

# Temporary (Removable) Prefabricated Pavement Markings

Material Producer List  
Materials and Tests Division

## **Temporary (Removable) Prefabricated Pavement Markings**

The following manufacturers of permanent prefabricated pavement markings have complied with the requirements of DMS-8241, "Temporary (Removable) Prefabricated Pavement Markings."

The materials listed below are pre-qualified for use when DMS-8241 is referenced. These materials require no further testing before use unless deemed necessary by the Project Engineer or the Materials and Tests Division (MTD). Tex-732-I, "Sampling Prefabricated Pavement Marking Materials," describes the sampling method.

The Department reserves the right to conduct random sampling of pre-qualified, certified materials for testing and to perform random audits of test reports. Department representatives may sample material from the manufacturing plant, the project site, and the warehouse. MTD reserves the right to test samples to verify compliance with DMS-8241.

For more information, contact the MTD's Coatings, Calibration and Traffic Materials Section at (512) 506-5870.
