- **2020:** Average daily traffic is expected to reach 230,000 cars
- Roadway design is outdated
- Discontinuous frontage roads

- Improve safety
- Accommodate projected growth in region
- Relieve congestion
- Provide local connectivity

- Dallas County
- Cities of Dallas, Garland and Mesquite
- Utility Companies
- Dallas Area Rapid Transit & KCS Railway Co.
- Area Businesses
- Area Residents
- Community Organizations

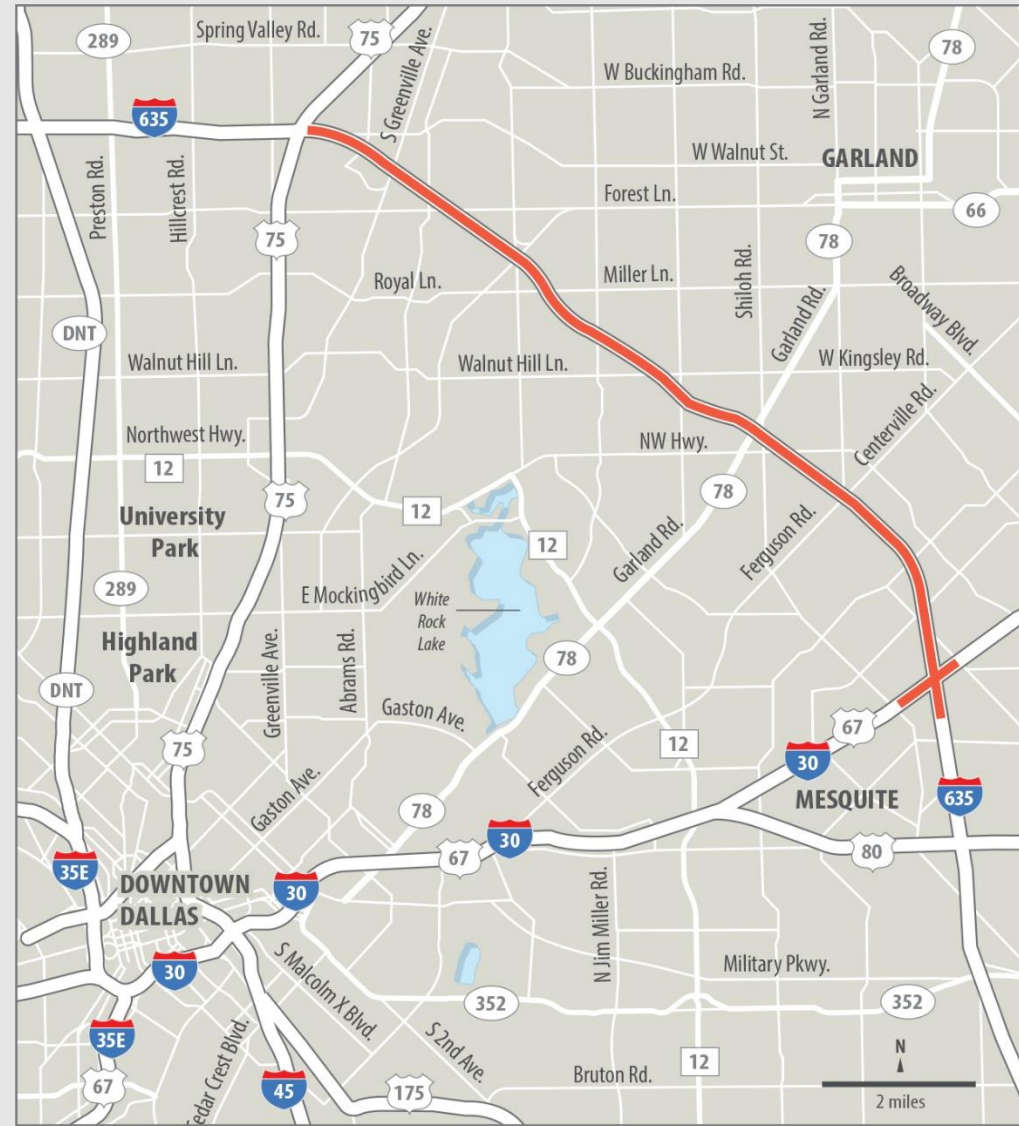

- Project cost: \$1.7 billion
- Delivery method: **Design-Build**
- Contract Term: Five Years
- Project Awarded: 2019
- Timeframe for construction: 2020 to 2024

