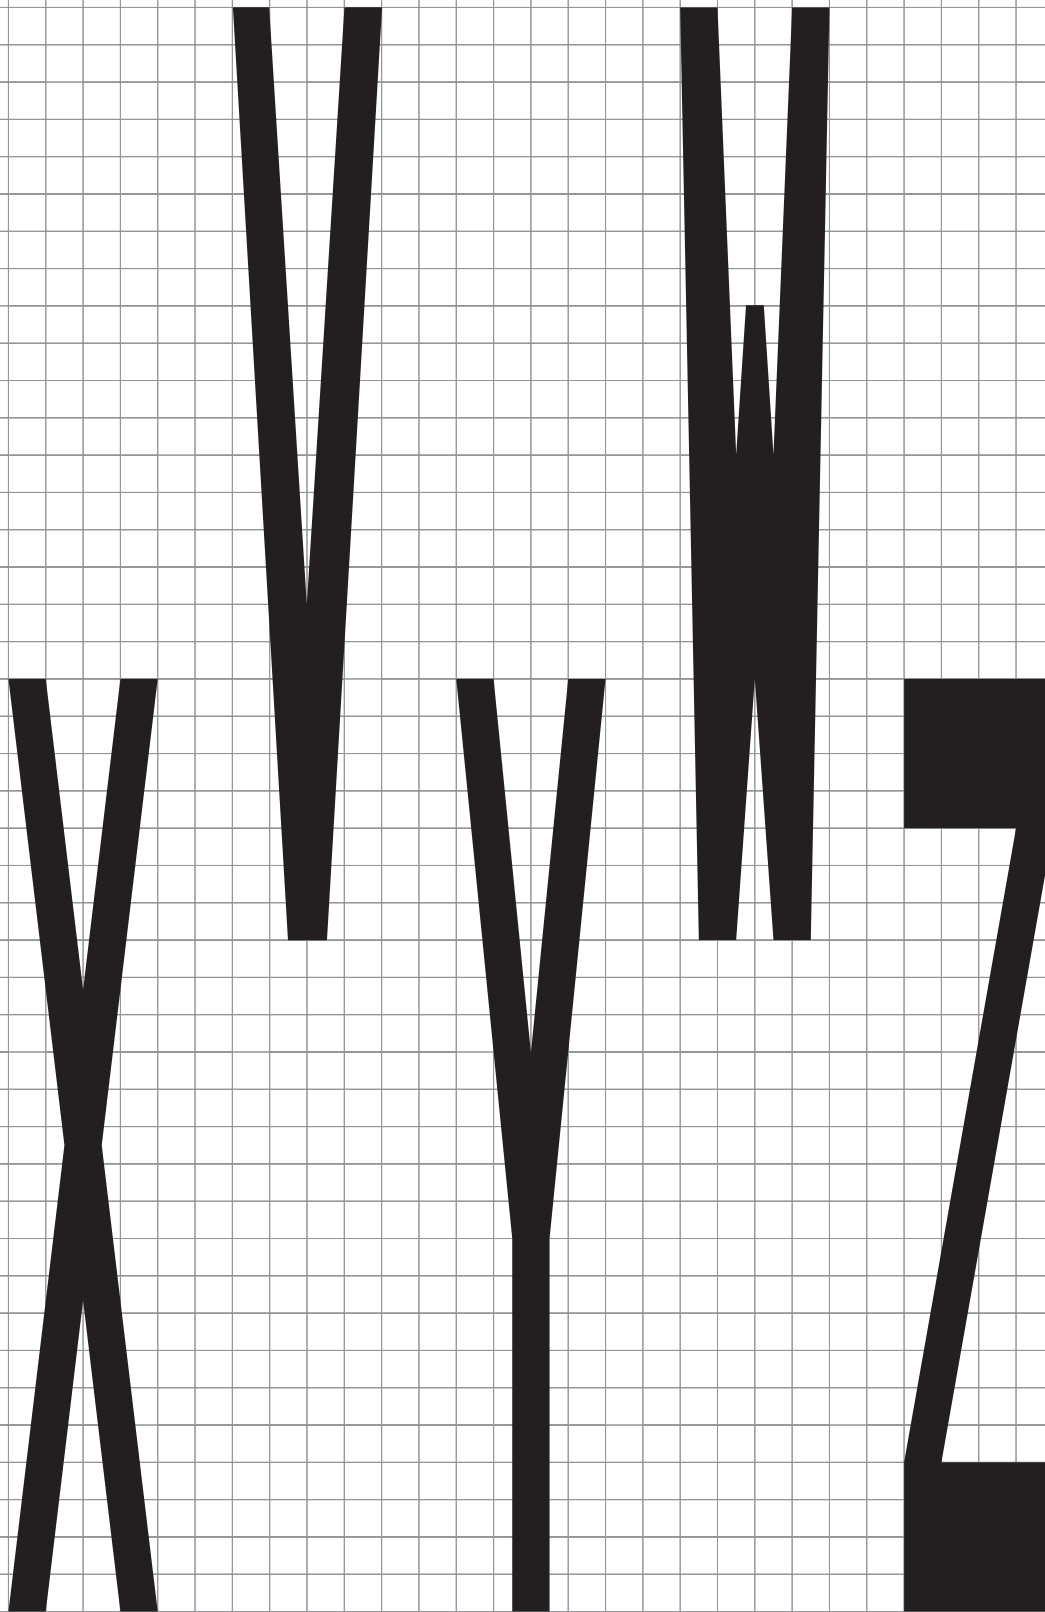

Letters F-K

The image displays five large, bold, black capital letters (N, L, O, M, and P) arranged in a row on a light gray grid background. The letters are designed in a sans-serif style, typical for highway signs. The letter 'N' is on the left, followed by 'L', 'O', 'M', and 'P' on the right. The letters are evenly spaced and occupy most of the vertical height of the page.

