*** Important note regarding ongoing design modifications and late-identified changes to displacement data reported in this and other sections of the DEIS:** TxDOT is continuously evaluating ROW requirements. Shortly before printing this DEIS, changes to the schematic design for this alternative resulted in refinements to the displacements reported in this section: TxDOT has evaluated the ROW requirements north of E. Oltorf Street, which has resulted in access being maintained as to not displace the Whip In. Additionally, based on roadway construction requirements near the CapMetro Redline at Airport Boulevard, it is reasonably foreseeable that displacement of the Nature's Treasures business located at 4103 N. I-35 would be necessary. Following the Public Hearing comment period, additional changes to the design may be implemented based on the continuation of the design process and in response to public and agency comment. In the publication of the combined FEIS and Record of Decision we will adjust and finalize the displacements data and maps in this and other sections of the EIS to reflect these changes regarding Whip In and Nature's Treasures, which could not be made in time for the DEIS publication, and any other changes to displacements that are identified following the public hearing comment period.

Detailed Economic Analysis Form

Form

Appendix D – Detailed Economic Analysis

Use this form to prepare a Detailed Economic Analysis to be included as Appendix D in the Community Impact Assessment Technical Report Form. Do not change the wording of the questions. Prompts are highlighted in grey and set off by brackets, <as shown here>.

Table D-1 – Businesses potentially to be displaced

Business Name	Type of Business	Approximate Number of Employees	Has the business indicated if they would relocate?
Motel 6 - #1118	Hotel	15	Build Alternative 2 only. It is unknown at this time if the business would relocate.
Chevron / CW	Gas Station – Convenience Store	10	Both alternatives. It is unknown at this time if the business would relocate.
Avis Rental Car	Rental Car Agency	5	Both alternatives. It is unknown at this time if the business would relocate.
Escuelita del Alma	Daycare	10	Both alternatives. It is unknown at this time if the business would relocate.
Days Inn (Stars Cafe)	Hotel/Restaurant	20	Both alternatives. It is unknown at this time if the business would relocate.
Worley Printing Co.	Printing Services	20	Both alternatives. It is unknown at this time if the business would relocate.
Taqueria Los Atlos	Restaurant	10	Both alternatives. It is unknown at this time if the business would relocate.

Austin Impact Center	Auto Body Shop	12	Both alternatives. It is unknown at this time if the business would relocate.
Northshore Plaza	YMCA Headquarters	100	Build Alternative 2 only. It is unknown at this time if the business would relocate.
One Price Cars	Used Car Sales	10	Build Alternative 2 only. It is unknown at this time if the business would relocate.
Triple S Auto Sales	Used Car Sales	10	Build Alternative 2 only. It is unknown at this time if the business would relocate.
The Glass Coffin	Retail	12	Both alternatives. It is unknown at this time if the business would relocate.
Dr. Emilio Torres	Medical	10	Both alternatives. It is unknown at this time if the business would relocate.
Kwik Out Bail Bonds	Bail Bonds	5	Both alternatives. It is unknown at this time if the business would relocate.
Progress Coffee	Coffee Shop	12	Both alternatives. It is unknown at this time if the business would relocate.
Copernicus STEM Academy	Pre-school	12	Build Alternative 2 only. It is unknown at this time if the business would relocate.
Extra Space Storage	Storage	5	Build Alternative 2 only. It is unknown at this time if the business would relocate.
Green Doors	Non-Profit	7	Build Alternative 2 only. It is unknown at this time if the business would relocate.
Horizon Environmental Services	Consulting Company	15	Build Alternative 2 only. It is unknown at this time if the business would relocate.

Texas Association of Sheriff's Memorial and Training Center	Offices	25	Build Alternative 2 only. It is unknown at this time if the business would relocate.
Brookside Women's Medical Center	Medical	12	Build Alternative 2 only. It is unknown at this time if the business would relocate.
Texas Association of Secondary School Principals Building	Offices	30	Build Alternative 2 only. It is unknown at this time if the business would relocate.

