

Silica Fume

Material Producer List
Materials and Tests Division

Silica Fume

The following materials are qualified in accordance with DMS-4630, "Silica Fume." The Department reserves the right to conduct random sampling of pre-qualified materials for testing and to perform random audits of test reports. Department representatives may sample material from the manufacturing plant, terminal, shipping container, and concrete plant. The Department reserves the right to test samples to verify compliance with DMS-4630.

For more information, contact the Materials & Tests Division's Rigid Pavements and Concrete Materials Section at (512) 506-5858.