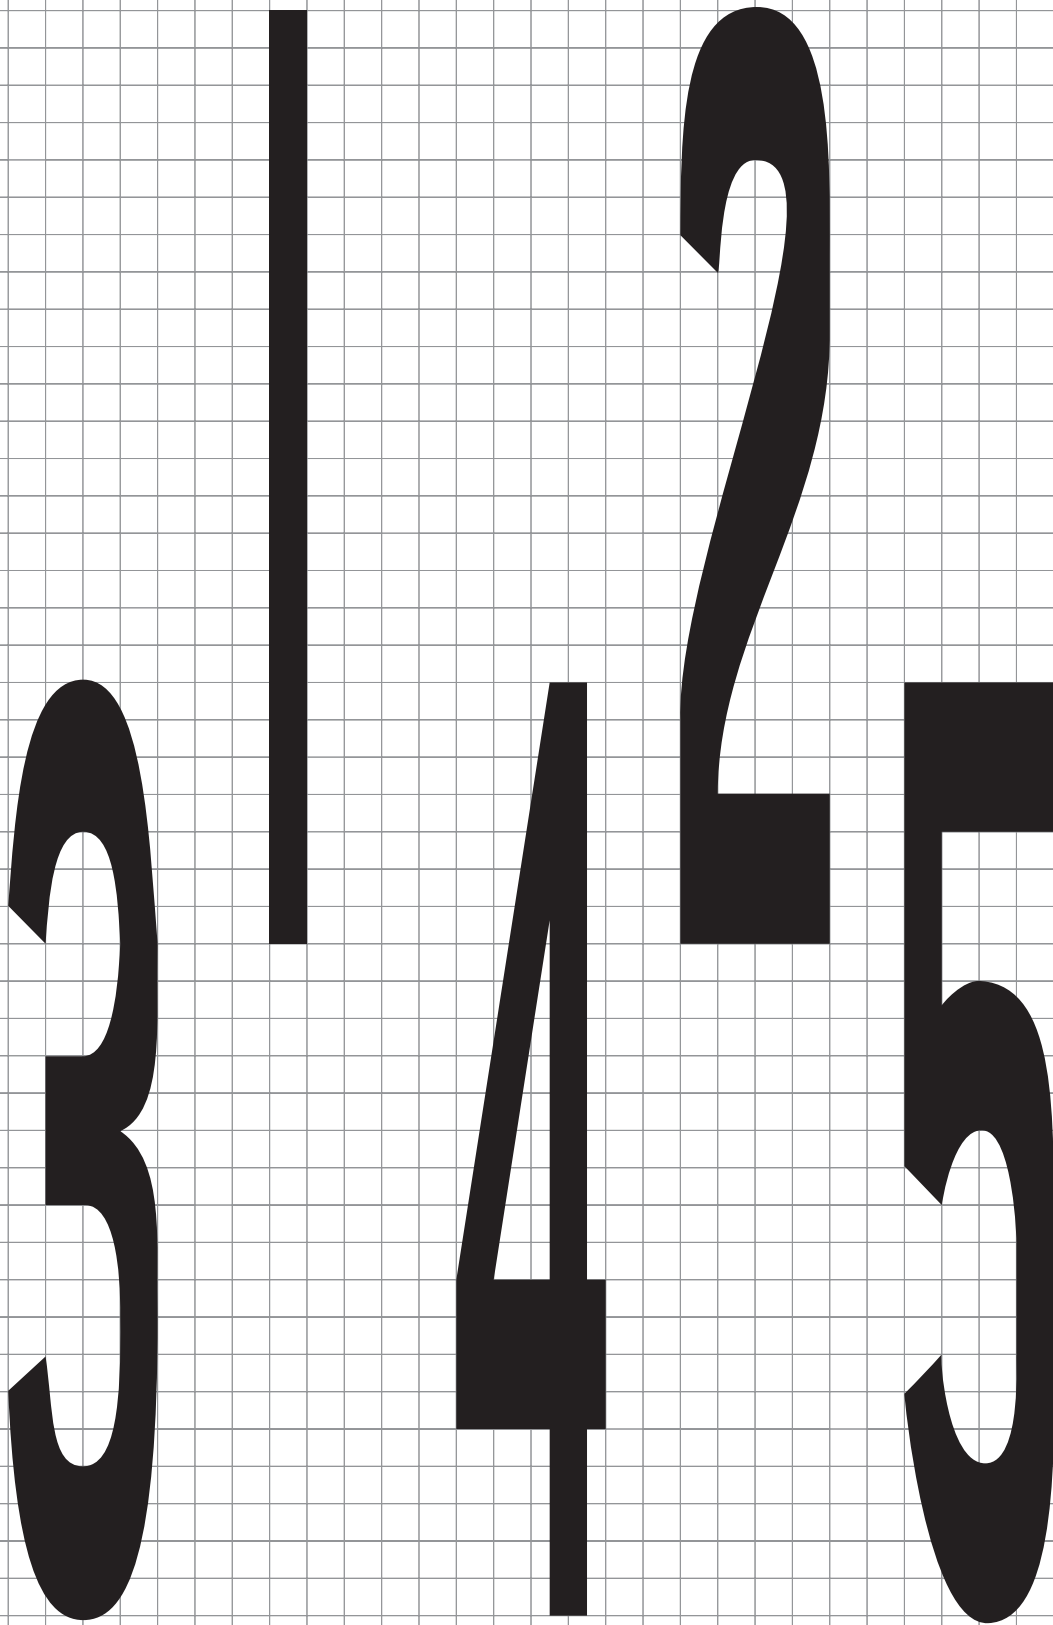

Letters L-P

The image displays five large, bold, black letters—Q, R, S, T, and U—set against a light gray grid background. The letters are arranged in a single row. Letter 'Q' is on the left, followed by 'R', 'S', 'T', and 'U' on the right. Each letter is a thick, solid black shape. The 'Q' has a small tail at the bottom right. The 'R' has a vertical stem and a curved top. The 'S' is a continuous, flowing shape. The 'T' has a thick vertical stem and a horizontal crossbar. The 'U' is a simple, U-shaped curve. The letters are positioned such that they are centered vertically within the grid's height.

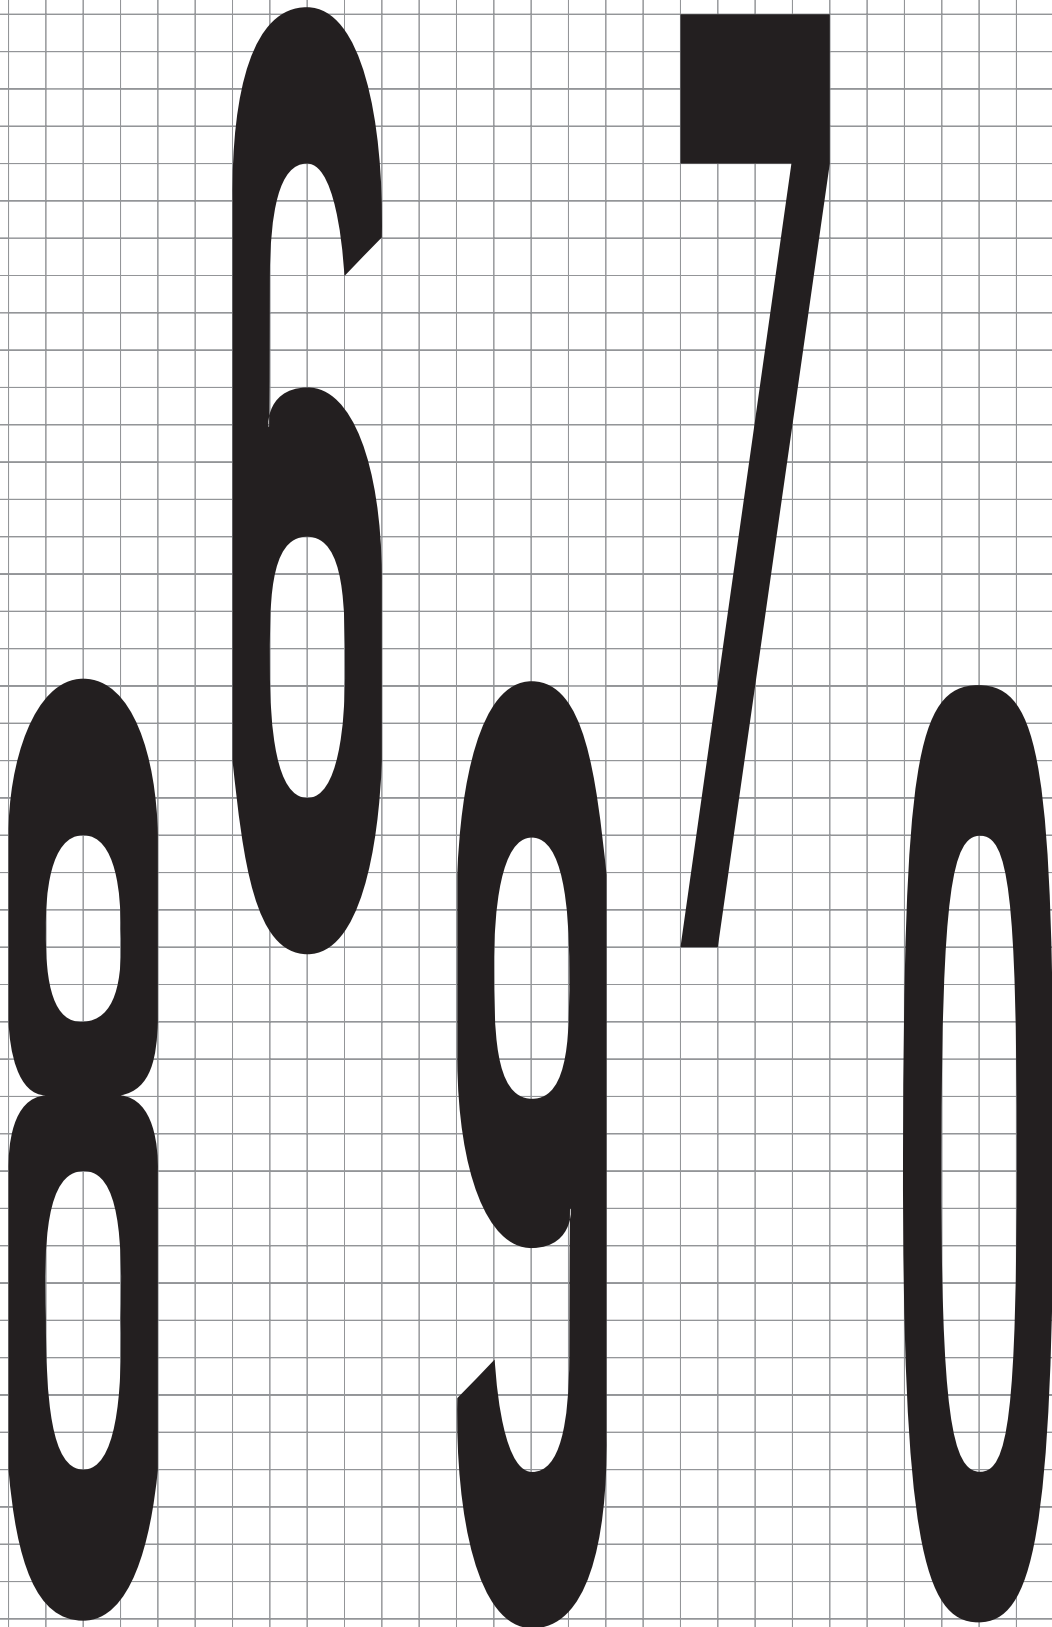

Letters Q-U

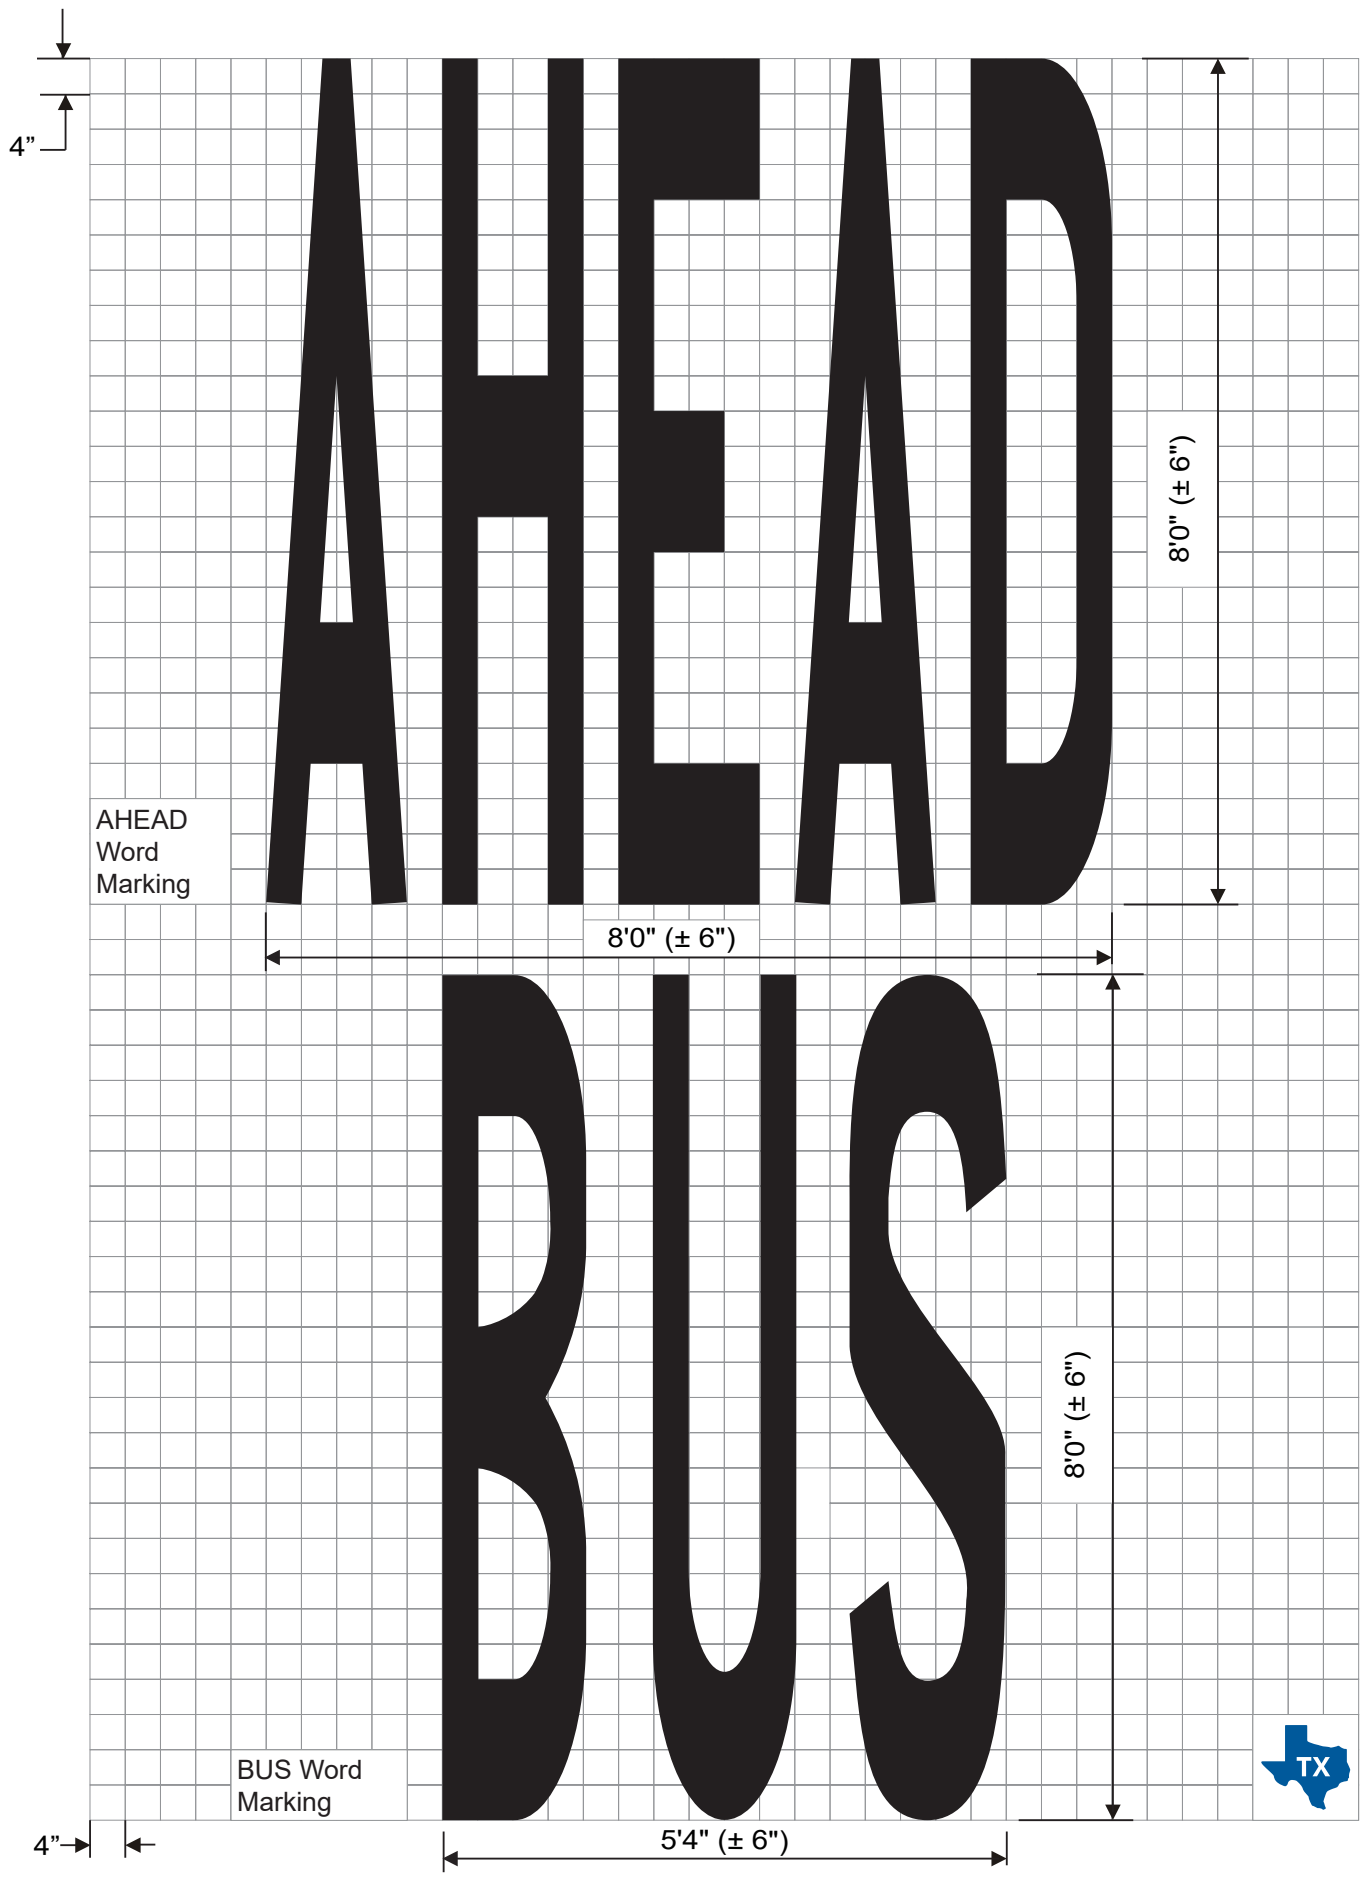

Letters V-Z