*** Important note regarding ongoing design modifications and late-identified changes to displacement data reported in this and other sections of the DEIS:** TxDOT is continuously evaluating ROW requirements. Shortly before printing this DEIS, changes to the schematic design for this alternative resulted in refinements to the displacements reported in this section: TxDOT has evaluated the ROW requirements north of E. Oltorf Street, which has resulted in access being maintained as to not displace the Whip In. Additionally, based on roadway construction requirements near the CapMetro Redline at Airport Boulevard, it is reasonably foreseeable that displacement of the Nature's Treasures business located at 4103 N. I-35 would be necessary. Following the Public Hearing comment period, additional changes to the design may be implemented based on the continuation of the design process and in response to public and agency comment. In the publication of the combined FEIS and Record of Decision we will adjust and finalize the displacements data and maps in this and other sections of the EIS to reflect these changes regarding Whip In and Nature's Treasures, which could not be made in time for the DEIS publication, and any other changes to displacements that are identified following the public hearing comment period.

Local Economy

Assuming that all displaced businesses do not relocate within the community study area, approximately how many jobs would be lost?

There could potentially be approximately 1,125 jobs lost if all the displaced businesses do not relocate within the community study area with Alternative 2.

There could potentially be approximately 625 jobs lost if all the displaced businesses do not relocate within the community study area with Modified Alternative 3.

If the displaced businesses do not relocate or current employees do not remain with the employer, would there be similar jobs (e.g., same industry, equivalent skill set, etc.) available nearby?

Yes, there are similar jobs available within the city of Austin.

What is the unemployment rate for the community study area?

The 2019 ACS 1-year estimate for unemployment rate in Travis County is 3.4 percent.

Are there any measures that could be taken to mitigate the potential loss of employment opportunities?

TxDOT offers relocation assistance and has committed to helping critical facilities find alternate locations near their current locations, if possible.

Regional Economy

What are the five largest employment sectors in the region?

The five largest employment sectors in Travis County are: Educational services, healthcare and social assistance (19.8 percent), professional, scientific, management, administration and waste management services (18.6 percent); Arts, entertainment and recreation, accommodation, and food services (10 percent), retail trade (9.2 percent), and construction (7.6 percent.). American Community Survey, 2019 5-year estimates Table DP03).

Do any of the affected businesses fall into any of these sectors?

Yes, the majority of displaced businesses would fall into the five largest employment sectors in Travis County. These included:

- Educational services, healthcare and social assistance (six commercial displacements within this sector)
- Professional, scientific, management, administration and waste management services (six commercial displacements within this sector)
- Arts, entertainment and recreation, accommodation, and food services (13 commercial displacements within this sector)
- Retail trade (23 commercial displacements within this sector)
- Construction (one commercial displacement within this sector)

Does the project connect or improve access to major economic centers or ports? If so, explain.

No

Are there national, regional, or local trends occurring that would influence the ability of displaced businesses to reestablish or recover?

Currently at the national level small businesses are struggling with a labor shortage and finding qualified workers. Similarly, the city of Austin is struggling with a labor shortage. In April 2021 there were 1.5 unemployed Texas residents for each advertised vacancy according to the Texas Workforce Commission (Austonia, 2021 [Austin has worse national worker shortage with less workers - austonia](#) accessed 10/26/2021). The labor shortage in some cases has resulted in a rising cost of wages for small business owners (NBC, 2021 [The labor shortage isn't Main Street's biggest problem \(cnbc.com\)](#) accessed 10/26/2021). Additionally, disruption in the supply chain and rising cost of supplies are also trends that are affecting businesses nationwide.

Tax Revenue

If the displaced businesses do not relocate within the area, how much annual local tax revenue would be lost (based on county or city tax records available for the displaced businesses)?

The proposed project design is still being refined and parcels with displacements may not be entirely impacted (ex. Hancock Center has an appraised value of \$85,000,000 but the entire center will not be affected). A preliminary estimate on taxes lost due to conversion of property to transportation right-of-way

has been provided for both Build Alternative 2 and Modified Build Alternative 3 in the DEIS document. Once design progresses the local tax revenue lost can be more accurately calculated.

Does the potential loss to annual local tax revenue resulting from displaced businesses not relocating in the area represent a substantial fraction of the entire local tax base?

At this time, it is unknown which businesses would relocate. However, due to the size of Travis County and the small amount of overall displacements it would not be expected that businesses displaced due to the proposed project would represent a substantial fraction of the entire local tax base. The proposed project would make the area more desirable to businesses and residents.
