The Texas Department of Transportation (TxDOT) will hold a public meeting regarding the proposed Loop 9 between I-35E and I-45 in Dallas and Ellis Counties, Texas. The meeting will be held on Tuesday, October 28, 2014, at the Lancaster Elementary School, 1109 West Main Street, Lancaster, TX 75146. The meeting will be held in an open house format from 4:30 p.m. to 7:00 p.m.

The purpose of the public meeting is to present the proposed project to the public and receive comments. The intent of the Loop 9 project is to address population growth, transportation demand, system linkages and connectivity among the existing roadway facilities. Loop 9 is a proposed new location roadway between I-35E and I-45. The corridor is approximately 10 miles in length. As currently proposed, the project would consist of two one-way frontage roads within the ultimate proposed right-of-way. The ultimate proposed right-of-way width will accommodate a future 6 lane toll road.

Maps, drawings and other information about the project will be on display, showing the location of the study corridor, environmental impacts, and corridor alternatives. Project personnel will be available to discuss possible mobility and environmental effects of the proposed project and assist in orientation and interpretation of the drawings and other material on hand. This information will also be available for public inspection at the TxDOT Dallas District Office located at 4777 East Highway 80, Mesquite, Texas 75150.

All interested citizens are invited to attend this public meeting. Written comments from the public regarding this project are requested and will be accepted for a period of 10 calendar days following the meeting.