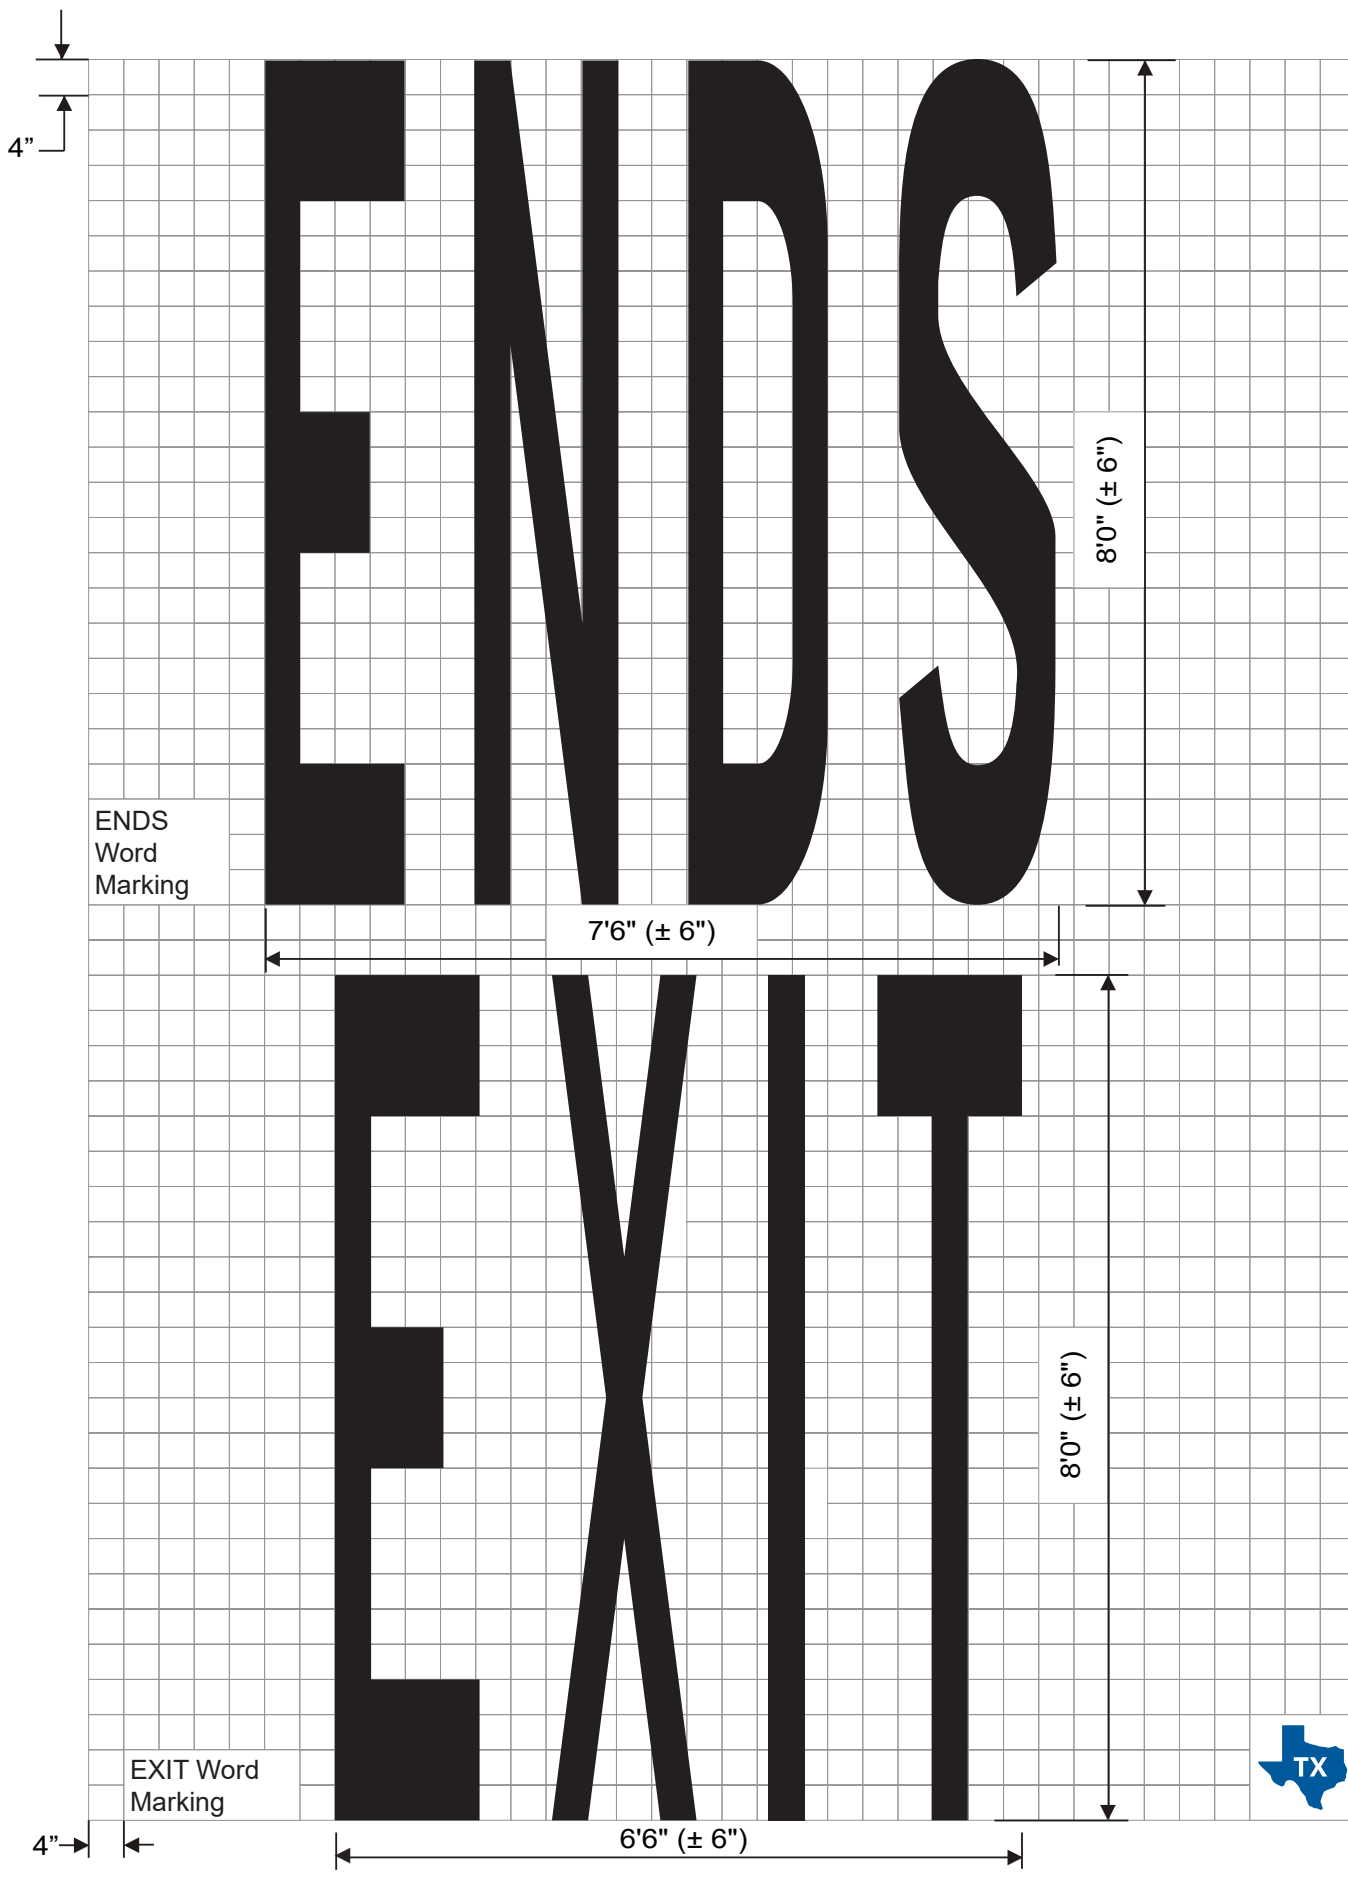

