To whom it may concern:

The attached petitions and comment letters opposing the eastward expansion of I-45 North, along Segment 1 of the NHHIP (North Houston Highway Improvement Project), were collected between December 2013 and January 2014. Most people along the freeway were unaware of the proposed freeway expansion, and all of them were opposed to losing their jobs and community for the benefit of additional right-of-way along the east side of I-45 North between IH610 and Beltway 8. The attached petitions and letters support Alternative 4 of Segment 1 in the NHHIPProject.

To whom it may concern:

Northline vision employs four (4) physicians & three (3) opticians and serves the Northside community. We have at least 5000 patients, many of whom we have served since 2008.

We oppose any eastward expansion of I-45 north of 610, particularly around Airline Drive. Expansion would leave many employees without work and the community without our vision services.

We support Alternative 4 of segment 1 in the I-45 North Freeway expansion.

TO WHOM IT MAY CONCERN

Re: North Houston Highway Improvement Project

Shamrock Machinery Company has had a 30,000 square foot warehouse located at 3200 North Freeway, Houston, TX 77009 since 1981. We typically employ eight to ten people and we contribute around \$70,000.00 per year in property and inventory taxes.

Several of your proposed right-of-way sections imply that (1) we will not have frontage road access for an extended period of time, and (2) our building may be destroyed due to highway expansion. Shamrock Machinery Company will be forced out of business in either case.

Several of our employees live in the 77009 zip code. They will be forced to find other jobs, probably outside this zip code.

Our probable new location would be in the newer industrial area northwest of Houston. If we move and re-open in the northwest, we will take our tax contribution with us. And our future employees will be chosen from our new local area, not 77009 and probably not Houston.

Please keep this in mind and do not select Segment 1, Alternative 5. This would logically lead to acquiring east side right-of-way in Segment 2, which would have a negative impact on Shamrock Machinery Company and force us to close our current location.

Director of Project Development
Texas Dept. of Transportation

The proposed expansion of Interstate Highway 45 east of the current right-of-way will have a potentially devastating effect on United Access and its employees. The location of our business, with high visibility from the adjacent freeway, is responsible for a large percentage of our business. United Access employs 86 Houstonians, and all of those jobs will be threatened if we are forced to move.

I urge you to consider alternate plans for the re-design of I-45 so that there will not be such a devastating impact on lives of those employed here.

Sincerely,

December 23, 2013

Dear sir/Madam:

My name is Angelica Mendoza, I am an employee of Motor Tex located at 6914 N. Freeway Houston TX 77076. I am a widowed mother of three who struggles every day to maintain and keep up with the economy and lifestyle that is needed to survive. I thank the lord for being employed by Motor Tex, since then I have been able to provide and give my children the life they deserve. If you destroy the property where my employer is conducting business from, you will be taking away the means to continue the wellbeing of my family and so many others. The construction will disturb the life's of many.

I am one voice of much more, here at Motor Tex who support "Alternative 4 in segment 1" . I can be reached at the number listed below.

For your time and attention to this very important matter, I thank you.

