

## PEPS Fireside Chat Question & Answer Summary

### *Discipline Specific Contracts – April 2024*

Q1: Will this staff augmentation tasks fall under FY2024 or FY2025? Or both?

A1: We can do them any time. Districts are encouraged to spend money this year. If districts need to hire a specific engineer, they can do that now.

Q2: Is there a list of underused contracts?

A2: Gail Morea is the Contract Utilization Center manager. She tracks this information for all PEPS contracts. Reach out to Gail for that information.

Q3: Can we use some of these slides in our local meetings?

A3: Absolutely. This is public information.