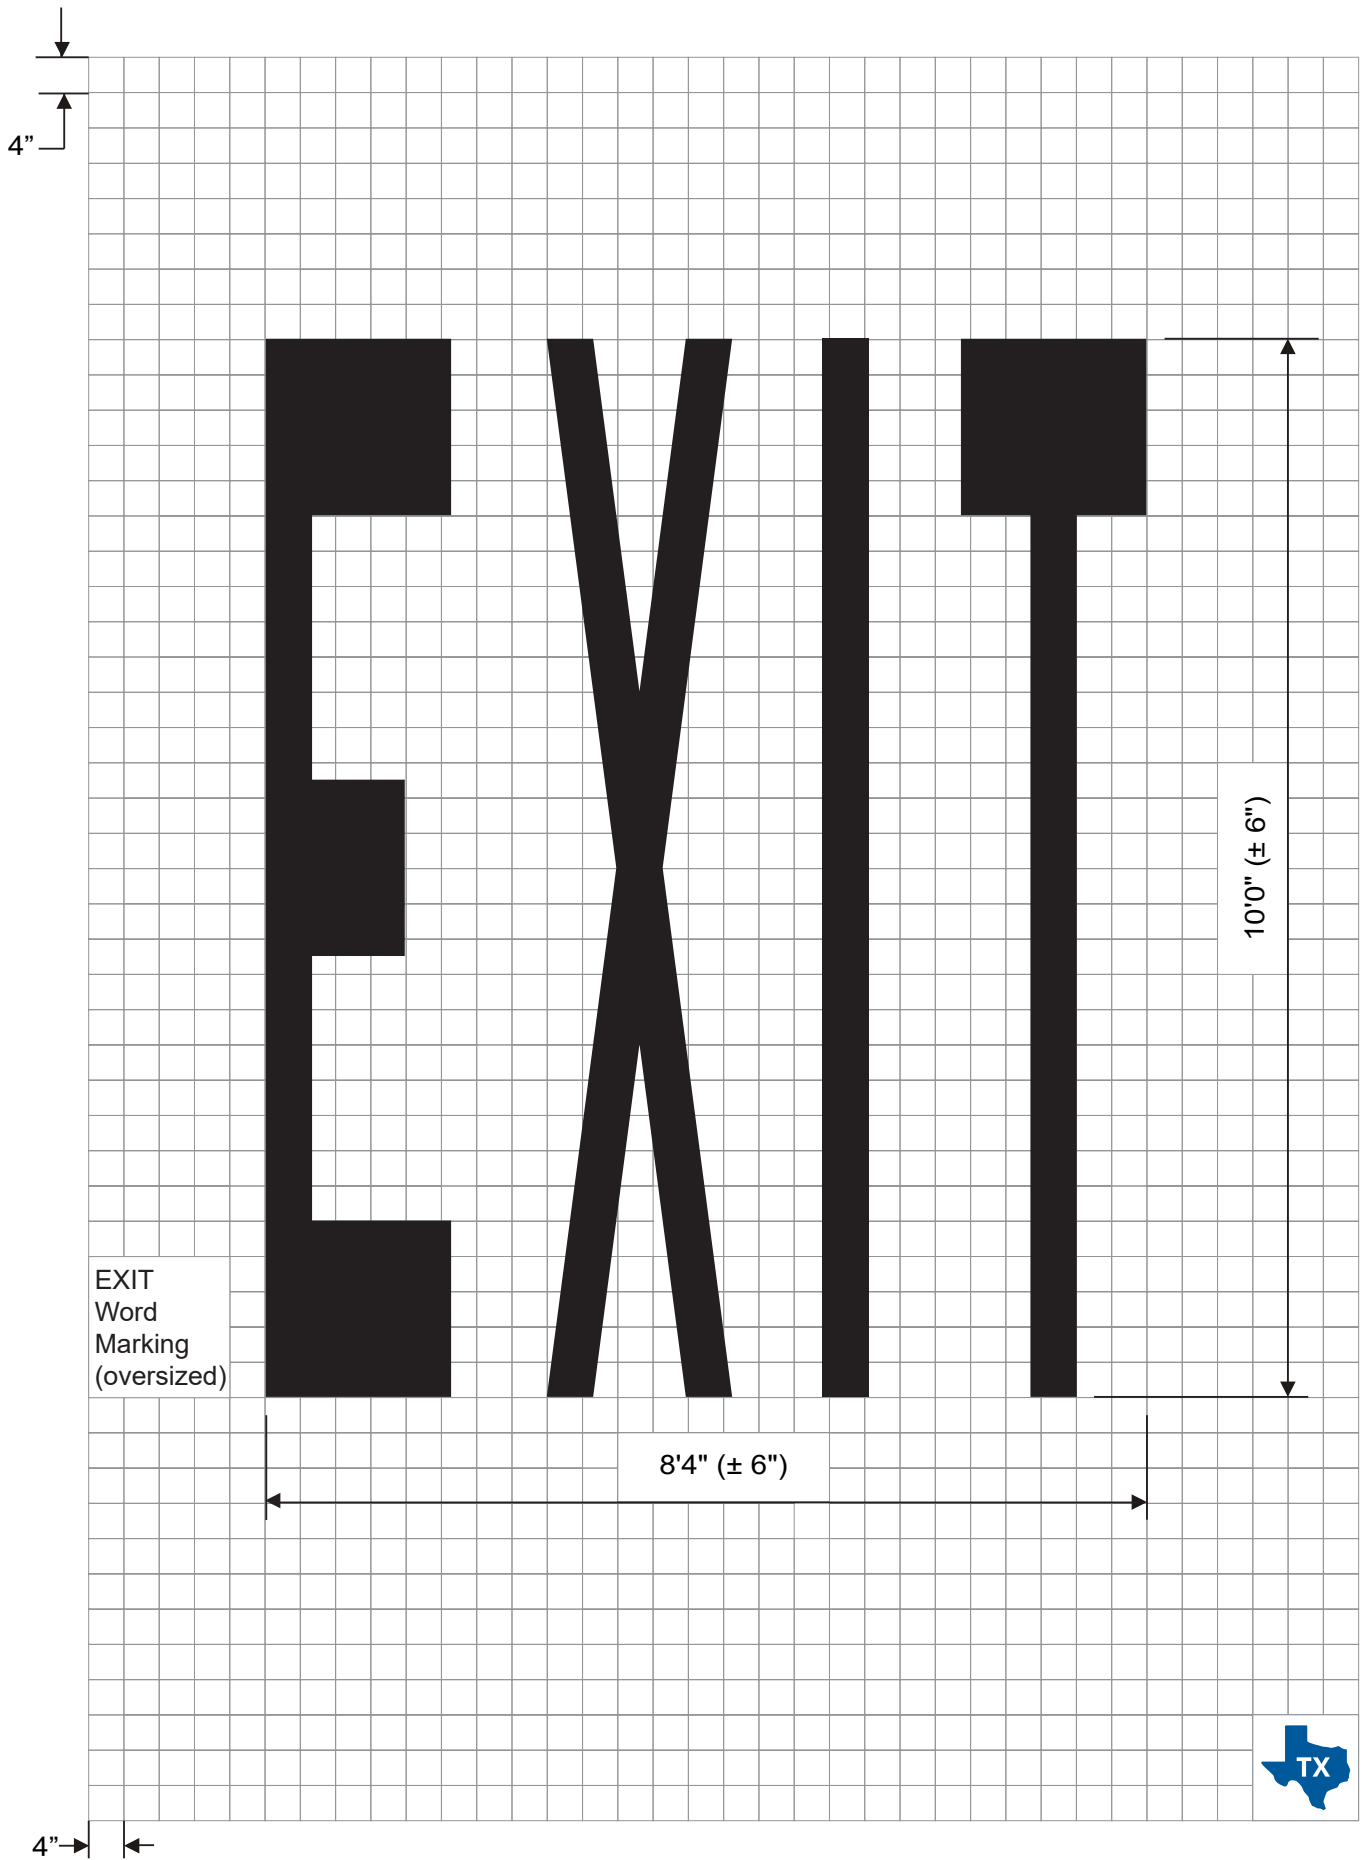

Numerals 1-5

