

**DELANY WB DETOUR**  
 Traveling WB at Delany Road - Utilize the I-45 NB Frontage Road U-turn at FM 1764, and continue on the I-45 SB Frontage Road to Delany Road.

**DELANY EB DETOUR**  
 Traveling EB at Delany Road - Utilize the I-45 SB Frontage Road U-turn at FM 1765, and continue on the I-45 NB Frontage Road to Delany Road.

## PROJECT DESCRIPTION

As a part of the I-45 Gulf Freeway Widening Project between FM 1764 and FM 519, the I-45/Delany Road intersection will be flipped so that I-45 passes over Delany Road.

The intersection will be constructed in two phases. The first phase will include the demolition of the Delany Road overpass, construction of the I-45 northbound mainline overpass, and reconstruction of the intersection and frontage roads. Following the first phase of construction, the intersection will be reopened to east/west traffic and the access roads will be reconstructed along with the I-45 southbound mainline overpass.

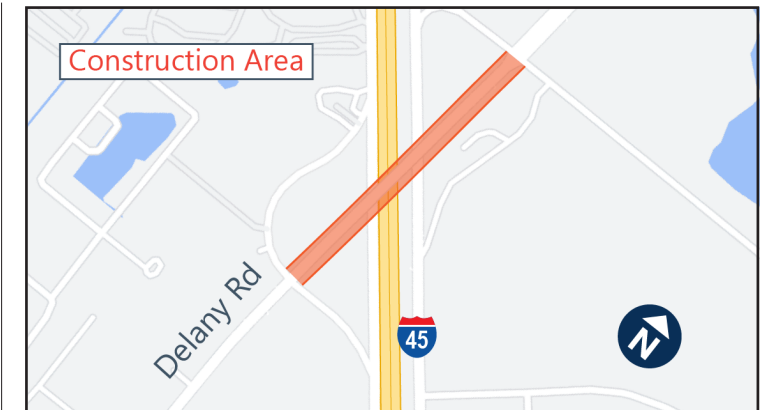

## FAST FACTS

### Accessibility

All efforts will be made to minimize the impacts of the intersection construction to the local businesses and residents. Therefore, during these activities the access roads will remain open.

### Benefits

The new Delany Road/I-45 intersection will include increased capacity for the frontage roads and Delany Road as well as u turns. These changes will improve mobility and access at this intersection.

## SCHEDULE

- It is anticipated that the Delany Road Overpass will be removed on February 16, 2024.
- Construction is anticipated to take 7 months from start to finish.
- It is anticipated that the intersection will reopen to east/west traffic near the end of 2024.
