## Material Producer List

Materials & Tests Division

## Hydraulic Cement

The following cements are prequalified in accordance with DMS-4600, “Hydraulic Cement.”

The Department reserves the right to conduct random sampling of prequalified materials for testing and to perform random audits of test reports. Department representatives may sample material from the manufacturing plant, terminal, shipping container, and concrete plant. The Materials & Tests Division (MTD) reserves the right to test samples to verify compliance with DMS-4600.

For more information, contact MTD’s Rigid Pavements and Concrete Materials Section at (512) 506-5858.