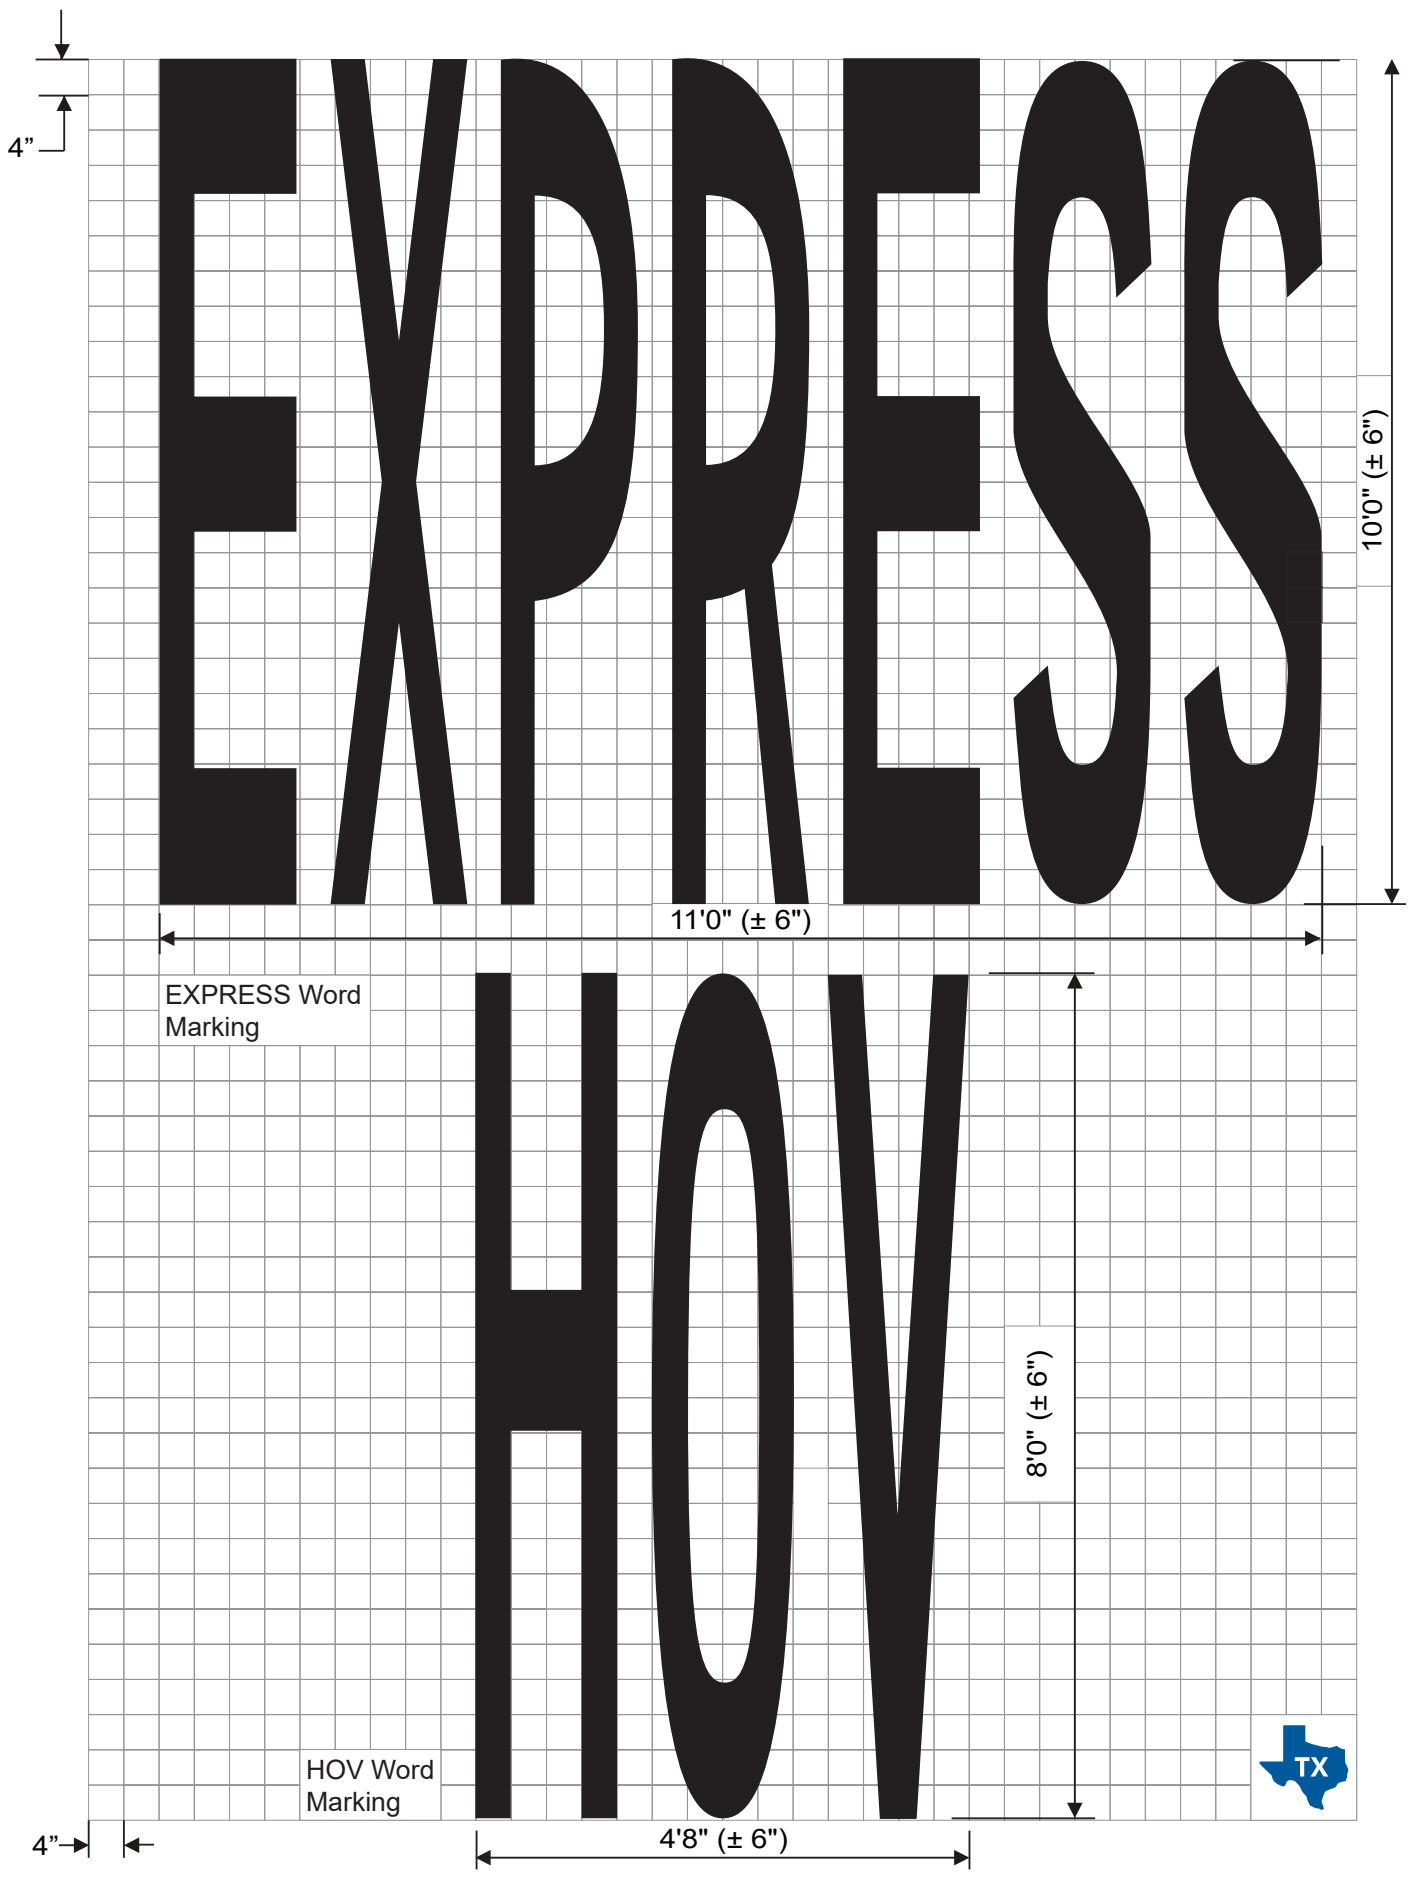

