

Historic Bridge Manual

Manual Notices Archive

Manual Notice 2018-1

From: Gregg A. Freeby, P.E., Director, Bridge Division

Manual: *Historic Bridge Manual*

Effective Date: March 01, 2018

Purpose

This manual contains procedures to facilitate moving historic bridge projects through the project development process.

Contents

This revision contains edits in Chapter 3, including corrections to the “Minimum Criteria to Support Continued Use by Vehicular Traffic Off-System” table and the addition of a statement indicating how detour lengths are calculated.

Supersedes

This revision supersedes previous versions of this manual.

Manual Notice 2017-1

From: Gregg A. Freeby, P.E., Director, Bridge Division

Manual: *Historic Bridge Manual*

Effective Date: August 01, 2017

Purpose

This manual contains procedures to facilitate moving historic bridge projects through the project development process.

Contents

This revision constitutes a re-write of this manual that includes reorganization, updates, and additional information. Updates include changes to NEPA review responsibilities and other updates to be consistent with current legislation. New information has been added regarding the Five Year Rule, hazardous materials agreements, and the Need and Purpose Statement. The manual is organized as follows:

- ◆ Chapter 1—Overview.
- ◆ Chapter 2—Regulations and Funding. Guidance on federal and state statutes and funding for historic bridge projects.
- ◆ Chapter 3—Procedures and Sequence. Steps for developing a historic bridge project.
- ◆ Chapter 4—Agreements. Guidance on obtaining and executing funding agreements.

Supersedes

This revision supersedes version 2014-1.

Manual Notice 2014-1

From: Gregg A. Freeby, P.E., Director, Bridge Division

Manual: *Historic Bridge Manual*

Effective Date: March 12, 2014

Purpose

This manual contains procedures to facilitate moving historic bridge projects through the project development process.

Contents

This revision constitutes a re-write of this manual and it is organized as follows:

- ◆ Chapter 1—About this Manual.
- ◆ Chapter 2—Working with Historic Bridges. Overview of historic bridge terminology and legislation, and programs and mechanisms available to help fund historic bridge preservation, types of historic bridges, and preservation options.
- ◆ Chapter 3—Procedures and Sequence—Steps for developing a historic bridge project.
- ◆ Chapter 4—Developing the Agreement. Overview of the Adaptive Use Proposal and agreement development and responsibilities.

Supercedes

This revision supercedes version 2006-1.

Manual Notice 2010-1

From: David P. Hohmann, P.E., Director, Bridge Division

Manual: *Historic Bridge Manual*

Effective Date: June 01, 2010

Purpose

This manual provides guidance on required coordination activities, funding restrictions, and reuse options to be considered when preserving historic bridges in the course of bridge replacement and rehabilitation projects.

Changes

This revision changes the traffic volume stratification of the minimum criteria in Chapter 2, Section 4, **Minimum Criteria to Support Continued Use by Vehicular Traffic Off the State Highway System**, to comply with the traffic volume stratification prescribed by recent AASHTO guidelines for very low volume local roads (2001) and for historic bridge rehabilitation (2008).

The revised manual supersedes prior versions of the manual and replaces the manual that was effective as of April 1, 2006.

Manual Notice 2005-1

To: Districts, Divisions and Offices

From: William R. Cox, P.E., Director, Bridge Division

Manual: *Historic Bridge Manual*

Effective Date: January 1, 2005

Purpose

This manual provides guidance on required coordination activities, funding restrictions, and reuse options to be considered when preserving historic bridges in the course of bridge replacement and rehabilitation projects. This revision updates information about Unified Transportation Program funding categories and authorization levels, adds information about the Historic Bridge Preservation Program, and corrects minor editorial errors.

Instructions

Revisions are distributed online only. This 2005-1 version supersedes the 2001-1 version.

Contents

The manual contains four chapters – Introduction, Working with Historic Bridges, Agreements, and Recommended Procedures and Sequence.

Contact

For more information regarding any chapter or section in this manual, please contact the Project Development Section of the Bridge Division.

Manual Notice 2001-1

To: Districts, Divisions and Offices

From: Kirby W. Pickett, P.E.
Deputy Executive Director

Manual: *Historic Bridge Manual*

Effective Date: October 1, 2001

Purpose

This manual provides guidance on required coordination activities, funding restrictions and reuse options to be considered when preserving historic bridges in the course of bridge replacement and rehabilitation projects.

Instructions

This manual is new and does not have any existing formal documents.

Contents

The manual contains four chapters – Introduction, Working with Historic Bridges, Agreements, and Recommended Procedures and Sequence.