Sincerely,

To Whom It May Concern,

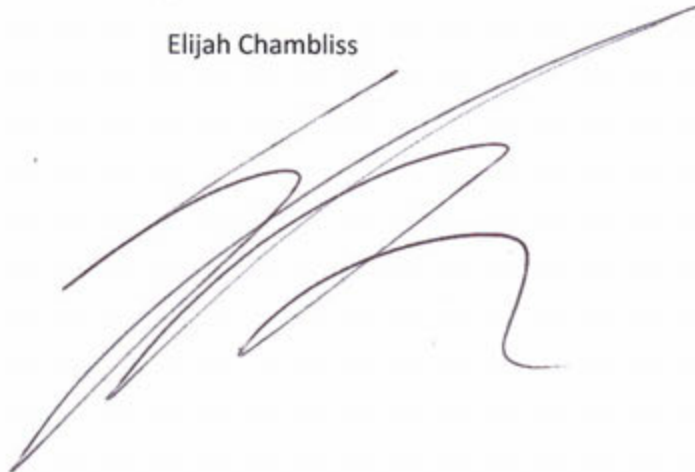

12/23/13

I am the manager of the "Waterbed Factory" off I-45 (7000 N.Freeway). It has come to my attention that there are proposals concerning the expansion and widening of Interstate 45 that would be detrimental to my business at the said location. We have been a Houston mainstay for about 35 years and would like to keep it that way. So I would like to formally put in writing that I support "Alternative 4 in Segment 1", for the prolonged good health and future of this company and the the companies around me that would be affected by any construction on the east side of Interstate 45.

I can be reached at 832-277-6997 if you have any further questions about my concerns, or if there are any forums to be held in discussion of this matter. Thank you for your time.

Sincerely,

Elijah Chambliss

To whom it may concern:

Where a small pharmacy Community to serve the people and community. My name is Dora Rodriguez an employer. We been here in this shopping strip for 4yrs. And would hate to move to another location, with the crisis America is facing. We have established clients, children, pregnant and elderly patients. On who they depend on these medications on a monthly basis. I love my job and would love to keep it as long as God willing. We love to keep our business open for many years and have a job and not to depend on the government for support. We all have families to support. SAVE OUR EAST Side!! I would like to save the east-side of I-45 and I duly support the Alternative 4 in Segment 1. We know 45 has too much traffic. But destroy the other side this shopping strip has too many businesses here.

To whom it may concern:

Hi my name is Jocelyn I been working for Dr. Xydas Women Center for 3 years. A lot of pregnant women come to this office which is more convenient for them. However we wouldn't like for the State to take our jobs and the care patients have at this office. It would be better for the freeway to be expand in the other side (opposite side) from where I work at. Not only me but people specially pregnant women need this location. I wouldn't like for this place to be close. Hope this letter will help. Thanks. I support alternative 4 segment 1.

To whom it may concern:

The attached petitions and comment letters opposing the eastward expansion of I-45 North, along Segment 1 of the NHHIP (North Houston Highway Improvement Project), were collected between December 2013 and January 2014. Most people along the freeway were unaware of the proposed freeway expansion, and all of them were opposed to losing their jobs and community for the benefit of additional right-of-way along the east side of I-45 North between IH610 and Beltway 8. The attached petitions and letters support Alternative 4 of Segment 1 in the NHHIPProject.

Mr. Henry,

I have been recently informed of the I-45N Expansion of the east side and as a Small business owner who has been established in this community for over 44 years is opposed. The expansion of the east side of I45 will destroy many small independent businesses in the community. Our Medical Supply Business was established in 1979 in this shopping center which you are proposing to demolish with the expansion of the freeway.

The proposed expansion would b the financial destruction of many independent businesses including Ace Medical Supply. I ask that you reconsider using other alternatives to the expansion of the I45 corridor.

PETITION TO TxDOT

We, the attached signers, are opposed to any and all eastward expansion of I-45 North in Segment 1, the section of I-45 between I-610 and Beltway 8, particularly as pertains to the segment between I-610 North Loop to West Gulf Bank Rd. We do not want our property, businesses, clinics, restaurants, neighborhood or jobs destroyed on the east side of I-45 North for the benefit of the North Houston Highway Improvement Project (NHHIP), or any other I-45 North freeway expansion.

We support Alternative 4 of Segment 1 so long as the Texas Department of Transportation, the NHHIP, any Texas state authority, or any other private or public entity does not expand the existing right-of-way on the east side of I-45 North. We request all I-45 North freeway expansion along Segment 1 of the NHHIP to be taken from the west side of I-45 North, particularly as pertain to the segment of I-45 North between I-610 North Loop to West Gulf Bank Rd.

WE OPPOSE THE EASTWARD EXPANSION of I-45 NORTH
