

Form ROW-OA-4W
Rev. 03/2022

WIND LOAD CERTIFICATION

Under Transportation Code Chapters 391 & 394

Part 1 – Instructions

Complete this form in its entirety. If the application is incomplete or has incorrect information, it will be rejected. This form serves as certification by you, the applicant, that your structure meets or exceeds the wind load pressure requirements in 43 TAC §21.188 (Interstate and Primary Highways) or 43 TAC §21.431 (Rural Roads).

- ◆ **For new signs or permit amendments**, you must include a signed copy of this form with your initial application. Failure to include this form will result in your application being rejected.
- ◆ **For existing signs newly subject to regulation**, you must include a schematic showing the sign as it exists currently. You may provide an unsealed schematic or sketch showing relevant dimensions if the original engineered drawings are unavailable.
- ◆ **Before the 1st year inspection**, you must provide this form and as-built schematics of your sign produced either by the actual professional engineer who oversaw the erection of your sign, or if you did not utilize a professional engineer, the person responsible for the sign's construction. **You will not be able to renew your permit until you submit this form with as-built schematics. You may lose your permit to expiration.**

Part 2 – Identification of Sign

Permit Record ID (leave blank for new permit/amendment):

Highway Designation and No (e.g. IH 10, SH 6, US 62, etc.):

Side of Highway (check one):

North South East West

Distance to Nearest Intersection from Sign Site (e.g. 955 ft. N of Jones Rd. or 5.2 mi. W of FM 1626, etc.):

Street Address (if available):

Nearest City:

County:

Latitude:

Longitude:

Part 3 – Acknowledgement by Applicant

By signing below, you certify that the above-described sign meets or will meet the minimum standards for wind load established in Title 43 TEX. ADMIN. CODE §§21.188 or 21.431. You also acknowledge that any false statement regarding this certification is cause for cancellation under Title 43 TEX. ADMIN. CODE §§21.176(a)(6) and 21.425(a)(6).

Printed Name of Signatory

Signature of Applicant or Authorized Representative (Must be original signature)

Authorized Representative's Title

Name of Corporation if the Applicant is a Corporation

Part 4 – Required Attachments

This is a sign or amendment not yet built.

No attachments.

This is a sign existing before regulation or my submission for a new sign before the 1st-year anniversary.

I do not possess the original plans for this sign. A sketch showing sign dimensions is attached.

I did not use a professional engineer to erect this sign. A sketch showing sign dimensions is attached.

The signed and sealed as-built schematics are attached.
