Materials Section

Timber Treating Plants and Suppliers

The Department reserves the right to conduct random sampling and testing, and visual inspections of materials from qualified timber treating plants and approved treated timber suppliers. Department representatives may sample and inspect material at the plant, supplier, or the project site. Materials and Tests Division (MTD) reserves the right to test samples to verify compliance with Item 492.

All treaters and suppliers must furnish, per Item 492, a completed Certification of Compliance (Treated Timber Products) Form 2148 with every shipment of treated timber products to TxDOT construction and maintenance projects.

For more information, contact MTD's Prefabricated Structural Materials Section at (512) 993-7117.

Reference

Refer to the Department's *Standard Specifications for Construction and Maintenance of Highways, Streets, and Bridges* for information on the following:

- ◆ Item 492, "Timber Preservative and Treatment"

Plants

The following timber treating plants are qualified to furnish treated timber products for TxDOT use per Standard Specification Item 492.

Timber Treating Plants

| Producer Code | Plant | Location |
|---------------|-------------------------------------------------------------------------|-----------------|
| 98323 | American Timber and Steel | Nacogdoches, TX |
| 99077 | Arnold Forest Products Corp. | Greenwood, LA |