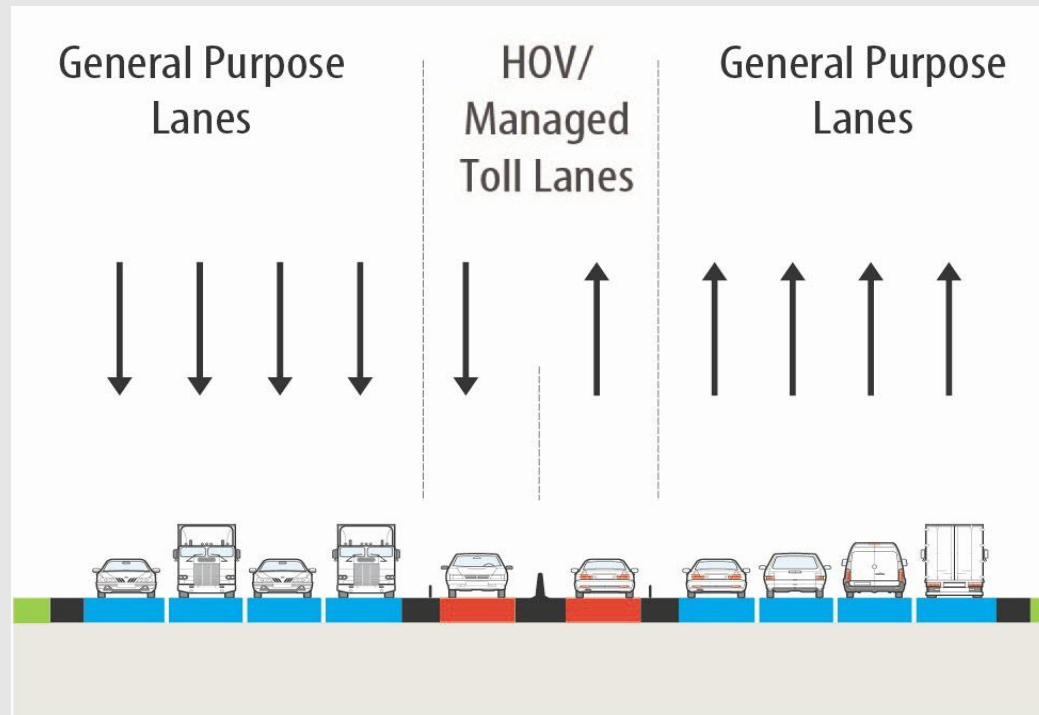

# Project Limits

- Approx. 11 miles
- Dallas County
- Begins just east of U.S. 75 and will continue until I-30
- Cities of Dallas, Garland and Mesquite
- Will include reconstruction of two-mile section of I-30 to accommodate the I-30 / I-635 interchange

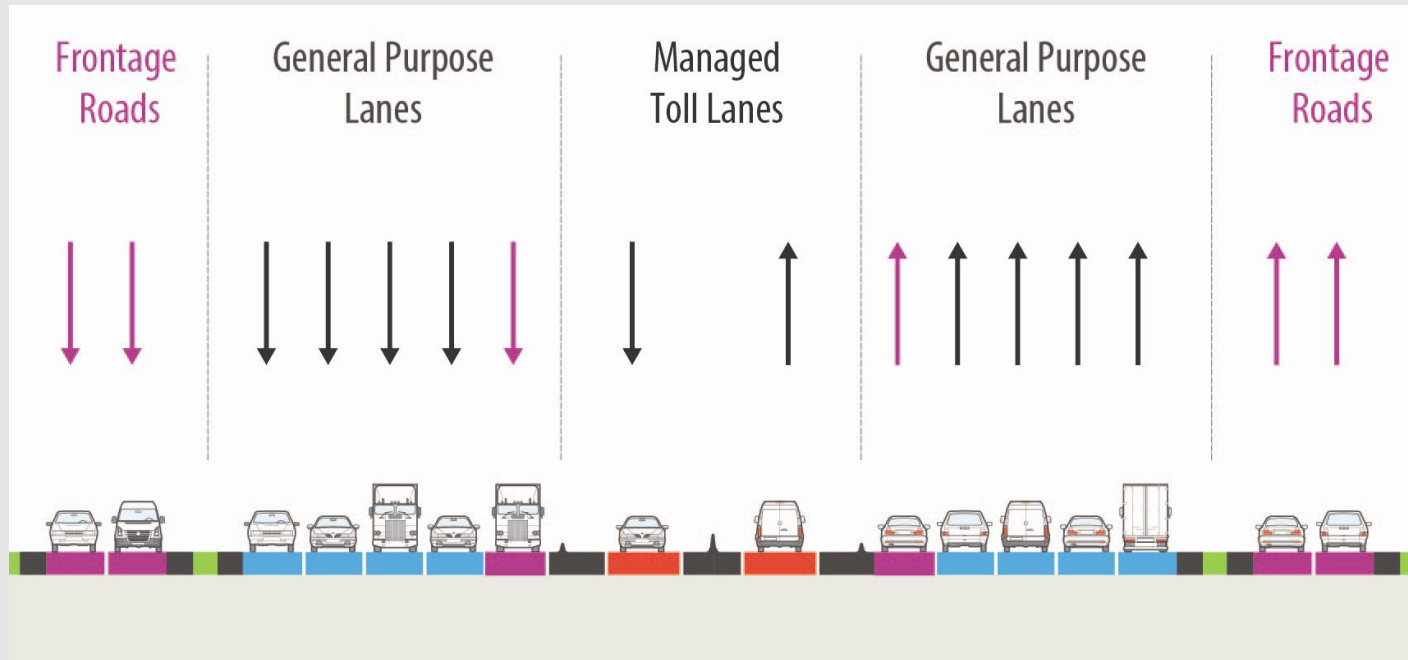

The existing 635 East has:

- Four general purpose lanes in each direction
- One HOV/Managed Lane in each direction, separated by delineators from the general purpose lanes
- Discontinuous frontage roads

**When construction is complete, 635 East will have:**

- Five general purpose lanes in each direction
- Managed toll lanes (TEXpress) with shoulders, and separated from the general purpose lanes by concrete barriers
- Continuous frontage roads

- Preparation of work zones
- Permanent closure of the existing HOV/Express (TEXpress) lanes lasting the project duration – **Monday, April 27, 2020**
- Relocation of utilities
- Reduce capacity along frontage roads and cross streets at various locations
- Lane closures and traffic shifts

<b>May 2019</b>	TxDOT awards the project to PLC
<b>August 2019</b>	Start of project design and contract execution
<b>Spring/Summer 2020</b>	Start of construction and utility work/relocations
<b>Late 2024</b>	Substantial completion

## GOALS:
