

Permanent Prefabricated Pavement Markings

Material Producer List
Materials and Tests Division

Permanent Prefabricated Pavement Markings

The following manufacturers of permanent prefabricated pavement markings have complied with the requirements of DMS-8240, "Permanent Prefabricated Pavement Markings." This Specification describes the procedure for pre-qualification.

The materials listed below are pre-qualified for use when DMS-8240 is referenced. These materials require no further testing before use unless deemed necessary by the Project Engineer or Materials and Tests (MTD). Tex-732-I, "Sampling Prefabricated Pavement Marking Materials," describes the sampling method.

The Department reserves the right to conduct random sampling of pre-qualified, certified materials for testing and to perform random audits of test reports. Department representatives may sample material from the manufacturing plant, the project site, and the warehouse. The MTD reserves the right to test samples to verify compliance with DMS-8240.

For more information, contact the MTD's Coatings, Calibration and Traffic Materials Section at (512) 506-5870.

Type B – Pressure Applied Permanent Prefabricated Pavement Marking Materials

Producer	Contact	Producer Code	Model ¹	Expiration Date
3M	Brandt A. Cornwall bacornwall@mmm.com (281)-788-1255	99914	380 IES (without primer)	11/30/2025
			L380-5 Contrast Marking (with primer)	11/30/2025
Advanced Traffic Markings	James Schubert jschubert@traffmarking.com (252)-645-9468	99156	ATM 300 (with primer)	11/30/2025
			ATM 300 Max Vision (with primer)	11/30/2025
Brite-Line Industries Inc.	Will Thompson wthompson@brite-line.com (888)-201-6448 x1004	99407	1000-B (with primer)	11/30/2025
			Delta-Line XRP (with primer)	11/30/2025
Swarco Industries Inc.	Michael Jung Michael.jung@swarco.com (931)-623-4293	99593	Director – 60HPT (with and without primer)	11/30/2025

Type C – Heat Applied Permanent Prefabricated Pavement Marking Materials

Supplier	Contact	Producer Code	Model ¹	Expiration Date
PPG/Ennis-Flint Inc.	Kevin Lowe klowe@ppg.com (989)-600-9528	99079	HotTape (Surface preheating required)	11/30/2025
			Pre-Mark (No surface preheating required)	11/30/2025

Supplier	Contact	Producer Code	Model ¹	Expiration Date
Alamo Roadway Materials	Charles Christian chris@alamomaterials.com (832)-627-5028	ARM01	ARM Preform (Surface preheating and primer recommended but not required)	11/30/2025
Swarco Industries Inc.	Michael Jung Michael.jung@swarco.com (931)-623-4293	99593	Type C (Surface preheating required)	11/30/2025
Ozark Materials Inc.	Derron Henderson Derron@ozarkmaterials.net (770)-355-4477	98304	Preformed Thermoplastic (No surface preheating required)	11/30/2025
Geveko Markings Inc.	mbrown@gevekomarkings.com (770)-847-9410	97616	Optamark (No surface preheating required)	11/30/2025
Preform LLC	Roxanne Brown rox@preform.us Steve Gallegos steveg@preform.us (346)-459-0217	PREFO	Preform (No surface preheating required)	11/30/2025
3M	Brandt A. Cornwall bacornwall@mmm.com (281)-788-1255	99914	3M Preform Thermoplastic Pavement Marking (No surface preheating required)	11/30/2025

Notes

1. All products were tested both with and without primer, as indicated. They are approved with or without primer, as shown, for most applications. However, for certain products, specific circumstances or pavement types may warrant a recommendation for or against using a primer, as advised by the manufacturer. These exceptions will be evaluated on a case-by-case basis and may be approved by the Project Engineer and MTD if justified.
