

# The TxDOT Community Empowerment WORKSHOP SERIES

*Connecting the Dots to Community Benefits, Resources, and Services*

## PILLAR 1

Affordable Housing & Community Cohesion

## PILLAR 2

Community Resources & Empowerment

## PILLAR 3

Financial Literacy & Resiliency

## You're Invited

TxDOT invites you to attend its **Community Empowerment Workshop Series**, Connecting the Dots to Community Benefits, Resources, and Services part of our ongoing commitment to the four communities most directly impacted by the I-45 North Houston Highway Improvement Project (NHHIP).

This workshop series is offered in response to feedback received during public engagement, with the goal of fostering stronger, more connected communities. The workshops are designed to support property owners, tenants, small businesses, and local organizations by providing access to tools and resources that promote economic opportunity, strengthen neighborhoods, and support long-term resiliency.

We encourage your participation in these informative sessions, which will focus on topics such as affordable housing, financial wellness, and community-based services.

**We look forward to working with you.**

### Affordable Housing & Community Cohesion Series:

## Relocation 101 Workshop

This workshop will introduce the purpose of the series as well as provide an informative overview on the right-of-way acquisition and relocation process. You can expect a short presentation, refreshments, hands-on activities for both children and adults, and a discussion with the relocation team.

The workshops are open to all members of the affected communities, not just those directly impacted by property acquisition. They are part of TxDOT's broader effort to promote equity, transparency, and inclusive growth as the NHHIP moves forward.
