Miguel	Rosales		Individual	SM46S	10/9/12		x			x								Real estate community	I am a real estate broker and work this area. This information is vital to clients and potential clients. We are expected to be current on this type of info.	
Myriam	Marin		Individual	SM47S	10/9/12						x								For segment 2, I prefer Alternative 14 as a second choice and Alternative 15 as a first choice. In Alternative 14 we need to add sound barrier wall from the woodland park all the way to cavalcade.	
Unknown			Individual	SM48S	10/9/12		x					x							Keep website up to date.	
Unknown			Individual	SM49S	10/9/12		x			x	x	x	x		x				Utilized the Department of Neighborhood and Mayor's Citizen's Assistance staff at the City of Houston.	
Travis	Downs		Individual	SM50S	10/9/12		x			x					x	x			Share more info. How about pictures of what the alternatives look like? It's very hard to understand the drawings if you're not familiar with them. I would be less opposed if had a better understanding of each alternative. Keep us more informed of what's going on.	
Kay	Donahue		Individual	SM51S	10/9/12		x												I support getting email Kayedonahue@gmail.com and mail 126 Payne St, Houston, Texas 77009. I got no notice in the mail. Send mailers.

Sarah	Lessman		Individual	SM54S	10/9/12					x		x	x		x	x			Facebook postings, multiple mailings in brite colors. In addition, is there a way to provide a 3D visual aid, regarding the different alternatives being proposed? The only way I knew that green space etc, would be available was due to talking to other community members. People respond to visual things that clearly outline proposed plans.	
Dominic	Mazoch		Individual	SM55S	10/9/12		x					x		x	x				Easy, I think people would be interested in we the people get to vote (as in ballot box). If Metro is forced to bring stuff to the people, all transport choices of major impact should be placed to a vote. *like general mobility

																			Also, I believe it's highly irresponsible to not have a Spanish translated version of the powerpoint! This is a predominated Hispanic neighborhood and they deserve the right to be informed. Holy Name and St. Patrick's church is a good way to reach out to the community. SECOND PUBLIC SCOPING MEETING COMMENT FORM October 9 & 11, 2012

Thank you for attending this evening's second public scoping meeting. If you would like to provide written comments on the project you may use this form (feel free to include additional sheets of paper if necessary). Please submit this information in the comment box at this evening's meeting, or mail it to: Director of Project Development, Texas Department of Transportation, P.O. Box 1386, Houston, TX 77251. You may also email comments to: HOU-piowebmail@txdot.gov, or go to the project website: www.IH45northandmore.com and click on "Comments/Contact Us" tab. **For your comments to be included as part of the official record for this meeting, please email by Friday, October 26, 2012, or if mailing, have postmarked by this date.**

Overall, do you support or oppose the idea to improve highway transportation in the North Houston area?

Support _____ Oppose No Opinion _____

Please explain in the space provided below:

I'm concerned how this project may affect my property value. I live on Elysian and I think if there's a highway running in front of my home, it will depreciate my home's value. In the next meeting I would like to see someone with real estate and legal background also residents in the area may ask questions concerning their property.

Also, I believe it's highly irresponsible to not have a Spanish translated version of the ~~powerpoint~~ ^{powerpoint}. This is a predominately Hispanic neighborhood and they deserve the right to be informed.

Holy Name & St. Patrick's church is a good way to reach ~~the~~ out to the community. Channel 48 and 18 are also good ways to reach out the Hispanic community.