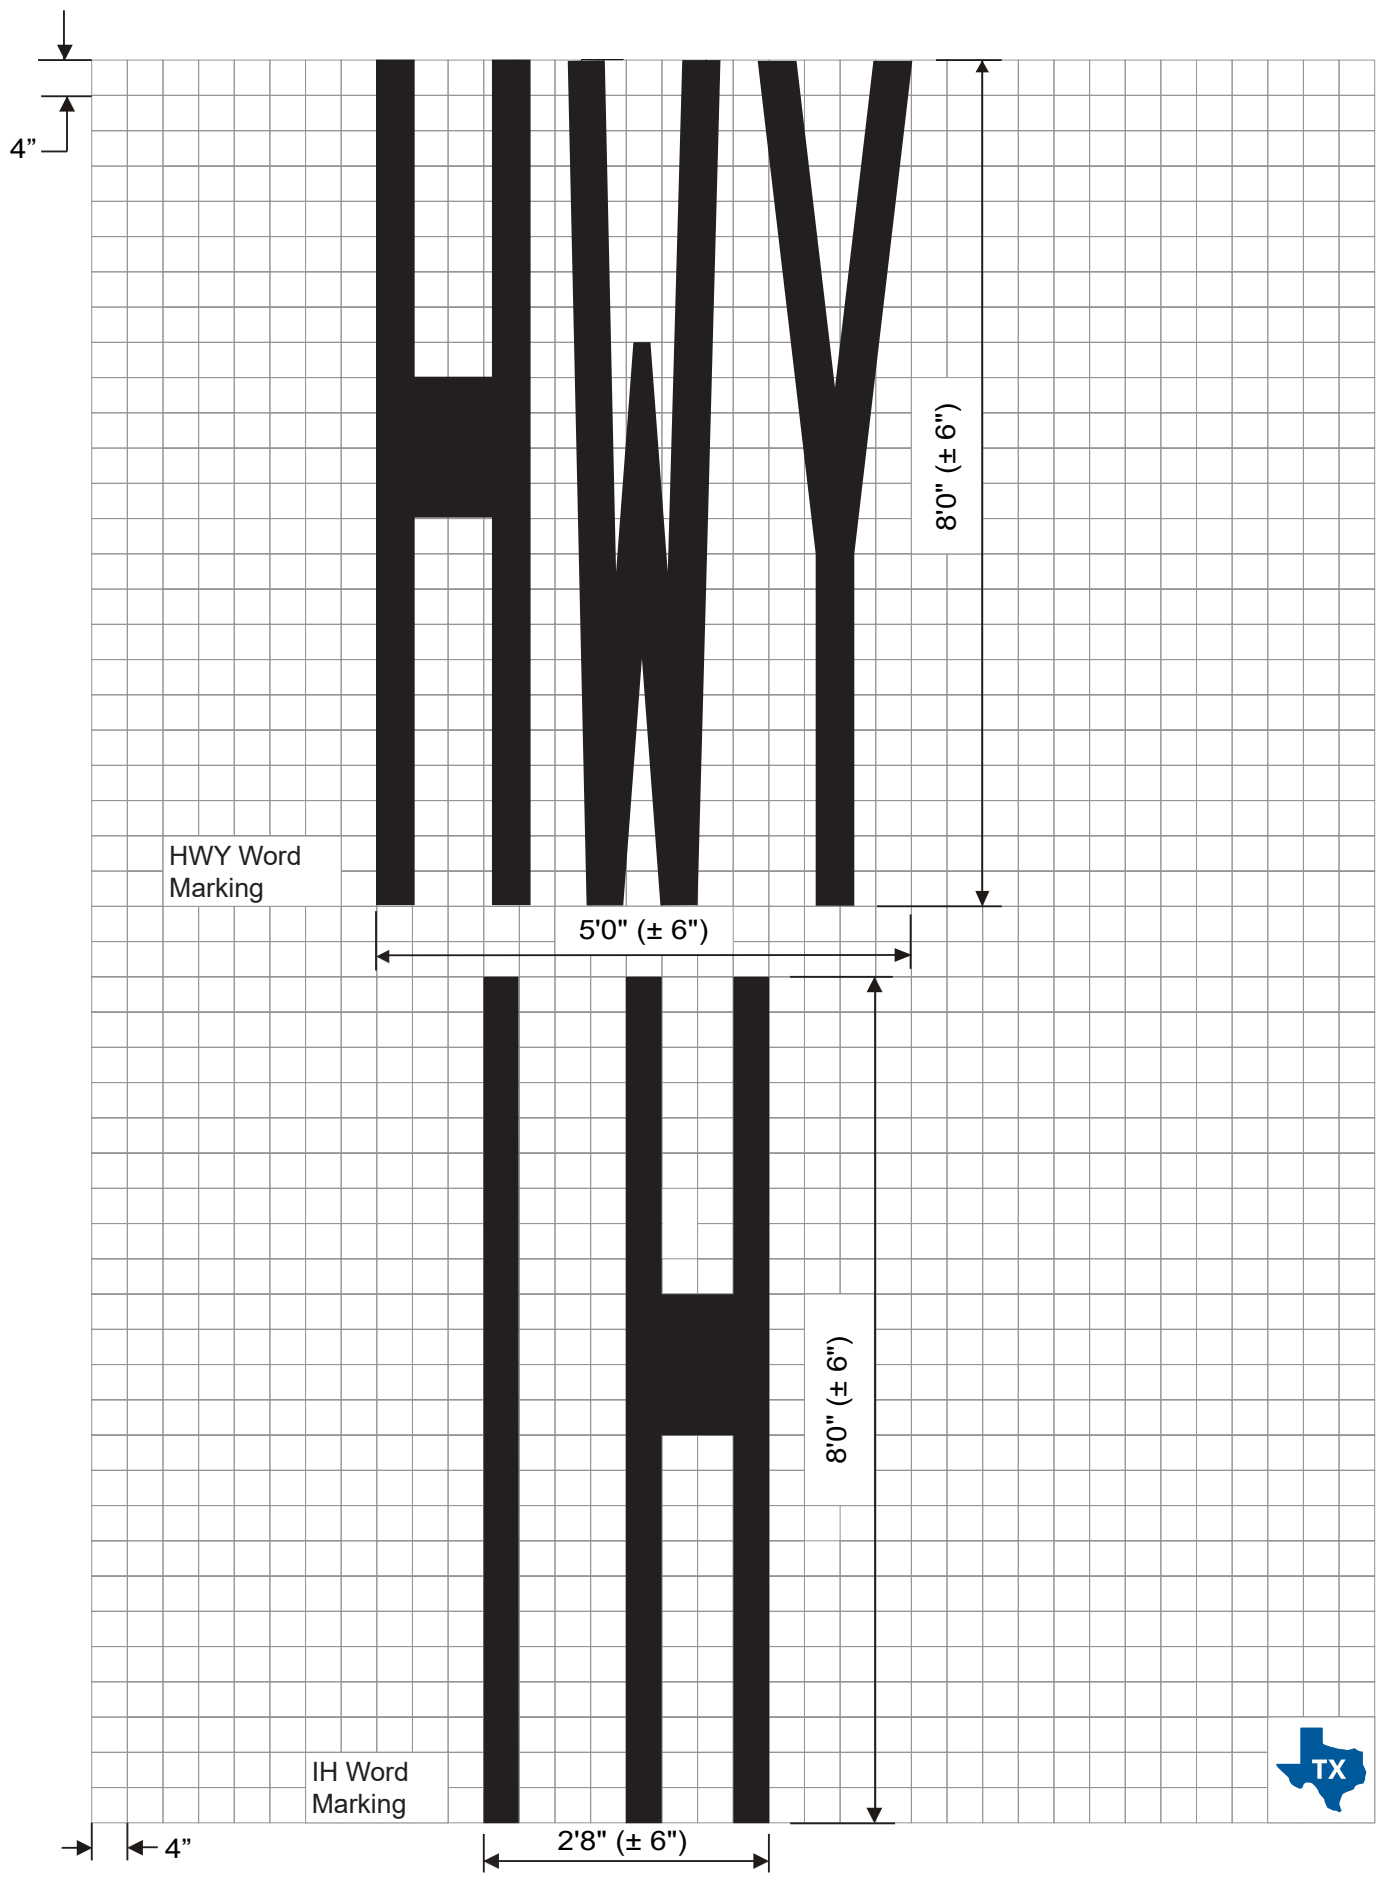

Numerals 6-9 and 0
