Material Producer List

Materials and Tests Division-Prefabricated Structural Materials Section

## Bridge Bearing Elastomer Formulations

The Department reserves the right to conduct random sampling and testing of materials from approved formulations and to perform random audits of test reports. Department representatives may sample material from the manufacturing plant or the project site. The Materials and Tests Division (MTD) reserves the right to test samples to verify compliance with Item 434.

For more information, contact MTD's Prefabricated Structural Materials Section at (512) 993-7117.
